Converts your bench saw into jig or sabre saw quickly and easily with minimum investment. No belts or pulleys needed . . attaches to saw arbor. Fits any ½, ⅝-in. diam. arbor. (Fits all bench saws on these 2 pages except 99 A 2424L.) Sabre saw cuts 2½ in. deep . . for curved, irregular cuts on big 4x8-ft. panels. Takes sabre saw blades (not included) on page 916. Jig saw arm supports blade, enables cuts to center of 20-in. circle. Takes 4 or 5-in. pin-end jig saw blades (not included) on page 916.

9 A 2175—Shpg. wt. 4 lbs. 5 oz.....$17.49

Taper Jig Attachment

Cuts tapers up to 3 in. per ft. or 15°. Metal scale makes it easy to cut tapers at any angle. Lightweight. For bench, radial saws.

Tremendous Range . . from delicate pieces for small furniture to heavy building material

Micro-adjustments assure accuracy of angles and cut depth
Big 20x27-inch table lets you cut large pieces with ease

Without blade guard, motor, extensions, holdown or bench **$104.95 cash** $5 down

You get big capacity and an extra-smooth cutting job. Massive heavy-duty construction . . exceptional accuracy and stability. Meets rigid requirements of large industrial shops. Big 10-in. blade doesn't overload motor during tough cutting. Both blade-tilt and height controls easily reached from normal operation position. Controls are never stiff or tight . . screw mechanism cleans itself as you use it. Tensioned to prevent play and backlash, and *to hold settings* . . won't slip. Motor, blade, belt tilt together, belt never twists. Positive stops at 45° and 90°. *See features on opposite page.*

Aluminum pick-off fence (with holes for mounting facing board) can be used on either side of blade all the way to table edge. Single lever locks both ends of fence against table . . *not against guide bar*. Micro-adjustment . . easy-to-read scale. 13-in. working area in front of blade at maximum depth of cut . . 15¼-inch area at 1-inch depth of cut.

Complete with large 10 inch Kromedge chisel-tooth combination blade with ⅝-inch center hole. Die-cast aluminum miter gauge with positive stops at 45° and 90°. (Hold-down 9 A 2761 not included . . see opposite page.) Rip fence, rip fence rack included; also, machine and motor pulleys, V-belt (½x42-in.) and motor mount. See accessories listed below, left.

99 A 2999N—Without blade guard, motor, extensions, holddown or bench. Shpg. wt. 135 lbs. $5.00 down...Cash $104.95

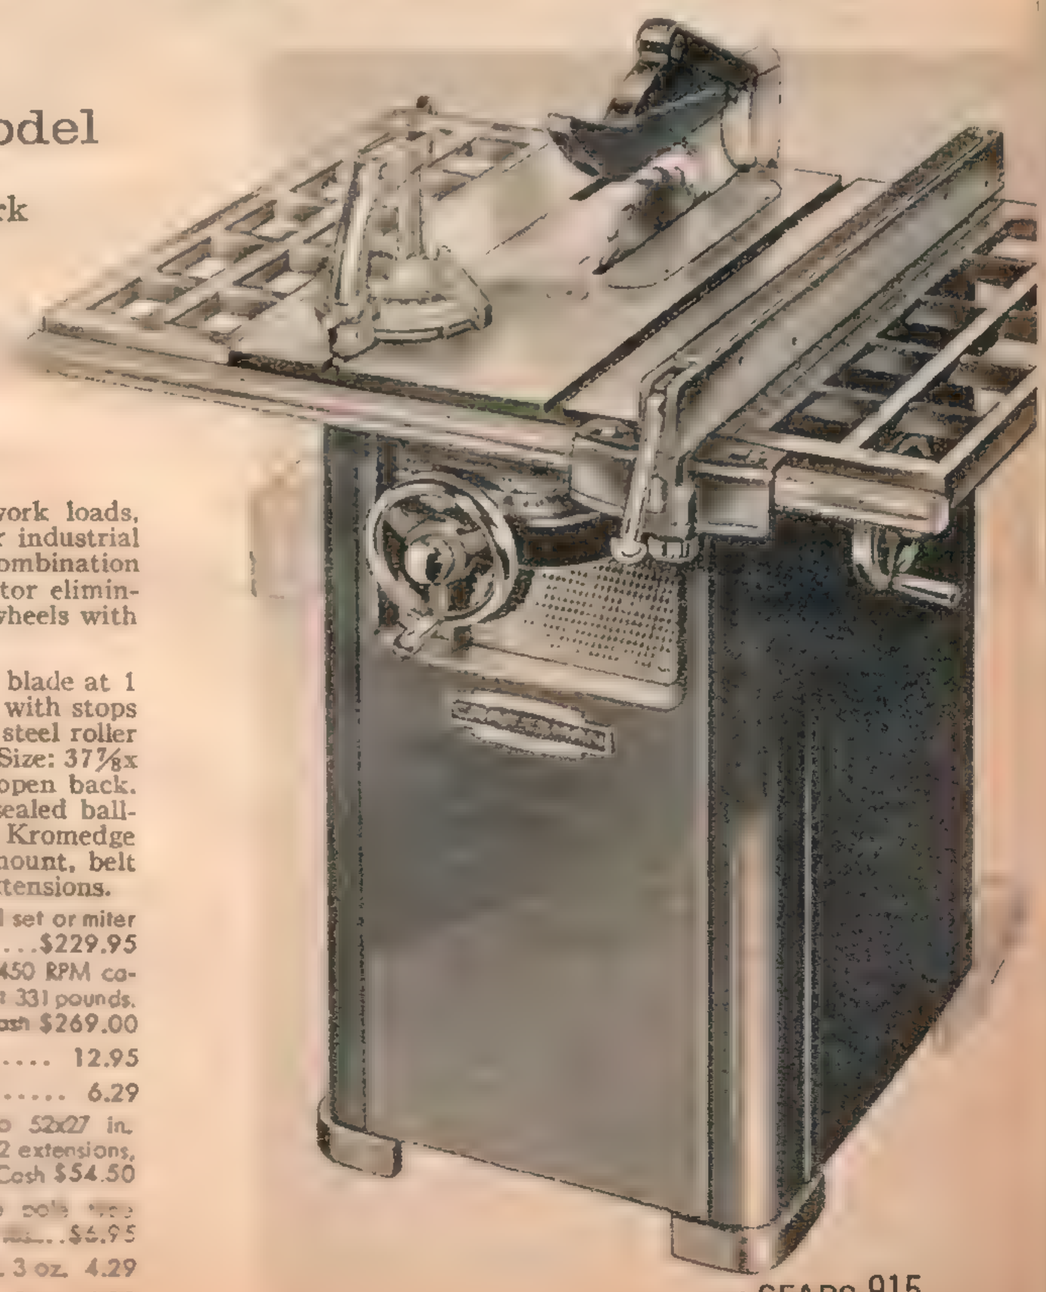
CRAFTSMAN 10-inch Heavy Duty Floor Model

For high-speed production work in shop, factory or home

$229.95 cash $10 down

99 A 2245N only



A tilting arbor saw built for the heaviest work loads, built for constant operation at high speeds for industrial work. With 10-inch Kromedge chisel-tooth combination blade. Exclusive "Exact-I-Cut" saw kerf indicator eliminates recutting, aligns cut exactly. Two control wheels with lock knobs for safer, positive adjustments.

Cuts 3¼ in. deep; 14¼-in. area in front of blade at 1 in. depth of cut; 20x27-in. table. Miter gauge with stops at 0° and 45° left and right. Rip fence rides on steel roller in rear . . removable from any point on table. Size: 37⅞x 36x38½ in. Cast iron frame; sawdust chute; open back. Double V-belt drive. Permanently lubricated, sealed ball-bearing arbor. Miter gauge, rip fence, 10-in. Kromedge combination blade (⅝-in. center hole), motor mount, belt guard, pulleys, two ⅜-in. V-belts, 2 table extensions.

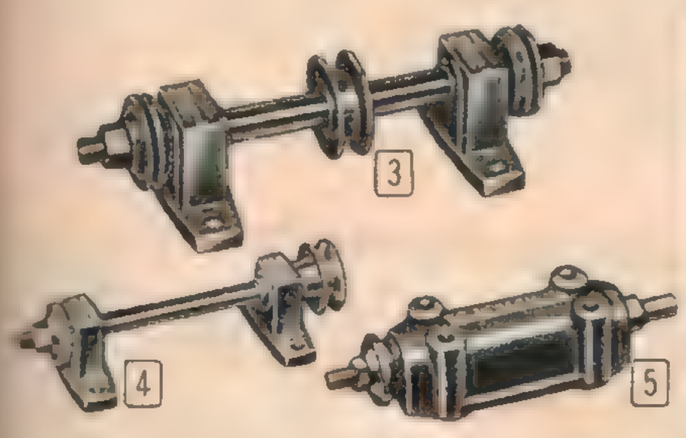
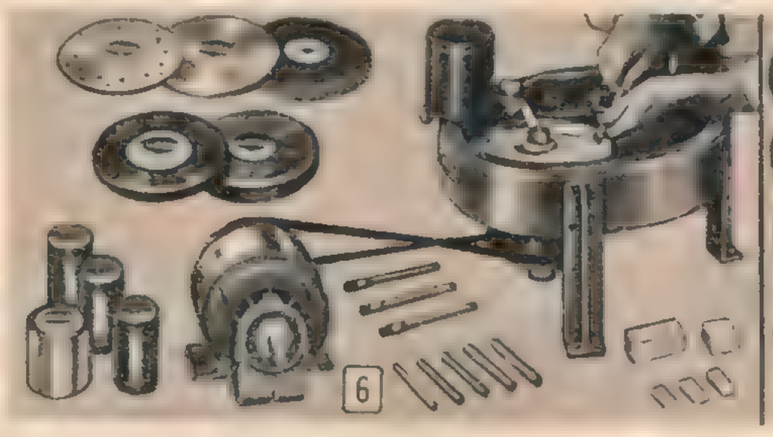
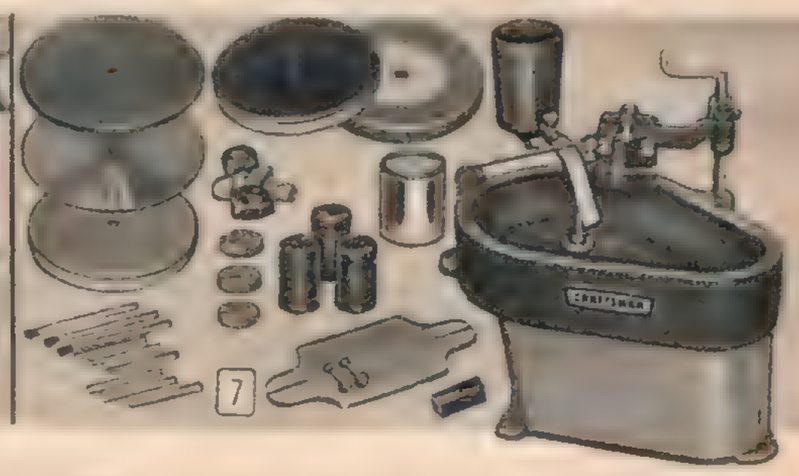
99 A 2204L—Shpg. wt. 49 lbs.....$23.88







Smooth-rolling CRAFTSMAN Mandrels for saws, grinders, jack shafts, etc.

3 **Double-end bronze-bearing Mandrel.** Use two attachments at same time; right and left-hand threaded (½x20) at spindle ends. Permanently lubricated bronze bearings. ⅝-inch diameter steel spindle (½-inch diameter at threaded ends) extends 1¼ inches. 2-inch diameter pulley (included) for ½-inch V-belt. 1¾-inch washers. Over-all length 9½ inches.

9 A 4942—Shipping weight 3 lbs.....$4.67

4 **Single-end with bronze bearings.** Shaft extends 1¼ inches at threaded end; flat area at pulley end for set screw. Washer diameter 1¾ inches. Two porous bronze bearings, lubricated for life; ½-inch size (shaft ⅝ inches) has 2-inch diameter. V-pulley; ⅝-inch size (shaft ¾ inches) has 2¼-inch diameter V-pulley. For ½-inch V-belt. Right-hand thread only.

Catalog Number	Size	Shaft length	Arbor End Threaded	Shpg. wt. lbs.	Shpg. wt. oz.	Price

CRAFTSMAN Gem-making Sets . . everything you need for fun and profit

6 **6-inch Gem Maker Set.** Aluminum alloy casting, 3 aluminum alloy legs bolt to bench. All wheels run horizontally. Lubrication cup can move around rim. Splash rim protects operator.

Use ⅓-HP, 1725 RPM motor; 2-inch motor pulley; 23 to 48-inch V-belt. For equipment included in set see table below.

99 A 1400C—Without motor, motor pulley or V-belt (see 99 A 19669C below). Shipping weight 18 pounds.....$36.44

7 **10-inch Gem Maker Set.** Does sawing, grinding, shaping and polishing. Semi-precious stones included in set. Aluminum alloy casting. 3 sturdy legs resist tipping . . bolt to bench.

All wheels run horizontally. Lubrication cup can be moved around rim. Splash rim keeps liquids from splashing on operator. Self-lubricated porous bronze bearings oiled for life.

Use ⅓-HP, 1725 RPM motor and 2-inch motor pulley; 23 to 48-inch V-belt. For equipment included see table below.

99 A 1401L—Without motor, motor pulley or V-belt (see 99 A 19669C below). Shipping weight 40 pounds.....$69.44

99 A 19669C—⅓-HP, 1725 RPM split-phase motor for above Gem Makers. 110–120-volt, 60-cycle AC. Use 2-inch motor pulley; 23 to 48-inch V-belt. Shipping weight 17 pounds.....$14.50

(6) and (7) Both sets include assorted semi-precious stones and easy-to-follow instructions. 10-inch Gem Maker also includes cast iron weights . . controls speed of feed in sawing.

450 CUTS EVERY SECOND

This high speed means professional accuracy, extra smooth finish with the CRAFTSMAN Wood Shaper

Three exclusive features: (1) Extra-big 27x19-in. polished semi-steel table. (2) Fence adjusts either side in or out without loosening. (3) Control for spindle height adjustment accessible from every position.

Floating upper bearings for greater accuracy . . two sets of sealed radial bearings, Built-in guard completely encloses belt, motor pulley for safety. Collars nuts and washers are hardened to prevent burring. Increased spindle diameter between bearings prevents whip and vibration.

Spindle turns at 9000 RPM. Spring hold-downs. ¾-in. x ⅜-in. miter gauge slot. 3¼-in. straight spindle, ½x16 Acme thread. 3 spindle collars, 2½-in. cutter height adjusts ⅞-in. With machine pulley, motor pulley and V-belt.

99 A 2392N—Without motor or stand. Shipping weight 87 pounds.....$69.88

99 A 23927N2—With ½-HP, 3450 RPM (110–120-v., 60-c. AC) capacitor motor. Shipping weight 110 pounds..... 98.78

Heavy-duty CRAFTSMAN Wood Lathe . . big 12-in. swing, 37-in. capacity

Extra-heavy cast semi-steel headstock and tailstock means greater precision . . smooth and accurate, even with heavy cuts at high speeds. Ball-bearing spindle. Large capacity . . 37 inches between centers. 45½-inch bed. Mount motor to drive from rear of headstock or below. ¾ x 16 threaded headstock spindle has ball bearings (lubricated for life) and indexing pin for fluting. Number 1 Morse taper in both headstock and tailstock. Bed is precision-ground, heavy, rigid steel tubing. Rigid three-point mounting.

Complete with graduated tool rest, spur and cup centers; 4-inch, four-step machine pulley for four speeds (875 to 3450 RPM). Power bronze finish. Overall length 54½ inches. Instruction manual included that describes and illustrates 150 wood lathe operations. Order with cast-iron pedestal stand at right.

99 A 2388L—Without motor, motor pulley or V-belt. Shipping weight 58 pounds.....$53.88

99 A 23885L2—With CRAFTSMAN ⅓-HP, 1725 RPM split-phase motor (110–120-volt, 60-cycle AC); 4-inch, four-step motor pulley and ½x41-inch V-belt. Shpg. wt. 78 lbs. *Only $5 down*.....Cash $67.88

Streamlined CRAFTSMAN Wood Lathe with 8-inch swing

We believe you can't match the quality of this lathe for anywhere near the price! Craftsman quality . . modern design. 31 in. between centers, 37⅛-in. bed. Stable 3-point mounting support. Precision-ground steel tube bed. Steel key guides tailstock and tool rest. Double bearings on spindles for long wear, accurate cutting. *One* wrench fits tool rest slide, tool rest height adjustment and tailstock lock. ⅝-in. straight unthreaded spindle in headstock and tailstock. Bronze finish. 45 inches long overall. With 3-speed machine pulley, wrench, tool rest, spur and cup centers.

99 A 2162K—Without motor, pulley or V-belt. Shpg. wt. 35 lbs.....$36.88

99 A 21625K2—With CRAFTSMAN ⅓-HP, 1725 RPM split-phase motor (110–120-volt, 60-cycle AC); V-belt; 3-in., 3-step motor pulley. Shpg. wt. 55 lbs.....$49.88

Blueprint Accuracy

3 features that mean accurate cuts on the roughest lumber

1 Precise blade alignment . . bearing housings are part of base casting

2 Extra rigid . . base, rear table and feet cast in ONE piece

3 More stable cutting . . fence is always in contact with rear table

CRAFTSMAN 6⅛-inch continuous-duty Jointer Planer

Rugged, accurate enough for industry! . . for school, factory, home shops. Fence has stops at 90° and 45° . . extends entire length of rear table. Table adjusts twice as fast. Swinging spring-loaded guard. Rabbets ½-inch cut with one pass! Massive cast semi-steel base. Micro-adjustment aligns three 6⅛-inch blades in solid-steel cutter head. Sealed ball bearings. 42½ inches long. 2-inch machine pulley.

99 A 2062N—Without motor, motor pulley or V-belt. Shipping weight 123 pounds. $119.88

99 A 20625N2—With ½-HP, 3450 RPM motor (110–120-v., 60-c AC), 2½-in. motor pulley, V-belt. Wt. 147 lbs. $148.88

CRAFTSMAN 4⅛-inch Jointer Planer

Heavier and sturdier than any other we know of in this price range. Massive cast semi-steel base. Precision-ground tables of cast semi-steel with 3-point suspension mounting; front table adjustable. Removable spring-loaded guard. Solid steel cutter head with two 4⅛-inch blades. Cuts up to ⅜-in. depth. Fence tilts up to 45° either way. Controls are clearly visible from operating position. Self-lubricating sleeve bearings. With 2-inch machine pulley. Overall dimensions: 8⅜ in. high; 9¾ in. wide; 29 7/16 in. long.

99 A 2186L—Without motor, motor pulley, V-belt, stand. Wt. 60 lbs. . $49.88

99 A 21865L2—With ⅓-HP 1725 RPM sleeve-bearing motor 110–120-volt 60-cycle AC, 5-in. motor pulley, ½x54-inch V-belt. Shpg. wt. 80 lbs. . . . $63.88

9 A 21867—Two extra Blades for above. Shipping weight 4 oz. 1.47

99 A 2959L—Tool Stand for above. Cast iron base. Shpg. wt. 54 lbs. . 22.44

2 Knife Setting Gauge. Micrometer adjustment. With stone.
9 A 2647—Shpg. wt. 1 lb. 10 oz. $6.97

3 Blade Sharpener Attachment. Sharpens knives up to 6⅝ in. long. Attaches to bench saw. Use with 6x½-in. grinding wheel (not incl.) with ½-in. center hole. Shpg. wt. 8 lbs.
9 A 2658. . . . . $11.99

CRAFTSMAN 4⅜-inch Jointer Planer

4 Micro-adjustment accurately aligns three 4⅜-in. blades in solid steel cutter head. Full 30-in. working surface . . largest of any 4-in. Jointer-Planer we know of! Special locking device maintains front table setting even when jarred. Sealed ball bearings never need lubrication. Cuts up to ⅜-in. depth . . single lever-action control. Precision-ground cast semi-steel tables. Removable spring-loaded guard. 31⅞ inches long overall. With 2-in. machine pulley.

99 A 2067N—Without motor, motor pulley, V-belt, stand. Wt. 80 lbs. . $79.88

99 A 20675N2—With ⅓-HP 1725 RPM sleeve-bearing motor 110–120-volt, 60-cycle AC, 5-in. motor pulley, ½x43-inch V-belt. Shpg. wt. 100 lbs. . . . $93.88

99 A 20687L—Tool Stand for above. Cast iron base. Wt. 55 lbs. 24.88

9 A 2291—Three extra Blades for above and former model 103.21820. Shipping weight 7 ounces. $4.27

CRAFTSMAN Thickness Planer

$82.88 cash $5 down

Planes stock up to 6 in. wide in one pass . . 12 in. wide by reversing stock. Handles wood up to 2 in. thick . . as thin as ⅛ in., as short as 4 in. Hand feed. Sealed ball bearings. Wheel depth-of-cut adjustment; depth indicator. Double lock holds depth when making duplicate cuts. Chip breaker and pressure bar guard head; 2⅝-in. steel cutter head; 3 alloy steel knives. Cast frame. table. No vibration.

Anti-kickback guards. You can plane boards to any desired thickness . . finish rough-sawed lumber . . reclaim old boards, etc. Overall height 15⅞ inches. Size of table is 6 5/16 inches wide x 19 3/16 inches long. Machine pulley supplied. Use at least ½-HP 3450 RPM motor with 2½-inch motor pulley for 4200 RPM.

99 A 2370N—Without motor, motor pulley or V-belt. Shipping weight 81 pounds. $5.00 down. . . . . Cash $82.88

CRAFTSMAN Industrial and Farm Motors

(1)-(2) Get power for those hard-starting loads! These motors drive machine tools, metal-working equipment, compressors, pumps, conveyors, feed grinders, refrigeration equipment, coolers, milking machines. Efficient on low voltage lines. Rigid cast iron housing and frame keep shaft aligned. Mount in any position. Single-end shaft. Capacitor motors reverse electrically, repulsion-induction motors reverse by shifting brushes. Ball bearings lubricated for normal motor life. 115–230-volt, 60-cycle AC. (99A1257N 230 volts only). Manual reset overload protector. No on-off switch or cord. *Guaranteed 1 year* (*see at right*).

1 **Capacitor starting** torque 350% of full-load torque. 40°C. *Reduced!*

GUARANTEE

We will repair, at no charge to you, any Sears electric motor defective in materials or workmanship. For guarantee to be valid, motor must be returned to us within one year of date it was purchased.

REPAIR SERVICE

Sears Motor Repair Service can save you money. You can be sure of quality workmanship, too. Before sending motor, write Sears Personal Service Department for complete details about our prices and where and how to ship your motor.

CRAFTSMAN Power Tool Motors

3 *Prices cut! See table below.* Capacitor start. Rated for continuous duty. Drive bench saws, jointer-planers, shapers and other high-speed shop tools. Mount in any position. With knock-out for BX or conduit connections. Quick-change voltage links on 115–230-volt motors. Bearings lubricated for normal motor life. Tough Mylar insulation.

Reversible rotation. Dustproof switch keeps starting problems to minimum. Internal capacitor. Quick-connect terminals reduce wiring time. Built-in ground lug for local electrical codes. Mounting 3x4¾ in.; built to N.E.M.A. standards. ⅝-in. diam. shaft; double end except 99A1988L. 60-cycle AC. Manual reset overload protector. *Guaranteed 1 year.*

For correct width, measure across broader (or outside) surface (A) of old belt. 5/8-inch width is 5L, 1/2-inch width is 3L, etc.

CRAFTSMAN Precision-machined, balanced V-Pulleys

All bores reamed to exact size. Diameter in tables below are for outer edge of pulleys, not for pitch diameter or bottom of groove. *Please state diameter and bore size wanted.*

How to determine V-pulley diameters: Motor Pulley Diameter: Multiply diameter of machine pulley by machine RPM wanted. Divide by motor RPM for motor pulley diameter. **Machine Pulley Diameter:** Multiply motor pulley diameter by motor RPM. Divide by machine RPM wanted for machine pulley diameter.

1 CRAFTSMAN Cast Iron Single-groove V-Pulleys. Heavy duty. Professional quality. Replaces single V-belt pulleys. Socket head set screw. 1/2-in. bores have no keyway. 5/8-inch or larger bores have standard keyway. For 3/8 (O Section) or 1/2-in. (A Section) V-belts. Gray finish. *State catalog number, bore size.*

Line Shaft and Accessories

Mount on bench or as overhead drive. Use ½-HP motor or larger. **Line shaft:** use ⅓ in. for light tools; use 5/8 or ¾ in. for heavier machines and larger motors. Rigid couplings connect sections of line shafting. Collars prevent endwise drift of shaft. Flexible couplings: connect motor to shaft; self-aligning. Adjustable ½-in. hangers every 18 in.; adjustable 5/8, ¾-in. hangers every 24 in.

ONE-YEAR GUARANTEE. If any CRAFTSMAN Arc Welder shows defects in materials or workmanship, we will repair it without charge if returned to us within one year of purchase date.

Large-capacity Industrial Models

Low as $209.88 $10 down

Use these versatile, hefty workers for the really tough jobs . . designed for production work requiring high welding heats. For factories, repair and maintenance shops . . operate at 30 arc volts. Fan cools and cleans double-insulated coils for increased efficiency and longer life. Large rear wheels and detachable handle . . easy to move on the job. Built-in reactance increases open circuit voltage on all heats. On-off switch. Cabinet 19½x18¼x28¼ in. over-all.

Accessories: assorted electrodes, electrode holder, wire brush, 18-ft. electrode and 12-ft. ground cables, helmet, manual. *Check voltage, cycle, phase and capacity of your line with power company.*

200-amp. for heavy duty

[1] Uses rods up to 3/16 inch in diameter. Meets Underwriters' Laboratories specifications for industrial welding. *See welder specifications below.* Wt. 210 lbs.

99A2012N–*Was* $222.88..**$209.88**

295-amp. for heavy duty

Our highest-capacity arc welder. 75% power factor for lower operating cost. Uses rods to ¼ inch. *See welder specifications in table below.* Shpg. wt. 230 lbs.

99A2015N–*Was* $239.88..**$229.88**

180-amp. Models for farm, general repair

$154.88 cash $5 down

[2] Operates perfectly on REA and other rural power lines. Sixteen heats, 20 to 180 amps., allow you a great variety of work. Cuts, brazes, solders and welds metals of all thicknesses. Rolls right to the job . . wheels and handle for easy mobility. Requires 40 amp. line. Fan-cooled coils and transformers dipped and baked in insulating varnish. Built-in reactance automatically increases open-circuit voltage on all heats. On-off switch. *UL approved; N.E.M.A. rated.*

Copper wire, double-insulated with glass. Steel cabinet, 18¼x19½x28¼ in. Two cables (18-ft. electrode, 12-ft. ground), 10-ft. primary cable, plug, receptacle. *See welder specifications in table below.* Assorted electrodes, electrode holder, wire brush, helmet, manual included. *Check voltage, phase, cycle, capacity for your area before ordering.*

99A2024N–Wt. 195 lbs. *Was* $159.88..**$154.88**

$124.88 cash $5 down

[3] Farmers! Here's an arc welder designed particularly for you . . ideal for making "on-the-spot" repairs. It's lightweight (only 68 lbs. . . less than any other model with the same capacity), compact size (21½x11¾x10 in.) and 2 handles make it easy to move from job to job. Six popular heats let you cut, weld, braze and solder. Operates perfectly on REA and other rural power lines.

Coils and transformers insulated to reduce electrical breakdowns. Fan cools coils, helps keep dirt off them to improve efficiency. *UL approved and N.E.M.A. rated.* On-off switch. Includes assorted electrodes. 18-ft. electrode cable and holder, 12-ft. ground cable, helmet, wire brush, receptacle and instruction manual. *See welder specifications in table below.*

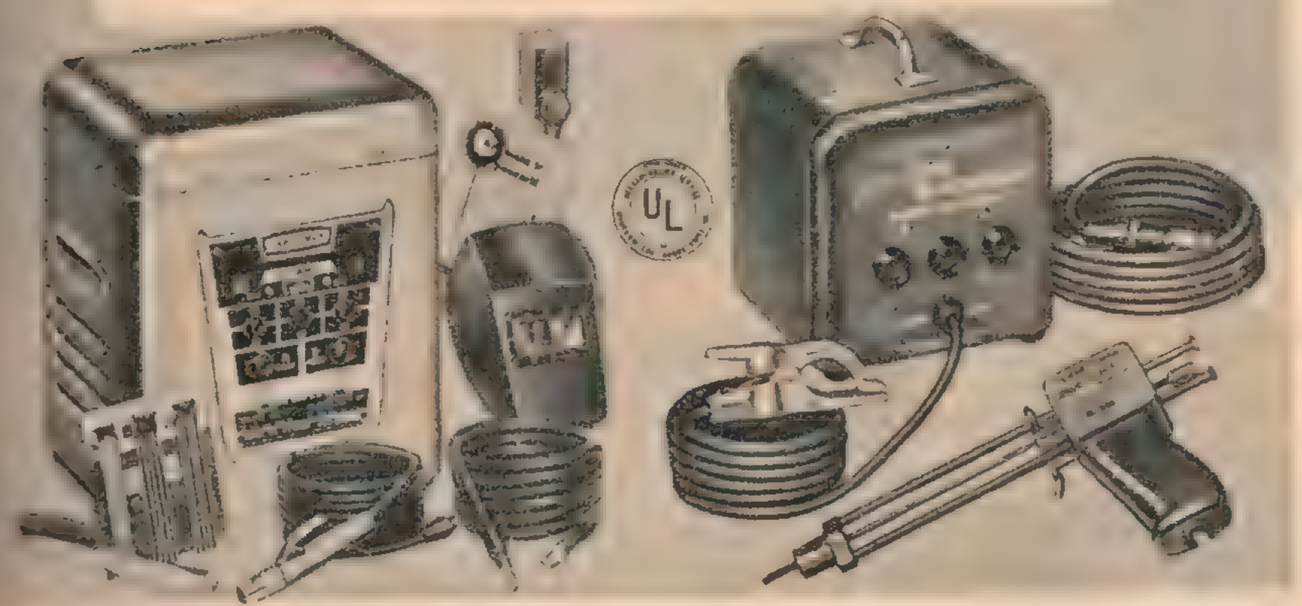
9 A 2071—Shpg. wt. 12 oz....**$3.97**

a CRAFTSMAN Arc Welder

REG. U. S. PAT. OFF.

What is an arc welder? How can it be used?

An arc welder provides the fastest method for producing intense heat. This heat is caused by electricity passing through a gap from one conductor to another . . the resulting heat is capable of quickly melting any metal. The arc welder is used to work with metal just as a saw, hammer, nails and glue are used to work with wood. It does all these things: cuts, welds, brazes and solders. Repair broken equipment, renew worn cutting edges, make new equipment from scrap metal. Special arc welder advantages: does repair work on the spot . . saves valuable time . . practically no maintenance costs.



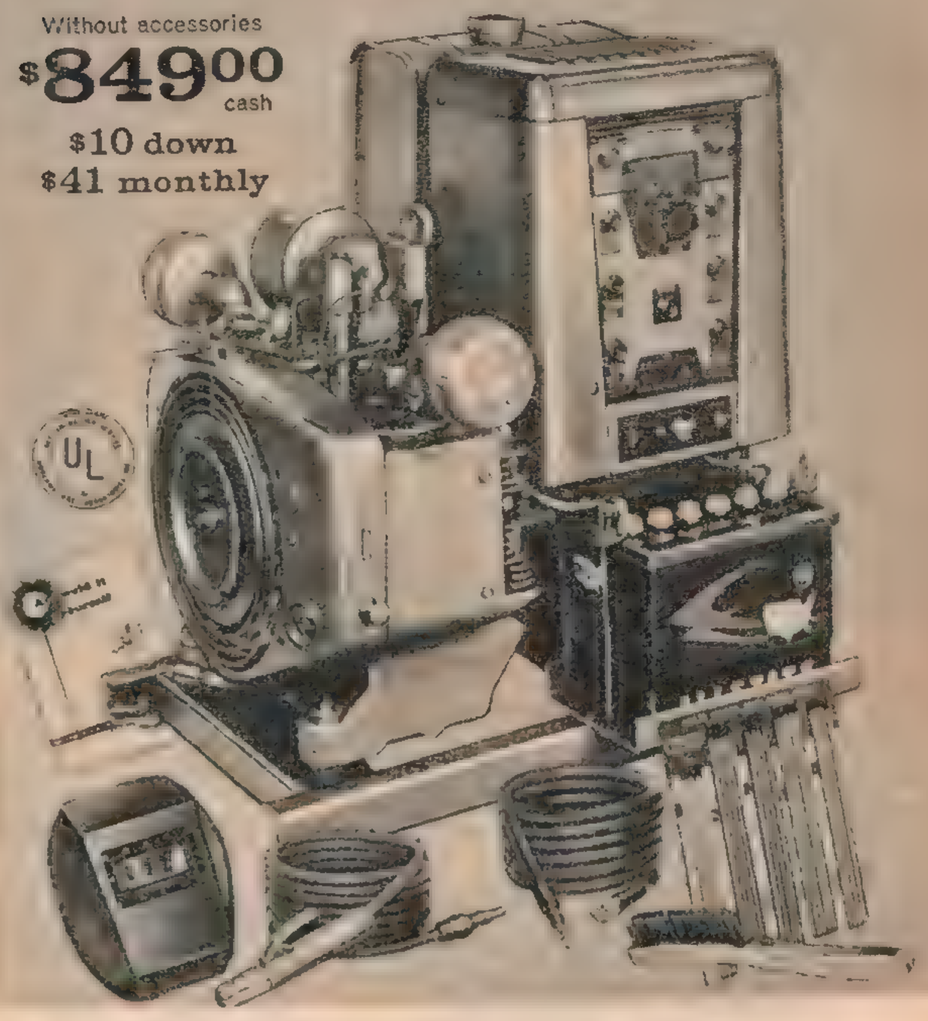
CRAFTSMAN 200-amp. DC Gasoline-engine Arc Welder

Without accessories

$849.00 cash

$10 down

$41 monthly



90-amp. for Hobbyists

$94.88 cash **$5 down**

One of the easiest welders to use we know of. Use it to do odd jobs around your home, shop . . make light auto and truck body repairs . . perfect for making wrought iron furniture and "do-it-yourself" projects.

Can be used any place there's a 30-amp. fused line . . on either 115 or 230-volt lines. *See welder specifications in table on facing page. Includes:* 2 flexible work cables (7-ft. ground and 9-ft. electrode), electrode holder, wire brush, contact rods, standard rods, 3-prong receptacle, helmet and manual. *UL approved.* 12⅛x10¼x14⅞-inch 18-gauge steel cabinet. On-off switch. *Check voltage, phase, cycle and capacity of your line before ordering.*

99 A 2030N—Shipping weight 71 pounds.....**$94.88**

Body Shop Spot Gun

Complete outfit **$81.88** cash **$5 down**

Perfect spot welds every time! Just aim it, arc cuts off automatically when proper penetration and metal deposit have been made. Makes strong, dependable welds (the size of a dime) *from one side* . . no cleaning or special preparation necessary. Use as accessory to an electric arc welder. For body and sheet metal shops, heating and air conditioning, plumbing, roofing and light manufacturing. Use on all light gauge, mild steels. Use rod 9A20641 below.

99 A 20115K2—Arc Spot Gun and Voltage Reducer Combination. Shpg. wt. 25 lbs.....**$81.88**

9 A 2011—Arc Spot Gun only. Use only on welders with less than 60 open circuit voltage, if greater, voltage reducer is required. Wt. 4 lbs. 2 oz **$41.88**

99 A 2013K—Voltage Reducer only. Shipping weight 21 pounds.....**$41.88**

New Self-starting Model—With push-button start, on-off switch, voltage regulator and 12-volt battery with mounting tray. Powerful, rugged 13-HP Onan engine drives directly-coupled generator . . operates *anywhere!* Ideal for new construction . . heavy farm work. Besides welding, engine also furnishes power up to 3500 watts (AC) for driving electric drills, construction tools, lights, etc. Two receptacles. Uses rods up to 3/16 in.

Industrial Quality. Five-gallon capacity gas tank gives you a long-running period without refilling. Mounted on steel skid with lifting hook. Compact unit . . only 32 in. high, 19½ in. wide, 30 in. long. 8 heat taps with overlapping ranges. Variable shunt field rheostat for voltage control. 13-HP, 2-cylinder, 4-cycle air-cooled engine. 3 KW (3500 watts), 115-volt AC. 70 to 200 amps. actual welding current. 30 arc volts; 50% duty cycle.

Look at the quality of these 3 outfits

- Leak-free connections . . all parts hand fitted
- Tested and approved in Sears own laboratories
- All metal parts made of solid brass, bronze or other non-ferrous alloys
- Completely safe torch . . with non-flash mixer
- Added safety . . oxygen and acetylene regulators with special relief devices

CRAFTSMAN Single-Stage Cutting and Welding Outfit

$59.88 cash — $6.00 down

Torch is designed to do almost any type of cutting or welding within its capacity . . cuts up to 2 inches, welds with rods up to ¼ inch with extra tips 9A5511 and 9A5512 listed below. No soldered or brazed joints between handle and head. Interchangeable cutting and welding tips swaged from solid copper. Trigger-type cutting lever. *UL approved.*

Includes: torch; oxygen and acetylene regulators; 3 welding tips (W-1 to W-3); 1 cutting tip (K-2); tip box; 12½ ft. of 3/16-in. Siameez hose; 50-mm professional goggles; assorted welding rods; spark lighter; wrench and instructions. *Not for use with LP gas*; see 99A5476K (right) or 99A5422K (opposite page).*

99 A 5515C—Complete Outfit. Shipping weight 15 pounds..... **$59.88**

9 A 5511—Extra Cutting Tips for above outfit. For oxy-acetylene only. *State size:* W-1 (welds metal up to 3/64 in.); W-2 (up to 3/32 in.); W-3 up 1/8 in. W-4 (1/8 to ¼ in.). Shipping weight 10 ounces..... Each **97c**

9 A 5512—Cutting Tips for above outfit. For oxy-acetylene only. *State size:* K-1 (cuts metal up to ⅜ in.) K-2 (⅜ to 1 in.); K-3 (1 to 2 in.). With 4 pre-heat flames. Shipping weight 7 ounces..... Each **$3.44**

9 A 5517—CRAFTSMAN 3/16-in. Siameez Welding Hose. 12½ ft. long. For Outfit 9A5515C only. Shipping weight 2 lbs. 12 oz..... **$5.44**

Big-capacity . . CRAFTSMAN Single-stage Welding Outfit

$81.88 cash — $8.50 down

This high-capacity welder is built with same high-quality features of outfit on opposite page, but has single-stage operation. Cuts metal up to 6 in. thick, welds with rods up to 9/16 in. in diameter. *Approved by Underwriters Laboratories, Inc.*

Includes: 5 wide-range welding tips (AA-1, AA-2, AA-3, AA-4, AA-5) of one-piece swaged solid drawn copper. 25 ft. of ¼-in. heavy-duty twin Siameez hose; assorted welding rods; 1 lb. of Universal flux; 50-mm professional goggles; 2 wrenches; spark lighter and 288-page illustrated Welder's Handbook.

Use outfit for cutting with Cutting Attachment 9A5477 (at right) and 9A5447 or 9A5467 Cutting Tips (for acetylene) or 9A5478 Cutting Tips (for LP-gas*) below. *Cutting attachment and cutting tips not included with outfit.*

99 A 5476K—Complete Outfit. Shipping weight 25 pounds..... **$81.88**

9 Gas Rod Assortment. 106 rods (some flux coated) with two 4-oz. cans of flux. For welding and brazing almost all metals. Rods include: four 3/32-inch aluminum; six 1/16-inch die-cast zinc; 72 copper-coated steel (1/16, 3/32, 1/8, 3/16 inch); four 1/8-inch cast iron; sixteen 3/32 and 1/8-inch bronze; four 3/32-inch flux-coated bronze rods. 18 inches long.

9 A 2006—Shipping weight 5 lbs. 11 oz..... **$4.67**

"Hot Rodder" Gas Welding Rod Assortment. For Auto repair hobbyists and small repair shops. All rods 24 in. long except 18-in. Aladdin rods. 1 lb. each of 1/16 and 3/32-in. copper coated rods; 1 lb. each of 3/32 and 1/8-in. Hi Test frame rods. Includes assortment of 3/32-in. flux-coated and nickel-silver brazing rods. 1/8-in. die-cast Aladdin rods.

9 A 20492—Shipping weight 5 lbs. 14 oz..... **$3.66**

Copper-coated Gas Welding Rods. For mild steel. Shipping weight 6 pounds.

99 A 20401C—1/16x36 inches (about 160 rods)..... **$1.63**
99 A 20403C—3/32x36 inches (about 70 rods)..... 1.58
99 A 20405C—1/8x36 inches (about 40 rods)..... 1.53

Gas Brazing Rods. For steel, cast iron, copper alloys. Shipping weight 2 pounds.

99 A 20451C—1/32x36 in. (Package of 13 rods)..... **$1.77**
99 A 20453C—1/8x36 in. (Package of 6 rods)..... 1.44
99 A 20455C—3/16x36 in. (Package of 3 rods)..... 1.34

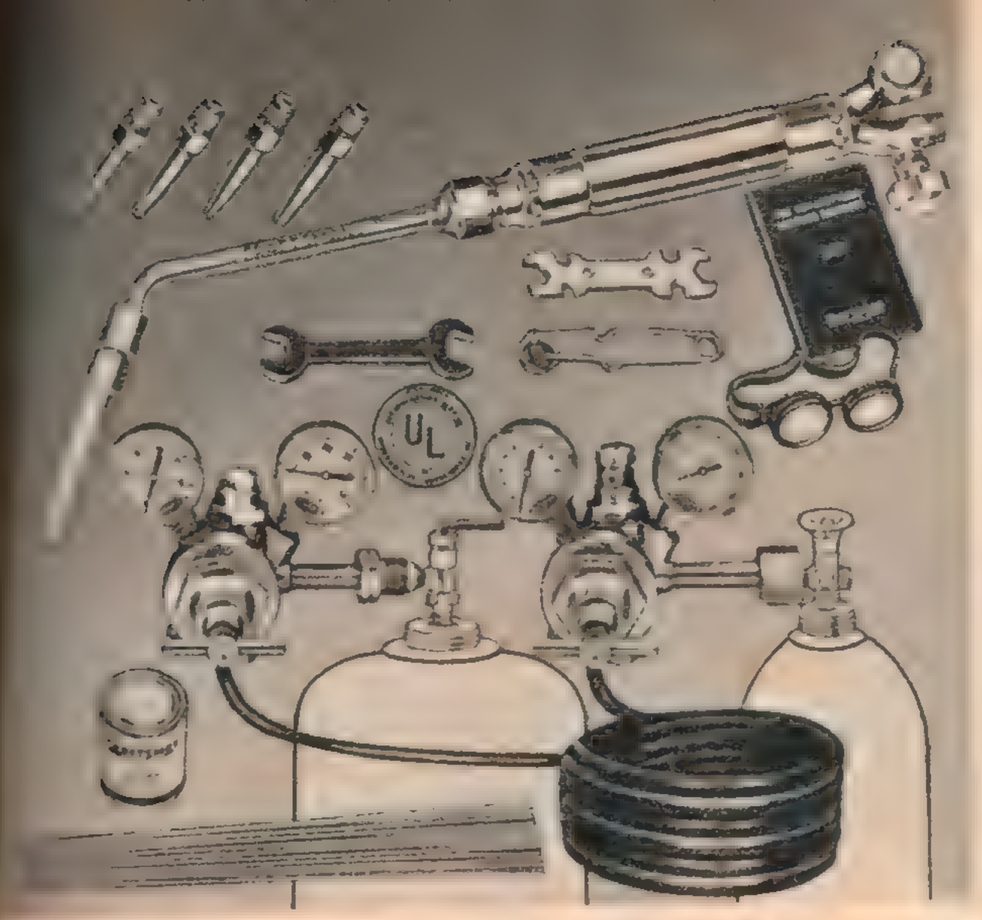
Flux-coated Gas Brazing Rods. Wt. 1 lb. 4 oz.

9 A 20464—1/32x18 in. About 25 rods. 1 lb. pkg.... **$1.87**
9 A 20466—1/8x18 in. About 14 rods. 1 lb. pkg.... 1.77

10 Heating-Brazing Set for Prest-o-Lite type acetylene gas. Use "B"-type acetylene cylinder (not included). Requires pressure up to 4 lbs. for largest tip. Needs no oxygen or compressed air. With handle, 3 heating tips, soldering copper, paint burning tip, tank connection, tip cleaner, 5-ft. hose.

9 A 5446—Instructions. Shipping wt. 1 lb. 14 oz... **$9.77**

**The term L-P gas refers to bottled propane, butane, or mixtures of these gases*



Our Best CRAFTSMAN Welding Outfit

2-stage regulators eliminate frequent valve adjustments, keep pressure constant

$97.88 cash $10 down

Weld ferrous and non-ferrous metals with oxygen and acetylene, non-ferrous metals with oxygen and LP-gas (bottled propane, butane or mixtures of both). Braze, solder, heat or bend with oxygen and acetylene or LP-gas. Double "O" ring makes leak-free connections to torch. Forged bronze-bodied regulators with 2 pressure gauges with brass cases . . oxygen 0 to 100 and 0 to 4,000 lbs., acetylene 0 to 30 and 0 to 500 lbs.

Torch 17¼ in. long; turns off with left or right hand without disturbing setting. Forged Naval bronze gooseneck won't bend. *Approved by Associated Factory Mutual Insurance Companies; also N.Y.F.D. Certificate of Approval No. 906.*

Outfit includes: 5 wide-range welding tips (AA-1, AA-2, AA-3, AA-4, AA-5) of one-piece swaged solid drawn copper; 25 ft. of Siameez hose (see 9A5427 opposite page); assorted welding rods; 1 lb. of universal flux; 50-mm professional weldors' goggles; spark lighter, wrenches and 288-page illustrated Weldors' Handbook.

Use outfit for cutting with Cutting Attachment 9A5477 and 9A5447, 9A5467 Cutting Tips (for acetylene) or 9A5478 Cutting Tips (for LP-gas) on opposite page. *Cutting Attachment and cutting tips are not included with welding outfit. UL approved.*

99 A 5422K—CRAFTSMAN 2-stage Oxy-Acetylene Welding Outfit. Shpg. wt. 27 lbs. $97.88

Convert your single-stage welding outfit to 2-stage with regulators 9A5438 and 9A5437 listed below. Only $3.00 down on Easy Terms.

CRAFTSMAN Electric Grinders . . totally enclosed motors

Flat-face design lets you grind large pieces across front

- Nylon insulated ball-bearing motors are permanently lubricated
- 1 fine, 1 coarse aluminum oxide grinding wheel included with each grinder

1 **¼ HP . . our best seller for home workshops.** 3450 RPM split-phase motor drives 6x¾-inch grinding wheels. Has 1⅜x1 15/16-inch adjustable tool-rests; adjustable eye-shields. ½-inch motor shaft has ½-inch x 20 threads at wheel ends . . takes all standard accessories such as wire wheel, ½-in. drill chuck, etc. for added versatility.

Over-all height 9 inches; width 14¾ inches. Base 8½ inches wide, 7⅝ inches deep . . fits pedestal at right. Toggle switch in base; 8-foot, 2-wire cord. *Underwriters' Laboratories Inc. approved.* For use with 110–120-volt, 60-cycle AC.

99 A 1950L—Shipping weight 44 pounds.....**$35.45**

⅓ HP . . greater capacity and extra features. (Similar to above.) 3450 RPM capacitor motor drives 7x¾-inch grinding wheels. 1½x2¾-inch adjustable tool rests; 5¼x4⅞-inch adjustable eyeshields. ½-inch motor shaft has ½-inch x 20 threads . . takes all standard accessories. Removable wheel guards cover outside of wheel for maximum protection . . each has dust chute at rear. *UL approved (Industrial Standards).* For 110–120-volt, 60-cycle AC.

Over-all height 10 inches; width 17½ inches. Base 9 inches wide, 7⅝ inches deep . . fits pedestal at right. Toggle switch in base; 8-ft. 3-wire cord with adapter.

99 A 1951L—Shipping weight 58 pounds. $5 down....Cash **$51.95**

2 **½ HP . . heavy-duty for industrial use.** Combines features of grinders at left with the extra power and versatility for production work. 3450 RPM capacitor motor drives big 7x1-inch grinding wheels. Has built-in goose neck lamp and built-in water reservoir for cooling work.

Multiple-position tool-rests on steel bar; 5¼x4⅞-inch adjustable eyeshields. ⅝-inch motor shaft, to ⅝-inch x 18 threads at wheel ends. Dust chute at rear.

Height 12 in.; width 19¾ in. Base 9½x11 in. . . fits pedestal below. Toggle switch in base; 8-foot 3-wire cord, adapter. *UL approved (Industrial Standards).* For use with 110–120-volt, 60-cycle AC.

99 A 1952N—Shipping weight 85 lbs....**$71.75**

3 **CRAFTSMAN Grinder Pedestal.** For any grinder at left or above. 34 inches high; 2¾-inch steel column. 12x12¼x4⅝-inch base bolts to floor. Cast iron bracket has holes for mounting grinder.

99 A 2964K—Shipping weight 32 lbs....**$15.44**

CRAFTSMAN Belt-driven Grinders

4 **Heavy-duty 8-inch Grinder.** Designed for general farm, industry and small shop use. Has heavier cast iron body, shaft and wheels than grinder below.

Spindle runs on ball bearings. Each wheel enclosed 65% by protecting guard. Adjustable tool rest. 14¾x1-inch spindle reduced to ¾-in. x 10 thread at ends. Wheels project 1⅝inches in front of housing . . permit grinding large pieces across face.

Power-bronze finish. With 3-inch diameter single V-groove pulley; ½x40-inch V-belt; and two 8-inch grinding wheels with 1¼-inch faces (1 medium coarse and 1 medium fine). Use minimum of ⅓-HP 1725 RPM motor with 5-in. motor pulley. (Motor and pulley not included; see motor 99A19669C on page 920). Shipping wt. 35 lbs.

99 A 6611K—*Only $3 down on Easy Terms*.....Cash **$26.88**

Sickle Attachment for grinder 99A6611K above. Holds mower knives rigid while sharpening. Use 9A6418 sickle wheel on opposite page.

9 A 6602 . . . . . $2.97

[2] **7¾ inches high.** ⅝x11¾-in. spindle. Porous bronze bearings; spring-cap oil cups. Without motor.
9 A 6603—Wt. 8 lbs. 8 oz. . . $5.97
99 A 66035C2—Head above with ¼-HP 1725 RPM split-phase motor 110–120-volt, 60-cycle AC, 4-in. motor pulley, 34-in. V-belt.
Shipping wt. 27 lbs. $19.97

Grinder-Hone

[3] CRAFTSMAN. Grind, whet or hone with one machine. ¾x6-in. grinding wheel turns at 3450 RPM, has 60–80 grit for quick removal of stock. ¾x5-inch sandwich-type oil-stone turns 110 RPM for sharpening, 120 grit for whetting; 320 grit for honing.

Adjustable tool rests; ball bearings. Gears and spindle run in bath of oil. All steel; 8x10⅛x9 in. deep. DO NOT run spindle over 3450 RPM. Shpg. wt. 21 lbs.
99 A 2267K $33.50

Grinder-Hone with CRAFTSMAN Motor. ⅓-HP 1725 RPM. 110–120-volt, 60-cycle AC. 38-in. V-belt, 4-in. motor pulley. Wt. 40 lbs.
99 A 22675K2 . . . . . $49.50

Wet Grindstone

[4] CRAFTSMAN. Neoprene-rubber drive roller squeezes off excess water . . leaves right amount for wet grinding . . ends splash.

Highest quality natural Ohio grindstone; 10-in. diameter; 1½-in. face. Cast-iron body, bearings. Adjustable 3-in. tool rest. Power-bronze finish. Drain plug makes it easy to keep wheel dry between grindings . . . no soft spots . . no chance of wheel or base casting freezing. With 2½-in. drive pulley. Use 2-in. pulley on 1725 RPM motor. *Without motor, motor pulley or belt.*
99A6622K–Wt. 31 lbs. $15.97

9 A 6621—Replacement Stone for above. Shipping weight 13 pounds $3.77

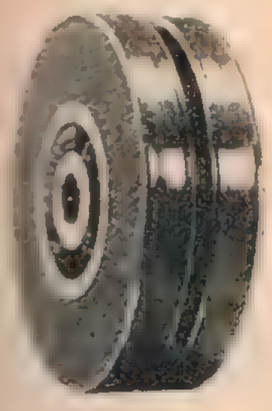
Safest Grinding Wheel ever developed

3 slip-on abrasive bands make 1 wheel do work of 3

Centrifugal force expands rubber wheel . . holds band tightly in place. *SAFE* . . rubber is firmly anchored to dynamically balanced steel core . . can't shatter or fly apart. *VERSATILE* . . with fine, medium and coarse aluminum oxide bands . . grind or polish. *FAST* . . cushioning effect of rubber gives uniform pressure at contact point . . greater grinding surface removes stock faster, better than ordinary wheels. *COOL* . . holes expel hot air. ¾-in. center hole bushed ⅝ and ½ in.
9 A 64041—6x1-in. size. *For 3450 RPM motors or grinders.* Wt. 2 lbs. 4 oz. . $5.44
9 A 64042—6x1½-in. size. *For 3450 RPM motors only.* Shpg. wt. 2 lbs. 14 oz. 7.33

Replacement Abrasive Bands for above . . aluminum oxide; cloth back.
9 A 22851—Three 6x1-in. Bands. *State fine, medium or coarse.* Wt. 5 oz. . . . $1.09
9 A 22852—Three 6x1-in. Bands. 1 ea. of fine, medium, coarse. Wt. 5 oz. . . . 1.09
9 A 22853—Three 6x1½-in. Bands. *State fine, medium, or coarse.* Wt. 6 oz. . 1.25
9 A 22854—Three 6x1½-in. Bands. 1 ea. of fine, medium, coarse. Wt. 6 oz. . 1.25

Karbo-Grit Bands for wheels above. Diamond-hard tungsten carbide grits brazed on steel band. *State choice of fine, medium, coarse.*
9 A 3020–6x1-in. size. Wt. 7 oz. $1.66 9A3021–6x1½-in. size. Wt. 7 oz. $1.77



49c 3x½ inch

CRAFTSMAN Grinding Wheels

Perfectly balanced. High-quality, long-wearing aluminum oxide abrasive . . cuts cool, fast and free. Meets highest industrial standards . . your assurance of top performance.

Precision-ground on BOTH sides and face. Fully vitrified (crystallized) in an electrically controlled kiln for over 200 hours. Bushed to ¾-inch center hole. Bushing furnished if you specify shaft diameter smaller than ¾ inch. Grinding wheels with diameter up to 8 inches and ½, ¾ and 1 inch thick have plastic bands to protect edges in shipment. *Please order from table at bottom.*

IMPORTANT SAFETY RULES: (1) Do not grind on side of wheels. (2) Grinding wheels should be used only on tools with concave flanges as large as, or larger than, shown in table below. (3) Use guard and shatterproof glass shield covering ¾ of wheel. (4) For all wheels never exceed RPM shown. (5) Wear safety goggles. (6) Stand aside for one minute after starting wheel. (7) Follow safety instructions shown on all grinding and cut-off wheels. DO NOT USE ON WOOD.

Diameter, wheel, inches	3	4	5	6	7	8
Diameter, flange, inches	1¼	1¾	1¾	2	2½	3
RPM	8276	6207	4966	4138	3547	3103

HOW TO ORDER: *Please state (1) catalog number; (2) diameter of wheel; (3) thickness of wheel; (4) center hole; (5) diameter of shaft.*

SELECT THE CORRECT GRIT FOR THE JOB:
FINE for knives, keen-edged tools, finish grinding and polishing.
MEDIUM FINE for axes, woodcutting tools, preparation for finish.
MEDIUM COARSE for machine shop use, or fast removal of stock.

Abrasive Wheels . . use goggles below for safety

Cut-off wheels below and at right are Not for bench saws. NOT for cutting wood.

[5] RESINOID-BONDED REINFORCED CUT-OFF WHEELS. Resist wobble . . less danger of breaking. 3/32 inch thick. Maximum RPM, 6000. *Be sure tool is guarded.* Choice of three types.

Shop Wheel for cutting steel . . 8-inch diameter. *Aluminum oxide.* Cuts steel bars, sheets, tubing, etc. Center hole bushed to fit both ⅝-inch and ½-inch round arbors.
9 A 6465—Shipping weight 10 oz. . . . $2.77

Porcelain and Tile Cutter . . 8-inch diameter. *Silicon carbide.* Also cuts marble, soapstone, plastics, copper, glass, cork, etc. Center hole bushed to fit ⅝-inch and ½-inch round arbors.
9 A 6466—Shipping weight 10 oz. . . . $2.77

Brick and Concrete Cutters. *Silicon carbide.* Also cuts cast iron, brass, bronze, plaster, limestone, Transite, Masonite Presdwood, plastics, etc. Excellent for tuck pointing. *See features above.*
9 A 6467—Diameter, 8 inches. Center hole bushed to fit ⅝-in. and ½-in. round arbors. Shipping weight 10 ounces. . . . $2.77
9 A 6468—Diameter, 6 in. Two center hole sizes: one fits ½-in. square or round; other fits ⅝-in. round. *State ½ or ⅝-in. center hole size.* Shipping wt. 9 oz. . . . $1.87
9 A 6469—Diameter, 7 in. Fits Mall, Skil. Center hole bushed to fit ½ and ⅝-in. round arbors. Multi-purpose . . fits arbors 15/16 in. square or diamond and 1 in. round. *State ⅝-inch or multi-purpose center hole size.* Shipping weight 10 oz. . . . $2.67

[6] **Rubber-bonded Cut-off Wheel.** Aluminum oxide. Cuts metal bars, tubing, glass, plastics, etc. Maximum RPM, 6000. Use coolant. 3/32 in. thick. Center hole bushed to fit ⅝ and ½-inch round arbors. 8-inch diameter.
9 A 6470—Shipping weight 1 lb. . . . $1.22

[7] **CRAFTSMAN Rubber and Abrasive Polishing Wheel.** Polishes and finishes all metals, plastics. For rust removal, die working, deburring, sharpening, etc. ½-inch center hole. Maximum speed, 3800 RPM. Diameter, 4 in., ½ in. thick. *State grit:* fine or medium.
9 A 2928—Shipping weight 9 ounces. . . . $1.37

[8] **"Craft-flex" Cutting and Polishing Wheel.** 1-inch center hole bushed for ½, ⅝, ¾ inch (furnished). Use *24 grit* to grind or cut steel, iron, copper, aluminum, etc. *80 grit* is best for thin-walled metals . . gives better finish on metals. *120 grit* does all the 80 grit will do, but gives a better finish.
9 A 6428—*State diameter, grit and center hole size.*

Protect your eyes while grinding, chipping, polishing

[9] **For industrial chipping, grinding.** 50-mm. lenses. Rubber adjustable for a comfortable fit. Side protection.
9 A 1860—Shipping weight 9 ounces. . . . $2.33
9 A 1861—Fit over regular glasses. Shipping weight 10 ounces. . . . 2.57

[10] **For machinists.** Wire mesh shields. Meets U.S. Bureau of Standards requirements for impact. 6-base. 50-mm lenses . . precision-ground, hardened.
9 A 1858—Shipping weight 8 ounces. . . . $1.98

[11] **Flexible Mask Goggles.** Pliable plastic that fits closely . . gives maximum protection.
9 A 1859—Shipping weight 3 ounces. . . $1.77

[12] **Face Shield.** Rugged, clear plastic window gives protection to entire face. With sweatband for comfort.
9 A 1897—Shipping weight 1 pound . . . $2.77

Extra Window for above shield.
9 A 1898—Shipping weight 8 ounces. . . . 83c

Sickle Grinding Wheels . . perfectly balanced

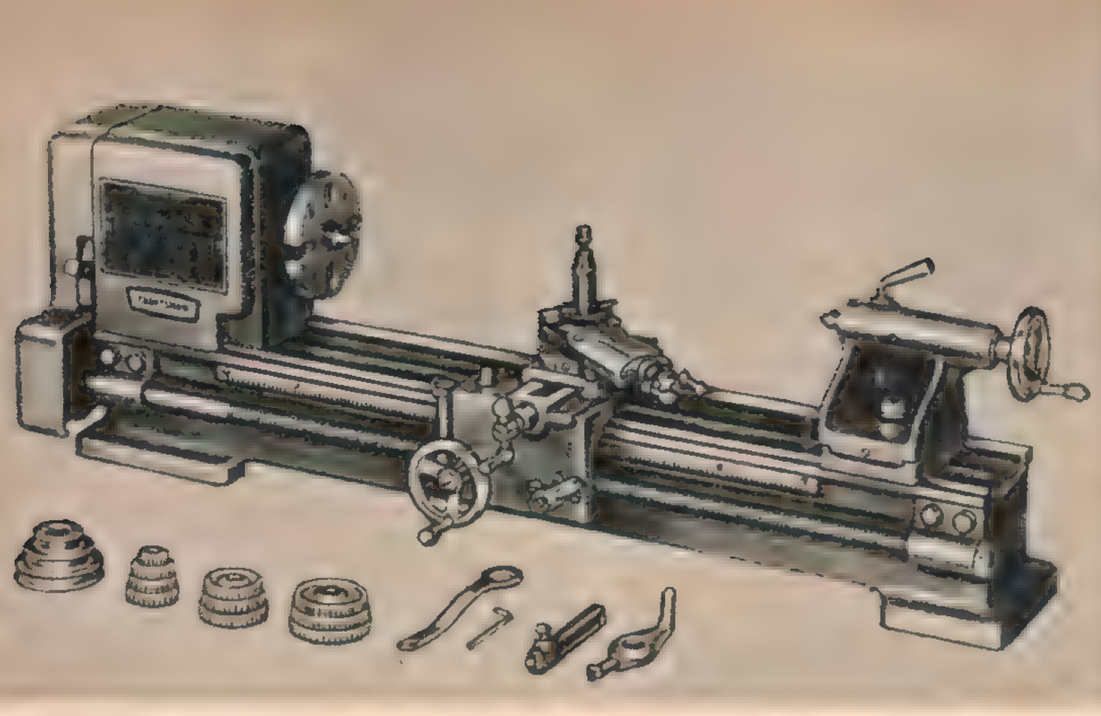
5½-inch diameter by 3/16 inch. ¾-inch center hole only. Finest aluminum oxide abrasive; bonded and vitrified.
9 A 6419—Shipping weight 4 pounds 10 ounces. . . . $2.57

7-inch diameter by 3½ inch, 1-inch center hole. Bushing furnished for smaller shafts. *Please state shaft diameter.*
9 A 6418—Shipping weight 7 pounds 10 ounces. . . . $3.77

DUNLAP Grinding Wheel Dresser

Dresses, shapes, trues, sharpens and removes glaze from solid abrasive wheels. High carbon steel cutters.
9 A 6492—12 in. long. Shpg. wt. 2 lbs. 2 oz. . . . $1.34
9 A 6495—Set of 4 extra cutters. Wt. 2 oz. . . . 14c

No payments until later when you "Charge It" . . see page 585



6-in. Metal-turning Lathe . . 6 spindle speeds

Without motor **$125.00** cash **$5 down**

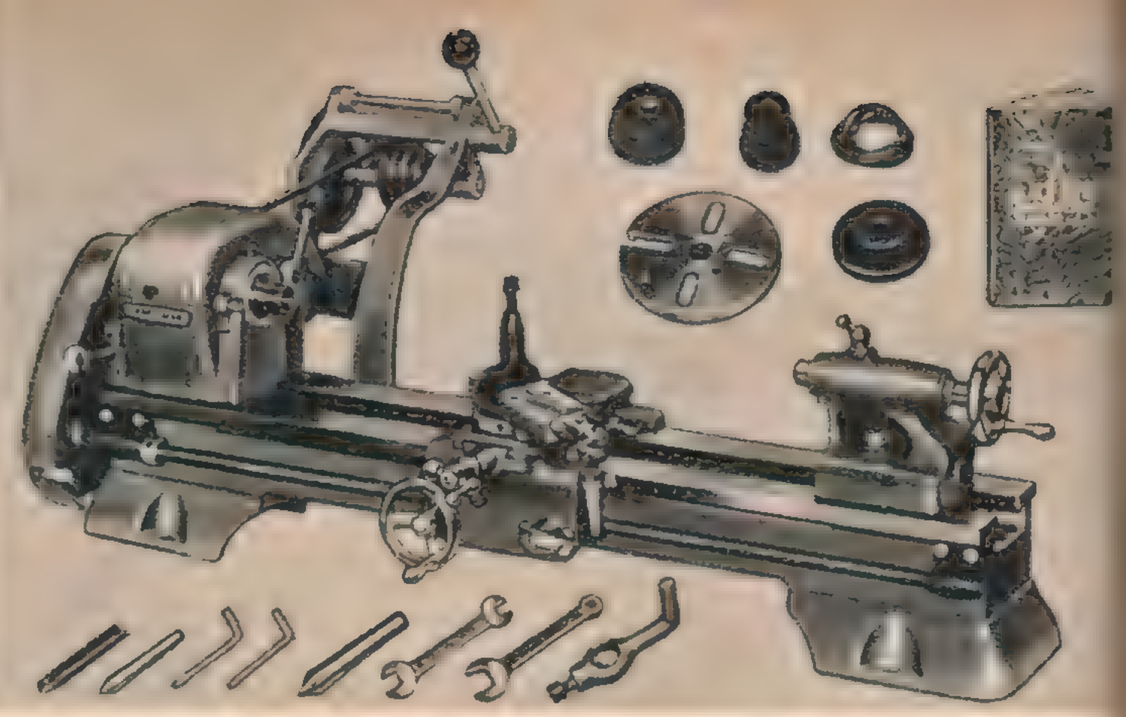
- 6-inch swing . . 18 inches between centers
- Bronze bearings in headstock guarantee precision work

Famous CRAFTSMAN quality! The most completely equipped lathe of this size and capacity we've seen at this price. Lathe bed 30 in. long, made of annealed cast iron. Accurately machined V-way in front, flat way in back. Sturdy carriage operated manually, or is power-driven longitudinally by means of feed lever. No. 1 Morse taper in tailstock; No. 2 Morse taper in spindle, with 17/32-in. bore; collet capacity 9/32 in. Headstock spindle, planetary gears (where maximum load is carried) made of hardened sintered metal for accuracy, quiet operation and long life.

Includes complete set of change gears made of die-cast aluminum alloy; cut 8 to 96 threads per in. right or left hand. 4 feeds: .0024, .0039, .0048, .0078 in. Includes threading dial indicator. 6 speeds: 120 to 1325 RPM. Back gear ratio 5 to 1. Compound tool rest with graduated scale in .001 increments with 4-in. travel. Double end wrench, ½-in. lathe dog, 4-in. face plate, threading gears, 3-step motor pulley (2 11/16x2 1/8x1 9/16 in.); 36x3/8-in. V-belt; 3-step drive pulley (2 11/16x2 1/8x1 9/16 in.); 3/16x3/16-in. tool bit; Allen wrench. Mounting dimensions 5 5/16x27 3/16 in.

99 A 2128N—Without motor. Shipping weight 100 lbs. *$5 down*.....Cash **$125.00**

99 A 21285N2—With recommended CRAFTSMAN ⅓ HP, 1725 RPM, sleeve bearing, split phase motor (110–120 volt, 60-cycle, AC). Shpg. wt. 118 lbs. *$5 down*....Cash **$139.50**



CRAFTSMAN 6-inch Metal-turning Lathe . . 16 speeds

$165.00 cash **$5 down**

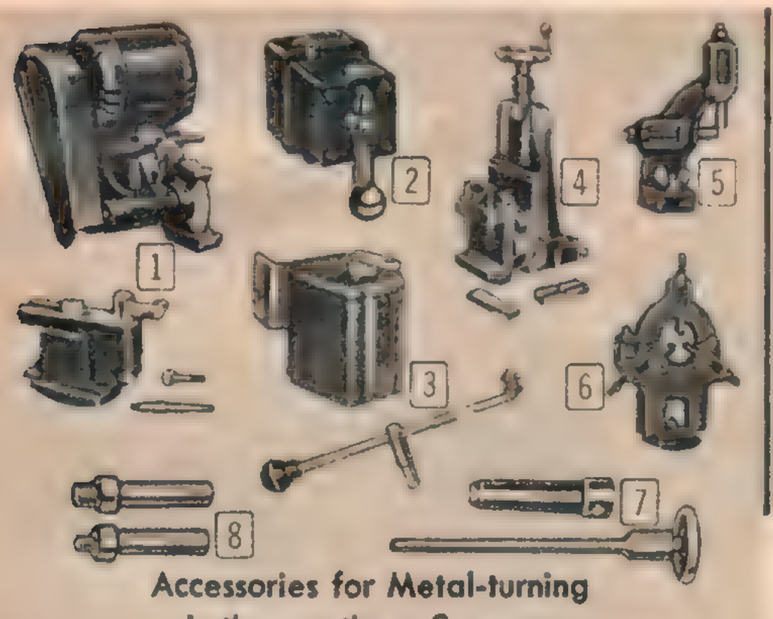
- Timken tapered roller bearings in spindle for great smoothness, precision
- Built for heavy duty . . tested for accuracy to 1/1000 inch

A compact lathe that matches our largest metal-turning lathes for precision and accuracy. 6-inch swing, 18 inches between centers. 3½-inch swing over carriage. Cast semi-steel bed; precision-ground ways. 6 full-length surfaces on bed accurately fitted to the ways. Spindle with 1-inch, 10-thread and No. 2 Morse taper; 17/32-inch bore; 9/32-inch collet capacity. Hand wheel on carriage for manual operation and feedlever for reversible automatic longitudinal power feed. Four feeds: .0024, .0039, .0048, .0078 inches.

Tailstock ram travel 1¼ inches. 16 spindle speeds from 54 to 3225 RPM; 8 back-geared speeds. Tailstock with No. 1 Morse taper and setover (9/16 inch for taper turning). Gears supplied cut 8 to 96 threads per inch right or left hand. Metric threads from .5 to 3 mm. Graduated compound tool rest swivels 360°; travels 1¾ inches cross slide travel 4¾ inches. 4 porous bronze countershaft and backgear bearings. Countershaft bench-mounted to eliminate vibrations; adjustable for speed changes. Mounting dimensions: 4¾x27 15/16 inches. Overall size 12x27x33½ inches.

With instructions, Lathe Manual, 2-step motor pulley, 4-step machine pulley, 4-step quick-change countershaft, two 60 degree centers, 3/16-inch tool bit, 9 threading gears. 1-inch lathe dog, 3/8-inch V-belt, Allen wrench, 5¼-inch face plate, 2 wrenches. Motor is not included. Use at least ¼-HP 1725 RPM motor. *Please see below and the opposite page for lathe accessories.*

99 A 2140N—Shipping weight 100 pounds.....Cash **$165.00**



Accessories for Metal-turning Lathes on these 2 pages

1 Lathe Grinder. For 12-in. lathes. 2 speeds; 4900 and 9100 RPM. With ¼-HP, 60-cycle AC, 3450 RPM motor. Outfit includes 4-in. extension and ½-in. internal grinding wheels (grinds up to 4¼-in. external diameters; from ¼-in. to 9¼-in. inside diam.), with diamond wheel dresser. Sent from factory in Kalamazoo, Mich. Allow postage from mail order house.
F99 A 2998L—Wt. 65 lbs. *$5 down*.....Cash **$125.00**

2 Reversing Switch. For stopping and reversing split-phase and capacitor motors up to 1 HP.
9A2982–1 HP for voltages to 550 AC. Wt. 1 lb. 9 oz. **$6.98**

3 Reversing Switch. For any CRAFTSMAN 12-in. lathe. 1-HP capacity for voltages to 550, both single and 3-phase circuits. With cord, instructions.
9 A 2018—Shipping weight 4 lbs. 2 oz.....**$16.60**

4 Milling Attachment. Graduated swivel vise, flat block, V-block. For face-milling, cutting keyways, etc.
9 A 2057—For 99 A 2140N, 99 A 2128N. Vise. Cap. 2 in.; vert. feed 1¾ in.; cross feed 3⅝ in. Shpg. wt. 8 lbs. 6 oz. *$3.50 down*.....Cash **$33.50**
99 A 2987C—For any CRAFTSMAN 12-inch lathe. Vise capacity 2⅜ inch; vertical feed 3¾ inch; cross feed 5 inches. Shipping weight 18 pounds. *$4.50 dn.* Cash **$42.50**

5 Follower Rest. Mounts back of carriage dovetail slide. Insures accurate work on long, slender rods. Shpg. wt. 2 lbs. 2 oz.
9 A 2042—For 99 A 2140N, 99 A 2128N.....**$7.14**
9 A 2988—For any CRAFTSMAN 12-inch lathe. Shipping weight 3 pounds 4 ounces.....**$7.80**

6 Steady Rest. Clamps to bed ways. Has bronze jaws, hinged type. For diameters to 2⅝ inches.
9A20506–For CRAFTSMAN 12-in. lathes. Wt. 8 lbs. **$14.47**
9 A 2041—As above, but not hinged type; for diameters to 2⅜ inches. For 99A2140N (above). Shipping weight 2 pounds 8 ounces.....**$9.27**

7 Milling Cutter Holder. Wt. 1 lb. 10 oz.
9 A 21408—For 99 A 2140N, 99 A 2128N.... **9.88**
9 A 29945—For CRAFTSMAN 12-in. lathes. Shipping weight 2 lbs. 8 oz.....**$11.50**
9 A 2985—**Four Bushings.** For use with ¼, 5/16, ⅜, 7/16-in. end mills. Shipping weight 8 ounces.....**$2.97**

8 Arbors for Milling Cutter Holder above. Required to adapt angular cutters. Sent from factory in Michigan. Allow postage from mail order house. Shipping weight each 1 lb.
F9 A 1566—For cutter with 7/16-inchx24-thread.. **$3.15**
F9 A 1567—For cutter with 5/16-inchx20-thread... **3.15**

19 Mica Undercutter. For any CRAFTSMAN 12-in. lathe. Swings in and out of action in seconds. Screw feed regulates height of cutter; carriage feed moves cutter into commutator slot. New grooves are always clean, square, parallel and uniform in depth.
For 110–120-volt, 25–60-cycle AC-DC. Complete with universal motor, switch, cord, 5 undercutting saws: .015, .020, .025, .030, .035 in.
9 A 2989—Wt. 11 lbs...**$54.50**
9 A 1518—For 99 A 2140N and 99A2128N above. Wt. 9 lbs. $57.50
F9 A 1519—Set of 10 Replacement Saws for above mica undercutters. 2 each .015, .020, .025 .030, .035 in. thick.
Shipping weight 1 pound..**$3.95**

20 Face Plates. Forwork which cannot be machined on center or in chuck. Mounts on headstock spindle. Machined gray-iron casting; slots clamp work or drive lathe dog.
9 A 21405–5¼-in. diam. For lathes with 1-inch 10-thread spindle, 99 A 2140N, 99 A 2128N. 4 slots. Shpg. wt. 3 lbs. $5.25
9 A 24705—5¼-in. diam. For use on lathes with 1-in. 8-thread spindle. Has 4 slots. Shipping weight 3 lbs.....$5.25

21 9 A 24755—8½-in. diam. For 12-in. lathes, lathes with 1½-in. 8-thread spindle. 8 slots. Shpg. wt. 7 lbs.....$9.97

22 Quick-change Gear Attachment. Fits CRAFTSMAN Lathes, models 99 A 2758N and 99 A 2759N (page 929). 54 threads or feeds between .0042 and .250-inch per revolution of spindle; all right or left-hand threads from 4 to 240 in these standards: National Coarse (USS), National Fine (SAE), Acme, Square, Whitworth. Needs no drilling or tapping. Replaces gear change assembly.
99 A 20145K—Wt. 35 lbs.... **$99.95**

23 Taper Attachment. Cuts duplicate tapers on pieces of different lengths. Does internal boring and external work. Index plated is graduated 7° and 3 in. both sides of center line; equals 2 5/16-in. taper per foot right or left.
9 A 29845–For any 12-inch CRAFTSMAN lathe. Travel 6-inches. Shipping weight 11 lbs.....**$42.50**

(SHIPPING NOTE: F9 A 1519 sent from Kalamazoo, Mich. factory. Allow postage from mail order house.)

Our Finest **CRAFTSMAN** Lathe . . 12¼-in. swing, 16 speeds

REG. U. S. PAT. OFF.

Individually tested to assure Accuracy to 1/1000 in.

Heavy Timken roller bearings in headstock for greater accuracy. Cast semi-steel bed; precision-ground ways. Full 12¼-in. swing over bed; 7¾ in. over carriage. 60-hole indexing mechanism on headstock. Spindle nose 2⅜₃₂-in. bore, 1½-in. 8-thread with No. 3 female Morse taper reduced to No. 2. ½-inch collet capacity. Reversible power cross feed.

Lever for automatic power feed. Back gears have approximately 6 to 1 ratio. 16 speeds from 20 to 2075 RPM. Tailstock has No. 2 Morse taper; ¾-in. set-over for taper turning. With 4-step machine pulley; 2-step motor pulley; V-belt; two 60-degree centers; tool post wrench; Allen wrench; 258-page Lathe Manual. Use at least ⅓-HP 1725 RPM motor (sold separately).

Lathes with Quick-change Gear Attachment. Floor-model Cabinet . . Underneath Drive. Quick-change gear attachment gives 54 threads or feeds (see description under 99 A 20145K opposite page). Husky floor-type cabinet of welded 3/16-in. steel plate . . a rigid mount for accurate work. Underneath drive enclosed in cabinet within easy reach through a door in front. Handles for adjusting countershaft and belt tension extend outside cabinet towards lathe front.

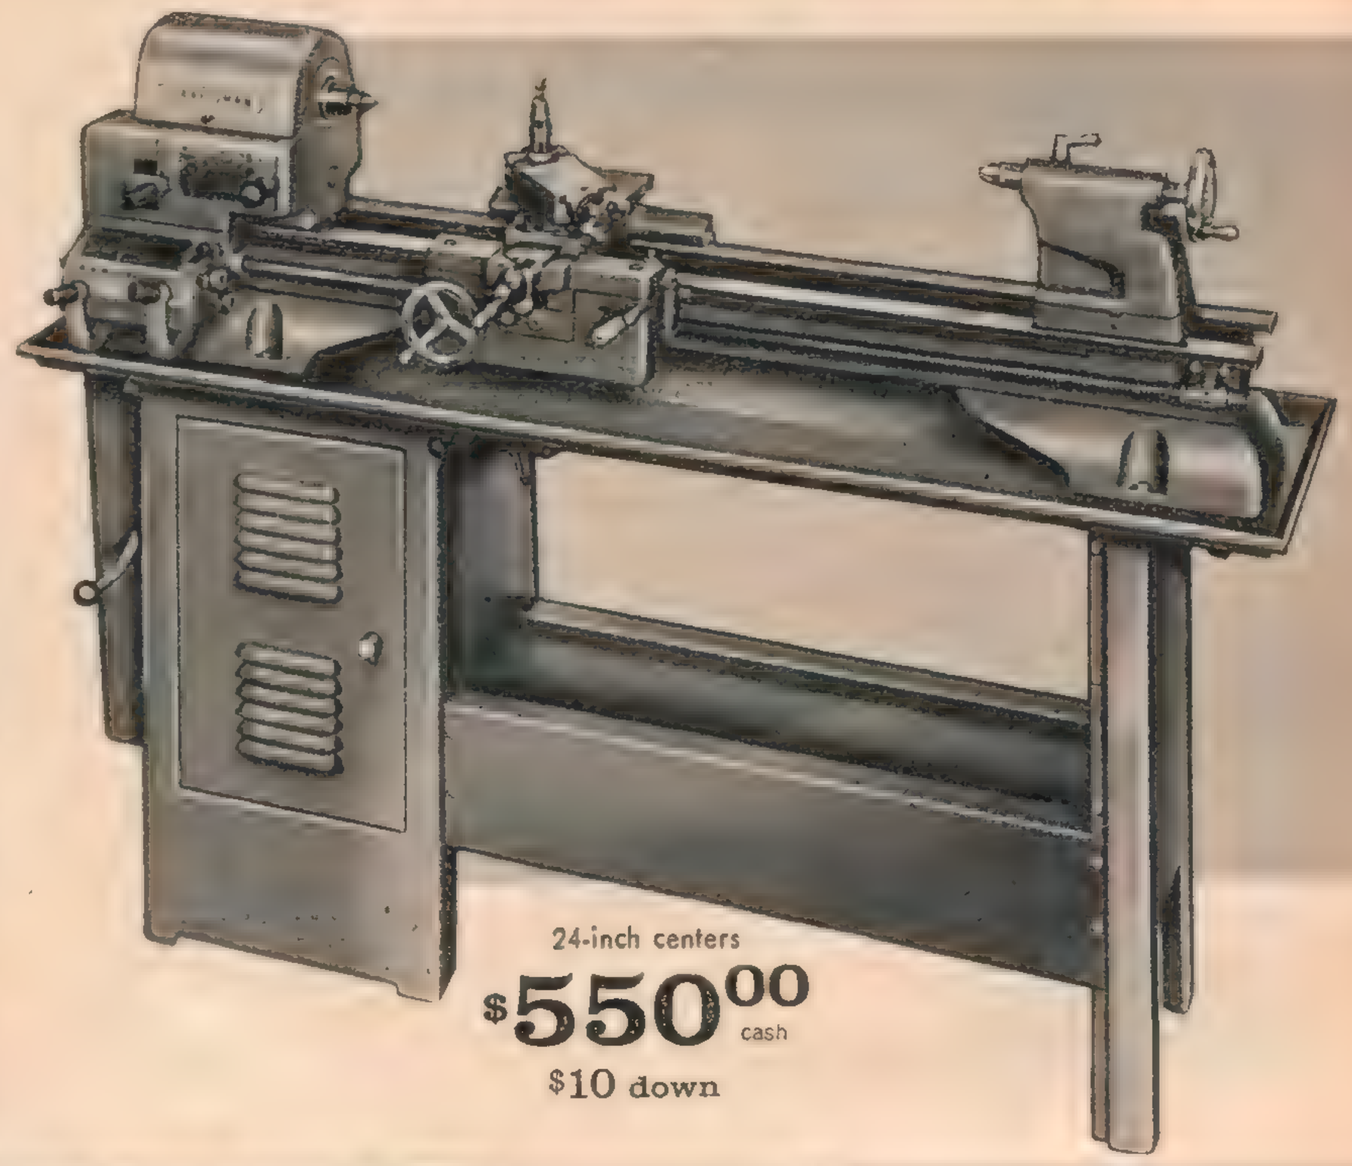
99 A 2895N—24-in. centers; 50⅝ in. long. Wt. 505 lbs. $26.00 *mo.* **$550.00**
99 A 2897N—36-in. centers; 62⅝ in. long. Wt. 545 lbs. $29.00 *mo.* **595.00**

Lathes with Quick-change Gear Attachment; without Cabinet. Instead of underneath-drive, these lathes have quick-change countershaft which is mounted in back of headstock. Countershaft is mounted free of lathe bed . . keeps vibration to a minimum. One lever releases both belts simultaneously.

99 A 2893N—24-in. centers; 45 in. long. Wt. 350 lbs. $20.00 *mo.* **$425.00**
99 A 2894N—36-in. centers; 57 in. long. Wt. 372 lbs. $22.00 *mo* **465.00**

Lathes without Quick-change Gear Attachment or Cabinet. *Includes* quick-change countershaft as described above. Lathe comes with 10 threading gears; cut 4 to 96 threads per inch, right or left (standard); metric .5 to 7.0 mm. Five feeds: .0024; .0035; .005; .0071; .0087 inch.

99 A 2758N—24-in. centers; 45 in. long. Wt. 335 lbs. $16.00 *mo.* **$335.00**
99 A 2759N—36-in. centers; 57 in. long. Wt. 357 lbs. $18.00 *mo.* **375.00**



24-inch centers

$550.00 cash

99 A 2141K	1½-in.x 8-thread	8 in	25 lbs.	34.97

11 Work Arbor. Converts motor into grinder, polisher, etc. 4⅝ in. long. Spindle has ½-in. x 20-thread. Carbon steel. Steel flanges.
9 A 2164—*State ½ or ⅝-in. bore.* Shpg. wt. 12 oz. **$1.20**

12 Above Arbor with 3-Jaw, ½-inch Drill Chuck. Chuck and ½-in. x 20-thread arbor with steel flanges. Fits ½ or ⅝-in. unthreaded spindle. *Be sure to state ½ or ⅝-inch bore.*
9 A 2151—Shipping weight 1 pound 10 ounces **$2.09**

13 Work Arbors with Chucks. 3-jaw screw-on type chucks. ½-inch capacity; threaded ½-inch x 20-thread. Morse taper on shank end of arbor.
9 A 2276—No. 0 Morse taper. Wt. 1 lb. 4 oz. . . **$2.39**
9 A 2234—No. 1 Morse taper. Wt. 1 lb. 8 oz. . . 2.49
9 A 2247—No. 2 Morse taper. Wt. 1 lb. 8 oz. . . 2.49

14 Work Arbors. Two steel flanges; nut on head end for clamping wheels. ½-in. x 20-thread.
9 A 2117—No. 0 Morse taper. Wt. 8 oz. **$1.27**
9 A 2153—No. 1 Morse taper. Shpg. wt. 9 oz. **1.37**
9 A 2152—No. 2 Morse taper. Shpg. wt. 11 oz. **1.37**

15 Tailstock Cup Centers. Designed for wood turning.
9 A 2109—No. 0 Morse taper. Shpg. wt. 3 oz. . . **$1.09**
9 A 2100—No. 1 Morse taper. Shpg. wt. 4 oz. . . 1.17
9 A 2101—No. 2 Morse taper. Shpg. wt. 7 oz. . . 1.37

16 CRAFTSMAN 3-Jaw Chucks. Screw-on type. Tapped to fit ½-inch x 20-thread spindles.
9 A 2248—¼-in. capacity. Shpg. wt. 5 oz. . . . **89c**
9 A 2243—⅜-in. capacity. Shpg. wt. 9 oz. . . . **89c**
9 A 2256—½-in. capacity. Shpg. wt. 14 oz. . . **$1.29**
9 A 2132—½-in. capacity. As above, but for ½-inch x 24-thread spindle. Wt. 12 oz. **98c**

17 Spur-Centers. Use for wood turning.
9 A 2108—No. 0 Morse taper. Wt. 3 oz. . . . **$1.09**
9 A 2106—No. 1 Morse taper. Shpg. wt. 4 oz. . . 1.17
9 A 2107—No. 2 Morse taper. Shpg. wt. 7 oz. . . 1.37

18 60-degree Centers. For metal turning.
9 A 2103—No. 0 Morse taper. Wt. 3 oz. . . . **92c**
9 A 2110—No. 1 Morse taper. Shpg. wt. 4 oz. . . **92c**
9 A 2111—No. 2 Morse taper. Shpg. wt. 6 oz. . . **99c**

19 Screw Centers. For woodworking.
9 A 2116—No. 1 Morse taper. Wt. 12 oz. **$1.64**
9 A 2115—No. 2 Morse taper. Wt. 14 oz. . . . 1.74

20 Crotch Center. Automatically centers round work for cross-drilling. Machined V-slot. Ground steel shank; No. 2 Morse taper.
9 A 2114—Shipping weight 1 pound **$1.74**

21 High Speed Center Drill. Choice of ⅛-in. size. (5/16-inch body) or 7/64-inch size (¼-inch body). *State size wanted.*
9 A 2060—Shipping weight 2 ounces. **97c**

22 Precision ball-bearing 60° Center. For hardwood or metal. Recommended for high speeds.
9 A 2112—No. 1 Morse taper. Wt. 8 oz. . . . **$3.17**
9 A 2113—No. 2 Morse taper. Shpg. wt. 10 oz. **3.17**

23 Adapter Sleeve. To reduce from No. 2 Morse taper to No. 1 Morse taper.
9 A 2161—Shipping weight 5 ounces **$2.09**

24 Commutator Kit in metal box. Holds armature shafts rigidly during reconditioning. One No. 75A armature driving chuck; one No. 100 center rest chuck (¼ to ¾-inch capacity); 2 arbors (No. 2 Morse, No. 3 Jacobs taper); chuck key.
9 A 2129—*Postpaid.* (Wt. 7 lbs. 4 oz.) *$3 dn.* **$28.00**

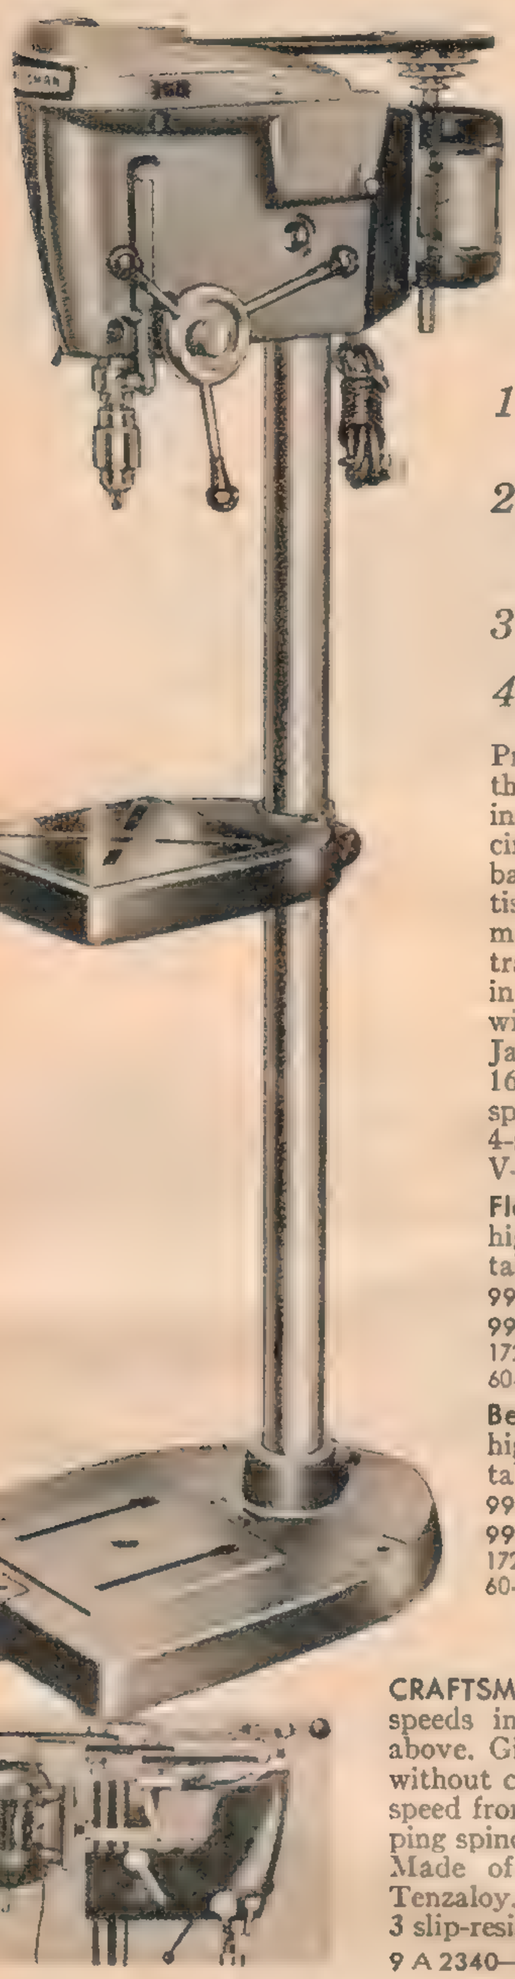
4 big features of this Press mean extra accuracy

CRAFTSMAN heavy-duty Drill Press



Floor model without motor
$114.50 cash
Only $5 down

Bench model without motor
$99.95 cash
Only $5 down

1 **Permacoil quill return spring** allows you to adjust tension just the way you want it

2 **Four sets of heavy-duty, shielded precision ball bearings,** preloaded to take up wear, reduce spindle play and drill breakage

3 **Rubber bumper** between quill and head absorbs shock of quill return

4 **Floating drive spindle** eliminates belt side pull and pulley whip

Proved accurate and dependable by the woodworking and metalworking industries. Drills to center of 15½-in. circle (7¾ in. from center of bit to back of table). Routs, shapes, mortises, planes and dovetails with attachments at right. Maximum spindle travel 4 in. 3-lever feed handle always in easy reach. Safe-lock key chuck with up to ½-in. capacity, No. 33 Jacobs taper. Depth gauge marked in 16ths. Table slotted for fixtures. 9 speeds—610 to 5000 RPM; 5-in. 4-step pulleys, ½-inch slip-resisting V-belt.

Floor Model without motor. 65¼ in. high; base to chuck 44½ in. Maximum table travel approx. 38¾ inches.

99 A 2453N—Shpg. wt. 172 lbs.....$114.50

99 A 24534N2—As above but with ½-HP 1725 RPM capacitor motor for 115–230-volt, 60-cycle AC. Wt. 195 lbs.....$139.99

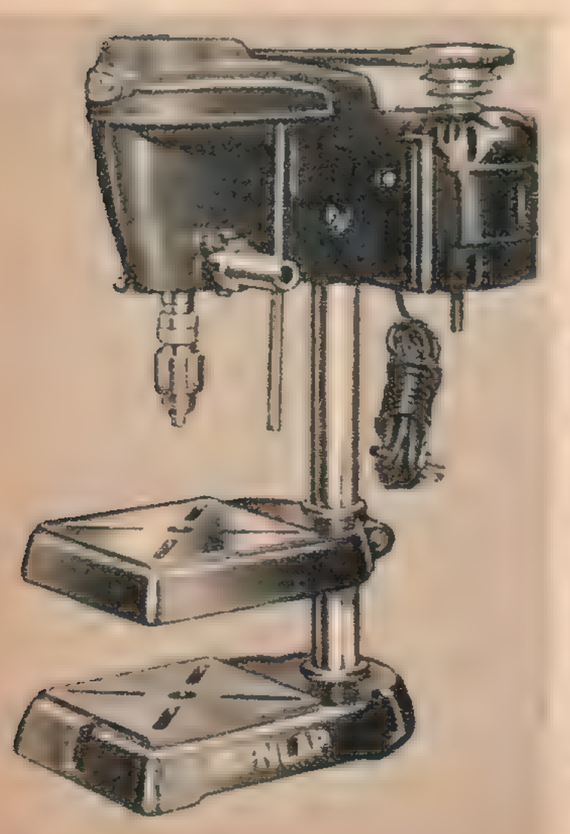
Bench Model without motor. 36 in. high; base to chuck 18 in. Maximum table travel 13⅞ inches.

99 A 2452N—Shpg. wt. 135 lbs.....$99.95

99 A 24524N2—as above but with ½-HP 1725 RPM capacitor motor for 115–230-volt, 60-cycle AC. Shpg. wt. 158 lbs.....$124.99

CRAFTSMAN Vari-Slo Speed Control. Change speeds in seconds. Fits both drill presses above. Gives 12 to 1 ratio with hand lever without changing belts. Lets you select any speed from 300 to 3750 RPM without stopping spindle. Easy to install, no holes to drill. Made of tough aluminum alloy and cast Tenzaloy. Pulleys on 4 ball bearings. With 3 slip-resisting V-belts and instructions.

9 A 2340—Shpg. wt. 5 lbs. 4 oz..... $37.47



DUNLAP Drill Press

Designed for home workshop

Without motor **$59.88** cash **$5 down**

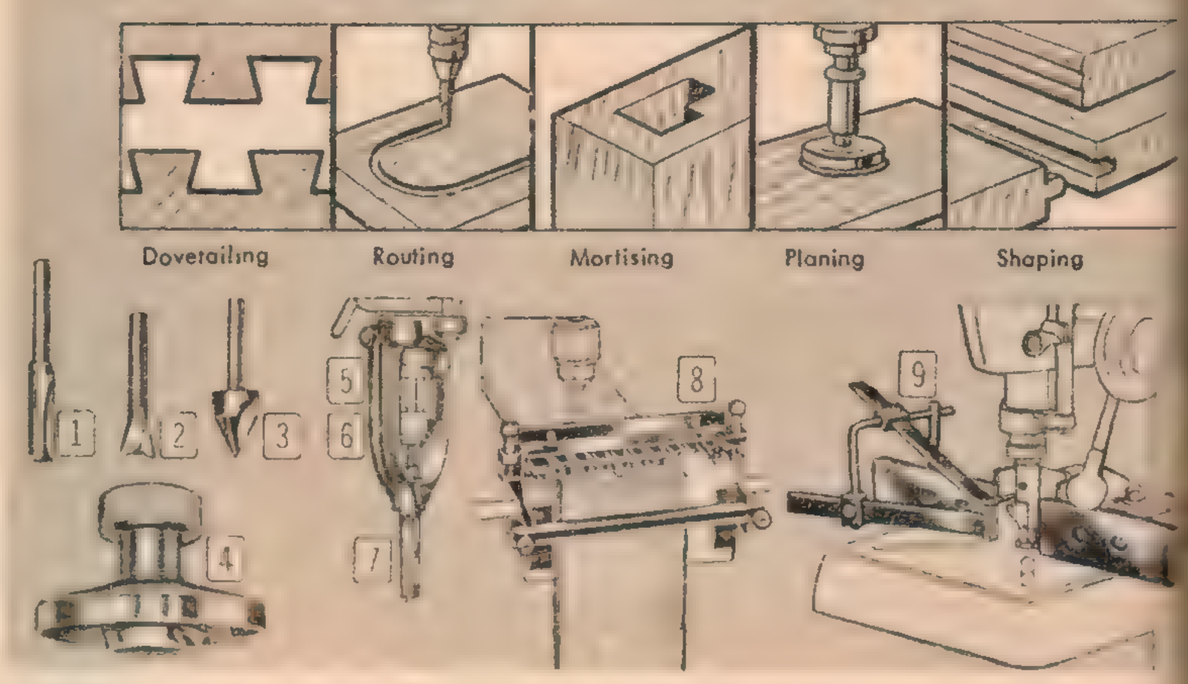
7¾x7¾-in. table. Drills to center of 12¼-in. circle (6⅛ in. center of bit to back of table). Floating drive ends belt side pull, pulley whip. "Perma-Coil" quill return spring; rubber bumper absorbs quill return shocks. Adjustable stops for repeated drilling. Maximum spindle travel 3 in. Ball thrust bearing spindle.

Depth gauge, 16th-in. graduations. No. 33 Jacobs taper spindle; "Safe-Lock" key chuck 5/64 to ½-in. capacity). 26⅞ in. high. Selection of 9 different speeds from 765 to 4000 RPM. Two 4-inch 4-step pulleys and 1 slip-resisting V-belt included.

99 A 2362N—Drill Press without motor. Shipping weight 80 pounds.....$59.88

99 A 23625N2—With CRAFTSMAN ⅓ HP 1725 RPM sleeve-bearing motor for 110–120-volt, 60-cycle AC. Shpg. wt. 98 lbs....$73.99

Perform all these jobs with Drill Press Accessories below



Woodworking Cutters for drill press. Precision-ground high carbon steel. Not for high-speed operation. All have ¼-inch shanks. For "Safe-Lock" chuck or collet chucks for these cutters, see 9 A 2271 and 9 A 2467 below under (12) and (13). Shipping weight each 2 ounces.

Be sure to state correct catalog number.

[1] 9 A 2400—⅛-in. router... $1.37

9 A 2416—¾-in. carving.... 1.97

[4] **CRAFTSMAN Rotary Planer.** Converts your drill press into a planer. Dresses, trues up and finishes wood surfaces. Also removes paint and varnish from wood.

For both CRAFTSMAN and DUNLAP drill presses at left and below. Also fits all other drill presses with No. 33 Jacobs taper and 1 1/16-inch by 20-thread side-thrust nut or locking collar. 3⅜-in. diam. With hex wrench and instructions.

9 A 2745—Shpg. wt. 12 oz..... $4.47

[5] **Mortising Chisel Housing.** Mounts on quill. For drill presses 99 A 2453N, 99 A 2452N at left. Does not fit 99 A 2362N below.

9 A 2460—Shipping weight 3 lbs. 6 oz..... $4.77

[6] **Hollow Mortising Chisel.** For use with chisel housing 9 A 2460 above. Sizes ¼, ⅜, ½ inch. ¼-inch mortises to 1⅞ inches; ⅜ and ½-inch to 3-inch depth. *State size wanted.*

9 A 2420—Shipping weight 4 ounces..... $2.80

[7] **Mortising Bit.** For use with 9 A 2420, mortising chisel above. Sizes ¼, ⅜ and ½ inch. *Please state size wanted.*

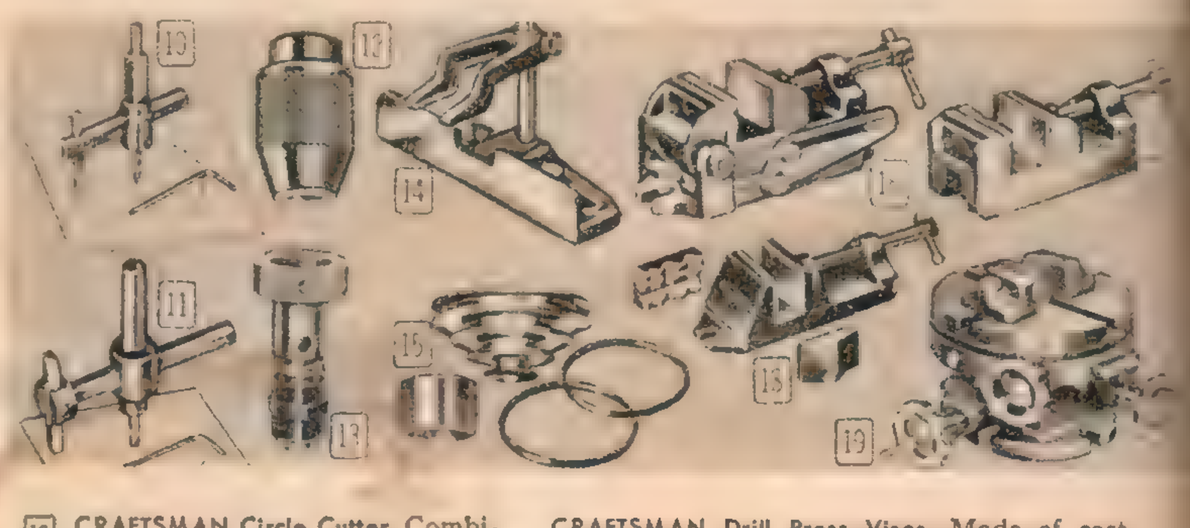
9 A 2422—Shipping weight 4 ounces..... $1.80

[8] **Dovetailing Attachment.** Use with drill press to make perfect dovetail joints in bookcases, drawers and furniture. Clamps hold pieces at right angles; both pieces are cut at same time. Slotted metal comb controls spacing and depth of cut. Complete with end plates, comb, screw fittings, clamps and wood parts. For use with ½-inch dovetailing bits only. Bit not included. Instructions.

9 A 2462—Shpg. wt. 5 lbs. 12 oz.....$11.44

[9] **CRAFTSMAN Shaper Fence Attachment.** Converts drill presses into shaper. Gives support for making picture frames, sashes, large variety of moldings, trimmings. Fits all drill presses on this page. 1-piece aluminum. Hardwood fence faces; open 1 to 3 in.; each adjusts, locks separately. Hold-downs keep pressure on work, shifts for regular and reverse feed.

9 A 2487—Shipping weight 6 lbs. 2 oz..... $14.47



[10] **CRAFTSMAN Circle Cutter.** Combination square and ¼-in. round shank. Use in drill press or bit brace. Cuts holes ⅞ to 4-in. diam. in brass, wood or plastic. Removable high speed alloy steel cutting bit.

9 A 3644—Shpg. wt. 8 oz..... $1.58

[11] **Heavy-duty Circle Cutter.** ½-in. shank. Cuts holes 2 to 8 in. in diam. and 1 in. deep in sheet steel, brass, wood, plastic. Removable high speed steel bit. With set-screw wrench.

9 A 3641—Shpg. wt. 1 lb. 2 oz.... $4.50

[12] **Collet Chucks.** Screw-on type for ½-in. x 20-thread spindles.

9A2271—¼-in. capacity. Wt. 3 oz... $1.19
9A2269—½-in. capacity. Wt. 3 oz.... 1.49

[13] **Collet Chuck with Holding Collar.** For woodworking cutters above or [illegible] with ¼ or ½-inch shank. Fits [illegible] drill press spindle with a No. 33 [illegible] taper. Screws onto spindle.

9 A 2467—Shpg. wt. 11 oz..... $2.25

[14] **CRAFTSMAN Adjustable Hold-down and Guide.** Fits almost any drill press. Made of cast iron.

9 A 2457—Shpg. wt. 5 lbs. 8 oz... $5.88

[15] **CRAFTSMAN Slow-speed Attachment.** Fits former 2176, 99A2452N, [illegible] and other drill presses [illegible]-in. diameter columns. [illegible] M. 2 V-belts.

[illegible] lbs. 5 oz.. $14.98

CRAFTSMAN Drill Press Vises. Made of cast iron. With 2 7/16-inch steel jaws . . one-grooved. Jaws open maximum of 2½ inches.

[16] **Angle Vise.** For quick, accurate set-ups without clamps or wedges. Adjusts to any angle 0° to 90°. Also use horizontally. Steel adjusting screws. Holds round or tapered pieces. Rust-resistant finish. 9 in. long.

9 A 2756—Shpg. wt. 9 lbs. 12 oz.....$9.27

[17] **Drill Press Vise.** Precision-squared sides. Use on end, either side or in normal horizontal position. 7¼ in. long.

9 A 2755—Shpg. wt. 4 lbs. 12 oz.....$6.97

[18] **Drill Press Work Holder.** Zinc alloy base; 10½ inches long. 2⅝-inch steel-faced jaws open 3 inches. Extra cast iron jaws; 1 for irregular work, 1 for tapered.

9 A 2436—Shipping weight 4 pounds.....$4.67

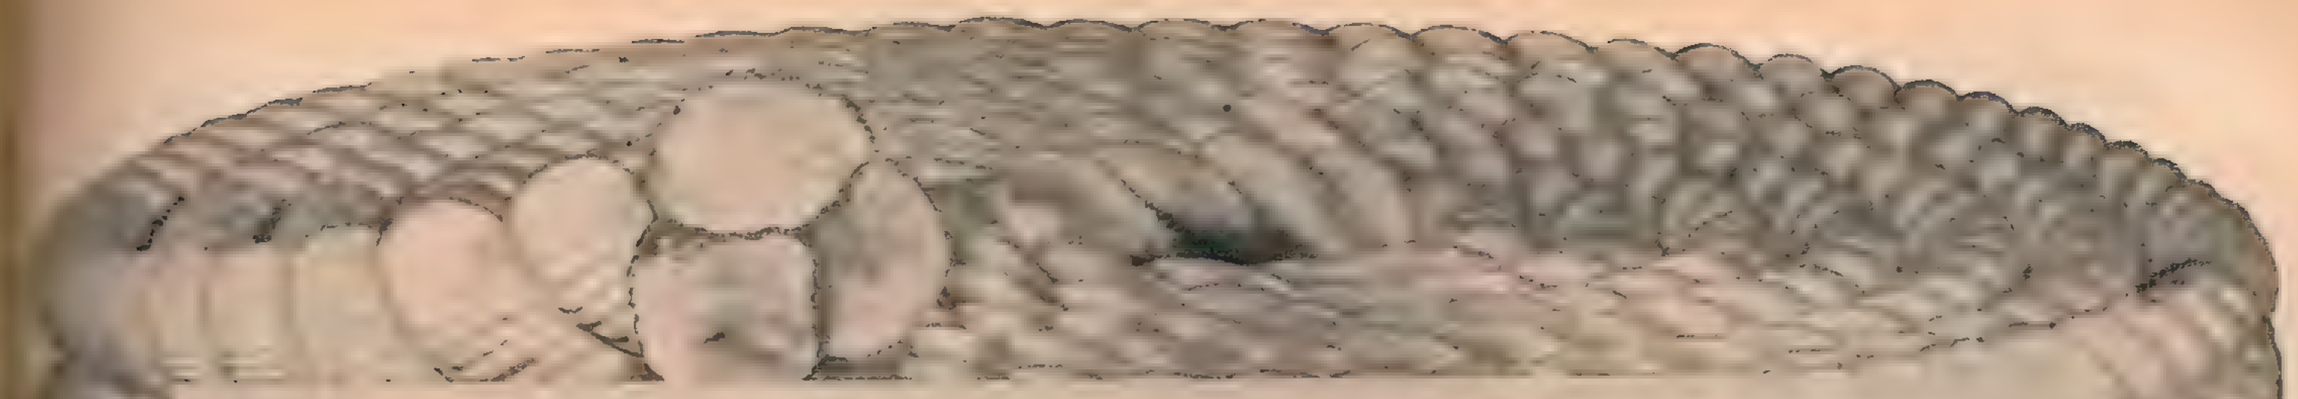
[19] **CRAFTSMAN Milling Vise.** Fits drill presses for use as universal milling machine. Dual cross slides; 360° rotary feed. Use as indexing table, rotary table and milling table. For use on drill presses, milling machines, surface grinders or shapers. 8-inch table rotates 360°; 40:1 worm gear ratio. Rotary dial calibrated in 15 minute intervals. Has 2 cross slides, each with 2⅛-inch travel. Dials graduated in 1000ths of an inch. Complete with removable jaw set 2½ inches wide. Table 5 inches high. Shpg. wt. 37 lbs.

99 A 2496K—*Only $5 down*.....Cash **$66.88**

Craftsman Milling Vise. Similar to above, but without rotary feed. Dual cross feed.

99 A 2493K—Shipping weight 35 pounds.

Only $5 down..... Cash **$47.88**



Nylon or Polyethylene Rope

Waterproof . . 1½ to 2 times stronger than Manila

Nylon Low as **5¼c** per ft. **Polyethylene** Low as **3c** per ft.

Tough, strong, yet lightweight. Widely used where long-lasting strength or safety are important. Resists breakdown from acids and alkalis. Won't rot or mildew . . can be stored wet. Easy to wash and keep clean. Single lengths up to 1200 ft. if requested.

Nylon. Twice the strength of Manila. Absorbs shocks 3 to 5 times greater than Manila rope because of natural "give." Smooth, silky, white in color. Lightweight, easy to handle.

Polyethylene. Waterproof and floats. 1½ times stronger than Manila. Color blue and white. *State catalog number, length.*

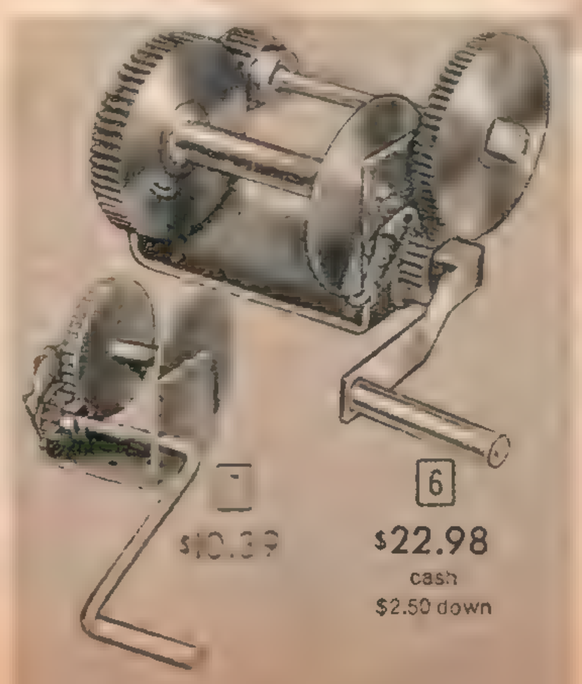
6 **Heavy duty . . 2700-pound safe working load.** For heavy machinery, boats, etc. For heavy farm and garage work . . dozens of other uses. Two speeds: 3-to-1 and 6-to-1 gear ratios. Holds 35 feet of ½-inch manila rope (above) or 85 feet of 5/16-inch wire rope (at right). Rope not included. Base 5½x8 inches. Rugged sleeve handle. Extra strong construction. *Only $2.50 down on Sears Easy Terms.*
99 A 7834C—Shipping wt. 18 lbs. Cash **$22.98**

7 **1600-pound safe working load.** For boats, machinery—or garage use, etc. 3-to-1 gear ratio. Locks at any position. Takes up to 50 feet of ⅜-inch manila rope (see above) or 115 feet of ¼-inch wire rope (at right). Rope not included. Base 4½x6 inches. With sleeve handle. Very sturdily constructed.
9 A 7833—Shipping wt. 9 lbs.....**$10.39**



6x19 Pre-formed Plow Steel Wire Rope

Extra-high tensile strength—made of tough, durable alloy steel

Resistant to bending fatigue . . internal stresses eliminated by pre-forming. Takes shocks better because all strands share the load equally, means less wear on both rope and sheaves. Easy to install, won't unravel when cut. Adaptable for continuous, rugged service. Exceeds Federal Specifications RR-R-571a.

8 **Fiber Core. Right lay, regular lay.** More flexible than wire core. For main hoist ropes on small equipment; winch lines; side boom ropes; holding and closing lines on cranes and clamshells; taglines. Orders over 70 pounds sent freight (rail, truck) or express. *See shipping note at bottom of page.*

"SEARS DOES MORE"

NOW! All CRAFTSMAN Rotary Mowers

No-Pull Starter

It's actually FUN to start the engine! Just give the starter handle a few quick turns—and presto!—a coil spring with the pull-power of a 180-pound man starts the engine for you.

You get these 12 other big advantages, too

Yes, it's true! Now you get No-Pull Starting PLUS these 12 big extras in all the CRAFTSMAN Rotary Mowers on these next 6 pages

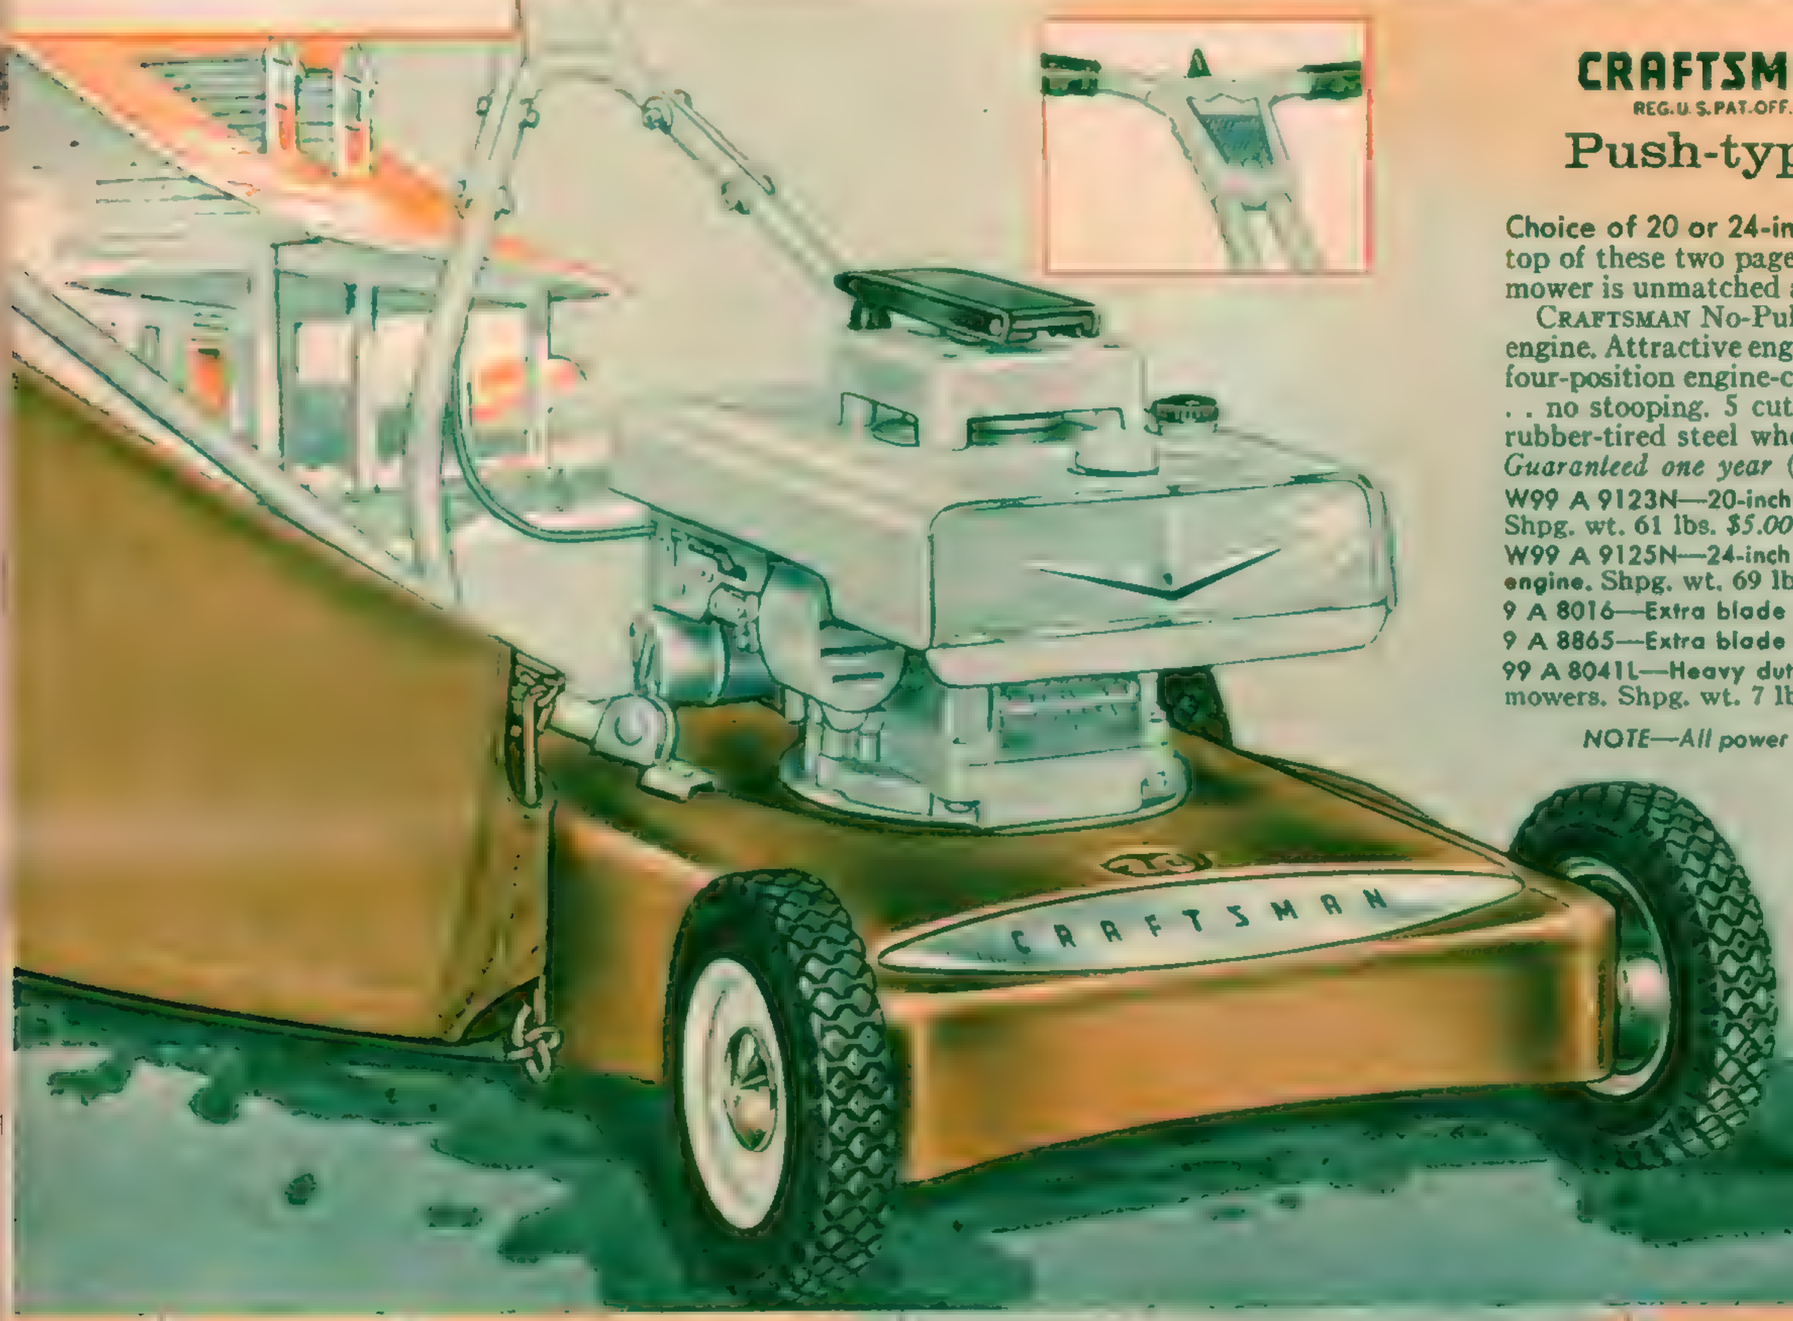
1 **Positive Pressure Lubrication Like Your Car.** This makes the great CRAFTSMAN 4-cycle gasoline engine run cooler and last longer

2 **Mechanical Governor.** 30% more efficient than air-vane type

3 **High-tension Magneto.** Engineered to produce the hottest possible spark for easy starting

4 **Full cutting width.** Sears sizes refer to blade . . NOT the housing

5 **Vacuum Cleaner Action.** Extra-deep baffled housing, with high-wide discharge chute, develops a sweep-through air flow. Grass is sucked up straight for a clean, even cut. Chute is located in MIDDLE (instead of front end) of the housing side for much more efficient discharge of freshly cut grass



CRAFTSMAN Good Quality Push-type Rotary Mower

Choice of 20 or 24-inch cut. Check ALL the features at the top of these two pages. See for yourself why we believe this mower is unmatched anywhere in this price range.

CRAFTSMAN No-Pull Starter permits extra-easy starting of engine. Attractive engine cover helps muffle noise. Convenient four-position engine-control on handle—choke, fast, slow, off . . no stooping. 5 cutting heights (1⅛ to 3⅜ in.). 7½-inch rubber-tired steel wheels (not power driven). Leaf mulcher. *Guaranteed one year* (see guarantee on top of facing page).

CRAFTSMAN . . *America's most preferred Power Mowers*
REG. U. S. PAT. OFF.

Mowers are *Self-Propelled* and you get *No-Pull* Starting, too!

CRAFTSMAN Best Quality Self-propelled Mower

REG. U.S. PAT. OFF.

Positive front-wheel chain-and-gear drive . . completely enclosed

Without Grass-Leaf Catcher **$124.95** cash **$5 down**

- **Extra-easy Control**—Engine AND clutch controls on handle at your finger tips. You can disengage wheels from engine in a flash . . for starting engine, or for maneuvering
- **Extra-efficient Power Transmission**—The chain-and-gear drive assures non-slip power. Front-wheel drive lets you maneuver without disengaging wheels from engine if you wish

22-inch cut . . 3½-HP CRAFTSMAN 4-cycle engine. Compare all the features! See why we are convinced this is one of America's greatest values in self-propelled power mowers!

You'd never think mowing could be so easy—even with a power mower! Just give the handle on the CRAFTSMAN No-Pull Starter a few turns—and a powerful coil spring starts the engine for you. Flip the clutch control on the handle—and the mower moves ahead. Easy does it! You just stroll along and guide it!

You also get all the CRAFTSMAN features described on top of pages 934 and 935. These include the great CRAFTSMAN 4-cycle engine with pressure lubrication . . the new E.Z. Fill-n-Drain oil tube . . the new easy-clean foam-plastic air filter, etc.

Drive mechanism is enclosed for protection and more attractive appearance. Comb attachment at front straightens grass for better cutting. Extra-large 9-inch rubber-tired steel wheels in front for better traction . . 7¾-inch rubber-tired steel wheels in back. 4-position engine control on handle—choke, fast, slow, off. 5 height-of-cut positions, 1 to 3¼ inches. Leaf mulcher. *Guaranteed one year.* See top of page 935 for guarantee.

W99 A 9765N—Shipping weight 93 pounds $124.95

9 A 8013—**Extra Blade** for above mower. Shipping weight 2 pounds 12 ounces 2.89

13 **Clincher Menders.** For ½ or ⅝-in. rubber hose. Brass and steel.

9 A 6983—*State size.* Wt. 4 oz. 2 for 33c

14 **CRAFTSMAN Quick-Clamp Male Coupling.** For plastic or rubber hose. Simple lever gives leak-proof mend! Reusable. Rust-proof metal . . spring, lever tempered steel. 7/16, ½, ⅝ inch.

9 A 6998—*State size.* Wt. 6 oz. . . . 63c

15 **CRAFTSMAN Quick-Clamp Mender.** *State size:* 7/16, ½, ⅝ inch.

9 A 69983—Shpg. wt. 4 oz. 53c

16 **CRAFTSMAN Quick-Clamp Female Coupling.** *State size:* 7/16, ½, ⅝ in.

9 A 69982—Shpg. wt. 6 oz. 63c

17 **Hose Holder.** Stores any hose neatly. Made of enameled steel. Rigid handle construction prevents sag under heavy load. Will hold 100 ft. of hose (not included). Keyhole slots for mounting to wall or post.

9 A 8413—Shpg. wt. 2 lbs. 43c

18 **CRAFTSMAN 6-foot White-plastic Washing Machine Hose.** White color blends with laundry equipment. Resists deteriorating effects of soaps, detergents, bleaches. ½-in. inside diam. Standard female coupling.

9 A 6912—Shpg. wt. 1 lb. 2 oz. $1.03

19 **6-foot Washing Machine Hose.** Black plastic. Standard female coupling.

9 A 6911—Shpg. wt. 12 oz. 63c

20 **CRAFTSMAN Hot and Cold Water Mixer.** For laundry tub or washing machine. Fits standard faucets. Has standard male hose coupling. Connects faucets up to 12 in. apart. 11½ in. long. *Not for automatic washers.*

9 A 6910—Shpg. wt. 1 lb. 83c

21 **CRAFTSMAN 25-foot "Deep-Seep" Hose.** Porous canvas duck tube lets water ooze out and seep down to roots. Lessens danger of "wash-out" water action and wasteful run off. Removable metal cap on end for flushing out. With standard couplings. On wire storage wheel for convenient handling.

9 A 6926—Shpg. wt. 2 lbs. $2.67

22 **CRAFTSMAN Triple-tube Flexible Sprinkler Hose.** Provides rain-like coverage. Heavy-wall, seamless vinyl plastic resists sun and weather. Spray covers up to 20-foot width at normal water pressure. Has openings on one side only. Turn hose over to soak lawn. Brass couplings at both ends . . won't rust or corrode. *State size.*

9 A 6927—20 ft. long. Wt. 1 lb. 13 oz. $1.67

40 ft. long. Shpg. wt. 3 lbs. 8 oz. . . . 2.67

DUNLAP Single-tube Flexible Soaker. Rugged vinyl plastic, pierced on all sides. Water pressure adjusts to sprinkle or soak. Standard, brass coupling.

9 A 6901—20 ft. long. Shpg. wt. 1 lb. 63c

$7.50

New! An Oscillating Sprinkler that lets you adjust for 10 different patterns

SEARS 75 YEARS DIAMOND JUBILEE

Specially chosen as a Sears Jubilee Value

- ***Because*** you get *two* exclusive features—10-position selector and longer lasting, fully enclosed mechanism
- ***Because*** it's fully approved by Sears laboratory for durability, sprinkling pattern and coverage
- ***Because*** you get these advantages at a price that's low—even for ordinary oscillating sprinklers

This exciting new CRAFTSMAN design in oscillating sprinklers lets you water a rectangular area almost any size . . large or small, narrow or wide . . up to 40x60 ft. Just flip the dial to one of ten positions. Covers full area, half left, half right and seven partial patterns. Distributes a rain-like spray, evenly, without puddles or washouts. Handsomely styled with charcoal and ivory color housing. Streamlined runners turned up to slide easily in grass . . won't catch. All parts built to resist corrosion. Flush plug and hole-cleaning quill.

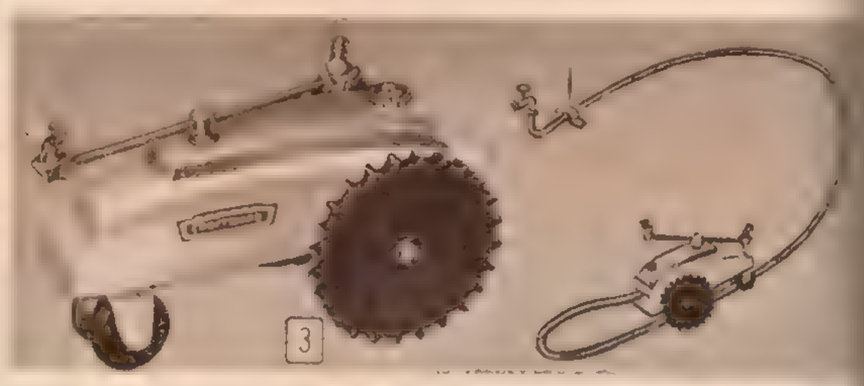
9 A 7912—Filter screen and washer. Shipping weight 4 pounds 7 ounces $7.50

1 **CRAFTSMAN 10-Position Estate Size . .** covers 3000 sq. ft Largest oscillating sprinkler we know of. Cuts watering tim on small or large lawns. Same color and design as Jubilee iter at left, but gives greater coverage and has added features Quick-connect coupling for hose. Each hole on distributio tube has its own individual nozzle to control spray and assure perfect pattern. Filter screen and flush plug.

99 A 7913C—Hole-cleaning quill. Shpg. wt. 5 lbs.... . $11.9

2 **CRAFTSMAN Oscillating Sprinkler . . 4-position contro** Gives thorough coverage and even spray distribution t 40x50 ft. Hole-cleaning quill. Aluminum distribution tube

9 A 7911—Filter screen, flush plug. Shpg. wt. 3 lbs. 12 oz...$5.1

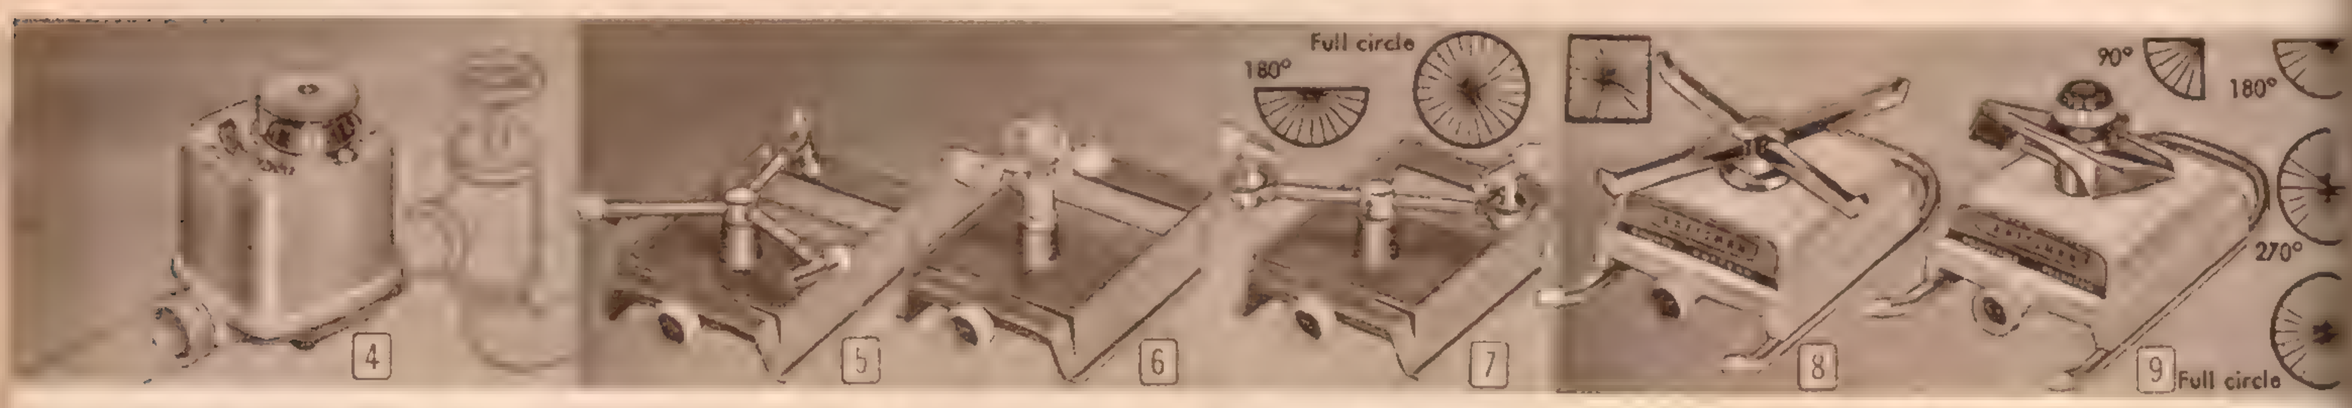


3 **CRAFTSMAN Traveling Sprinkler . . you rest while it works.** Just lay out a pattern (straight or irregular) on your lawn or garden with a hose up to 180 ft. long, connect sprinkler and turn on water. Water pressure makes it travel back along pre set path of hose. Two-arm head . . nozzles adjustable for spray type, calibrated to control pattern. Adjustable travel speed For long periods of unattended sprinkling, automatic shut-off valve sold separately. For large areas add far-reaching pulsator head, also sold separately below.

99 A 7914C—Do not order before Feb. 1, 1961. Wt. 20 lbs.$18.57

9 A 79143—Automatic Shut-off Valve. Shpg. wt. 2 lbs, 10 oz. 3.57

9 A 79142—Pulsator Sprinkling Head. Shpg. wt. 14 oz..... 3.57



Water Meter

CRAFTSMAN Rotating Sprinklers water 35 to 80 feet across

4 **CRAFTSMAN.** Now you can regulate the amount of water on your lawn or length of time for sprinkling with the set of a dial. 14 settings . . each delivering 100 gallons or approximately 20 minutes running time. Gives you more than 4 hours flow control. No pressure on hose . . fits right on faucet or any standard outlet.

9 A 6939—Wt. 1 lb. 4 oz...$5.47

5 **3-arm Adjustable Sprinkler.** New . . with nozzles you can adjust for exact spray you want . . from fine spray for newly-seeded lawn to generous shower for established lawns. Low-angle spray gets under trees.

9 A 7905—Shipping weight 2 lbs. 5 oz. .$2.67

6 **Full-circle Pulsator Sprinkler.** Have a large lawn or garden area to water? The pulsating action of this sprinkler forces water over a vast area.

9 A 7904—Shpg. wt. 2 lbs.....$3.67

7 **2-arm Adjustable Sprinkler . . calibrated for pattern selection.** Nozzles can be set for a variety of sprays. Locking arm lets you water along parkways or beside house.

9 A 7906—Shpg. wt. 2 lbs. 11 oz.....$4.67

8 **4-arm Square-pattern Sprinkler.** A revolving disc mechanism inside base regulates spray to distribute square pattern from 2x2 ft. to 40x40 ft. Chrome-plated arms. Die-cast base. Aluminum runners.

9 A 7907—Shpg. wt. 3 lbs. 12 oz.....$5.57

9 **CRAFTSMAN Pulsator Sprinkler.** The kind the Professionals use for small or large areas . . home yards or golf green. Can be set to cover any part of a circle. Covers up to 80 ft. in diameter in full swing. Attractive styling. Chrome-plated spray arm. Enameled base of die-cast metal. Aluminum runners slide easily.

9 A 7908—Wt. 3 lbs. 3 oz...$6.47

10 **CRAFTSMAN Hose Nozzle.** Heavy-duty solid brass, polished. Deeply knurled for no-slip adjusting. Lets you set for fine spray, full stream or leak-proof shut-off.

9 A 6951—Shipping wt. 9 oz.....94¢

11 **DUNLAP Solid Brass Garden Hose Nozzle.** Adjusts for mist or solid stream. Washer incl. Made in Italy.

9 A 69662—Shipping wt. 8 oz.....37¢

12 **DUNLAP Rubber Water-saver Nozzle.** Bend . . on; release . . off.

9 A 69532—Shipping wt. 8 oz.....73¢

13 **DUNLAP Pistol-grip Hose Nozzle.** Adjusts easily from full stream to fine spray. Positive shut-off. Triple plated with chrome. From Japan.

9 A 6900—Shipping weight 12 oz. .74¢

14 **CRAFTSMAN Pistol-grip Hose Nozzle.** Positive shut-off. Lock holds desired spray. Chrome plated.

9 A 69554—Shipping weight 8 oz.$1.27

15 **Fan-shaped Sprinkler.** Spraying surface 1x5 in. Made of brass

9 A 6956—Shipping weight 5 oz....57¢

16 **Ring-type Sprinkler.** Anodized aluminum. Sprays 20-foot circle.

9 A 69632—Shipping weight 7 oz.$1.27

17 **3-arm Rotating Sprinkler.** Throws water out far enough to thoroughly soak an area 35 feet in diameter. All parts made to resist rust. Aluminum arms. Enameled base of stamped steel. Standard hose coupling.

9 A 7901—Shpg. wt. 1 lb. 5 oz.....83¢

18 **2-arm Adjustable Sprinkler.** Size of sprinkling area and type of spray can be controlled by adjusting nozzles individually. Covers pattern up to 40 feet in diameter. Arms and nozzles of non-corroding aluminum. Stamped steel base, enamel finish.

9 A 7902—Shpg. wt. 1 lb. 5 oz....$1.47

19 **Square-pattern Fixed Sprinkler.** Waters area 2x2 ft. to 35x35 ft. Just adjust water to regulate size of spray pattern. Aluminum fin rotates to distribute water evenly. Stamped steel base has enameled finish. Standard garden hose coupling.

9 A 7903—Shpg. wt. 1 lb. 5 oz...$1.67

20 **Oscillating Sprinkler . . low-priced.** With 4-position dial adjustment . . lets you select the pattern to fit your lawn. Covers an area up to 32x50 feet. Enameled die-cast housing. Aluminum distribution tube and runners.

9 A 7910—Shpg. wt. 3 lbs.....$3.37

New black CRAFTSMAN REG U S. PAT. OFF. Gold Line Hose

Rugged black Neoprene cover resists sun damage far better than ordinary rubber

- 3 durable layers: rubber, cord and neoprene cover
- Remains flexible even when exposed to cold
- ⅝-in. inside diameter, full 75-ft. length

New CRAFTSMAN Gold Line hose offers you the two features most important in resisting sun damage. Black color screens out damaging sun rays. Neoprene stands up against all types of weather . . won't soften, crack or check. Resists oils, chemicals and fertilizers. Guaranteed for 12 years.

Inside tube of seamless rubber keeps hose pliable in cold weather. Center layer reinforced with sturdy cord like that used in automobile tires, to assure bursting strength of 12 times average city water pressure. 25% lighter than ordinary rubber hose. Solid brass full-flow couplings.

9 A 6921—Shipping weight 12 pounds.....$9.33

"Charge It" if you wish . . see page 586

Guaranteed Hose gives you low cost per year

Divide the price by years of guaranteed life and see how little it costs. If hose fails due to defects in material or workmanship during life of guarantee, we will replace it, charging only for the time owned prorated on current regular price at time of return.

Plastic: low cost . . lightweight, easy to handle

DUNLAP Opaque. Lightest weight hose we sell. Red color. Use for mild weather use. Not for use with hot water.

CRAFTSMAN Reinforced. All new material . . nothing recycled. Three layers: (1) green sunproofed cover, (2) reinforcing nylon cord like that used in the finest auto tires, (3) smooth-flow inner tube. Lightweight, easy to handle, easy to coil. Kink-resistant. Stays flexible even in cold weather. So strong you can shut off water at nozzle. All CRAFTSMAN hose has solid brass full-flow couplings. *Please catalog number and length wanted.*

WATER FLOW CHART

Rated at 50-pound pressure through 50-ft. hose length.

Hose Diam.	Gallons Per Hour	Time required to put 1 in. of water on 50x100-ft. plot
7/16 in.	340	9⅓ hours
½ in.	545	5¾ hours
⅝ in.	1090	2⅘ hours
¾ in.	1310	2 3/10 hours
1 in.	2940	1 1/10 hours

RUBBER: long lasting . . use it in all weather

Needs no pampering. Compare these construction features to insure you get the lowest cost per year of service. 3 tough layers: (1) thick rubber inner tube, (2) strong tire cord reinforcement, (3) tough rubber or Neoprene rubber cover.

Neoprene rubber is over twice as tough as regular rubber, yet 25% lighter. Bursting strength 15 times greater than average city water pressure! Resists breakdown from sunlight. Won't soften in summer's heat . . won't stiffen in winter.

All CRAFTSMAN hose has solid brass full-flow couplings. *Please state catalog number and length.*

"No-Knot" Coiled Cords

- Stretches easily up to 6 feet
- Curls up when not in use
- Saves space, won't tangle

1 **New! Coiled Appliance Cord.** Great for use with all appliances . . toasters, irons, mixers and fry pans. Takes up just the amount of space it needs. Long lasting . . rugged, extra-heavy DuPont Neoprene plastic. Self-storing.

Fits ¼-in. prongs. No. 18 wire. Carries 1100 watts.

34 A 5721—Wt. 8 oz. 98c

Midget Appliance Cord (not shown). Fits smaller ½-in. prongs. No. 18 wire. Carries 1100 watts.

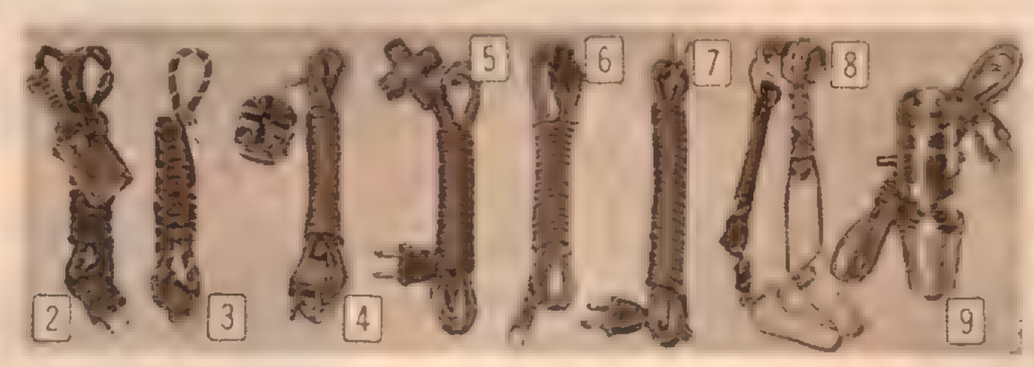
34 A 5723—Shpg. wt. 8 oz. 98c

Extension Cord (not shown). For lamps, table appliances, etc. No. 16 wire. Carries 1650 watts.

34 A 5720—Shpg. wt. 9 oz. 98c

Replacement Cord (not shown). With easy-on eyelet ends. No. 16 wire. Carries 1650 watts.

34 A 5722—Shpg. wt. 8 oz. 98c



Save on all Extension, Replacement Cords, Lamp Accessories

2 **Standard Appliance Cord.** Braided cover. Bakelite plug, connector. 6 feet. Fits ¾-in. prongs. 1100 watts. Shpg. wt. ea. 7 oz.

34 A 5824—No. 18 wire. . *Cut to* 65c

Like (2) but with "on-off" switch on connector. Rubber plug. Wt. ea. 7 oz.

34 A 5821 . . . . . 92c

Midget size. Fits ½-in. prongs. Rubber plug. Wt. ea. 6 oz.

34 A 5724—6 ft. . . . . *Cut to* 64c

3 **7-ft. Cord with eyelet ends.** No. 16 wire. Carries 1650 watts. Shpg. wt. ea. 5 oz.

34 A 5823 . . . . . 77c

4 **Extension Cord.** 3-way outlet. Bakelite cube tap and plug. Brown. No. 18 wire. 9 feet.

34 A 5753—Shpg. wt. 5 oz. 41c
34 A 5754—15 ft. Wt. 7 oz. 57c

5 **Extension Cord.** For lamps, table appliances. No. 18 wire. 800 watts. 3-way cube tap; rubber plug and tap. 9 feet long.

34 A 5837—Brown. Wt. 6 oz. 67c
34 A 5838—15 ft. Wt. 9 oz. 78c

6 **For vacuum cleaners, etc.** Type "SV." Rubber plug, connector. No. 18 wire. 15 feet long.

34 A 5839—Shpg. wt. 11 oz. . . . $1.14

7 **Replacement Cord.** Molded plug stripped ends. 10 feet long.

34 A 5840—No. 18 wire. Wt. 4 oz. 38c

Same as (7), but heavier for motors, etc. 10-ft. Type "SJ". Wt. 12 oz.

34 A 5841—No. 16 wire. *Was 98c* 88c

8 **Clamp-on Light.** Metal socket, rubber clamps; swivel joint. 6-ft. cord. Switch.

34 A 5875—Wt. 10 oz. *Cut to* $1.29

9 **Reducible Cork Adapter.** To reduce diameter, peel off cork. Socket, push-through switch.

34 A 5685—1¼-in. diameter. 6-ft. cord. Wt. 7 oz. $1.14
34 A 5585—1¾-in. diameter. 6-ft. cord. Wt. 8 oz. 1.24
34 A 5535—2¼-in. diameter. 6-ft. cord. Wt. 9 oz. 1.58

Tilt-top Wire Harp. (Not shown.) Under-socket type. Holds shade 10-in. high. Finial not included.

34 A 5688—Wt. 3 oz. . . . . *Cut to* 26c

Rubber-covered Replacement Cords Reduce

UL listed. Use to replace worn cord on appliance Use 18-gauge for up to 800 watts (7 amperes); 16-ga 1100 watts (10 amperes); 14-gauge, 1650 watts (15 peres); 12-gauge 1320 watts (12 amperes). 2-w, 3 mean "wire." *State Catalog Number and Length.*

10 **Replacement Cords with heavy rubber insulation.** "S for vacuum cleaners, light motors; "SJ" w heavier insulation for portable motors, was refrigerators.

on 250-ft. coils over price per foot

Improved plastic-jacketed, non-metallic Cable

Per foot less than **2¾c** 250-foot coil, No. 14, 2-wire without ground wire

- Completely non-flaking
- Cleaner handling
- Greater flexibility
- Easier to pull and strip
- Flame and moisture resistant
- Improved appearance

Save time, labor and money on the job. Recommended for indoor wiring where you must "snake" wire through walls. Ideal for barns, cellars, basements, outbuildings and other damp locations. Can be used for either surface or concealed work.

Tough outer layer of durable plastic can't burn, is unaffected by sun or heat. Resists moisture, rot, acid vapors and mechanical injury far better than ordinary covers. Inner layer of heavy paper wrap with strong filler material. Smooth, flexible, easy to handle. Use with any switch or junction box. Ivory colored. *For our finest, dual-purpose wire, see cable at right.*

NOTE: *Coil prices apply only to exact lengths listed. Odd footage over exact coils sold at "per-foot" price. State length and Catalog Number*

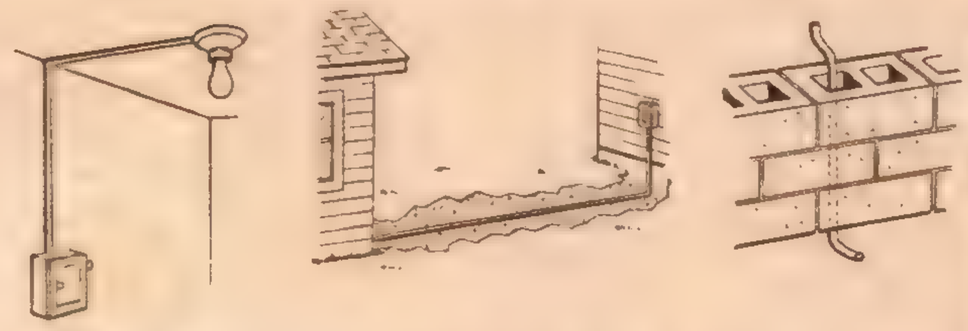
Our Best Non-metallic Cable . . plastic-covered

Per foot low as **4¼c** 250-foot coil, No. 14, 2 wire without ground wire

Use indoors or outdoors (underground)



- Inconspicuous . . flat shape and neutral ivory-color ideally suited for "full-view" surface wiring in homes.
- Use anywhere . . even buried outdoors underground. Save, too—no conduit necessary. Perfect for post lanterns, etc.
- Manageable . . run it through masonry or even studding. Resists condensation when buried in plaster.

We believe this is the finest non-metallic cable available . . just look at these insulation features: first, a rugged outer-jacket of poly-vinyl capable of taking a terrific beating from the elements; next, a secondary insulation-layer of leak-proof fiber glass for long-lasting life; then, a heavy thermoplastic layer to protect the wire itself. All three layers are wrapped around top quality, full-gauge, solid-copper electrical conductors. This is the kind of insulation you can depend on . . resists flames, moisture, corrosion, fungi, weather, aging—even resists most oils, acids and alkalis. Smooth, easy to work, ivory-colored cover.

NOTE: Coil prices apply only to exact lengths listed. Odd footage over exact coil lengths sold at "per foot" price. *State length and Catalog No.*

Weatherproof Neoprene-covered Outdoor Wire and Accessories

Rugged, serviceable wire for use outdoors to bring power from yardpole to your house . . or use overhead strung between buildings. Choose either copper or aluminum conductor wire. Tough Neoprene jacket resists weather, fire, corrosion, abrasion, acids, alkali and oil.

With Copper Conductor. Our best for all outdoor use. Extra-strong and flexible. Solid copper conductor allows you to use a size smaller than comparable aluminum wire. Save on exact coils.

NOTE: Coil prices apply only to exact coils listed. Odd footage over coils sold at "per foot" price. State length.

[7] **UL listed HOMART 25 foot Rubber Light.** Shockproof. On-off switch. Top hanger plus below-handle hanger. 2 outlets in handle.
34 A 5816—Shipping weight 2 lbs. 8 oz. **$2.89**

[8] **UL listed 20 foot Reel-type Worklight.** Mounts on wall or ceiling. Reels back automatically.
34 A 5890—With switch, neoprene cord. Wt. 5 lbs. . . . **$9.95**

[9] **Circuit Tester.** "No Leak" test lamp eliminates false glow. Pocket size. For all wire testing.
34 A 5068—Shipping weight 4 ounces. **$1.98**

Multi-purpose Electrician's Tool

- Applies insulated terminals and connectors instantly
- Shears bolts—no damage to threads
- Handles wire sizes to 10-gauge—cuts neat
- Removes insulation from wire in 1 operation

Makes short work of wiring jobs. Assures good, safe insulated connections—no wrapping—no tape, no hacksaw, file or vise needed with this handy tool.

34 A 5988—Electrician's tool with supply of terminals, connectors. Shpg. wt. 15 oz. **$3.95**

34 A 6087—8 assorted terminals and connectors, all self-insulated. Shpg. wt. 1 oz. **49c**

BONUS OFFER

Big offer on plastic tape! Get 150-inches of ¾-in. tape at no additional cost when you buy either of the regular 30 or 66-ft. rolls of ¾-in. plastic tape.

All-purpose HOMART plastic Electrical Tape. Resists oil, weather, general wear. With cutter.
34 A 6045—30-ft. length. Shpg. wt. 5 oz. . . . . roll **59c**
34 A 6046—66-ft. length. Shpg. wt. 7 oz. . . . . roll **$1.25**

¾-inch Rubber Tape (not shown). 23-ft. length.
34 A 5083—Shpg. wt. ea. 8 oz. . . . . *Was 33c;* **31c**

¾-inch Friction Tape (not shown). 60-ft. length.
34 A 5082—Shpg. wt. ea. 7 oz. . . . . *Was 32c;* **29c**

Save on Connectors

Solderless Connectors. Simply twist wires together, screw onto connector. No tape or tools needed.
34 A 5586—For No. 14-18 wire; Wt. for 10, 1 oz. . . . . *Were 10 for 19c. . . .* **10 for 13c**

Insulated Underground Cable

Save 8% to 20% over per foot price on 100-foot coils. Solid copper conductors well insulated, encased in lead cover. Use between house and garage, barn, outbuildings—wherever overhead wires would be in the way. Resists all kinds of soil, rotting, acids, oil, etc. . . gives you years of added service. 2-wire type. See opposite page for conduit and fittings.

NOTE: Coil prices apply only to exact coils listed. Odd footage over exact coils at "per foot" price. State length.

Armored, Unarmored 3-wire Entrance Cable

Use indoors or out. With type "RHW" insulation for greater current-carrying capacity. Steel armored type with weatherproof painted outer jacket over armor.

Two insulated wires. For 3rd (neutral) wire twist bare wire strands wrapped around insulated wires. No. 10 wire has solid conductors. Use where 120–240 volt electric range, water heater, etc. are needed in addition to 110–120 volt circuits.

Please state length and catalog number

NOTE: Coil prices apply only to exact coils listed. Odd footage over coils is sold at regular "per foot" price.

[9] **Steel Shears.** 7-in. blades.
53 A 584—Shpg. wt. 14 oz. $2.39

HOW TO ORDER WALLPAPER

See wallpaper pages 957 to 960. Use table at right for average rooms. Deductions have been made for doors, windows and waste in matching. Complete instructions.

For unusual rooms or rooms that are "all windows" measure distance in feet around room; multiply by height of ceiling for total sq. ft. of wall area.

To deduct for openings multiply height by width of each opening; subtract total sq. ft. of openings from total sq. ft. of wall area. Divide this figure by 60 to get number of double rolls (18 in. x 16 yds.) you need.

For ceiling multiply length by width and divide by 60 for number of double rolls you need.

For border measure distance in yards around room. Borders are sold only in 4-yard rolls.

Wallpaper sold in double rolls *only*.

Use table at right for room with ceiling 8 or 10 ft. high.

Size of Room (feet)	Wallpaper (double rolls)	Ceiling (double rolls)	Border (yards)
8x8	4	1	12
8x10	4	2	12
10x12	5	2	16
10x14	6	3	16
12x14	6	3	20
12x16	7	4	20
14x16	7	4	20
14x18	8	4	24
16x20	9	5	24
16x24	10	6	28
18x24	10	7	28
20x24	11	8	32

Fine Quality Flat Paint $3.94 in 2-gal. case gal.

For a long time this was the finest flat oil-base paint we offered (see our NEW Best Paint above). One of the most popular paints we've ever sold. Excellent hiding ability and smooth, easy application. Can be rolled or brushed on. Deep colors that are fade-resistant and scrubbable. Colors are lead-free. Odorless and it dries to a flat, pleasing finish in just 4–6 hours. Ideal for walls, ceilings or trim in any room. Yours in 18 fresh colors plus white. You can use it to cover primed plaster, wood or metal. Gal. covers to 500 sq. ft., 1 coat.

For FREE color card, ask your Catalog Sales Office for color card 26A or write Dept. 139.

Redecorate any room in just one afternoon with

Master Mixed Latex Paint

Our Best . . guaranteed to cover any color with just one coat

SEARS 75 YEARS · DIAMOND JUBILEE

OUR BEST
$4.99 gal.
in 2-gal. case

GUARANTEE

Sears Master-Mixed 1-Coat Acrylic Latex Interior Flat (at right), when applied according to our instructions on the label, is guaranteed to cover 450 sq. ft. with each gallon over any color with 1 coat application. If 1-Coat Acrylic Latex Interior Flat fails to cover any color with 1 coat application, Sears, Roebuck and Co. will furnish without further cost enough additional paint to insure coverage or upon option of consumer will refund complete purchase price of the product.

BETTER
$3.99 gal.
in 2-gal. case

Chosen to Celebrate Sears 75th Jubilee

- ***Because*** you can't buy a better paint at any price . . . so good 1-coat coverage is *guaranteed*
- ***Because*** it's available in 1200 mixed-to-order colors as well as our most popular pre-mixed 21 colors
- ***Because*** laboratory tests prove colors will not get "glossy" or fade even after repeated washings

Our Best. At last, a premium-quality latex paint that really covers, even when using light shades. Rolls or brushes on smoothly, evenly. Dries fast, too—in just 30 minutes you can use your room. Whisk up spills with a damp cloth—tools wash clean in water.

Stain-resistant and fortified with acrylic for extra toughness. Lead-free colors—household safe for children and pets. Gal. does up to 500 sq. ft., 1 coat.

QUART—Shpg. wt. 3 lbs. 10 oz. $1.69 GALLON—Shpg. wt. 14 lbs. $5.49

30 A 6799K—2-GALLON CASE. Shpg. wt. 26 lbs. 9.98

Order pre-mixed colors from table below.

High-hiding 23 smart colors

A fine quality paint that gives you good covering ability plus scrubability and stain-resistance. The equal of any competitive paint we know of. Colors are fade-resistant too.

Dries in just ½-hour—you can use your room that very day. Tools wash clean in water and spills wipe up with a damp cloth.

Goes on smoothly with roller or brush—no paint odor.

The seasons most wanted colors including pastels and earth tones (lighter colors may require two coats). Lead-free colors. Gallon covers up to 500 sq. ft., 1 coat. Order from table at right.

New Acrylic Plastic Enamel

- 50% plastic resins mean excellent durability inside or out
- Keeps its glossy finish longer than regular enamels
- Colors are lead-free and fade resistant
- "Child-safe" top—yet opens easily by inserting any key

$1.39 16 ounces

No paint mixing, brush cleaning, sticky can or solvents. Excellent for radiators, grilles, outdoor furniture, ironwork, shutters. Paint anywhere a brush can't reach or fit easily.

Exceptional hardness and chip resistance. Less likely to run than other cheaper enamels—no mess to worry about. Lead-free colors make it safe to use on children's things.

Safety top—designed to open by inserting any key—reduces chance of accidents by small children.

Clear Finishes bring out the natural beauty of wood

Plastic Varnish . . Our Best for Interiors

$1.69 quart **$5.69** gallon

Outwears ordinary varnish by 3 to 5 times . . it's our most durable finish for all types of floors and woodwork. Several thin coats properly applied are virtually unaffected by wear. Crystal clear, won't yellow with age. Resists abrasion, acid, alkali, oil and grease.

Ideal for natural or stained woods—floors, furniture. Protects chromed furniture, lighting fixtures, metal surfaces (not for rubber, asphalt or linoleum tile—use 30 A 2740 below).

Gallon protects up to 1000 square feet, one coat. Brush, spray or wipe on (see applicator listed below). *State SIZE.*

Tirpolene . . thins paint best

Does anything turpentine does for painters and does it better. Thins oil-base paints, enamels and varnishes. Cleans hands, clothes, tools and spots much faster and more thoroughly (has 25% more cutting power). An odorless blend of modern petroleum solvents—makes it better to use inside because it reduces paint odor. Brushes cleaned with tirpolene wash out easily with soap and water. Excellent for removing wax before painting.

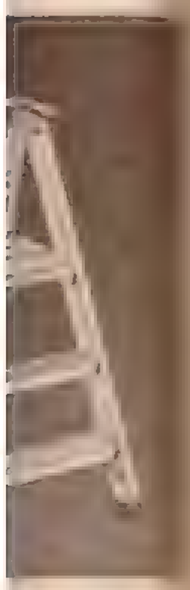
SPECIAL LADDERS

For extension ladders up to 72 ft., larger stepladders, orchard ladders or special purpose ladders, write Sears Personal Service, Department 139 and state type and size.



[5]

ALUMINUM Stepladder

[5] Sturdy design with 3-inch side rails and serrated 3-inch wide, flat steps. Strong enough for normal housework—light enough for easy handling. Rigid, riveted construction.

Has rubber feet, handy pail shelf. Fold compactly for easy storage.

"C"-shape rails reduce sway-ing . . add to rigidity. 5 and 6-ft. sizes sent freight (rail or truck) or express.

Please state SIZE

30 A 3000L—4 ft. Shipping weight 11 pounds.....$10.88

30 A 3000N—5-ft. Shipping weight 12 pounds.....$13.24

30 A 3000N—6-ft. Shipping weight 14 pounds.....$15.44

[6] [7] [8]

MAGNESIUM Stepladders . . strong yet lightweight with wide, flat steps

[6] 3½-in. wide, flat steps (16% wider than aluminum). Popular standard style . . a proven design in world's lightest structural metal. Our best for home use. Strongly riveted. "C"-shape rails of extruded stock add extra, non-weaving strength. Rubber feet. Pail shelf. Folds easily, neatly. Sizes over 4 ft. sent freight (rail or truck) or express.

Please state SIZE

Latex-Base Paint for Basement Walls

$4.39 gallon

- Easy to apply . . dries in ½ hour
- No mixing mess . . ready to use
- Long wearing . . alkali, moisture resistant

Light-catching finishes for concrete, building blocks, masonry, brick or plaster. Fast drying, add second coat in 2 hours. Washable in 4 days. Resists peeling in damp areas. No need to wet down surface—use roller or nylon brush. Tools wash clean in water. For seepage problems, apply Basement Wall Sealer (below) first. For active leaks use Basement Stop-Leak (below).

Gallon does up to 150 sq. ft. on porous surfaces, up to 400 sq. ft. on smooth surfaces. 1 coat covers most surfaces.

30 A 750C—White
30 A 752C—Shell pink

30 A 756C—Mint green

GALLON—Shipping weight 13 pounds. $4.39

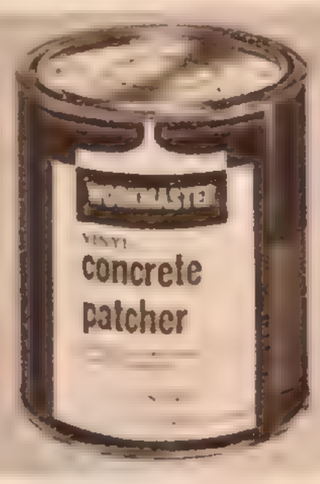
Basement Wall Sealer. Use as first coat where moisture is a problem on any masonry wall. 2-gal. kit—gal. of liquid latex and 16 lbs. of cement powder. Apply on dry or damp surfaces. No need to wet down walls. For active leaks or cracks patch with Basement Stop-Leak (below). Kit covers 100 sq. ft. on rough and up to 200 sq. ft. on smooth surfaces. Off-white color.

30 A 780K—2-GALLON KIT. Shipping weight 29 lbs. . $3.95

Vinyl Concrete Patch

$1.69

10-lb. can



Has the best features of vinyl and cement. Vinyl adds flexibility and non-cracking strength. Cement adds structural strength and durability. Has unusual sticking qualities, yet is easy to work with a trowel. Easy to apply—surface being repaired needs no etching, priming or roughing up. Waterproof, will not crumble.

You can patch or re-surface any masonry surface. Fast and lasting repairs to inside or outside concrete—floors, patios, steps, basement walls, sidewalks. Perfect for leveling or re-smoothing concrete. Can be applied in thin layers and even drawn down to a feather edge. Excellent for tuckpointing, replacing broken bricks of building blocks. Has gray, cement-like color and smooth surface. Can be painted with any covering.

For wet areas or leaks, use Basement Stop Leak (below, left).

Ten-pound can covers about 9 sq. ft. with ⅛-inch layer.

30 A 1411C—Shpg. wt. 11 lbs. $1.69

See above for Concrete Enamel to finish off your refinishing job

Cement Bonding Paint

$1.55 8 lbs. less brush

For any inside or outside porous masonry surface—stucco, concrete, bricks, building clocks, stone. Bonds tightly—prevents water seepage in most cases with one coat. Just apply another coat if seepage continues. (To stop water-pressure leaks, use Basement Stop Leak, below, left before painting.) Use Block Filler below to smooth large-pored surfaces. 25 lbs. cover 200–300 sq. ft. on smooth surfaces or 350–600 sq. ft. 2nd coat. 100–200 sq. ft. on rough surfaces or 200–300 sq. ft. 2nd coat.

Stops leaks in cracked and broken masonry

Basement Stop-Leak. Has a special fast setting, non-shrinking cement. Adheres extremely well. Easy to apply with a trowel, putty knife or even with your fingers. Effective in stopping pressure leaks—even if water is running through! Ideal for use in concrete tanks, swimming pools, laundry tubs, sinks and cracked masonry. Gray color.

30 A 1410—5 POUNDS. Shipping weight 6 pounds. 89c

Pick up your paint at your Catalog Sales Office and save the cost of regular parcel post delivery to your home. Make Sears your headquarters for all your decorating needs.

Block Filler fills large pores in masonry

Smooth surfaces of concrete, cinder, slag and similar building blocks with this Portland Cement-base filler. Powder-type—mix with water. Finish with Masonry Paint (page 983), Cement Bonding Paint (above) or Basement Wall Paint (above, left). 25 lbs. does to 250 sq. ft. cinder or 500 sq. ft. concrete blocks.

Remember..better brushes mean better paint jobs

What you should know before buying ANY brush

These bristles are your best choice!

- **TYNEX** . . DuPont nylon—withstands water . . wears longer
- **GOLDEN FRENCH HOG AND OXHAIR** . . extra soft; has more bristles—our best for varnish, enamel; sash or trim

EXTERIORS . . for long wear plus a smooth finish, your best value is Tynex brush (1)

INSIDE WALLS . . choose Tynex brush (1) for either latex or alkyd oil-base paint. For oil-base paint, you may choose brushes (2) or (3) if you want to use a pure hog bristle brush

VARNISH OR ENAMEL . . choose Golden French hog, oxhair brush (7) or hog bristle brush (4)

SASH OR TRIM . . for inside work, choose Golden French hog, oxhair brush (6) . . for outside work, choose brush (6) again or Chinese hog bristle brush (5) if you wish

OUR BEST..for wall and exteriors

Tynex . . outwears hog bristles by 3 to 5 times

$4.79 4 in.

1 Sensational Tynex is a DuPont nylon bristle—*withstands water, wears longer, costs less.* Tapered, crimped and flagged to give proper stiffness, paint pick-up, and smoothness at painting tip. Does same outstanding job as natural bristle brushes (2) and (3) at right. Suitable for *any* exterior wood, metal or masonry. Uses *any* interior flat paint—latex or alkyd oil base. Magnesium filler strips never swell. To minimize shedding, bristles are set in epoxy cement without heat—so there's no bristle damage. Stainless steel ferrule; hardwood handle.

CRAFTSMAN

REG. U. S. PAT. OFF.

For Home Owners

WHAT TO LOOK FOR IN A SPRAYER

TYPE—three to choose from: Piston, Diaphragm or Rotary Vane.
CAPACITY—Cubic feet per minute (cfm) and pressure (pounds per square inch) determine how fast you can paint and how heavy a paint you can use efficiently. For example—35 lbs. per sq. in. will allow you to spray most paints without thinning.

Our BEST . . our most popular $78.95 cash, without cart

[1] Big capacity, fast action piston-type sprayer—sprays most paints with no thinning. Compact—no exposed moving parts. Easy to carry—weighs only 34 lbs. Built-in carrying handle. Ball bearing construction. Compressor has graphite piston rings. No oil needed—delivers completely oil-free air. Safety valve. On-off switch. Entire unit UL approved. 115-volt, 60-cycle AC. Has 30 A 1461 spray gun (page 978), 15-ft. ¼-in. air hose. Instructions. *See table below for output and job rating.*

30 A 1431K—Without cart. Shipping weight 35 pounds.....$78.95
30 A 1435K2—With cart. *Save $1.80.* Shipping weight 46 pounds..... 84.50
30 A 1445C—Steel Cart. 15x10 in. Enameled. Rubber-tired wheels. Wt. 9 lbs.... 7.35

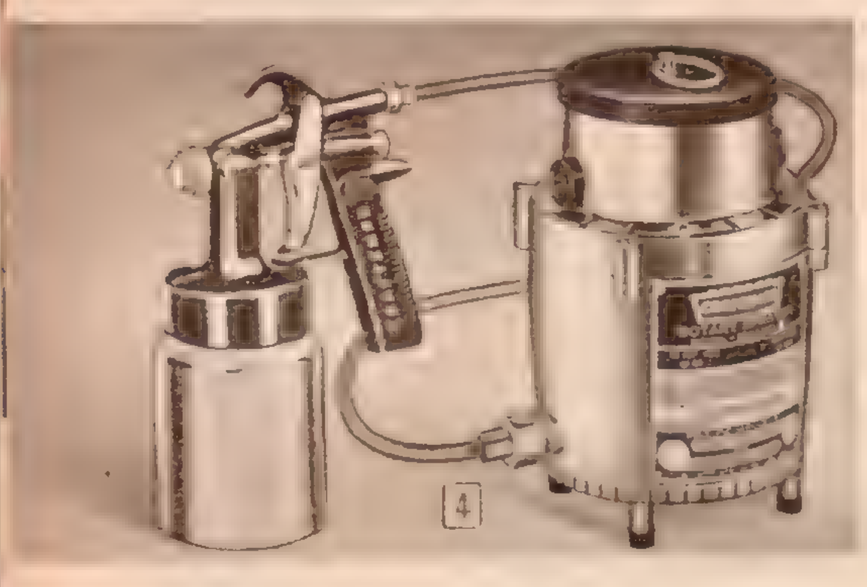
GOOD . . ideal for odd jobs $26.95 without motor, cart

[2] Filtered air intake provides clean air. Safety valve. Includes fittings for ¼ or ⅓-HP motor (not included) with ½ or ⅝-inch shaft. Has 30 A 1465 spray gun (page 978) included plus 10-feet of ¼-inch air hose and 26-page how-to-spray handbook.
See table below for job rating and list of specifications.

30 A 1836C—Without motor, cart. Shpg. wt. 20 lbs. *$3 down*....Cash $26.95

Sprayer above with ⅓-HP motor mounted on cart. All the features listed above. 115-volt, 60-cycle AC.

30 A 1852K2—Shpg. wt. 43 lbs. *$4.50 down* .....Cash $44.95



Light Duty Spray Outfit

Spray adjusts for small or large areas

$34.95 cash $3.50 down

[4] Spray adjusts from dime size spot for trim work to 8-in. fan for large areas. Gives smooth professional-looking finish. Sprays all types of paints, varnish, enamel, stains, lacquer, wax, insecticides, fertilizers. Ideal for masonry, stucco, irregular shapes.

Unitized compressor of cast aluminum weighs only 6½ lbs. Fits in the palm of your hand—you can store it on your closet shelf.

Spray gun has pressure-feed, internal-mix action—more efficient than vibrator action. Delivers absolute minimum fogging and overspray . . needs very little masking.

Approved by Underwriter's Laboratories. Electric motor (110–120-volt, 60-cycle AC-DC) has overload burnout-protector.

Includes 8 ft. of air hose, 6 ft. of electric cord and a 26-page, illustrated how-to-spray handbook.
See table at right for job rating and list of specifications and features.

30 A 1425—Complete. Shpg. wt. 7 lbs.....$34.95

ONLY 10% DOWN on Easy Terms for any sprayer

See page 587

BETTER . . built-in motor $56.95 without cart

[3] Compact 12x12x17-inch wide compressor has heavy-duty diaphragm of 2-ply neoprene, nylon core. Provides oil-free air. Ball bearings. Safety valve. *UL approved.* On-off switch. 115-volt, 60-cycle AC.

Die-cast aluminum spray gun (30 A 1465 page 978). Easy to carry—weighs only 30 pounds. You also get 15-feet of ¼-inch air hose and 26-page how-to-spray handbook.
See table below for job rating and list of specifications.

30 A 1430K—Without cart. Shpg. wt. 34 lbs. $6 down.....Cash $56.95

CRAFTSMAN Spray Guns for All types of Sprayers

REG. U.S. PAT. OFF.

Paint strainer included . . all with full-size 1-quart cup

New Light-duty Vibrator Sprayer

$9.49

Sensational low price for a handy little sprayer like this. Completely self-contained. Useful for insecticides, mothproofing, painting summer furniture, screens. Uses lacquer and thin paint (not recommended for heavy painting. Works best with low-viscosity materials).

Sealed operating mechanism. Trigger action. Spray-adjuster twists for heavy or light spray. 25-oz. graduated jar. Sprayer fits any threaded mason jar. Sapphire nozzle resists abrasion. Easy to clean. UL listed. 115-volt, 60-cycle AC. Shpg. wt. 2 lbs. 8 oz.

30 A 1872.....$9.49

Syphon-feed Spray Guns

Suck paint out. Best for fast drying shellacs, enamel, lacquer. Die-cast aluminum bodies. External-mix nozzles. Air flow regulator adjusts external-mix pattern from fan to round.

[1] **High-speed Production Gun.** Use on air lines or pressure-regulated tanks with 5½ to 12½ cu. ft. per min. at 35–90 lbs. pressure. Instant pattern changes. Drop-forged bronze external-mix fan nozzle. Clamp-type cup for easy changing. Non-bleeder only (trigger controls both paint and air).
30 A 1865—Shipping weight 3 lbs. 12 oz.....$31.79

[2] **General-purpose Gun.** For compressors with 3–4 cu. ft. per min. at 35 to 50 lbs. Bleeder—converts to non-bleeder.
30 A 1462—Shpg. wt. 3 lbs. 4 oz.....$13.50

Light Production Gun. Use on air lines or pressure-regulated compressors with 2½ to 6½ cu. ft. per minute at 30–90 p.s.i. Non-bleeder—converts to bleeder.
30 A 1831—Shipping weight 3 lbs. 4 oz.....$22.95

[3] **Multi-color Conversion Kit.** Lets you spray multi-color paint. Use with spray guns 30 A 1465 and 30 A 1824 above, right. For best results use with Bleeder Valve (4) below.
30 A 1871—Shipping weight 4 ounces.....$1.89

[4] **Bleeder Valve.** Cuts back air pressure to lower levels to prevent "overspray" when "cutting in" line or doing fine detail work.
30 A 1892—Shipping weight 4 ounces.....94c

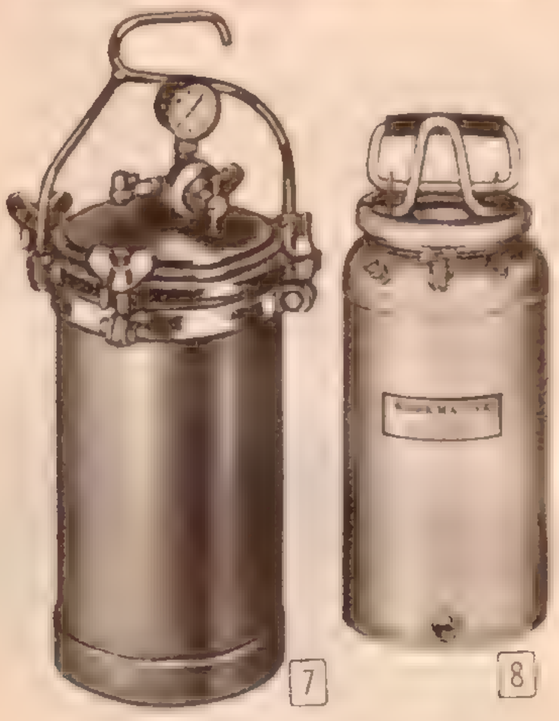
Pressure-feed Spray Guns

Pressure forces paint out. Lets you spray with almost any type of paint. Have both external and internal-mix nozzles.

[5] Die-cast aluminum body. Bleeder-type (trigger controls paint flow only). Use with ¼ to ⅓-HP compressors delivering 1½ to 3 cu. ft. per minute at 25 to 50 lbs. per sq. in. Can even be used with paint tank.
30 A 1824—Shipping weight 3 pounds $9.59
30 A 1461—*Bleeder*. For ⅓ to ½-HP compressor delivering 3–4 cu. ft. per minute at 25 to 50 lbs. per sq. in. Air intake at handle bottom. Shpg. wt. 3 lbs. 4 oz. $11.95
30 A 1463—*Bleeder—converts to non-bleeder* (trigger controls *both* paint and air). Air flow regulator adjusts external-mix pattern from fan to round. For tanks, compressors with 2–3 cu. ft. per min. at 25 to 50 lbs. Shpg. wt. 3 lbs. 4 oz.....$14.29

[6] Cast aluminum body. As above but not for use with paint tank.
30 A 1465—Shipping weight 3 pounds.....$7.95

Contractors! Industrial Users! For details and prices on extra heavy-duty Industrial Sprayers and equipment write Sears Personal Service Department. Sears carries a complete line of industrial equipment all of it designed to give you real professional performance and they stand up under years of constant service.

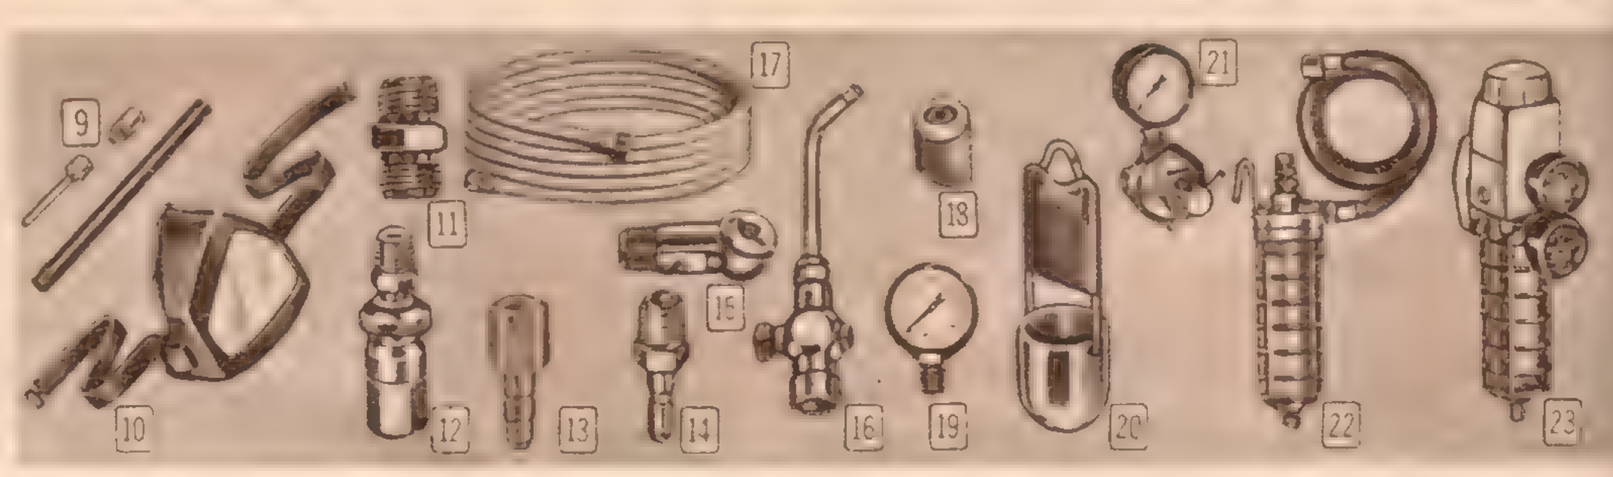


Bulk Tanks give you greater spraying capacity

[7] **CRAFTSMAN Paint Tank.** *Spray 2½ gallons without stopping.* Remove small cup from spray gun and attach gun to tank with air and material hoses (at right). Has safety valve, pressure regulator, gauge. Use with any Sears spray gun (except 30 A 1465).

Maximum pressure 60 lbs. 8-inch diameter steel body. You can spray from 1 gallon can set in tank. Shipping weight 24 pounds.
30 A 1896K—*$3 down*..... $27.19

[8] **Workmaster 2-gallon paint Tank.** As above, but smaller. No regulator or gauge. *For internal-mix nozzles.* Safety valve at 40 lbs. Shipping weight 7 pounds.
30 A 1899C.....$9.45



CRAFTSMAN Precision-built Accessories make your paint sprayer more useful

[9] **3-piece Inflation Kit.** Converts 30 A 1459 tire air chuck (below) to handle any inflation job. Needle valve for basketballs, footballs. Flush valve for air mattresses, rubber rafts, etc. with internally-threaded stems. Plastic tube for air toys with flexible air stems.
30 A 1827—Shipping weight 2 oz.....39c

[10] **Flex-a-Prene Paint Mask.** Positive, low-cost protection against paint overspray. Lightweight, comfortable. Easy to breathe and talk through. Polyethylene plastic frames adjust to any facial contour. Neoprene headband. Re-usable Prenex* filter washes out in any solvent. Non-toxic, non-allergenic. Can be worn with goggles or glasses.
30 A 1403—Complete mask. Shpg. wt. 3 oz.....$1.59
30 A 1404—2 Extra Prenex* Filters (*Patent rights reserved by Flexo Products, Inc.). Shpg. wt. 1 oz.....49c

[11] **Double Male Coupling.** Connects lengths of hose.
30 A 1878—¼ inch. For air hose. Shpg. wt. 2 oz...17c
30 A 1888—⅜ inch. For material hose. Wt. 2 oz.....23c

[12] **Quick-connect Couplings.** For fast equipment changes.

Only **$4.99** a gallon for Snowhite in 5-gal. pail

One-coat House and Trim Paint available in 454 *mixed-to-order* colors . . see note below table

GUARANTEED

MASTER-MIXED Formula 70 1-Coat House Paint is guaranteed to cover any color with 1 coat (except on coarse stucco or shake shingles) when you use one gallon for 450 sq. ft. according to directions, or Sears, Roebuck and Co. will furnish at no further cost enough additional paint to insure coverage or refund the purchase price.

$6.79 gal. **Save $3.50 on combination offer**

One-coat House Paint saves you the cost of a second coat

Our Best Selling House Paint

SNOWHITE and House and Trim Paints. One coat covers any color—saves painting time and work. Mildew-resistant. Won't discolor from fumes. Dries without brush marks. Superior to ordinary house paint in hiding power, appearance and longer life. Use undercoat (below) on bare wood.

SNOWHITE—35% of its pigment is titanium dioxide (whitest known). Cleans itself with each rain. Do not tint or thin. Gal. covers to 450 sq. ft., 1 coat.

House and Trim Paints—for true color excitement choose from 22 pre-mixed permanent colors including dual-purpose white or 454 mixed-to-order colors. Use white as a non-chalking trim paint or to lighten other colors by intermixing. Gallon covers to 500 sq. ft., 1 coat. Ask for FREE Color Card 7A at your Catalog Sales Office or write Dept. 139. *State catalog number and SIZE.*

Formula 70 stays white longer

- Guaranteed to cover any color, even black with one coat
- Special ingredient Chlorowax* sheds stains and dirt
- Twice the Titanium Dioxide found in most house paint

Our Finest One-Coat House Paint—now *guaranteed* to give you beautiful one-coat coverage. Smooth-spreading, rich Formula 70 goes on so easily, covers so completely that painting is a minimum of work. No going back over—dries to a smooth semi-lustre—brushmarks erase themselves. Covers wood siding, shingles, brick, stucco or other masonry.

And it stays white. After years of intensive testing Formula 70 proved it stays white and stain-free far longer than any other paint we have ever tested. Self-cleaning—rain or a garden hose cleans Formula 70 to freshest white even in protected areas. Doesn't show rust or copper stains from gutters, screens, hinges. Chlorowax combines with alkyd resin and linseed oil to defy stains, sun, wind and water. Chlorowax keeps surface chalk stubbornly in place . . lessens chalk washdown, minimizes weathering.

Formula 70 is not discolored by fumes or industrial gases. Fights off mildew attack. A beautiful white paint that resists peeling—none better for oil paint. Resists cracking and chipping too. Stays beautiful for years—it's the ultimate in home protection.

Do not tint or thin. Tirpolene cleans paint tools and hands. Use undercoat on bare wood. Gallon covers up to 450 sq.ft., 1 coat.

4 GALLONS OR MORE—*Save 63c gallon*.....Each gallon 4.99

House Paint Undercoat

$3.99 gal. In 5-gal. pail

A must for all bare spots and new wood. Insures longer wear, smoother appearance and better adhesion of the final coat.

Protects against moisture-caused peeling. Has mildew-resistant ingredients to stop mildew undergrowth.

Gives extra hiding and durability to any paint job. Economical—keeps bare wood or weathered paint from soaking up needed oils from costlier top coats.

Gallon covers up to 500 sq.ft., 1 coat. White. *State SIZE.*

Anti-Rust Primer

A must for use on all bare metal before applying any house paint. Use on guttering, iron fixtures—any outside metal fixtures. Paint sticks better for longer wear. Metal lasts longer. Anti-Rust paints in colors also available. Order with house paint.

See page 982 to order

Linseed Oil House Paint

Tough and durable . . completely weather resistant . . self-cleaning white

$4.12 gallon in 5-gal. pail white only

Save $2.16 on Combination Offer 4-gal. case plus 4-in. brush

For nearly two decades the ultimate in house paints. For wood or metal. Hides as well, lasts as long as best selling paints sold elsewhere. Time-tested formula for tough, weather-resistant film. Titanium dioxide for top coverage—1-coat in many cases. Zinc oxide for rugged hardness. Top grade color pigments fight fading. Self cleaning, mildew-resistant—made with pure linseed oils. Use 2 coats or one depending on color change—normal life of 2 coats is 5 years; 1 coat is 3 years. Gallon covers to 600 sq. ft. Use undercoat (on facing page) on new or bare wood. Ask for FREE Color Card 6A—see note on bottom of page. *State catalog number and SIZE.*

Latex House Paint

For *all* wood surfaces, masonry, stucco and asbestos shingles

- Acrylic resins give you a paint that lasts up to 50% longer—you repaint far less often
- Resists peeling and blistering because it "breathes" damaging moisture and dampness out
- Dries so fast you can apply a second coat after an hour—and it's so easy to apply, too

$6.49 gallon

FREE Color Card 8A—see note at left, below

Acrylic latex—the universal paint of the future is yours now. Dries so fast bugs and dust don't stick. Fade resistance unknown in oil paints. Resists mildew, fumes and smog discoloration. Stain resistant—no chalk washdown. Uniform appearance even after weathering. White stays cleaner—dirt washes off with hose. Use 2 flat coats over primer for normal life expectancy of 5 years. Prime all new wood or previously painted surfaces—for wood use primer below; for stucco, masonry, asbestos shingles see Masonry Primer, page 983. Tools wash clean in soap and water. Gal. covers [illegible] sq. ft. each coat. *State catalog number and SIZE.*

STOP RUST

Bright colors go right over rust . . no sanding

- Anti-Rust soaks into rust . . seals out water and air
- Durable, lasting colors with tough, weather-defying finish

3 ways to use Anti-Rust (1) primer only under any top coat paint (2) use Anti-Rust finish without primer (except on unpainted galvanized or aluminum) (3) for maximum protection, best appearance use BOTH Anti-Rust Primer and Finish. Quart covers up to 150 sq. ft. *Please see combination offer below.*

SEARS 75 YEARS DIAMOND JUBILEE

Shallow Well Jet Pump

Specially chosen as a Sears Jubilee value

- ***Because*** at this low price you get a completely assembled self-priming pump with jet (an extra on most pumps) **$69.50**
- ***Because*** you can draw more gallons per hour at 20–40 lbs. pressure than on many higher-priced jet pumps

Here's proof that you don't have to spend a lot to have dependable running water. You get automatic operation at all times. Pump starts at 20 lbs. pressure, stops at 40 lbs. Draw from any depth down to 22 ft.

Pump-to-tank connections are already made. Nothing extra to buy except the pipe you may need. The only moving part is a perfectly balanced impeller. At 20 lbs. pressure it delivers 420 to 640 gallons per hour; at 30 lbs. pressure 350 to 540 gallons and at 40 lbs. pressure from 150 to 270 gallons per hour. ⅓-HP split-phase motor protected from burnout.

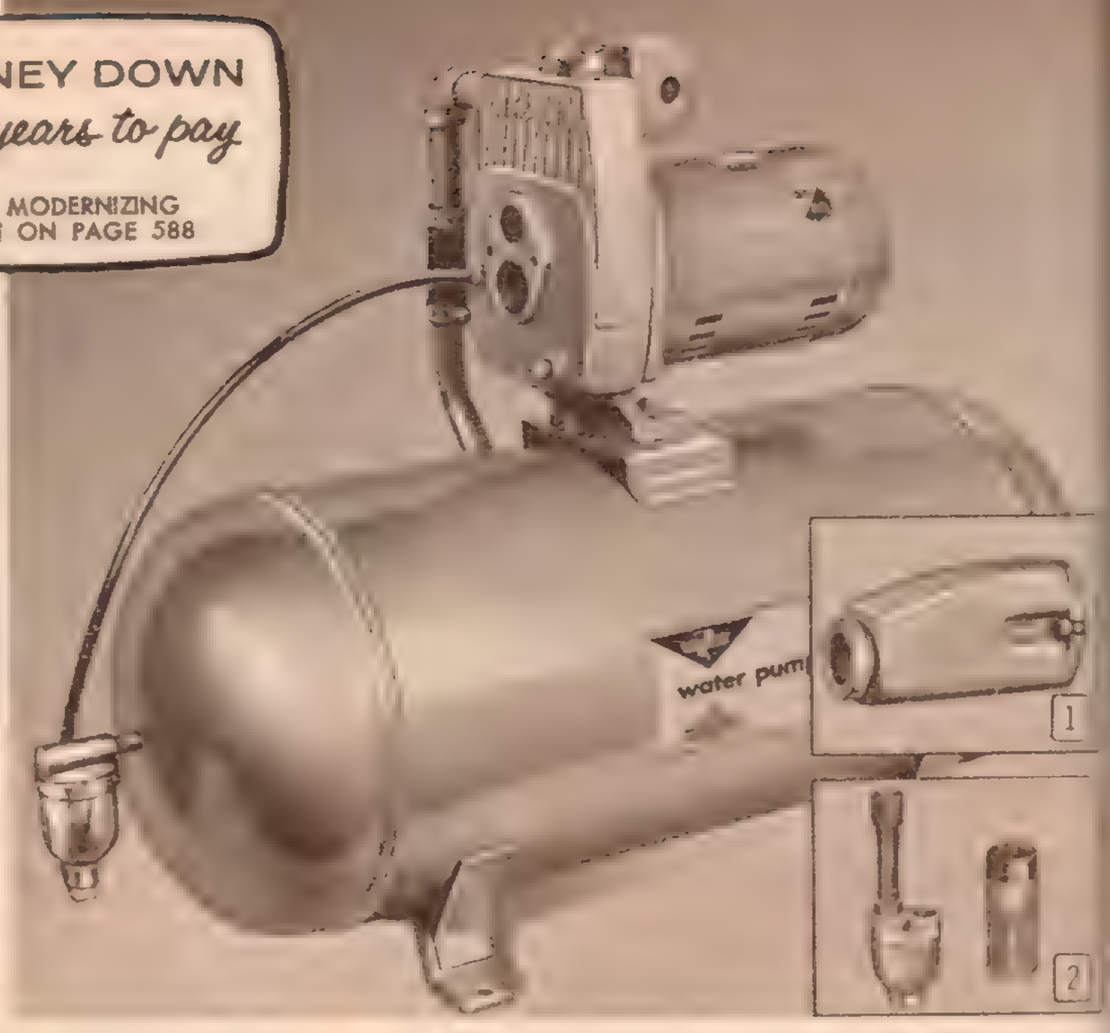
Air-volume control adds air to tank only when needed. For 110–120-volt, 60-cycle AC. Includes 12-gallon galvanized steel tank, air control, pressure switch, built-in check valve, jet. 1¼-in. pipe tapping.

W42 A 2563N—Above pump. About 13½x30x25 in. high. Wt. 102 lbs. **$69.50**

Self-priming pump with 1-gallon surge tank

Same pump as Jubilee Model above but without 12-gallon storage tank. Draws water directly from well whenever faucet is turned on. Designed to fit under crawl space, sink, closet. Only 9x17½x19 inches high.

W42 A 2562N—Shipping weight 68 pounds **$64.50**



All-purpose Jet Pump . . self-priming, too!

Low as **$69.50**

Equally efficient for shallow or deep wells to 90 ft. Order jet you need below. Ge automatic operation . . starts at 20 lbs. pressure, stops at 40 lbs. Smooth, balanced impeller is the only moving part. Air-volume control adds air to tank only whe needed. 1-in. discharge on tank, jet pipe sizes given with jets described below.

⅓-HP has split-phase, ½-HP capacitor motor. For 110–120-volt, 60-cycle AC. ¾ HP capacitor motor for 110–120 or 220–240-volt, 60-cy. AC. Shallow well jet (1) h 1¼-in. pipe connection. Deep well jet (2) has 1x1¼-in. tappings. Price includes tan pump, pressure switch, air-volume control. Capacities in gallons per hour.

W42 A 3004C **$10.9**

HOMART Multi-stage Deep Well Jet Pumps for well to 320 ft.

Deliver water at higher pressure to greater heights. Install over well or offset from it . . use with single or double-pipe jets

Low as **$114.50**

Get city main pressure . . no faucet spurts, lags. Plenty of pressure for lawn sprinkler systems or installations with long, high pipe runs. Offset up to 350 ft. away from well. Automatically starts at 40 lbs. pressure, stops at 60 lbs. or set pressure switch to meet your needs. Impellers mounted directly to stainless-steel motor shaft for vibration-free operation. Eliminates troublesome couplings.

No annoying light flicker when pump starts. Capacitor motors draw less starting current. Automatic overload switch protects against burnout. Starting switch in separate compartment, easy to get at. Attractive enamel finish. Price includes 3-position pressure switch and pressure gauge. Order jet from table below.

Multi-stage Pumps. Over-all size 13x24 in. high. 1-inch discharge connection. *See Jet pipe sizes below*

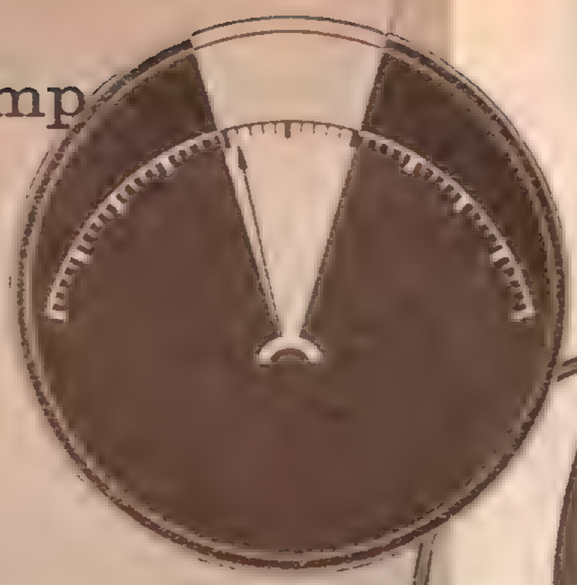
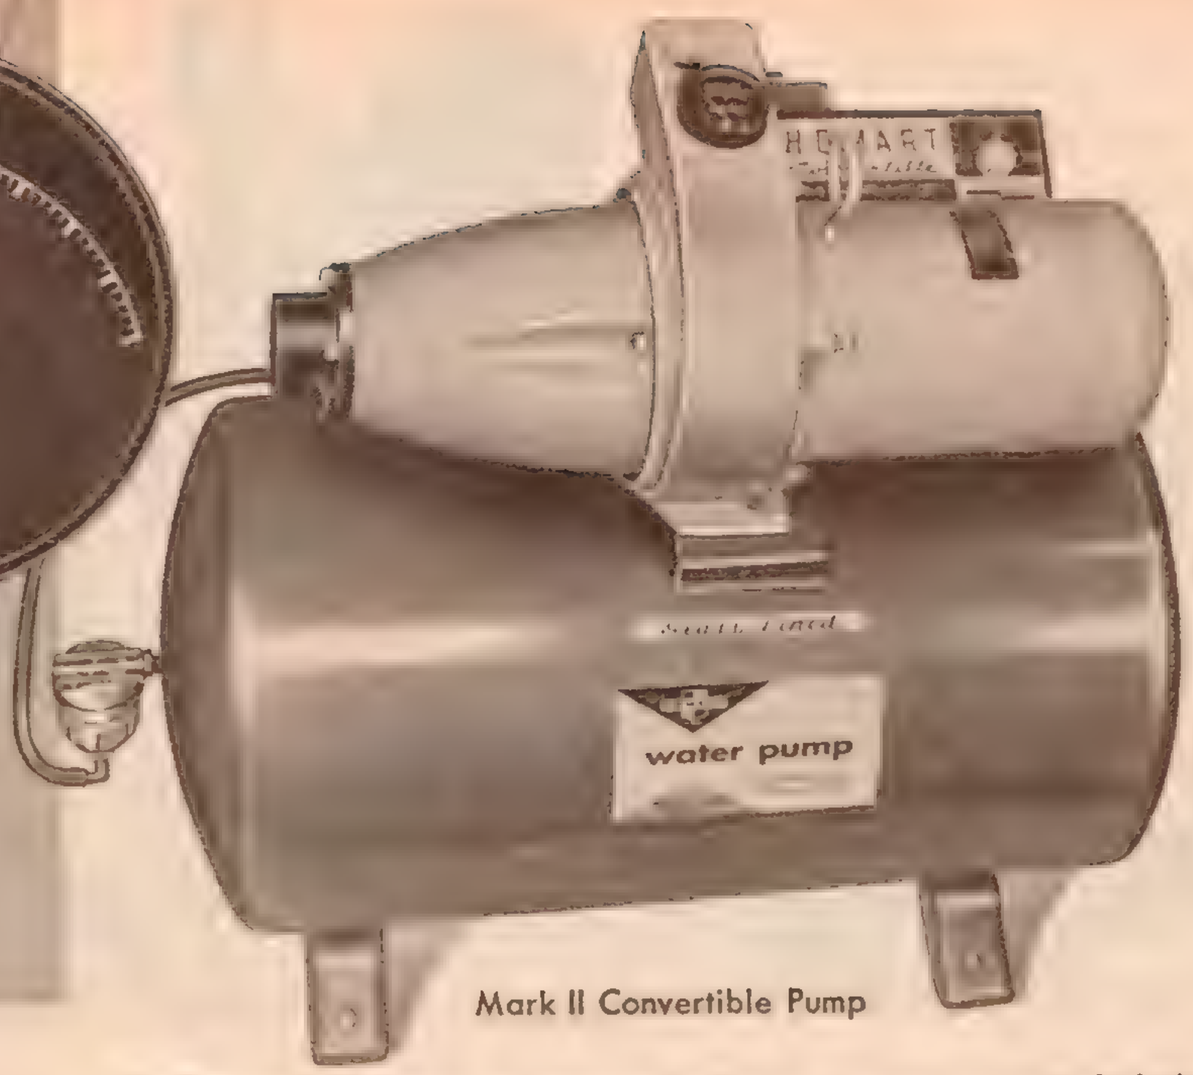
Our Best Jet Pump GIVES YOU 50% MORE PRESSURE Than Industry Standard

The answer to modern water needs





Mark II Convertible Pump

Shallow well jet shown on pump not included . . order separately below

HOMART Mark II Convertible

Jet Pump for shallow or deep wells down to 110 feet

Low as **$94.50** with galvanized tank

- **Get full flow at all times.** Tank can't waterlog under long, continuous pumping because water is drawn directly from well
- **Get water even if power fails.** Just slip emergency-drive pulley on pump. Use V-belt to connect to power mower or other engine
- **Easy to service.** Quick-change design allows you to remove motor, seal and impeller as one unit . . no need to disconnect pipes
- **Easy to install.** Assembled for you. No extra tank connections to make. Unit mounted on top of tank where it belongs. Away from floor, dirt, moisture—more protection against pit floods

Pump starts at 30 lbs. pressure, stops at 50 lbs. This is 50% higher than pressure switch setting of industry standard for domestic pumps.

Self-priming at all depths. In deep well installations, if water level falls below foot valve, pump quickly reprimes itself when water level is restored. Built-in check valve ends need of foot valve in normal shallow well installations. Choose the jet designed for your well from listings at right. You'll get full flow without losing efficiency.

No wasted power with excessive air charging. Automatic air-volume control adds air to tank only when needed. Needs no bleeder to vent excess air. Pressure switch rides on air cushion, never touches water —can't lime up or clog . . needs no cleanout wire. Line surges can't activate it. 3-position settings: Off, On and Automatic.

You get quiet operation. Only moving part is a Lexan® impeller that lasts longer than bronze or brass—it resists erosion. Stands up in wells with sandy or abrasive elements. Relocation of air-volume control on 30 and 46-gallon tank gives more effective tank capacity . . 30-gallon tank equals performance of 42-gallon tank.

No flickering or dimming lights. Capacitor motors draw less current when starting. Deliver 41% to 50% over their rated horsepower without overloading. Starting switch and vital parts in easy-reach compartment. Priming funnel, drain valve, 110–120-volt outlet, pilot light, hoisting ring all built into this pump.

Tank-mounted units include air-volume control, pressure switch, gauge. Air-volume not included on units without tank . . order (4) from page 989. See voltage requirements, dimensions at right.

Shallow well jet. Attach to pump — Deep well jets. Suspend in well

[1] **Shallow Well Jets.** Install on pump as shown in illustration to get capacities shown below. Higher pressure models for these pumps are available, write Sears, Dept. 243.

Capacities in gallons per hour at 30 lbs. pressure

Motor size	Pipe connections: suction	Pipe connections: discharge	Catalog Number	Shpg. wt.	Price	Depth to water or vertical lift: 5 ft.	10 ft.	15 ft.	20 ft.
⅓ HP	1¼ in.	¾ in.	W42 A 2550C	19 lbs.	$9.00	600	510	390	330
½ HP	1¼ in.	¾ in.	W42 A 2551C	19 lbs.	9.00	1020	960	840	660
¾ HP	1¼ in.	1 in.	W42 A 2552C	19 lbs.	9.00	1500	1350	1170	960

[2]-[3] **Deep Well Jets.** Choose jet to fit depth and diameter of your well. 2 and 3-inch sizes are single-pipe jets and include well casing adapter (see 3). Be sure well casing is in good condition and extends below water pumping level. Galvanized pipe should be used from jet to top of well; Flex-O-Pipe can be used from there on. Order galvanized pipe from page 1001; Flex-O-Pipe page 989.
4 and 5-inch sizes are double-pipe jets and include foot valve with strainer (see 2 above). Flex-O-Pipe can be used when installing jets in well and for offset run.

Jet Pipe Sizes: ½ and ¾-HP use 1x1¼-inch pipe with all jets. 1-HP uses 1x1¼-inch with 3-inch jets; 1¼x1¼-inch with 4-inch jet and 1½x1¼ with 5-inch jet.
Capacities at 20 lbs. jet-drive pressure. Jet submerged 10 feet below level shown.

It's Easy to choose a HOMART PUMP

(A) How Much Water? Fixtures require from 3 to 6 gallons per minute for normal operation. A pump which can deliver an average of 1 gallon per minute per fixture is adequate because all fixtures are not used at one time. To determine pump capacity in gallons per hour, count the fixtures in house and multiply by 60. Average homes require at least 540 gallons per hour.

(B) What Pump to Use? Choose one that delivers 540 gallons per hour. If water level is 22 ft. or less, use a shallow well pump, if over 22 ft. use deep well.

(C) How Much Pressure? Families need pressure similar to city main or a factory switch setting of at least 30–50 lbs., 40–60 lbs. gives even better service. The Mark II and Shallow Well Submersible are set at 30–50 lbs. pressure.

Piston Pumps 25–45 lbs. All-purpose Pumps 20–40 lbs. Deep Well Submersible and Multi-stage Pumps 40–60 lbs. pressure. If you need more help in selecting your pump, send for free water system blank 6558A, see page 1003. Pumps exceed standards of National Association of Domestic and Farm Pump Mfrs. and the even more rigid standards of Sears Testing Laboratory.

SHIPPING NOTE: Items with "W" from Chicago or Moline, Ill.; Detroit, Mich.; Milwaukee, Wis.; Indianapolis, Ind.; St. Louis, Mo.; Cleveland or Cincinnati, Ohio. Catalog Nos. with "N" (as W42 A 2591N) freight (rail, truck) or express.

Automatic Piston Pumps

Install up to 600 ft. away from well to most convenient location

Low as $69.50

Delivers water comparable to big city mains. Pump starts at 20 pounds pressure; stops at 40 pounds. Draws water from any source where level never drops more than 22 ft. below pump. Easy to install . . assembled. Pump-to-tank fittings already connected on units with tank . . no extra connections to make.

Water pumped by double-action, short-stroke piston in brass-lined cylinder. Forged crankshaft runs in constant oil bath and has 2 oil-impregnated bearings. Assembly completely sealed to keep out dirt, grime. Water never touches connecting rod or crankshaft . . sand in water can't damage these vital parts.

Air-volume control adds air to tank only when needed . . prevents sputtering faucets. Motor protected from burnout by overload switch. Operates on 110–120-volt, 60-cycle AC. Includes pressure gauge, switch, air-volume control, relief valve, foot valve with strainer, (tank on larger models). 1-inch suction, ¾-inch discharge pipe connections. See page 985 on how to select size.

275 gallon per hour pump. Direct pressure. Draws water when you turn faucet on. No tank required. ½-HP split-phase motor. About 22x10½x19 inches high.
W42 A 2992N—Shipping weight 100 pounds.....$69.50

300 gallons per hour pump. Pump unit mounted on 17-gallon galvanized tank. ½-HP split-phase motor. Over-all dimensions 14x32x32 inches high.
W42 A 2924N—Shipping weight 130 pounds.....$84.50

500 gallons per hour pump. Delivers 25% more water than 400 gallon per hour models. Mounted on 30-gallon galvanized steel tank. ½-HP capacitor motor. Over-all dimensions 17x40x33 inches high.
W42 A 2918N—Shipping weight 160 pounds.....$97.50

42 A 2335C—22-in. handle. Shpg. wt. 17 lbs. $8.75

Extension Handle. 48 in. long. For (25).
42 A 2337C—Includes bolts. Shpg. wt. 5 lbs. .$1.69

Lightning Arrestor. Safety device recommended for use on all pump installations. Protects pump from dangerous current surges caused by lightning. Prevents costly burnout of motor. Easy to install on any pump.
42 A 2828—Shipping weight 8 oz...$4.79

Shipping Note

Catalog Nos. on these 2 pages with "N" (as 42A2564N) sent freight (rail, truck), express. Items with "W" from Chicago or Moline, Ill.; Detroit, Mich.; Milwaukee, Wis.; Indianapolis, Ind.; St. Louis, Mo.; Cleveland or Cincinnati, Ohio.

Deep Well Submersibles . . Prices Cut

Specially Chosen as a Sears Jubilee Value

- ***Because*** you not only get control box and all fittings (accessories that are extra on many pumps), but new low prices save you $5 to $10.
- ***Because*** starting pressure is twice as great as most pumps to meet all water needs.
- ***Because*** it's the only pump with automatic power shut-off built into the control box.

Higher pressure than many city mains. Factory-set switch starts pump at 40 lbs., stops at 60 lbs.

Convenient controls. Pressure gauge is next to switch so any pressure adjustments can be made easily. Press button to reset overload protector.

Low as **$164.50**

Includes pump and all controls

Silent in-the-well operation. More efficient than any jet or piston pump. Fits 4-inch or larger diameter wells. Use 1-in. semi-rigid plastic pipe below to install 1-HP or smaller models to 150 ft. Use 1-in. galvanized pipe for others. Order cable, well seal, storage tank separately.

All parts non-rusting, non-corrosive. Ball-bearing, 3-lead motors are dual condenser type. Starting and running windings have separate power-boosting condenser for more starting power, quiet running. Filled with non-freezing oil for better lubrication and cooling than water-lubricated motors. Not recommended for use in sandy wells.

6-year Guarantee: Free replacement if pump fails the first year. If failure occurs during following 5 years, you get a replacement, paying only 25% of current price the second year, plus 10% for each succeeding year.

Above Ground Controls

No need to remove pump from well to service. Starting switch and condensers . . all pump controls are built into this easy to install control box. Mount on wall or standpipe.

Easy to install. Make only one power connection and one connection to pump cable. Factory-mounted pressure switch and gauge eliminate extra cable connection.

Automatic interlock disconnects power when door is opened. Pilot light tells you when pump s running properly. 3-position pressure switch and all pump protective devices are at your fingertips.

For 110–120-volt, 60-cycle AC.

⅓-HP. For depths down to 40 ft.
W42 A 2831L2—Wt. 60 lbs. . . . $164.50

½-HP. For depths down to 100 ft.
W42 A 2832L2—Wt. 62 lbs. . . . $184.50

Submersible pumps listed below operate on 220–240-volt, 60-cycle A.C.

½-HP. For depths down to 100 ft.
W42 A 2833L2—Wt. 62 lbs. . . $184.50

¾-HP. For depths down to 180 ft.
W42 A 2834L2—Wt. 68 lbs. . . $214.50

1-HP. For depths down to 220 ft.
W42 A 2835N2—Wt. 80 lbs. . . . $259.50

1½-HP. For depths down to 450 ft.
W42 A 2836N2—Wt. 90 lbs. . . . $329.50

Capacities in gallons per hour at 40 lbs. pressure. Capacity not shown unless pump can produce 60 lbs. pressure from that depth. Resetting pressure switch to 20–40 lbs. increases depth by 46 feet. *Shipping note on facing page.*

You can install a Submersible or Multi-Stage Pump in HALF the time with New Semi-rigid Plastic Pipe!

Install a deep well pump in limited quarters . . and without using a derrick or tripod. No roof holes required for inside installation. A 20-ft. length of 1-inch pipe can be safely bent to a 4-ft. radius.

Solvent welding takes the place of time-consuming methods of making joints. Apply cement to pipe as you do paint. Join to fitting, let dry. No threading or welding equipment needed. Cut pipe with saw.

Hard, tough, tensile strength, safely supports weight of 1-HP submersible pump and water down to 250 feet. Mirror-smooth interior makes it possible to pump water from greater depths with far more efficiency. Less power wasted overcoming friction!

Can't rust, rot or corrode. Unharmed by soil acids. Resists formation of mineral deposits on inside to clog flow. Approved by National Sanitation Foundation . . only virgin materials used in making this pipe.

Install Submersible Pumps up to 1 HP to 150 ft. Use with double-pipe installations on HOMART Multi-stage Pumps as follows: ¾ and 1-HP to any depth. 1½-HP to 200 ft. and 2-HP to 170 ft.

Rated at 150 lbs. pressure per sq. in. Plain end pipe can be connected to steel, other metal pipe . . order special fittings, cement, below.

W42 A 2324N—**Semi-rigid Plastic Pipe.** Comes in 20-ft. lengths. Shpg. wts. 2 lbs., 3 lbs., 4 lbs. *State size, quantity.*
1-in. . . . $3.60 1¼-in. . . . $5.60 1½-in. . . . $8.40

Special plastic fittings permit any joint to be made in minutes! Adapter (4) has male threads on one end to connect plastic pipe to standard pipe threads. Adapter (42 A 2405) has brass male threads on one end to connect plastic pipe to 1-in. or 1¼-in. tapping on submersible pump. Provides strength to support weight of pump. Use bushing (5) with tee for installing ⅛-in. bleeder orifice in submersible pump installations. Sleeve seals pipe at well seal. Converts outside diameter of plastic pipe to standard diameter.

For Shallow Wells

$129.50

Complete with cable and all controls

Submersible Pump designed for silent underwater operation in shallow wells. Easier than ever to install in 4-inch or larger diameter well with New Plastic Pipe at left. Use 1-inch size pipe. Order well seal above, tank from page 989.

Always stays primed. Gives 50% more pressure than most jet pumps. Pushes water up. Nylon impellers with brass housing resist wear, rust and corrosion.

⅓-HP motor protected from costly burnout by overload switch. Operates on 110–120-volt, 60-cycle AC.

Price includes 30-foot waterproof cable, air-volume control, check valve assembly, pressure switch, pressure gauge and base that allows you to stand pump in lake or any dug well.

Capacities in gallons per hour at 30 lbs. pressure. Pressure set at 30–50 lbs.

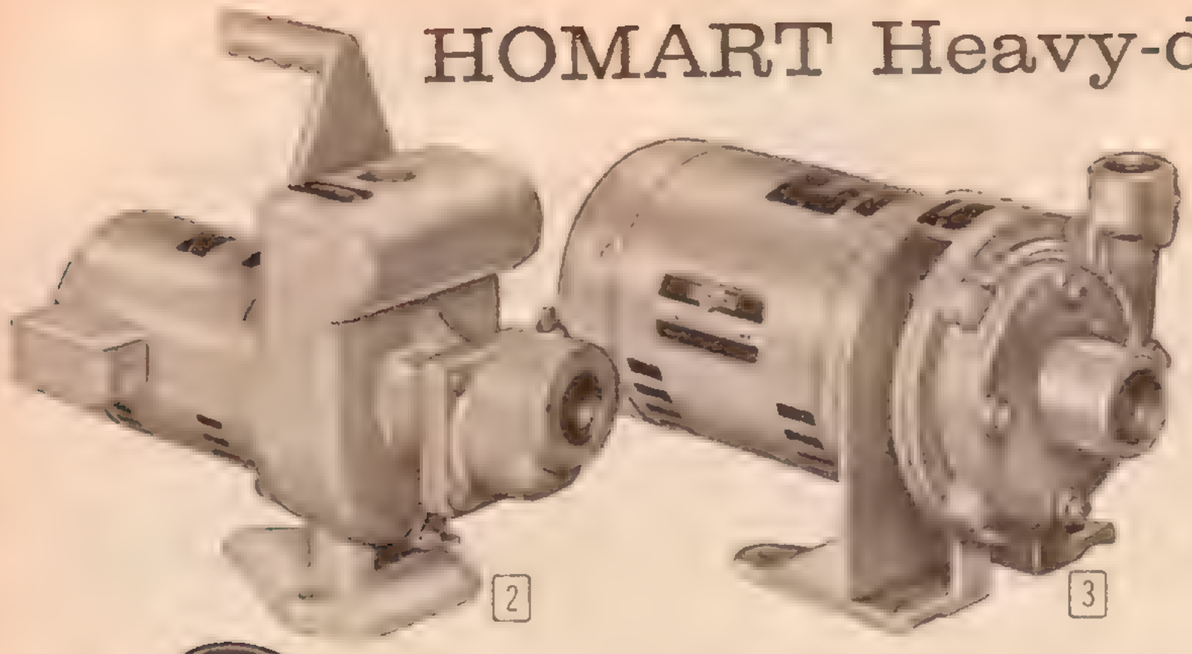
HOMART Heavy-duty Centrifugal Pumps



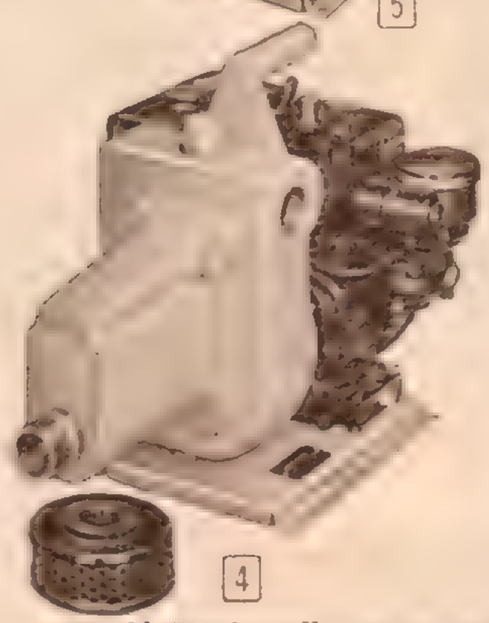
2

1

Electric Motor Driven Pumps

Low as $49.50

New submersible model (1) operates under water—can't drown out . . easy one-pipe installation. Models (2) and (3) driven by powerful, ball-bearing capacitor motors that never need lubrication



4

Gasoline Engine Models

Low as $76.50

Self-priming, self-cleaning, too! Powere by Briggs & Stratton air-cooled engine Dual purpose (4) gives high pressu for fire fighting or volume for draina

[1] **Drain ditches, swimming pools or any area quickly.** Pump out 3500 gallons per hour at 5-ft. head, 3000 gallons at 10-ft. head. Convenient carrying handle. ⅓-HP motor enclosed in waterproof cast-iron housing, protected by overload switch. Ceramic seal on stainless steel shaft guards against leaks. Brass base. Large screen prevents clogging. For 110-120-volt, 60-cycle AC. 1¼-in. discharge.

42 A 3012K—8½x12 inches high. Shipping weight 37 pounds. $49.50

[2]-[3] **Boost pressure, drain, irrigate.** Hundreds of uses on farm, home or industry. Pump (2) is self-priming—requires no foot valve. For trash-laden water, order trap below. ⅓ and ½-HP have handles as shown, others have none. Pump (3) is straight centrifugal . . requires foot valve on permanent installations. Housing can be rotated in any 4 positions to discharge water. ⅓-HP for 110-120-volt, 60-cycle AC. ½ thru 1½-HP for 110-120 or 220-240-volt, 60-cycle AC. UL approved overload switch. Not for pressure switch operation.

42 A 2683—6-in. Suction Trap. Mounts on pump (2) after check valve and suction connection are removed. Required in trash-laden water. Shipping weight 10 pounds. $16.00

[4] **2¼-HP.** Actually two pumps in one! For (1) pressure or (2) volume . . simp reverse assembly . . check capacities below. Aluminum pump unit. Strair included; foot valve not required. 1½-in. suction, discharge pipe tappings.

42 A 2610L—Only 19x14x16½ inches high. Shipping weight 66 pounds. . . . . $109.
42 A 2611L2—As above but with 15 ft. 1½-in. suction hose. Shpg. wt. 82 lbs. . . . . 124.

[5] **2-HP.** Perfect for small pumping jobs—watering lawns, draining ditches . see capacities below. Built-in check valve, strainer included . . no foot valv required. Balanced hand grip for easy carrying. 1-in. suction, discharge.

42 A 2688L—Only 17x12x14 in. high. Shipping weight 53 pounds. . . . . $76.

[6] **4½-HP.** Use for any purpose . . drainage, filling overhead tank, transferri or circulating liquids of all type. 3-vane impeller handles sediment, tras laden water with ease . . see capacities below. Strainer included, foot valve r required. For easy portability, order trailer kit below. 2-in. suction, discharge.

42 A 2709N—22½x20x21 in. high. Shipping weight 195 pounds. . . . . $249.
42 A 2706N2—Same 4½-HP above with 15 ft. of 2-in. suction hose. Wt. 255 lbs. . . 279.

2¼-HP. Similar to 4½-HP pump except for size and capacity. 1½-in. tappin

42 A 2707N—19x14x16½ in. high. Shipping weight 95 pounds. . . . . $114.

Trailer Kit. Makes 4½-HP pump portable. Includes two 10x2.75 tires, axles, star

42 A 2742L—Easy to assemble. Sturdy steel construction. Shpg. wt. 44 lbs. . . . . $39.

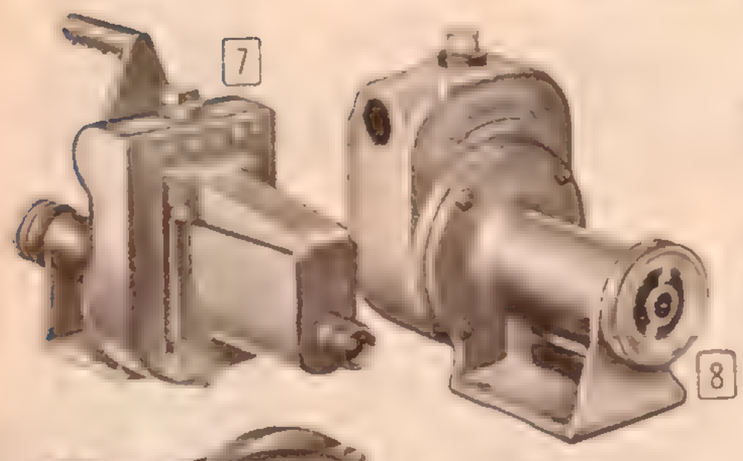
*When used for high pressure. ‡When used for high volume.

NO MONEY DOWN . . UP TO 3 YEARS TO PAY . . See Page 588 for Details

V-belt Centrifugals . . use the motor you have



7

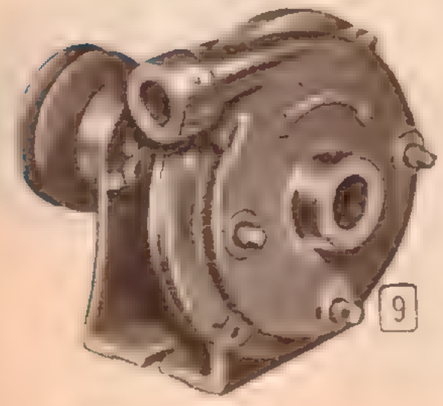
Self-priming models . . low as $26.50

[7] Get approximately the same performance as (4) above when used with 2¼-HP engine. Built-in jet for high pressure is by-passed for high capacity by reversing assembly. 3-in. pulley takes ½-in. V-belt. 1½-inch tappings.

42 A 2612K—About 8x10x12 in. high. Shpg. wt. 23 lbs. $69.50

[8] Gives you the same performance as (5) when driven with ½-HP or larger motor. Built-in check valve maintains the prime. Sturdy body, sealed ball bearings. 3-in. pulley takes ½-in. V-belt. 1-in. suction and discharge tappings.

42 A 2756K—About 6x8x11 in. high. Shpg. wt. 23 lbs. $26.50



9

Straight Centrifugal . . low as $13.50

[9] For transferring and circulating clear liquids. Operating range from 1750 to 2400 RPM; sizes for motors ¼ to 1 HP. 3-inch pulley. Order foot valve, page 989.

42 A 2642C—½-inch discharge, ¾-inch suction. See (A) in chart. Wt. 11 lbs. $13.50

42 A 2643C—¾-inch discharge, 1-inch suction. See (B) in chart. Wt. 14 lbs. $14.95

42 A 2644C—1-inch discharge, 1¼-inch suction. See (C) in chart. Wt. 16 lbs. $18.95

Flexible Suction Hose with fittings

Saves you time on pumping jobs. Strong rubb with a backbone of cotton interwoven with spri steel wire. Light weight, tough, flexible, spl resistant. Smooth inside lining resists friction. 1 feet long. Female and male connections.

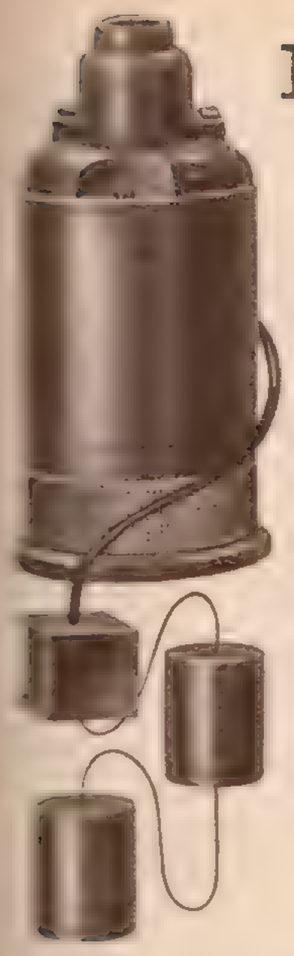
Be sure to state diameter.

42 A 2334C—1½-inch diameter. Wt. 16 lbs. . . . $17.9
42 A 2333K—2-inch diameter. Wt. 23 lbs. . . . . 34.

Shipping Information

Items with "W" from Chicago or Moline, I. Detroit, Mich.; Milwaukee, Wis.; Indianapoli Ind.; St. Louis, Mo.; Cleveland or Cincinna Ohio, whichever is closest to you. Catalog numbe with "N" (as 42A2649N) sent freight (rail truck) or express.

HOMART Sump Pump stops basement flooding



New Submersible Installation rated at up to 4500 gallons per hour

Low as $42.50

After it's installed you get up to 50% more performance than most upright models . . discharges water faster with greater pressure. Compact. Fits 9-inch wide sump. Switch and relay box mount on discharge pipe . . easily replaced without disconnecting pump. Order 2-foot length of galvanized pipe, see size below—Flex-O-Pipe can be used from pipe to complete discharge run.

Save electricity and wear. Less starts and stops. Switch mounting lets you set cycling ⅓ as often as other sump pumps. Water-cooled, oil-filled motor same as used in deep well submersibles. 3450 RPM gives you more pressure than ordinary 1725-RPM motors. Built-in overload protector and check valve. For 110-120-volt, 60-cycle AC, except 220-240-volt for ¾-HP model.

Catalog No.	HP	Wt.	Price	Capacity at 20-ft. lift	Pipe
W42 A 3047K	¼	26 lbs.	$42.50	20 gallons per minute	1-in.
W42 A 3048K	⅓	27 lbs.	47.50	30 gallons per minute	1¼-in.
W42 A 3049K	½	32 lbs.	54.50	50 gallons per minute	1¼-in.
W42 A 3050K	¾	33 lbs.	64.50	75 gallons per minute	1½-in.

Upright type . . discharges 1500 gallons hourly from 20-ft. lift

Only $34.50

Here's low cost way to protect your furnace, water heater—all basement equipment from ruin by rain, seepage or backed-up sewer water. When water rises in sump it releases the switch and sends 3,600 gallons per hour at 5-ft. head or 2,300 gallons at 15-ft. out the discharge pipe.

Easy to install—discharge has built-in adapter for 1½-inch plastic pipe hookup . . order clamp, and Flex-O-Pipe below. Powered by ⅓-HP G.E. split-phase motor with 8-foot, 3-wire cord. Built-in single pole switch is kept dry by motor heat. Moulded plastic volute and non-clogging impeller can never rust or corrode. Large screen cleans easily without removing. Operates on 110-120-volt, 60-cycle AC. Shipping weight 26 pounds.

W42 A 3051L—9x34 inches high.....$34.50

Sump Pump Switch. For sump pumps using double-pole switch mounted on side of motor. Weights included.

42 A 354—For 110-120-volt, 60-cycle AC. Shpg. wt. 2 lbs.....$3.23

HOMART Flex-O-Pipe . . easy, economical to install

Just try to break Flex-O-Pipe. Bend it. Twist it. Stand on it. Still it springs back! You can see why it stands up to severe pressure surges, resists abrasion, won't rupture at a notch or scratch . . can't pinhole, crack like ordinary plastic pipe. High-density polyethylene gives Flex-O-Pipe this strength. Use above or below ground for cold water lines. Mirror-like surface can't lime-up, rust, corrode. Carries seal of the National Sanitation Foundation . . your assurance that Flex-O-Pipe is non-toxic and safe to use for drinking water. Buy in cut lengths under or over 100 ft. or in exact coils. *Read Shipping Note on facing page.*

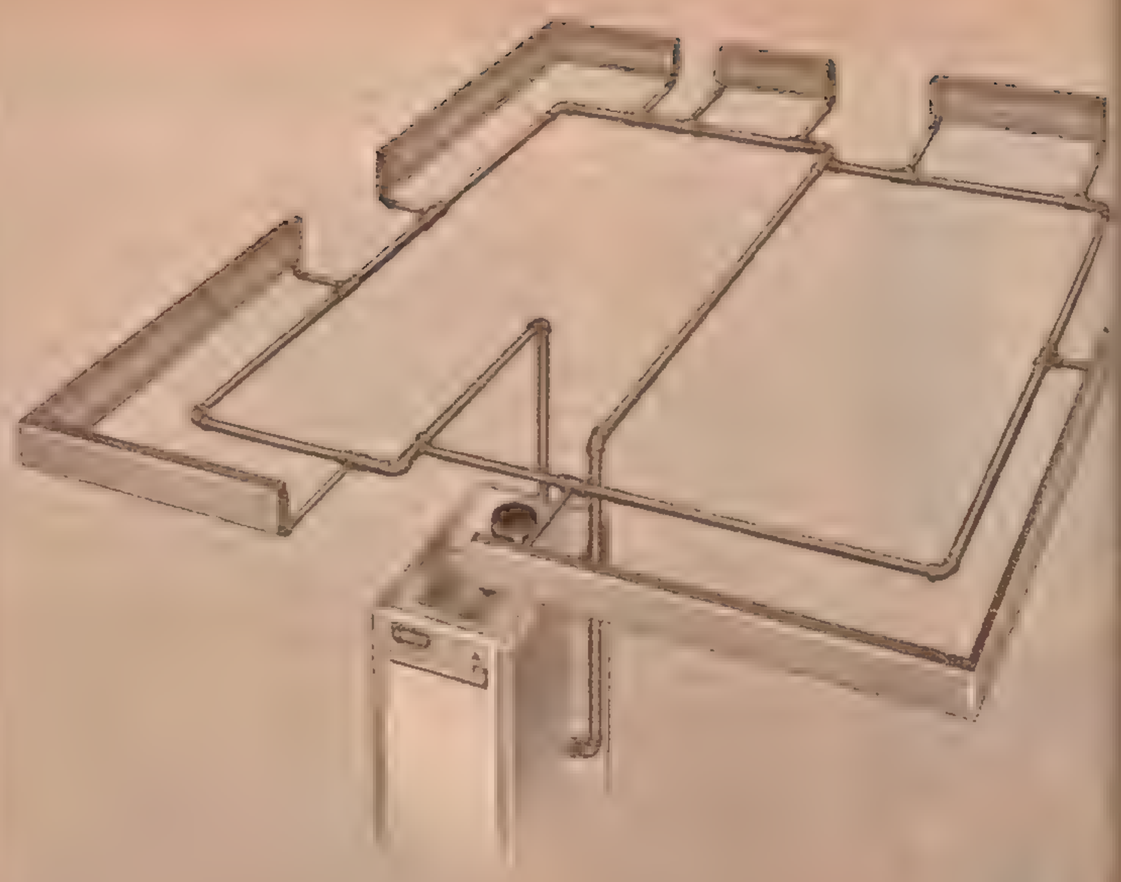
Perimeter System shown with basement furnace

Low as $299.00



Convector-type Baseboard System

Low as $525.00

"SEARS DOES MORE".. we'll plan, design your Heating

HOMART Complete Custom-designed Heating Systems . . for gas or oil

Forced Warm-air Systems . . warm-wall perimeter type

- Warm air blankets outer walls. Heat registers near outside walls. central return-air grille distribute heat evenly . . no drafts
- Saves space . . takes ½ area of average gravity warm-air system
- Choice of basement, horizontal or space-saver type furnace

You get low-cost, efficient, automatic heating. HOMART "Series 400" furnace has 10-year heat exchanger guarantee (read guarantee on page 992) . . copperloid-color, baked enamel finish, steel jacket.

Complete Systems include: Automatic forced warm-air furnace with round wall thermostat and controls . . floor-type heat registers . . return-air grille . . necessary piping, fittings, connectors for 5 rooms and bath. *Use coupon on opposite page, or phone Sears for your Free Heating Estimate.*

W42 A 8283N7—With Oil Basement-type Furnace. Shpg. wt. 581 lbs. $359.95
W42 A 8284N7—With Oil Space-saver type Furnace. Shpg. wt. 547 lbs. 359.95
W42 A 8285N9—With Oil Horizontal-type Furnace. Shpg. wt. 484 lbs. 359.95
W42 A 7615N6—With Gas Basement-type Furnace. Shpg. wt. 427 lbs. 299.00
W42 A 7616N6—With Gas Space-saver type Furnace. Shpg. wt. 380 lbs. 275.00

Above systems also available with Our Best HOMART "600" basement furnace (shown below) at slightly higher prices. 275-gal. tank, fittings, outside fill and vent piping available for oil systems. Write Sears, Dept. 243.

Forced Hot-water Systems . . convector baseboard radiation

- Panels replace ordinary baseboard . . ring your home with warmth
- Choice of convector, radiant-fin or radiant baseboard . . can be painted to match room. No need for registers or bulky radiators
- Compact boiler fits easily in basement or utility room

You get head-to-toe comfort, attractive appearance, economical operation, and freedom from mechanical noises. Choice of baseboard panels, each only 10½ in. high: GOOD—Convector type, 3 in. deep . . about 5° F. temperature variance from floor to ceiling. BETTER—Radiant-fin type, 2 in. deep . . about 3° variance . . easier to clean. BEST—Radiant type, 2 in. deep . . only about 1° variance . . no slots or fins . . needs no more attention than ordinary wood baseboard.

Complete Systems include: Our Best HOMART "Series 600" boiler (below), circulating pump, round wall thermostat, automatic controls . . baseboard panels for 5 rooms and bath . . necessary piping, fittings . . 275-gal. tank, fittings (with oil systems). *Use coupon (facing page) or phone Sears for Free Estimate.*

GOOD: Gas System with Convector Baseboard Panels. ..... low as $525.00
GOOD: Oil System with Convector Baseboard Panels. ..... low as 689.95

For BETTER Oil or Gas Systems with Radiant-fin Baseboard Panels, add $30.00 to above prices. For BEST Systems with Radiant Baseboard Panels, add $80.00 to above prices. Write Sears, Department 243, for full information.

HOMART "600".. Our Best Furnaces, Boilers . . for gas or oil

Gas Furnace low as $249.95

Gas Boiler low as $229.50

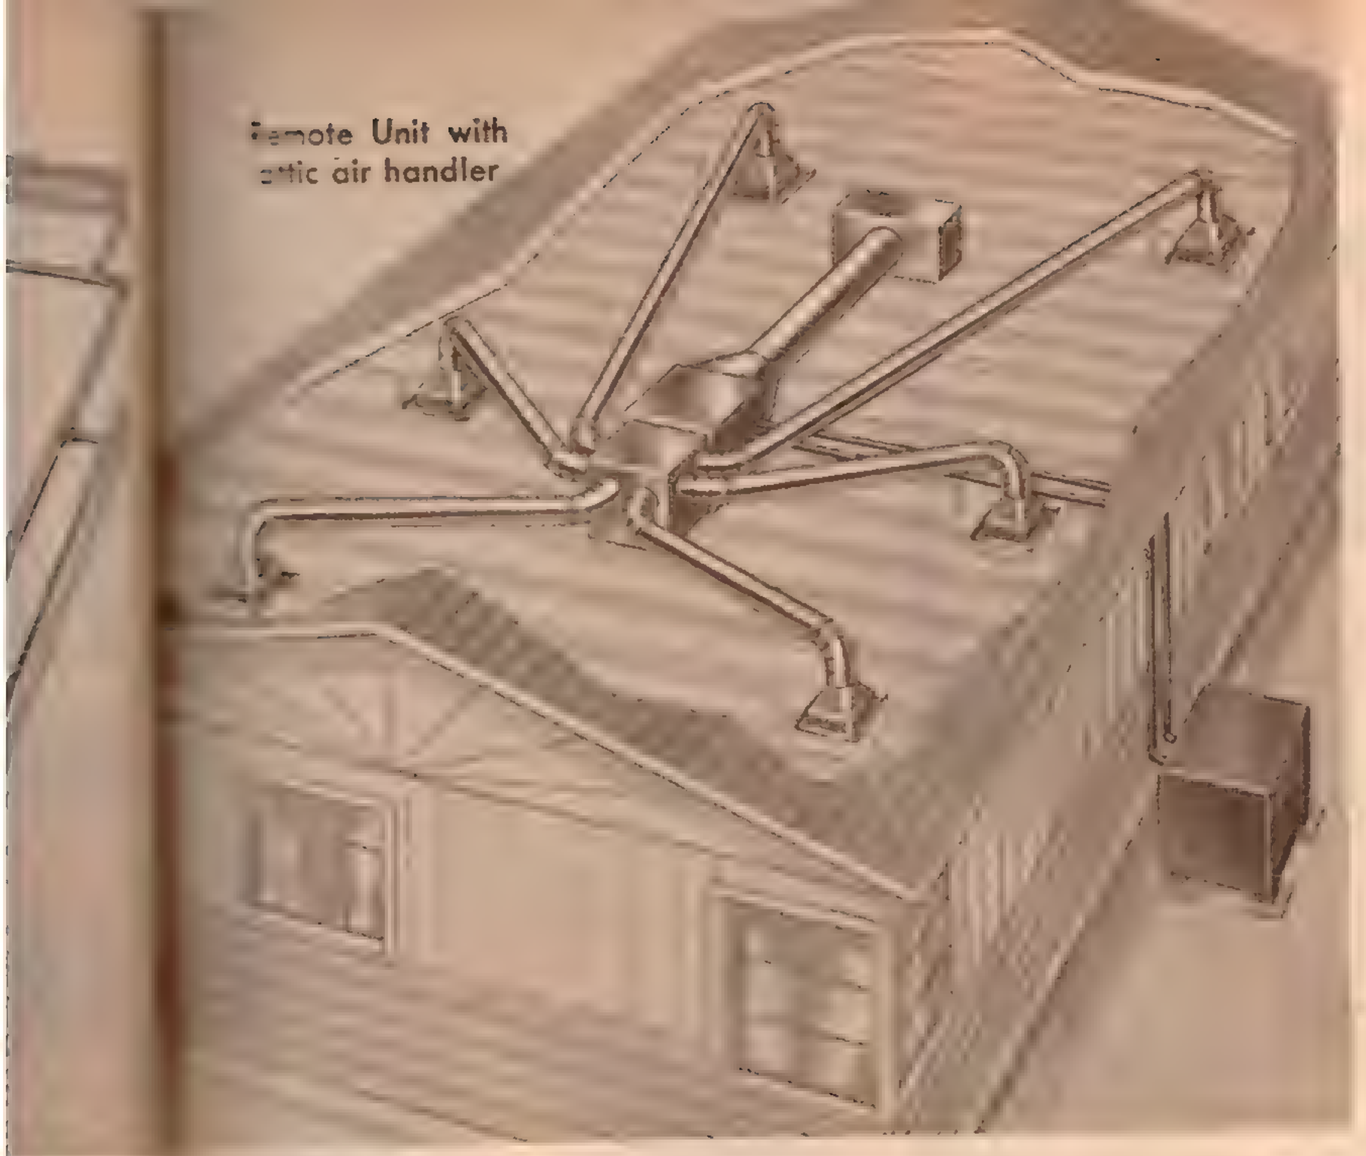
NOTE: *All 110-120-volt, 60-cycle AC (except gas steam boilers, which need no electricity). For models using other types of gas, horizontal and space-saver furnaces, plenum chambers write Sears, Dept. 243. See shipping note, facing page*



or Air-conditioning System

HOMART Complete Central Cooling Systems

Get ready for summer now . . no monthly payment until May 1, 1961

- Custom-designed for your home . . cools, cleans, dehumidifies air
- Sizes, styles for nearly every residential or small commercial need. For use with or without your present furnace and ductwork
- Compressor guaranteed for 5 years (see guarantee below)

Make your family's life happier, more comfortable . . increase the value of your home. We'll arrange installation . . or you can save labor costs by doing much of the installation work yourself. No water or cooling tower needed. Self-contained unit is pre-wired, sealed, factory-charged with cooling refrigerant . . needs no skilled refrigeration man to install. Remote unit needs skilled refrigeration man to install copper tubing and charge system with refrigeration.

Both types *UL listed*, can be added-on to most forced warm-air heating systems to give you year-around comfort . . or furnished with complete air-conditioning systems for homes without central warm-air heating (as shown above). Just set wall thermostat to maintain temperature you prefer. *Send for Free Estimate Blank (use coupon at right), or write Sears, Dept. 243, for prices.*

5-year Guarantee on Compressor

We will repair or replace at our option and install without cost to you, within a period of 5 years from purchase date, any central air-conditioning compressor if it proves defective in material or workmanship. Other air-conditioner parts carry a similar guarantee for a period of 1 year.

NO MONEY DOWN
Up to 3 years to pay
SEE MODERNIZING CREDIT PLAN ON PAGE 588

Let Sears Arrange for Installation

Sears does the job . . with all details handled to your satisfaction. We'll include all materials and labor in one easy term contract. Inquire at your Sears Catalog Sales Office.

Installing it yourself? We'll supply free aids

You can save up to 50% on labor alone by installing your HOMART Custom-designed Heating or Central Air-conditioning System yourself. We'll furnish Free Blueprints drawn for your job, plus Free illustrated 48-page Instruction Book that shows you step-by-step method of installation. If you need tools, Sears will lend them to you free of charge. Information supplied on Free Estimate Blank . . use coupon below.

Phone for FREE on-the-spot estimate at home

Trained help is as near as your telephone. All you have to do is phone your Sears Catalog Sales Office. Our Home Service Representative will call at your home to give you an on-the-spot estimate for any HOMART Heating or Central Air-conditioning System . . custom designed for your needs.

Prompt Shipment from Warehouses

To give you the fastest, most economical service, Sears ships direct from nearby warehouse stocks. Items on these two pages marked "W" (as W42A7652N3) from Chicago or Moline, Ill.; Detroit, Mich.; Milwaukee, Wis.; Indianapolis, Ind.; St. Louis, Mo.; Cleveland or Cincinnati, Ohio. "N" items (as W42A7477N2) by freight (rail or truck) or express.

Fits vertical plenum chamber. Pan 8 in. long. 5 evaporator plates, 5-ft. copper tubing, float, plate rack, instructions.

42 A 9367—Wt. 7 lbs..**$8.49**

Adjustable Humidifier (not shown). As above, but adjusts to fit sloping plenum chambers. Pan 12 inches long.

42 A 9368–Wt. 7 lbs...**$9.49**

42 A 9375–Set of 5 extra evaporator plates. Shipping weight 1 lb.....**$1.49**

Atomizing type . . Our Best

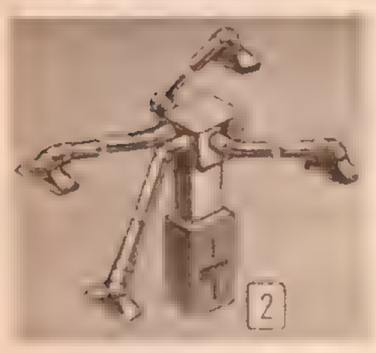
$44.95

Adds over 3 gallons of moisture per day to air in your home during heating season. Install in return air duct, connect to water supply and furnace fan control. Operates only when blower is on. Uses less electricity than a 60-watt lamp. Adjustable float valve. 110-120-volt, 60-cycle AC. With 5-ft. copper tubing, saddle valve, instructions for installation.

42 A 9369C—Shipping weight 11 lbs...**$44.95**

42 A 9169—Humidistat for above. Automatically controls correct humidity level at all times. 110-120-volt, 60-cycle AC. Wt. 1 lb.....**$7.95**

HOMART Wall Heaters for room heating



Install this Oil Wall Furnace or Complete Forced Warm-air System $139.95

manual furnace only

[1] **Furnace only.** Install on wood or concrete floor. Recess into wall . . extend into closet, utility area, or build into corner. 65,000 BTU output . . input adjusts to 80,000 BTU. Hinged front panel . . ivory color finish. Automatic blower, safety control, anti-flood device, draft regulator, vaporizing-type burner for No. 1 fuel oil. 110–120-volt, 60-cycle AC. *UL listed.* 25x52¾x26 in. deep. Fits wall opening 23x52 in. 6-in. smokepipe connection at top; must be connected to chimney. *See "How to choose correct size" below.*

W42 A 8244N2—Manual furnace, with hand-operated controls. No thermostat. Shipping weight 169 pounds. $139.95

W42 A 8245N2—Automatic furnace, with round wall-type thermostat (shown below at left). Shpg. wt. 170 lbs. $159.95

[2] **Complete Heating System.** You get furnace above—plus ductwork and accessories. Distributes warm air to as many as 5 rooms. Adjustable ceiling diffusers in each room. Easy to install . . pre-wired at factory . . duct lengths and parts easy to put together. *Outfit includes:* furnace, plenum chamber with direct-drive blower, 60 ft. of 6-in. duct (5-ft. lengths), 4 ceiling registers, duct insulation, connectors, elbows, tape, etc. for installation shown at left.

W42 A 8246N9—Manual system, with hand-operated controls. No thermostat. Shipping weight 326 pounds. $259.95

W42 A 8247N9—Automatic system, with round-wall-type thermostat (shown below at left). Shipping wt. 332 lbs. $279.95

See Shipping Note on opposite page

You get HOMART-HONEYWELL round wall thermostat with automatic oil wall furnace and system above, with gas wall heaters (5), (6) at right, and with gas floor furnace and automatic oil floor furnaces below.

GUARANTEE: We will repair or replace without charge, within 1 year of purchase date, any heater part defective in material or workmanship. We also guarantee the heat exchanger where indicated, as follows:

15-YEAR: If heat exchanger burns out or rusts out during following 14 years, we will replace it at 1/15th price of replacement heat exchanger for each full year heater has been in your possession.

10-YEAR: If heat exchanger burns out or rusts out during following 9 years, we will replace it at 1/10th price of replacement heat exchanger for each full year heater has been in your possession.

5-YEAR: If heat exchanger burns out or rusts out during following 4 years, we will replace it at 1/5th price of replacement heat exchanger for each full year heater has been in your possession.

How to choose correct size wall or floor heater

(1) Figure cu. ft. space to be heated. Multiply length x width x height of each room. Add results. (2) Outside design temperature is lowest normally recorded in your area. Select proper BTU factor from table, multiply by total cu. ft. to be heated. This is total BTU furnace input needed. (3) Choose heater with BTU input equal to or greater than total BTU input from Step 2.

Insulation: ***Maximum***—all walls, ceilings insulated, plus storm windows.
Average—uninsulated walls, ceilings; but weatherstripping or storm windows.
Minimum or no insulation—uninsulated walls, ceilings; no storm windows.

If local outside design temperatures are low as:	BTU Furnace Input needed per cubic foot for homes with: Maximum Insulation	Average Insulation	Minimum or no Insulation
−30°F.	10 BTU	16 BTU	21 BTU
−20°F.	9 BTU	14 BTU	19 BTU
−10°F.	8 BTU	12½ BTU	17 BTU
0°F.	7 BTU	11 BTU	15 BTU
+10°F.	6 BTU	9½ BTU	13 BTU

Gravity-type Automatic Gas Wall Heater Low as $59.95

[3] Built-in thermostat . . no forced-air blower. Recess into wall. Heat exchanger guaranteed 5 years (see at left). Beige finish. Single-wall models heat from front, dual-wall models from 2 registers, one on each side of wall. ½-in. gas connection. Needs no electrical connection. Must be vented, order vent kit below. *See heating size chart at left.*

HOMART 600 Automatic Softeners

Regenerate automatically . . just set and forget . . no valves to adjust

Low as $219.95

Gives you a continuous supply of crystal-clear water at all times. Water service is never interrupted during regeneration. Automatic by-pass brings fresh water at every faucet as softener quietly backwashes, brines, slow rinses then fast rinses itself—full 5-cycle operation . . not just 2 to 4 cycles.

You can increase or reduce soft water requirement with family needs. Automatic electric memory control gives you 14 choices of capacity . . just set it and forget it.

Softening ability never wears out . . salt reactivates it. High capacity resin mineral—installed in the tank at the factory. Its triple action filters, removes iron, rust and softens water . . lasts indefinitely with normal usage.

Saves you salt. Pressure brine system eliminates over-flowing common to open systems. Automatic brine flow control assures the exact amount of brine for each regeneration to restore resin to full softening capacity. Automatic light on top of control glows red when salt tank requires refilling.

Matches your other appliances. 38 in. high, 17 in. deep, 14 in. wide. Heavy-gauge steel cabinet finished inside and out with white baked-on enamel. Control panel easy to get at by lifting hinged cover. Corrosion-resisting softener tank protected with "Armor-clad" lining on inside and outside for long service. Fiberglas insulation prevents sweating.

Adjustable legs make installation possible if floor is uneven. Salt-storage tank can be installed up to 50 ft. away from softener. ¾-inch water pipe connections. For 110-120-volt, 60-cycle AC. Read 10-year guarantee, shipping note below.

W42 A 3287N2—Cabinet Water Softener with 400-lb. salt-storage tank. Salt tank about 18x45 in. high. Shpg. wt. 327 lbs.....$234.95

W42 A 3292N2—Cabinet Water Softener with 200-lb. salt-storage tank. Salt tank about 12x45 in. high. Shpg. wt. 224 lbs.....$219.95

Salt tank included with softener. Install next to softener or up to 50 ft. away. Pressure tested at 187½ lbs. Special rust resisting coating

Automatic model..no cabinet

Low as $178.95

Gives you filtered, iron-free, soft water for every household use. Laundry, bathing, dishes, shampooing, house cleaning. Has all the outstanding features of cabinet model except without exterior cabinet and insulation. Automatic salt indicator operates mechanically to show when salt tank needs filling. White baked-on enamel finish. Compact size . . over-all dimensions 14x37 inches high.

W42 A 3296N2—Automatic Softener with 400-lb. salt-storage tank. Shipping weight 295 lbs.....$198.95

W42 A 3291N2—Automatic Softener with 200-lb. salt-storage tank. Shipping weight 192 lbs.....$178.95

HOMART Softeners carry seal of the Water Conditioning Foundation. Your assurance they meet or exceed Industry Standard for household softeners

Series 200 Manual-operating Water Softener

Low as $112.95

High capacity resin is factory installed . . gives you rain-soft, rust-free filtered water. Single-lever brass control is located at convenient height for easy operation. Takes care of backwashing, brining and rinsing . . everything that has to be done for complete regeneration of softener to its full efficiency. Copper pipe and fittings won't rust or corrode.

Heavy gauge steel tank coated inside and out with "Armor-clad" corrosion-resistant lining, outside finished in white appliance enamel. Large top opening for easy salt filling. Has large plastic cap.

Soft water test set, plastic funnel, operating and installation instructions. Ready for installation. 3 leveling legs. ¾-inch water pipe connections. Read 10-year guarantee and shipping note below.

W42 A 3283N—*State grain capacity.*

50,000-grain capacity. 12x45 in. Shpg. wt. 190 lbs.....$112.95
70,000-grain capacity. 14x45 in. Shpg. wt. 238 lbs.....139.95
90,000-grain capacity. 16x45 in. Shpg. wt. 307 lbs.....174.95
120,000-grain capacity. 18x45 in. Shpg. wt. 383 lbs.....234.95

Series 400 Semi-automatic Water Softener

Low as $147.95

You get the same rust-resisting steel tank with "Armor-clad" lining and factory installed high capacity resin as manual operating model plus these outstanding features that save you time and effort in getting soft water.

Automatic rinse timer. Completes regeneration cycle and returns softener to service—only 15 minutes of your time is required to completely regenerate softener.

Automatic rinse flow rate. Once adjusted it assures efficient use of salt to restore resin to full capacity . . keeps mineral bed free . . gives you greater softening capacity than the same size tank manual operating model.

Three leveling legs make installation easy if floor is uneven. Plastic salt funnel, soft water test set, operating and installation instructions. ¾-inch water pipe connections. Read 10-year guarantee, shipping note below.

W42 A 3284N—*State grain capacity.*

95,000-grain capacity. 16x45 in. Shpg. wt. 328 lbs.....209.95

Installation Kits

Install water softener yourself. Easy to do without any experience or special tools. All you need is a hand screw driver and wrench.

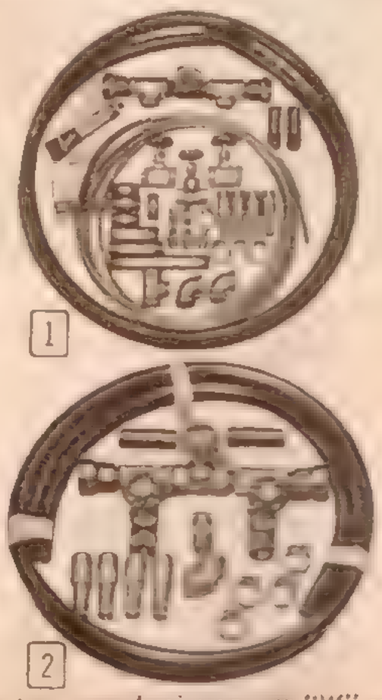
Kits include all the necessary pipe, pipe fittings and brass valves to make a complete installation. Easy-to follow instructions included.

1 Kit for installing HOMART Automatic Softeners. Includes enough plastic tubing to install softener 20 to 25 feet away from salt tank.

W42 A 1594—Shpg. wt. 10 lbs.....$24.95

2 Kit for installing HOMART Manual and Semi-automatic Softeners.

W42 A 1593—Shpg. wt. 12 lbs.....$17.50



How to select size

Water softeners should have sufficient capacity to supply soft water for approximately 2 to 3 weeks between regenerations.

To figure capacity you must know grain hardness of water. Get this figure from your local water department or from our analysis.

Multiply grain hardness figure by number of people in family (including children and counting automatic washer as one person).

Then multiply this result by 490 if soft water is not used for toilets or by 770 if soft water is to be used in toilets. The resulting figure will be grain capacity of water softener you'll need.

Get Free Water Analysis

All water contains variable amounts of different minerals such as calcium, iron and magnesium. These cause hardness or red rusty water. Some water has a low pH which means it is acid in nature and very corrosive.

Water from a private well must be tested to determine hardness, iron, etc. Sears laboratory will make this test free and recommend equipment best suited for your home. Write Sears, Dept. 243 for free water sample mailing kit 42 A 3298. If water is supplied by city or town, the local water department will give you the information.

Softeners Guaranteed 10 years

New water softener free if tank or internal part fails in 5 years. If failure occurs during last 5 years, get a new unit at current price, less 1/120 credit for each month left on guarantee.

SHIPPING NOTE: Catalog numbers on these two pages beginning with "W" sent from Chicago or Moline, Ill.; Detroit, Mich.; Milwaukee, Wis.; Indianapolis, Ind.; St. Louis, Mo.; Cleveland or Cincinnati, Ohio. Catalog numbers with "N" (as W42 A 3283N) sent by truck (or truck) or express. See page 623 for details

ELECTRIC

HOMART Oil Water Heaters

(1) 30-gallon **$229.95** (2) 30-gallon **$114.95**

[1] Saves you fuel. Gun-type atomizing burner assures you of correct air-fuel mixture at all times . . turbo-flue baffles prevent heat loss through chimney, 2-in. fiber glass keeps heat in. Reheats water fast. Perfect for motels, large apartments—recovers 90 gallons per hour at 100° rise. Use low cost No. 1 or 2 fuel oil.

White enamel jacket, gray top, base. Complete with controls—aquastat, oil burner primary and nozzle. Drain valve. Glass-lined tank. 127½ lbs. working pressure. ¾-in. water pipe, 6-in. vent pipe connections. *UL listed burner.* For 110–120-volt, 60-cycle AC.

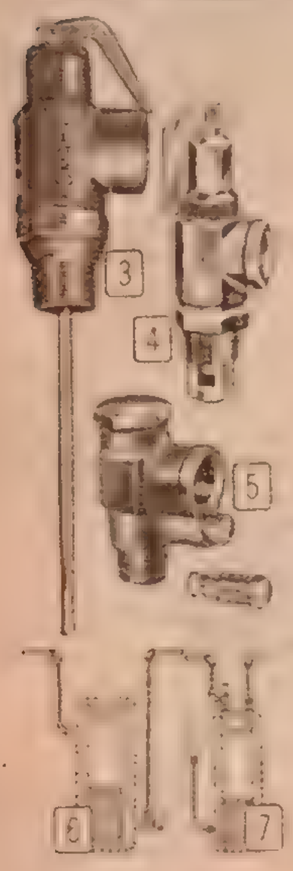
5-year Guarantee: New heater free if failure occurs 1st year. If tank fails following 4 years, you get new tank at current prices, less 1/60th credit for each unused month. For residential use up to 3 flats. *1-year Guarantee* against defects in materials and workmanship. Defective heaters repaired or replaced. For commercial use or over 3 flats.

W42 A 3499N2—*State gallon size. Shipping weights 370 lbs., 490 lbs.*
30-gallon, 20x58 inches.....$229.95 50-gallon 24x58 inches.....$269.95

[2] Can deliver as much as 200 gallons of piping hot water on each and every gallon of fuel. Burns low cost No. 1 fuel oil or kerosene. Pot-type vaporizing burner. Reheats 26.7 gallons per hour at 100° rise. Dial control lets you adjust water temperature from 120° to 155°. Automatic thermostat has safety valve that shuts off oil flow if pilot flame goes out.

Guaranteed 1 year against defects in materials and workmanship. Defective heaters repaired or replaced. White enamel jacket, gray top and base. Thick glass-wool insulation on top; dead air space on sides. Barometric draft control, drain valve incl. Galvanized tank. Connections for ¼-in. oil, ¾-in. water, 6-in. smokepipe. 127½ lbs. working pressure.

W42 A 3498N2—30-gallon capacity. 18¼x54¾ in. high. Wt. 225 lbs. . .$114.95



Safety Relief Valves . . Water Heater Installation Kits

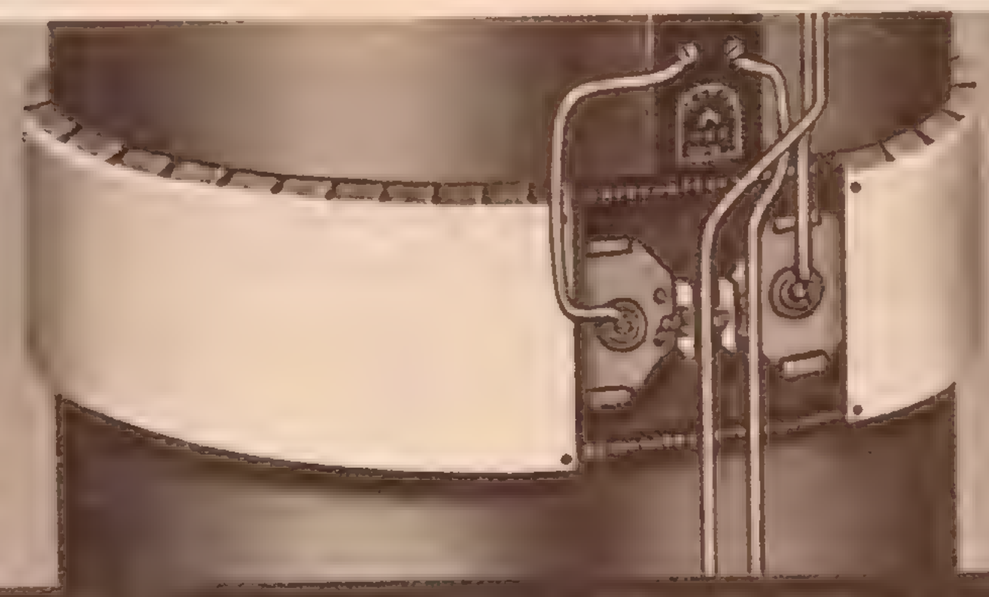
..glass-lined Water Heaters

Get plenty of hot water whenever you want it



Wrap-around element heats fast . . saves electricity, too!

Twin heat belt elements, one on top and bottom, hug tank. Cover 8 times more heating area than immersion elements . . entire tank can be withdrawn at one time and replaced faster because heat . . both direct and reflected is absorbed by water.

THE "600" . . OUR BEST

Can outlast 3 galvanized heater tanks

Super-life glass lining is permanently fused to steel tank—proved over 20 years of research and experience. Tank won't rust or corrode no matter where you live. So durable we guarantee it 25% to 50% longer than our other electric models

Keeps water hot for hours

2½-inch thick Fiberglas insulation covers tank. Won't settle to expose tank. Keeps heat inside where it belongs, outer surface cool. Built-in diffuser prevents mixing of heated water

Easy to install . . no flue connection

No vent required to restrict location. Place next to washer, bathroom, sink . . eliminate long, wasteful pipe runs. Leveling screws (on upright) for rigid installation on uneven floors

Upright Model $94.95 30 gal.

Easy to read and set Thermo-dial lets you adjust temperature from 120° to 180° without bending—safely out of children's reach! You get added safety, too—built-in high-limit control cuts off current if water gets too hot.

Neater installation. Built-in electrical box eliminates need for bulky, dust-catching junction box. Attractive picture-frame styling stays trim and new looking for years. Bonderized steel jacket is finished in gleaming baked-on white and light blue. Gold-color trim.

Underwriters' Laboratories Listed. For 220–240-volt, 60-cycle AC. Pressures: 300 lbs. test, 127½ lbs. working. ¾-inch water pipe connections.

Back-splash. Porcelain-enamel finish. 4 inches wide. Easy to install on above cabinet heater.
W42 A 3639—Shpg. wt. 4 lbs. $4.49

HOW TO SELECT SIZE

Number people using hot water	Standard or Maximum heating elements	Super-speed or High-watt heating elements
[illegible] persons	30 to 50 gallon	40 gallon
[illegible] persons	50 to 80 gallon	40 to 50 gallon
[illegible] persons	80 gallon	50 to 66 gallon

Power companies usually specify the minimum size for electric water heaters; their specifications should be observed. If you use an automatic clothes washer, order a 66 or 80-gallon size, or a water heater equipped with super-speed (high-watt) heating elements. Or check the size water heater recommended by the manufacturer of your washing machine.

PROMPT SHIPMENT FROM NEARBY WAREHOUSES

To give you the fastest, most economical service, Sears ships direct from warehouse stocks

Your new water heater will be sent from Chicago or Moline, Ill.; Detroit, Mich.; Milwaukee, Wis.; Indianapolis, Ind.; St. Louis, Mo.; Cleveland or Cincinnati, Ohio by freight (rail, truck) or express.

Water Heater Guarantees

15-year Tank: New water heater FREE if tank fails within 7½ years. The following 7½ years, you get a new heater at current prices, less 1/180th credit for each month left on guarantee. This is the longest and strongest guarantee we know of. Applies to HOMART "600."

12-year Tank: New water heater FREE if tank fails within 6 years. The following 6 years, you get a new heater at current prices, less 1/144th credit for each month left on guarantee. Applies to HOMART "400."

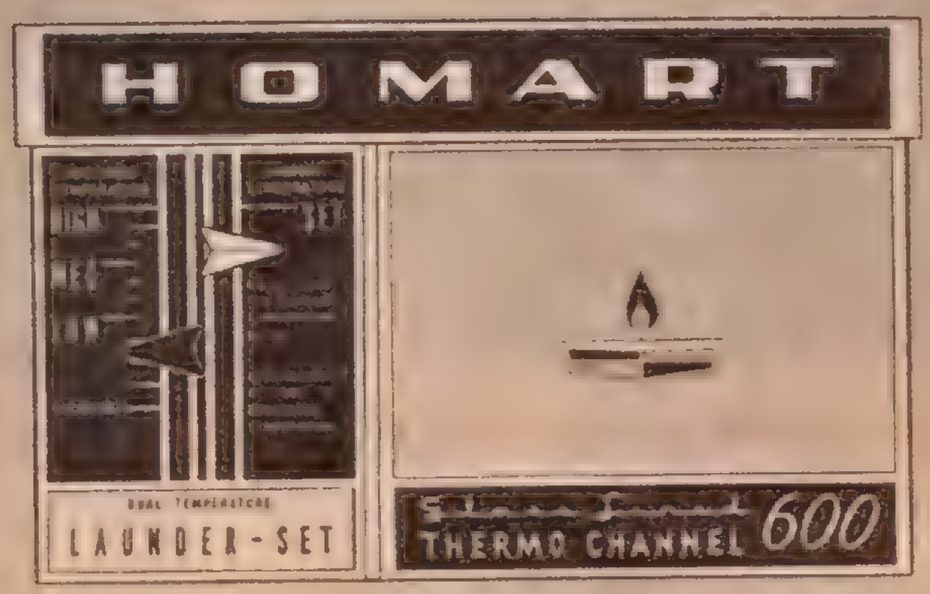
10-year Tank: New heater FREE if tank fails within 5 years. If tank fails the following 5 years, you get a new heater paying 75% of current price between 5 and 6 years plus 5% for each following year. Applies to HONOR-BILT models.

NOTE: Items with "N" (as 42A3136N) freight (rail or truck) or express. Numbers beginning with "W" from Chicago or Moline, Ill.; Detroit, Mich.; Milwaukee, Wis.; Indianapolis, Ind.; St. Louis, Mo.; Cleveland or Cincinnati, Ohio

D ..glass-lined Water Heaters

On washdays get laundry-hot water by the bankful

Raise LAUNDER-SET Control to get a steady supply of hot water for all your needs . . returns heater to normal temperature automatically . . no re-setting



Tank Guaranteed 15 years

OUR BEST..THE HOMART "600"

Heats 10% to 20% faster than our other gas models

$97.95 30-gallon tank size

End washday setting and re-setting

Save time, save steps. Launder-set control boosts water to an extra hot 165° for all your laundering needs . . then returns heater to your pre-selected temperature automatically.

Saves gas . . pays for itself over the years

Wrap-around flue (Sears exclusive Thermo-channel) hugs the tank. Cover 38% more heating area than center flue heaters. Slows flue gases so heat is absorbed by water, less goes up chimney.

Hoards heat . . gives uniform water temperature

Double thick (2-inch) Fiberglas insulation covers tank. Won't settle or pack down to expose tank. Holds heat inside water, keeps outer jacket cool.

Stays new looking for years. Easy to clean gleaming baked-on enamel finish. White and light blue with gold-color trim. *A.G.A. approved.* 100% safety pilot cut-off. Thermo-slide lets you adjust temperature from 90° to 170°. Drain valve, draft diverter.

Lasts longer . . can outlive 3 galvanized tanks

Super-life glass-lining is permanently fused to steel tank—result of over 20 years research and experience. Won't rust or corrode. Guaranteed 25% to 50% longer than our other gas models.

Gives more capacity by heating water faster

Reheating rate of 30-gallon equals that of many other 40-gallon heaters. Mono-port burner with stainless-steel flame spreader makes the entire tank bottom a heating surface.

Easy to install . . even in low-ceiling rooms

Draft diverter in rear allows extra clearance for easy hook-up of vent pipe. Leveling screws built into base for installation on uneven floors.

Height of heater is measured to top of jacket, vent-pipe connection is lower for easy installation. 3-in. vent on 30-gal., (4 in. on other sizes) . . order smoke pipe to connect to chimney . . see index. ½-in. gas, ¾-in. water connections. 127½ lbs. working pressure.

State gallon size. *See size chart on facing page. Be sure to install a relief valve . . order from page 994*

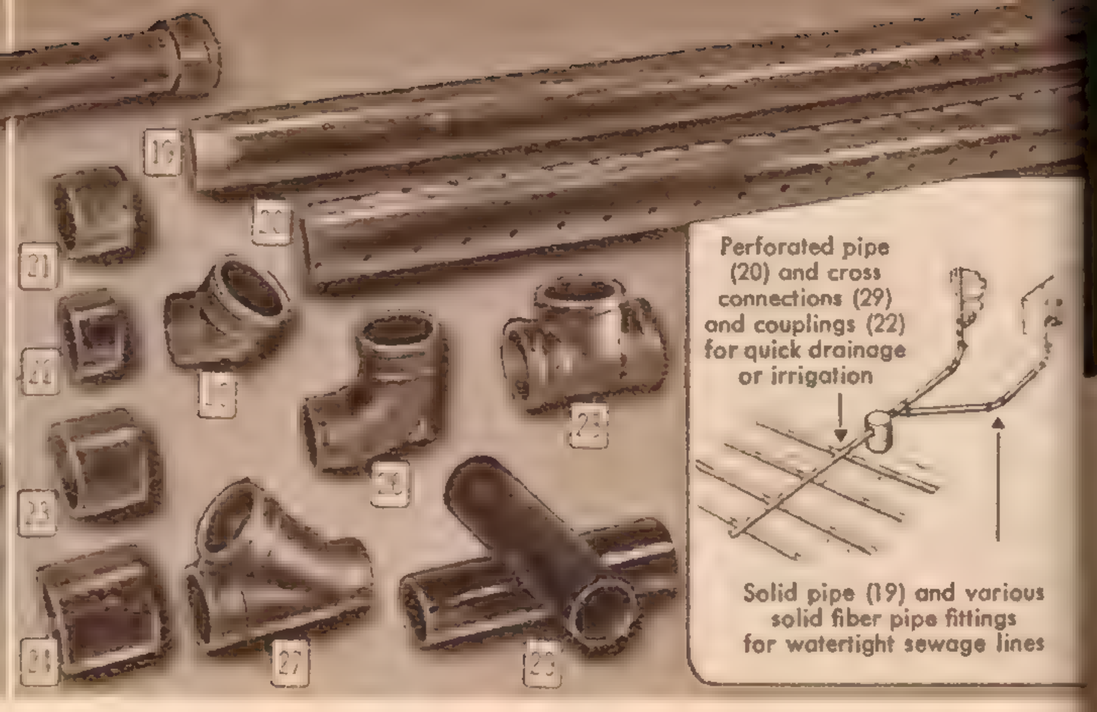
Alert Toilet Valve
$2.29



HOMART Cast-iron Soil Pipe lasts a lifetime!

Service weight. Resists crushing power of heavy traffic and soil settlements without cracking. Low friction loss. Resilient water-tight, root-proof joints made with oakum and lead (or lead seal). Order below. Wet earth won't cause softening, distortion or loosening of these joints. Use above or below ground, inside or outside building for soil stacks, sewer lines, vents, etc.

Sold only in 5-foot lengths . . cuts with cold chisel and hammer—double hub pipe makes two shorter usable pieces. Check local code requirements for soil pipe and fittings.

1 Catalog Number	Inside Diameter	Shpg. wt.	Per Length

Fiber Pipe you can use underground

Impregnated with hard coal tar pitch. Tough. Resists all greases, acids, alka salts, oil sewer gases. Won't rot, rust, corrode. Withstands soil settlement without rupturing or cracking when properly installed. Easy to handle and install. Cut or drill with woodworking tools. Check city or county code requirements.

(19) Solid 4-inch Fiber Pipe: For tight house-to-sewer or house-to-septic tank lines, downspout drains, etc. Also sub-irrigation conductor and other non-pressure uses outside the house. 2° taper both ends, designed for rootproof, self-sealing joint. When connecting 2 tapered ends, use coupling (21) . . no caulking. When joining other pipe (cast iron, etc.), or two cut ends, use adapter (23) and caulk joint. Sleeve (24) joins 2 cut ends . . and caulk! Random lengths of 7, 7½, 8 feet.

(20) Perforated 4-inch Fiber Pipe: For septic tank disposal fields, footing drains, sub-surface field drainage of farmlands, golf courses, subsoil irrigation. Use in place of dry wells for down spout drains. Random lengths of 7, 7½, and 8 feet.

19 **Solid Fiber Pipe.** Solid coupling included with each full length.
W42 A 1336N—Shpg. wt. foot 3 lbs..Per foot 38c

20 **Perforated Fiber Pipe.** Snap coupling included with each full length.
W42 A 1337N–Shpg. wt. ft. 2 lbs. 8 oz. Per foot 27c

21 **Solid Coupling.** Joins tapered ends of (19).
W42 A 1320—Shpg. wt. 1 lb. 4 oz..... 31c

22 **Snap Coupling.** Slips onto pipe (20).
W42 A 1321—Shipping weight 12 ounces..15c

23 **Adapter.** Join taper end of pipe (19) to soil pipe or cut end to taper end.
W42 A 1325—Shipping weight 2 pounds.....85c

24 **Joining Sleeves.** Joins 2 cut (untooled) ends; or cut end to soil pipe.
W42 A 1377—Shpg. wt. 3 lbs. 8 oz.....59c

Items (25) thru (28) are drive type fittings. Provide self-sealing, leakproof joints. Simply use wood block and tap lightly with hammer. No caulking required.

Carefree HOMART Plastic Wall Tile Stays new looking

FREE Wall Tile Planner and Estimating Blank. Write for Planner 6265A

Decorator styled—its colors stay sparkling bright and beautiful through the years. Dust, dirt, moisture, grease can't penetrate its surface. Not affected by alkalies or common household acids. Protects bathroom, kitchen from permanent smudges, fingerprints. Makes walls really washable—stains wipe off with just the swish of a damp cloth. No more yearly redecorating, no more peeling paint or cracking plaster. Will add new charm to your home, help increase its value. Molded from virgin polystyrene throughout—no re-used plastics to weaken structural strength or mar its beauty. Squared corners, beveled edges for rich, deep shadow lines. Install easily on any solid surface, not on soft materials. Cement won't show through. Full instructions.

Translucent Alabaster Pastel Tile

47c per sq. ft.

1 **Our finest**—a premium grade, almost twice as thick (.110 in.) as FHA standards. Extra thickness, weight and translucency create depth of color and pattern unmatched *in any other wall covering.* Sloping-edge contours—more accentuated shadow lines. Longer tile life. Dawn gray, lt. Mint green, Frosty pink, Sunshine yellow. Parchment beige, Capri blue.

Full Tiles. 4¼x4¼ in. Carton of 40 covers 5 sq. ft. of wall. *State color.*

64 A 7640—Shpg. wt. 3 lbs. 8 oz.....$2.35

5 **Half Tiles** (shown below). 2⅛x4¼ in. Carton of 28 (10 lineal ft.). *State color.*

64 A 7641—Shpg. wt. 2 lbs.....$1.70

6 **Feature Strips** (shown below). Order at right. Order marbleized design or plain tile for colorful contrast.

Soft Pearl, Marbleized or Plain Patterns . . meet FHA requirements

36c per sq. ft.

2 **Soft Pearl Pattern.** A delicately shaded design with a soft glowing luster that adds sparkling, colorful beauty to any room. Meets National Bureau of Standards specifications (CS-168-50) for color-fastness, thickness, uniformity, workmanship and heat resistance. Minimum thickness .062 inch for lasting durability.

Colors: ice blue, Dawn gray, Shell pink, Sunshine yellow or light Sage green.

Full Tiles. 4¼x4¼ inch. Carton of 40 covers 5 square feet of wall. *State color.*

64 A 7630—Shpg. wt. 2 lbs.....$1.80

5 **Half Tiles** (shown below). 2⅛x4¼ inch. Carton of 28 (10 lineal feet). *State color.*

64 A 7631—Shpg. wt. 1 lb.....$1.10

6 **Feature Strips** (shown below). Order at right. Order marbleized design or plain tile for effective contrast.

3 **Marbleized**—same quality as (2). *State* Frosty pink, Horizon blue, Mint green, Sunshine yellow, Spice beige or Dawn gray.

Full Tiles. Carton of 40 covers 5 sq. ft.

64 A 7610—4¼x4¼ in. Shpg. wt. 2 lbs.....$1.49

5 **Half Tiles.** 2⅛x4¼ inch. Carton of 28 covers 10 lineal feet. *State color.*

64 A 7611—Shpg. wt. 1 lb.....94c

6 **Feature Strips.** ⅝x4¼ in. Carton of 28 (10 lineal ft.). *State color* Dawn gray, Sunshine yellow, Parchment brown, Charcoal gray, Frosty pink, Tuscan wine.

64 A 7612—Shpg. wt. 5 oz.....55c

Plain Tile. Same quality, sizes as above. Full tile Eggshell white only. Half tile, Feature Strip in black or Eggshell white.

HOMART "Coronation" Vinyl Tile

The timeless beauty of marble at a fraction of its cost!

Less than 56c each, in carton lots

Our finest vinyl floor tile ever—created specifically for those who want the very best. Incomparably beautiful, with a delicate *translucent* quality never before achieved in vinyl.

Looks the way you've always wished that marble would. Colors and patterns go all the way through. Tile stays beautiful and new-looking throughout its long, long life.

Each tile 9x9 in., .080 in. thick. Factory-rolled, pressed and polished to a superb luster. Meets or exceeds Federal specifications F-F-00450.

Recommended for above-grade wood or suspended concrete floors only. *Not for use on or below grade.*

Easily installed, using special adhesive sold below. Full instructions. Carton covers 54 sq. ft. Freight (rail or truck) or express.

Solid Rubber and Plastic Tile cuts noise, cushions footsteps

Resilient rubber muffles footsteps, lessens foot fatigue. Resists permanent denting. Plastic is added to give tile longer wear, richer coloring, better gloss, easier cleaning, greater resistance to grease and stains. Dirt and moisture can't cling to its surface. Tile meets FHA standards. Meets or exceeds Federal Specifications ZZ-t-301A.

Recommended for any above-grade wood or suspended concrete floor (using Rubber Tile Cement); also for on-grade concrete (using On-grade Cement). *Do not install below grade.* Full instructions. Tile shipped freight (rail or truck) or express.

Let Sears help you plan your tile floor

For FREE Planner 6507A, write Sears Dept. 139 or visit your nearest Sears Catalog Sales Office. It shows the many distinctive floor designs you can create by intermixing two or more colors of tile.

See ACTUAL SAMPLES of HOMART Floor Tiles at any Sears Catalog Sales Office (pages 618-619).

All tiles are made to highest quality standards and tested in Sears own laboratory to assure you of the very finest in materials and workmanship.

Colors won't wear off . . last as long as tile! Pattern and colors go all the way through, except on terrazzo and cork-design vinyl-asbestos and asphalt tiles (due to nature of pattern).

Amazingly easy to maintain! Sears laboratory tests prove that HOMART tiles (especially vinyl and vinyl-asbestos) actually improve in gloss with simple washing and buffing. Waxing tiles will make them brighter yet. *We recommend that you use only Maid of Honor Self-Polishing Wax to avoid risk of damaging tiles. See index.*

Exceptionally easy to install. Handy 9x9-in. tile size makes handling and fitting easy, even in rooms of irregular shape. Full instructions.

IMPORTANT: Use only the tile cement we recommend for each type of tile. Any other may ruin your tile job. Check cement coverage carefully . . *it may vary according to type of tile it's used with.*

How to estimate tiles needed

Divide room width in inches by 9. If result is not a whole number, raise it to next higher whole number. Do the same for room length. Multiply both results for number of tiles needed.

Example: If width is 187 in., divide by 9 to get 20.8. Raise this to 21. If length is 260 in., divide by 9 to get 28.9. Raise this to 29. Multiply 21 by 29. Result is 609 tiles. Figure offsets separately. Add a few extra tiles for waste.

For accurate color match, order all tiles you need at one time. Color lots may vary. *Before ordering, read "How to Prepare Floors" (page 1018).*

Be sure to check your floor type

Above Grade: Any floor suspended over full or partial basement or over crawl space and at least 18 in. above ground level. Use any of the 5 types of tile listed on these two pages.

On Grade: Any floor at ground level, such as concrete floor resting directly on or within 18 in. of ground. Use any tile listed (except "Coronation" Vinyl) *with suitable cement as recommended.*

Below Grade: Any floor laid below ground level and resting on earth (such as concrete basement floor). Use only Asphalt or Vinyl-Asbestos tile below grade, *not Vinyl, Rubber-Plastic or Oak.*

NOTE: Don't use Floor Tiles over radiant-heated floors

HOMART Natural Vermont

Slate Flooring

defies wear and the weather . . as permanent as your home itself!

Less than **99¾c** square foot

The perfect floor for vestibule, entranceway, breezeway, terrace, porch or patio floors. Lovely natural slate colors go all the way through, won't fade. Warm, rich hues of green, red and purple combine with subtle grays and blacks to create a floor of real charm.

Fireproof, non-skid surface is as durable as it is beautiful. It won't expand, contract or crack *even under severest weather conditions.* One of nature's least absorbent products . . won't stain, easy to clean. Every tile ground to uniform ¼-in. thickness. Easily installed over any structurally sound wood, cement or composition floor—indoors or out. Once installed, it should last the life of your house!

Carton of Slate contains 23 pieces in sizes ranging from 3x6-in. to 12x12-in. Includes assorted green, red, purple, mottled gray and black colors to make up an attractive 10-sq. ft. random-design pattern (⅜-in. grouting). With instructions and floor pattern. Shpg. wt. 40 lbs.
64A7400N—Freight (rail or truck) or express.....Carton 10 sq. ft. **$9.97**

See HOMART Floor Tiles on pages 1016-1017

Here's how to prepare any floor for HOMART floor tiles—sold on pages 1016-1017

Over wood floor one board thick. Don't apply tile directly over this floor. Board movement may cause damage. Heavy ¾-in. thick exterior-type plywood (64A8614N on page 1038) should be used to insure against delamination or warping. Use 2⅜-inch cement-coated sinker nails (see index).

Over double wood floor. If floor is clean and smooth, tile can be installed over a layer of felt, (6) above. If floor is not level, use ⅜-in. exterior-type plywood or hardboard underlayment listed on facing page. Do not use felt over plywood or underlayment. We recommend ⅜-in. exterior-type underlayment for use over very rough floors.

Over suspended concrete (not in contact with ground), you can install any type of tile. Floor should be clean with no ridges. Use latex-type concrete patch, (4) above, for repairs. Use felt, (6) above, under rubber-plastic or vinyl tile.

Over on-grade concrete (in contact with ground... use on-grade cement, (2) above, to install rubber... plastic or solid vinyl tile. To install asphalt o... vinyl-asbestos tile to any concrete floor on, belo... or above grade, use asphalt tile cement, (3) abov... Floor must be clean with no ridges, cracks o... holes. If necessary, repair with concrete patch. (4... above. **Note:** We do not recommend installin... floor tile over radiant-heated floors.

NO MONEY DOWN . . Up to 3 Years to Pay on Modernizing Credit Plan See page 588

HOMART Oak Flooring—naturally beautiful!

finished and waxed at the factory . . no further finishing needed!

Less than **38c** square foot in bundle lots (⅜x2-in. size)

(Less than **31½c** board foot)

—as little as $47.20 buys all the oak flooring for a 10x12 ft. room! Not a veneer, not a wood—but *genuine, solid oak from top to bottom . . . for generations.* Color-stained in lustrous brown to bring out all the rich, natural beauty of grain for which oak is famous.

Completely sanded, stained, waxed and polished at factory. No messy sanding, staining, varnishing or waxing for you to do. Once you've driven the nails, your floor is finished, *completely finished and ready to use at once!* Scratch and moisture-resistant. Easy to keep sparkling clean.

It is strong, easy to maintain and has excellent resistance to wear and tear, age, sunlight and temperature changes. And, because an oak floor is resilient, it gives restful comfort underfoot.

How to Estimate: Multiply room width by room length in feet to get square-foot area. Add 5% for waste. Divide by coverage per bundle.

SHIPPING NOTE: Shipped freight (rail or truck) or express from mail order house or from factory at Williamsburg, Pa., as indicated for each item.

[1] **Alternate-width 25/32-inch Flooring.** Alternate 2¼-in. and 3¼-in. widths create an interesting, informal floor. For use over single-thickness subfloors, as in room additions, attics, etc. 27-board-foot bundle covers 20 sq. ft. Nails included.
64 A 8032—From M. O. house. Wt. 54 lbs. . . . . Bundle **$10.95**

[2] **⅜x2-in. Flooring** to resurface old floors. Use directly over old floor. Nails included. Nail positions marked. 30-bd. ft. bundle covers 25 sq. ft.
64 A 8025N—From M.O. house. Wt. 35 lbs. . . . . Bundle **$9.44**

[3] **25/32x2¼-in. Flooring** for use over single-thick subfloor in room additions, etc. Nails not included. 24-bd. ft. bundle covers 18 sq. ft.
64 A 8027N—From M.O. house. Wt. 48 lbs. . . . . Bundle **$9.47**

Nailing Kit for any ⅜-in. flooring. Shields floor from hammer blows, holds nails at correct angle. Includes nailing plate, nailing set, concealing putty.
64 A 8045—Shipping weight 1 pound. **$2.50**

HOMART Underlayment makes carpets, floor tile, linoleum last longer

Uniformly thick panels lie flat and smooth without buckling. They cover uneven floors and bumps in floor to give a smooth, flat surface that protects floor coverings against cracking and breaking. Underlayment also gives additional heat insulation to floor, cuts noise transmission to areas below floor. Shipped freight (rail or truck) or express from mail order house or warehouses at Cleveland, Cincinnati, Detroit, St. Louis, Indianapolis or Milwaukee. Nails not included; order separately. Allow postage from mail order house on nails ordered separately.

Hardboard about ¼ in. thick

Low as **10¼c** square foot

[4] **Big 4x3-foot panels go down quickly and need no sanding.** Made of wood fibers bonded together under heat and pressure, these low-cost panels are actually wood made better! Hard-surfaced, satin-smooth panels resist cracking and chipping. Sanded to an exact .215-in. thickness all over-all. Shpg. wt. 14 lbs.

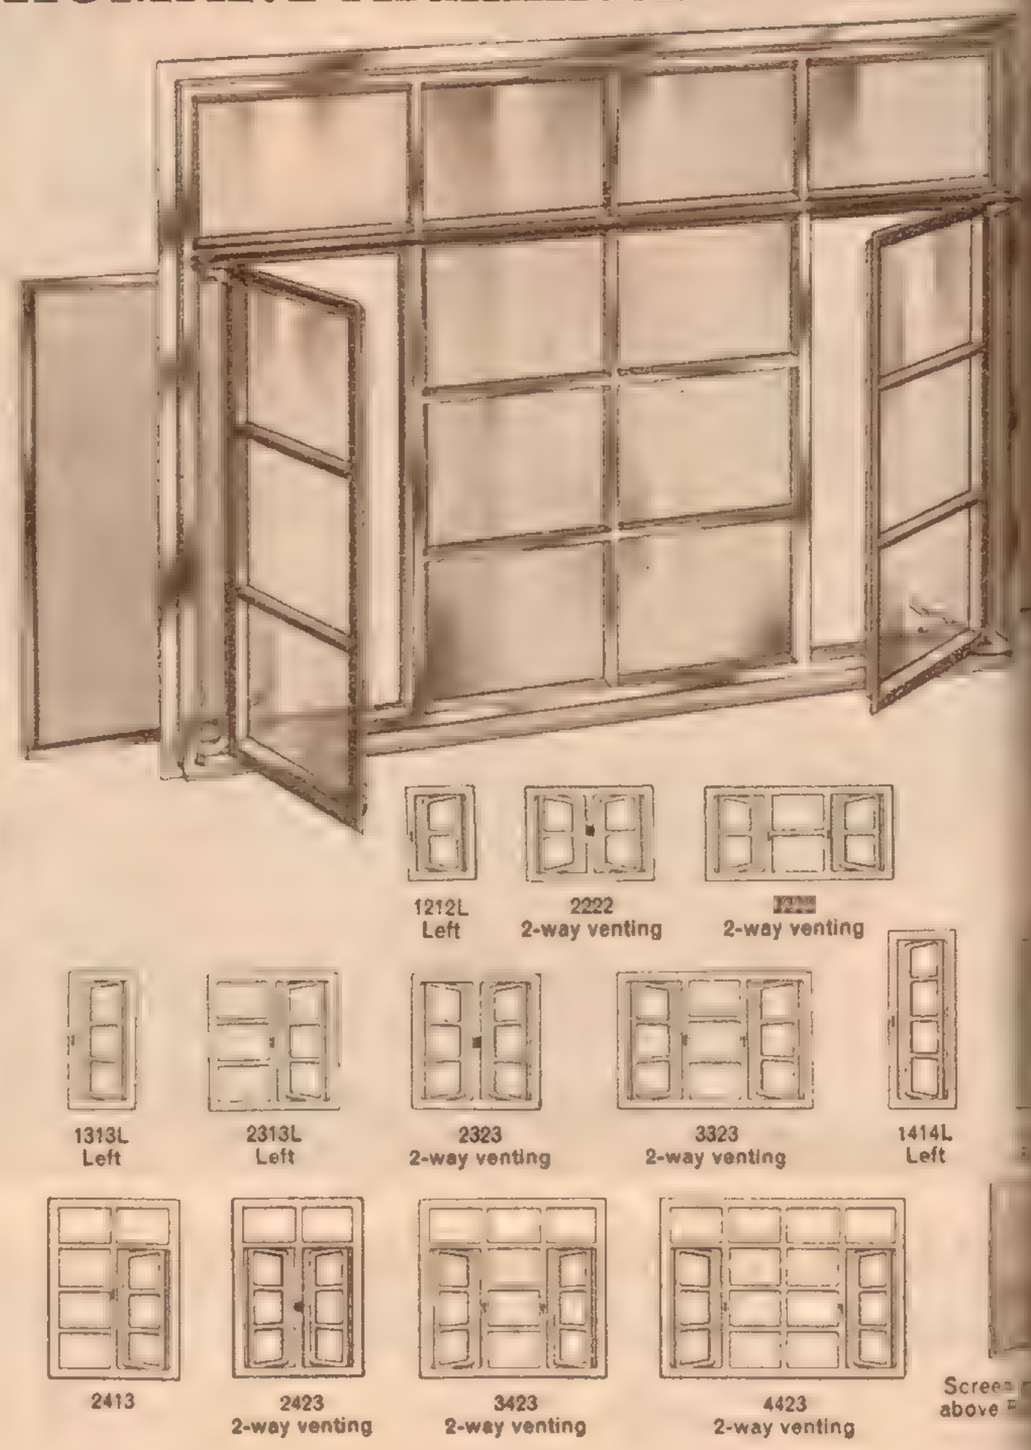
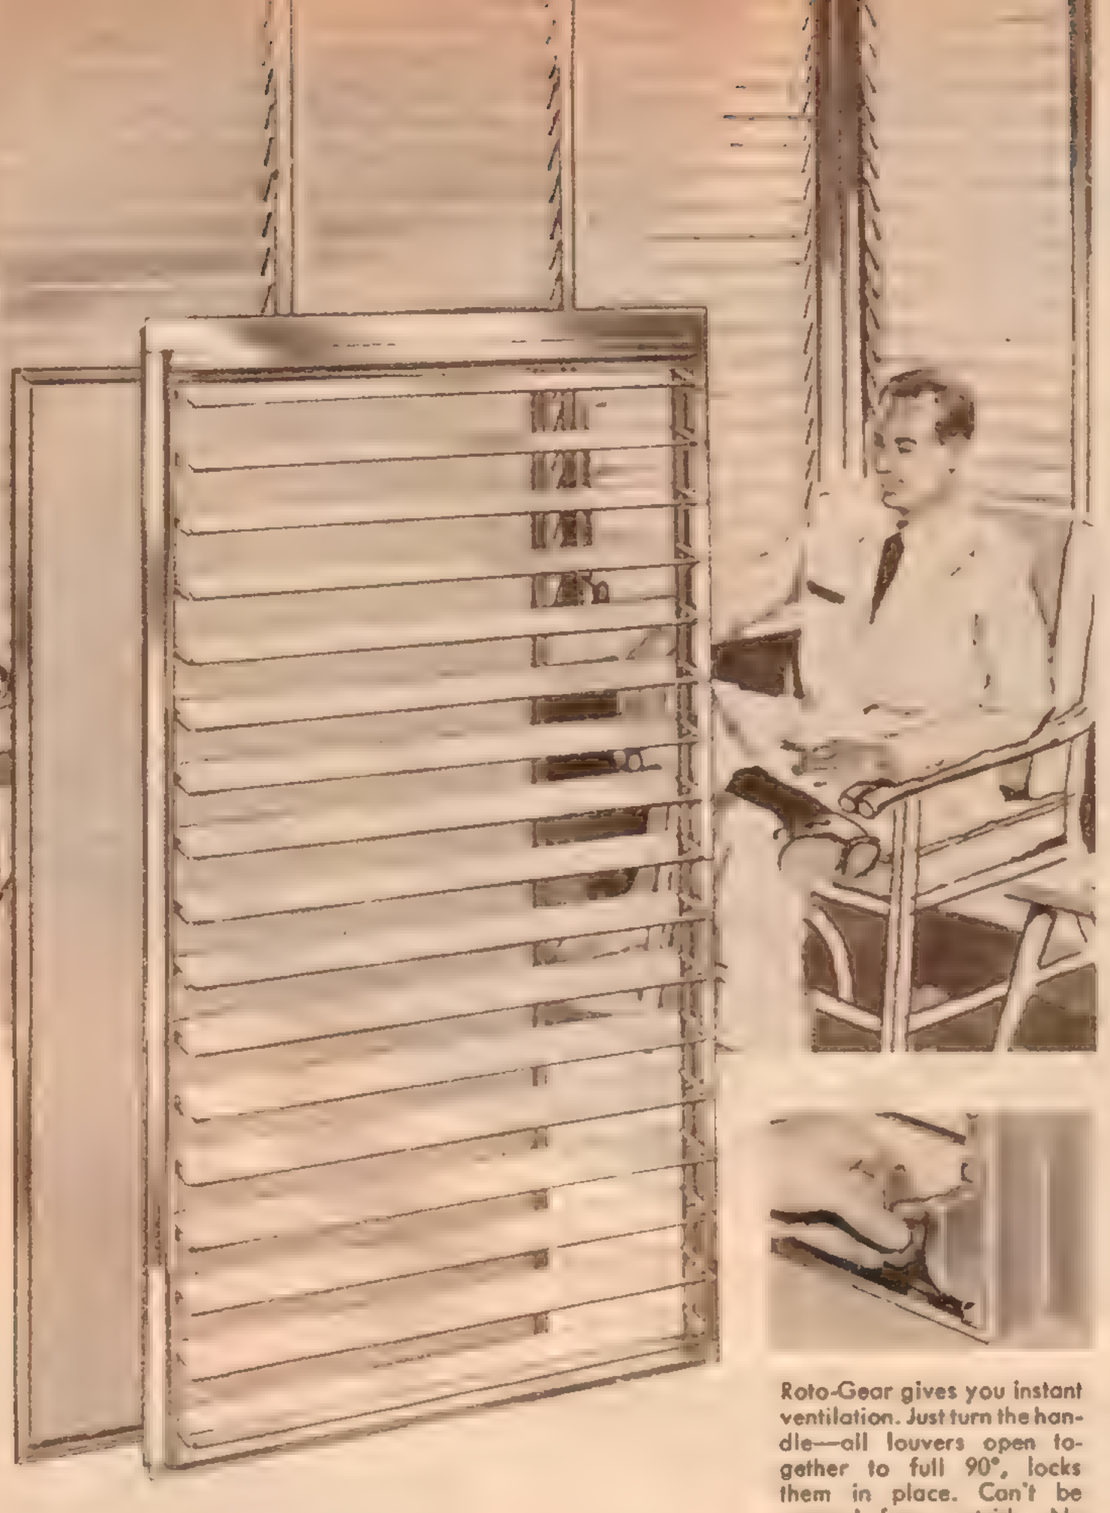
HOMART Aluminum Windows





Roto-Gear gives you instant ventilation. Just turn the handle—all louvers open together to full 90°, locks them in place. Can't be opened from outside. No sticking or jamming.

Jalousies . . weathertight protection . . all the ventilation you want

Complete with aluminum screen . . Low as **$10.95**

Louvers slant outward, overlap . . leave open even in the rain!

Choose clear glass . . or frosted glass for privacy. Enclose porches, patios, breezeways—living room, bathroom, any room. You can control ventilation best suited to your comfort. When closed louvers seal tightly to keep out dust, dirt, wind, drafts. Vinyl weatherstripped on all 4 sides against winter's cold. Full, unobstructed visibility. Louvers have smooth edges for safe cleaning.

Finest extruded aluminum, chemically etched to resist weather. Won't warp, swell, shrink or rust. Large built-in nailing fin, pre-drilled screw holes for easy installation. We recommend making rough opening *after* you receive unit. Frame is sent to you fully assembled, glass packed separately for safe arrival—just clip in place. Full easy-to-follow instructions included.

Mullions (non-load bearing)—use to set units in horizontal series.

Storm Sash—aluminum, frame, clear glass, vinyl insulated—interchangeable with screen. *State size and catalog number.*

Shipping Note: Sent freight (rail or truck) or express. Catalog numbers with "W" (as W64A3510N) from warehouse in Cincinnati, Cleveland, Ohio; Detroit, Mich., Indianapolis, Indiana, St. Louis, Mo., or Milwaukee, Wis.; or from mail order house.

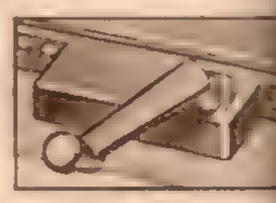
Casement Windows . . more light, more ventilation than most windov

Complete with aluminum screen . . Low as **$16.95**

Sash opens all the way—most windows open only 50%

Up to 30% more glass area than most windows. Storm-tight Z-frames stop drafts at two weather edges. Locking handle pulls sash weathertight. Both sides clean from inside. Fully assembled, glazed—including sill, water drain, trim. Prepunched fin for fast installation. Chemically etched satin finish resists weather.

Note: "*Left*" indicates position of lock viewed from inside. "*2-way venting*" means 2 swinging sash, each with separate lock. Make rough opening ¼-in. larger for each dimension than sizes shown *after* you receive unit. Instructions. Freight (rail or truck) or express. *State style number and catalog number.*



Easy-action Roto-Gear adjusts the sash for exact ventilation comfort you want. Stays put, too—where you set it!

Aluminum Screens included. Slim-line frame only ⅜-in. thick, needs storage. Never needs paint, won't rust, swell, shrink, twist, warp. Held sec by 4 clips on inside of unit. One screen included per swinging sash.

HOMART Awning and Fixed Wood Window Units . . Low as $14.2

Available with Thermopane* glass. Awning windows complete with aluminum screens

Choice of fixed sash which is non-opening or awning sash which can be tilted open. For either type sash, choose ½-inch Thermopane glass or regular single-pane, single-strength glass. Thermopane is constructed of two panes of single-strength selected window glass. Edges are sealed so that the two panes enclose an insulating air space. Styles (9) and (10) available with Thermopane only.

All units come in sub-units like style (1), packed one to a carton. Include all accessories. Just put together and install. Jambs 4⅝ inches wide. Price of fixed unit with regular glass includes aluminum-frame storm sash (not needed with Thermopane units).

Awning sash is equipped with lock fasteners but may also be had with roto-type opener (see Awning Sash Charge notice below). Price of awning sash includes aluminum screens.

HOW TO FIGURE PRICES: Determine price of unit using large table at right. If unit includes any awning sash, add charge (see below) for each awning sash you want. If you desire roto-gear (crank) operator for awning sash, add this charge also. *Example:* Unit like (7) with regular glass, size 28x14 in. with 4 fixed and 2 awning sash. Take $77.47, add $13.34 (twice the awning sash charge for 2 such windows) for total of $90.81. For 2 roto-operators, add $10.50.

HOW TO ORDER: (1) *State* if window is to be mounted in lath-and-plaster wall or drywall interior. (2) *State* how many fixed and how many awning sash you want. (3) *State* catalog number, style number, glass size and rough opening size. *Be sure to include all this information.*

SHIPPING NOTE: All windows, as well as screens, storm sash, inside trim sent freight (rail or truck) or express from Chicago factory.

*Trade Mark of Libbey . Owens . Ford Glass Co.

Extra Charge for Awning Sash

Large table shows prices for windows with all fixed sash. To convert any or all to awning sash, add Awning Sash Charge in table at right to prices given above. Awning sash includes aluminum frame, aluminum screen and locking handles. For each roto-type operator for awning windows (just a twist opens, closes) add $5.25 to total. *See How to Order.*

Thermopane® Glass

Available with our best window —helps keep cold out, heat in

Sash Holding Device

A feature of standard models—window stays open, won't slide

Jamb-liner Weatherstrip

Automatically adjusts to keep window weather-tight

Double-hung Window Units with removable sash . . low as $15.17

Our Finest and Standard Models. Kiln-dried ponderosa pine. Available with Thermopane® or standard window glass. Almost twice as weather-tight as U.S. Dept. of Commerce standards (CS-190-59) require. Sash slips out for easy cleaning. Aluminum weatherstripping. Jambs are extra-heavy 1 1/16 in. thick. For wood frame wall 4⅝ to 5¼ in. thick. All standard glass sealed with glazing compound. Thermopane set in vinyl gasket. *State* if wall is lath and plaster or wallboard.

Our Finest. Both models available with standard window glass. Compression-type jamb liner holds sash snugly against frame—automatically maintains constant weather-tight efficiency. Extra overhead helper spring balances let you raise window easily, hold window securely in any open position. Jamb adjuster lets you square window with opening without blocking. Horizontal parts of sash have factory lubricated aluminum weatherstripping too.

Style (2) available with ½-inch Thermopane® glass. Set in vinyl gasket to seal out winter cold, summer heat. Eliminates need for storm sash. *See How to Order below.*

HOW TO ORDER: *State catalog number, width, height, and if lath and plaster or drywall inside.* For twin units, double the price and the shipping weight. For triple units, triple the price and the shipping weight. Prices are for unassembled frames with glazed, assembled sash. If you want completely assembled, add $2.50 per single unit, $5 for double unit (triple units are not assembled).

Standard Model—All of the features of our finest except it has no helper spring, has a different sash holder. With regular glass only. *See How to Order.*

Economy Model—Coil spring on jamb for balance. Sash not removable. 5¼-in. jambs for frame walls—saw-notched to cut down for drywall. Side jambs weatherstripped. Regular window glass only. Style (2) only. Not available in twin or triple units. *See How to Order below.*

Drip Caps. Not included with windows. If wanted add 35c per single unit, 70c for twin unit, $1.00 for triple unit and *state "with Drip Cap."*

Rough Openings. All single units 3 in. wider, 4 in. higher than sash size. Twin Units—5⅛ in. wider than twice single sash width. Triple Units—7¼ in. wider than 3 times single sash width. Rough Opening Heights—All Units 4 in. higher than sash height.

Shipping Note: All items sent freight (rail or truck) or express from Chicago, Illinois factory.

Dress up your home with HOMART Louver Shutters

Low as **$5.84** per pair Hemlock

1 Trim your windows and doors with shutters for a touch of traditional charm and beauty. Use indoors, too, in a variety of decorative ways. Shutters need not be exact width of windows or doors to give the proper effect.

Not just an imitation panel but with real louvers mortised into 1⅛-inch thick frame. Side, top and cross rails are about 2 in. wide; bottom rail, about 4 in. Milled from kiln-dried ponderosa pine or hemlock (though lower in cost, hemlock actually outlasts pine). Sanded smooth, ready to finish. Shipped freight (rail or truck) or express from factory at Chicago, Ill.

★Window Shutters sold in pairs

Each leaf 1 ft. 2 in. wide. Over-all width per pair 2 ft. 4 in. Prices shown are for one pair. *State height you want.*

Stop heat loss, wasted fuel! Install Insulating Glass

Thermopane* Low as **$41.27** Multipane† Low as **$33.17**

Insulating glass saves you money. Cuts heat loss through glass areas . . . reduces drafts. Eliminates the need for storm windows. Cuts summer air conditioning costs, too. Available in patio door sizes, too (see below).

Thermopane. Two pieces of ¼-in. highly polished plate glass separated by ½-in. air space. Metal bound edges. Stays free of fogging, frost. *All Thermopane sizes reversible*—if you have a window 72 in. wide, 42 in. high, order glass 42 in. wide, 72 in. high. Turn around to fit.

Multipane. All features listed above, except made of two pieces of heavy sheet glass (unpolished) 3/16 in. thick, separated by ⅝-in. air space. *Multipane sizes not reversible—state width first.*

ORDERING: Glass shipped in braced and padded crates. For total shipping weight add weight of crate *just once* to total weight of glass. Price includes crate cost, glazing compound, setting blocks, spacer strips, instructions.

SHIPPING NOTICE: *Thermopane* sent freight (rail or truck) or express from factory in Chicago, Ill. or Toledo, Ohio. *Multipane* sent freight (rail or truck) or express from factory in Chicago, Ill.

Order from table below. State catalog number and size (give width first)

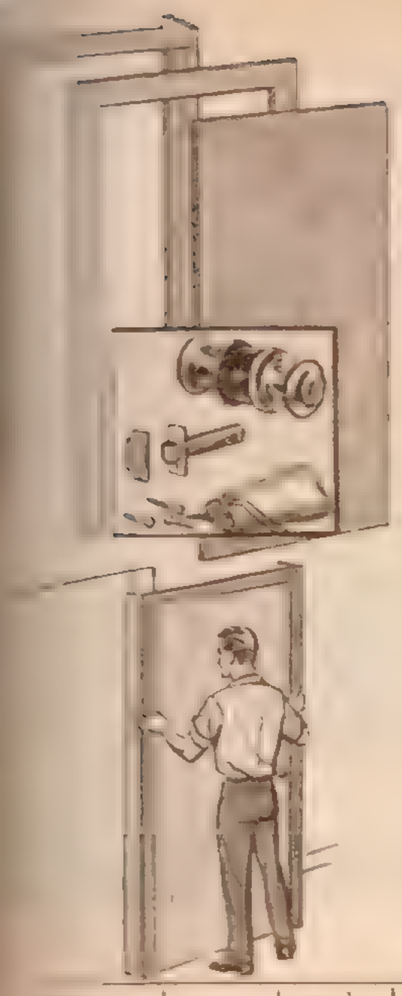
NO MONEY DOWN Up to 3 Years to Pay on Modernizing Credit Plan see page 588



PRE-HUNG Door Set

. . just set in wall

No fuss or muss, no waste

Just nail it up! No measuring, no mitering or reworking to make it fit—door and jamb pre-fitted for you at factory. Costs far less than unfinished material and labor. Brass hardware already installed. Smoothly sanded, ready to finish. 1⅜ inches thick inside door. 2¼ inches wide molded or streamline trim. Jamb, trim of ponderosa pine. Jambs fit wall from 4⅛ to 5⅛ inches. Make rough opening 3 inches wider, 1⅛ inches higher than door size.

NOTE: Right hand door has knob on right when opened toward you; left hand door has knob at left. *State catalog number, size, type of trim* (molded or streamline), *if right or left hand door.* For privacy lock add $1.00, *state "privacy lock" on order.* Sent freight (rail or truck) or express from factory near Chicago, Ill.

Our newest and finest Folding Door—not just wood-grained, but real wood all through!

An outstanding value! Priced as low as **$25.95**

Solid wood through and through with all the warmth, rich-grained beauty and solid strength that only real wood can give. Choice of 2 types of wood:

- **Unfinished West Coast Hemlock.** Sanded, sealed—use as is, or stain and finish, paint or wax.
- **Prefinished Philippine Mahogany (Lauan).** Completely finished with high quality lacquer.

Panels are 3⅛ in. wide, 7/16 in. thick. Matching vinyl hinges and 1x1¾-in. wood leading edge. Nylon glides move smoothly in heavy duty metal headtrack. Two nylon hangers keep leading panel vertical and straight at all times. Each side of door has 7/16x1⅝-in. track molding and valance of matching wood. Door handle on each side of door. Center-operating latch has privacy feature that is reversible to let you hang door to open left or right, or use in pairs. Hardware and instructions included. Sent freight (rail or truck) or express. *State catalog no., width, height.*

Our Best Vinyl Folding Door

Low as **$19.95**

Luxurious, heavy-gauge textured vinyl cover has preshrunk fabric backing and matching fasteners. Won't crack, peel, fade; cleans with damp cloth.

Rugged, all-steel inner frame has pantograph hinges at top and bottom, plus vertical rods to space fabric folds evenly, align them perfectly. Springs keep fabric from bunching or wrinkling.

Door won't flatten out—stays open, closed or anywhere between. Leading edge stays vertical. Plastic handles; nylon glides; prelubricated steel headtrack. Reversible rubber bumper. Door opens to left only or right only, or use in pairs. Doors 48 in. and wider open at either end or both ends. Easily shortened up to ⅛ in., using shears and tin snips. Instructions.

Colors: Parchment beige, Parchment ivory, Smoke gray. Shipped freight (rail, truck) or express.

A warm welcome to any entrance to your home . . a new HOMART weather-resistant door

Standard Doors. Perfect for remodeling or new construction. Use on front, back or side entrances. Milled from kiln-dried ponderosa pine—three designs also available in western hemlock (lower in cost, longer lasting than pine). Treated to resist warping, swelling. Panels are raised. Glass is held securely with woodbead molding.

All doors 6 ft. 8 in. high. Joints held securely with 5-inch dowels set in waterproof glue. Smooth-sanded, ready to finish. Side and top rails about 4¾ in. wide. Glazed with clear glass. Hardware not included (see index). Shipped freight (rail or truck) or express from Chicago, Ill. factory. *State catalog number and size.*

Flush Doors. Choice of good grade birch or Philippine mahogany (lauan) wood face veneers. Assembled with waterproof glue. All 1¾ in. thick. Smooth-sanded, ready to finish. Style (14) has moldings to give panel effect on outside only. Also available in solid core—more massive than hollow core. Freight (rail or truck) or express from Chicago, Ill. factory. *State catalog No., size, wood. Shipping wts.:* Hollow core doors 44 lbs.; Solid core 82 lbs.

NOTE: Prices are for hollow core doors; for solid core *add* $8 for birch, $10 for lauan, and *state "Solid Core."*

How to Measure Wood Storm-Screen Doors: Order same size as present inside door (add 1 in. extra for sill drop) or order size that can be made to fit. Top and sides can be trimmed up to ⅛ in. (¾ in. on redwood door); bottom, up to 1⅛ in.

Pine doors are chemically treated to resist warping, sagging, swelling and rot due to temperature changes, as well as termite damage. Fully assembled 1⅛-in. thick frames are reinforced with steel pins. All doors sanded smooth, ready to paint. Hardware not included; *order below at left.*

Interchangeable panels are held in place from the inside by insert screw fasteners . . easily changed. Storm panels glazed with clear glass, sealed in putty, held securely by Woodbead molding. Redwood door has putty only. All screen panels have 18x14-mesh aluminum or galvanized screening, as listed.

2 **Ponderosa Pine door with 3-light storm panel,** 45½ in. high. Galvanized screen. Fluted design bottom panel. *See How to Measure at left, Shipping below.*

Prehung Aluminum Storm-Screen Doors install in 30 minutes!

Heavy-gauge, extruded aluminum doors are completely assembled with all holes predrilled, hinges and Z-bar molding frame attached to door. Just set door in opening, screw it down. You get a perfect fit, even in difficult, out-of square openings!

Change inserts to convert these 2 doors from storm to screen doors

1 1-inch Low as **$36.50** no grille or initial

2 1¼-inch Low as **$56.50** no grille or initial

Change from storm to screen door *in minutes*! Two glass storm panels are easily replaced by the two 18x14-mesh aluminum screens. Panels are held by clip fasteners that release from inside. Jamb and head are weatherstripped with vinyl. Vinyl sweep at sill. Complete door includes Z-bar outer frame and hinges, 2 glass panels, 2 screens, deluxe or standard type door closer and latch (as listed), safety chain, kickplate, stainless steel screws, hardware, instructions.

Left-hand door is hinged at left, as viewed from outside; right-hand door hinged at right. All doors shipped freight (rail or truck) or express.

Full 1 inch thick at the jamb

1 One of the finest 1-inch doors made! Built for years of service and protection, lasting beauty. Strong welded corners can't twist or warp out of shape. Aluminum kickplate. Three built-in hinges. *See door sizes below.*

64 A 8682N3—Shipping weight 130 lbs. $24.95

HOMART All-Steel Air-circulating Fireplace

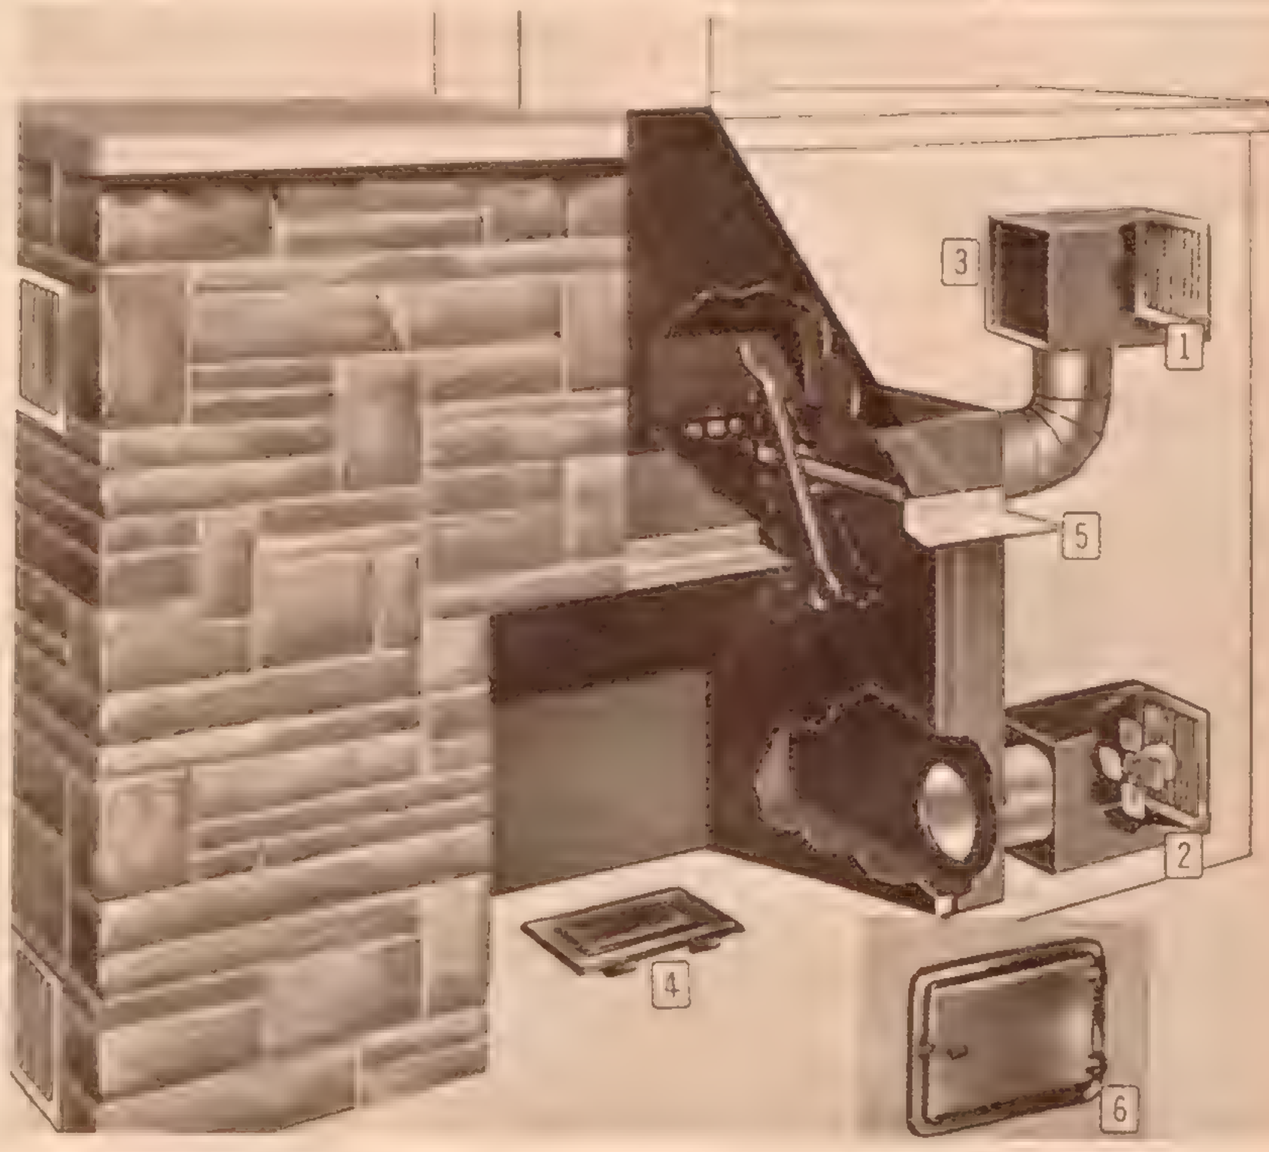
Fireplace charm with furnace comfort

Low as $57.50 from factory

Draws in cold air, heats it, then circulates warm air

You don't have to be an expert to install this scientifically designed, electrically welded fireplace. Just set it on a firebrick floor and build decorative masonry around it, using lintel (5) to support the masonry. Cold air is drawn through registers at bottom, heated, then circulated efficiently as warm air through the top registers. Circulates heat to every part of the room. Large chamber for heat volume—chamber fully insulated. Adjustable damper prevents drafts.

Base, damper, throat, firebox of 10-gauge steel, other parts 18-gauge steel. Flue adapter adjusts to 8½x13 in. or 13x13 for 35-in. unit; 13x13 or 13x18 in. for 44-in. unit. No adapter is needed for 39-in. unit, as 13x13 in. flue will handle all chimney heights. Firebox depth 17 in.; overall depth 20 in.



Accessories for fireplace units

Register Sets. Needed for efficient operation. Fan-equipped type gives greater heat circulation. All have 8x8-in. grilles. Fans are UL approved for 110-120 volt, 60-cycle AC.

Use fan-equipped registers for cold air intake, plain type for heat outlet. Air ducts are not included.

1 Set of 4 Plain Registers. Shipping weight 6 pounds.

Full-length Aluminum-mesh Window Screens

Ponderosa pine frames . . chemically treated to resist the weather . . fully assembled, ready to install

Low as $3.67 each

Protects your entire window—not just the lower half—permits open window at both top and bottom for more ventilation. Aluminum screen fully protected against corrosion—won't rust or stain. Insect-repellent 18x14-mesh aluminum screen is rolled in grooves drum-tight—held securely by wood moldings.

Frames are of sturdy, selected ponderosa pine, 1⅛ in. thick, treated with Woodguard preservative to resist warping, swelling, shrinking, cracking or dry rot. Strong mortise-and-tenon joints are rigidly reinforced with steel pins to assure long, dependable service. Frames are machined smooth, ready to paint, stain or varnish in color of your choice. Completely assembled, ready to install. *See "How to Measure" at lower right below. Order from table below.*

State catalog number, quantity and size (width first, then height). See "How to Measure" at bottom of page. Sent freight (rail or truck) or express from mail order house.

Frameless All-Aluminum Tension Screens . . can't rust or stain Easy to install, easy to store

All Screens Shipped Prepaid — **Low as $2.79 each**

We pay all shipping on tension screens. Actually cost less than wood screens. Full ventilation—you can open window at both top and bottom. Constant automatic tension—won't sag or stretch. Spring-loaded tension locks hold screen drum-tight—keep it that way. You can wash or open window without removing screen—just flip up the tension locks. Fine 18x14-mesh aluminum screen repels insects. No frames to paint or trim. Installs or removes in seconds from the inside. Easy to store, too—just roll it up.

Shipped prepaid from factory near Syracuse, New York. *Minimum order 3 screens.* See *"How to Order" below. No C.O.D. orders.*

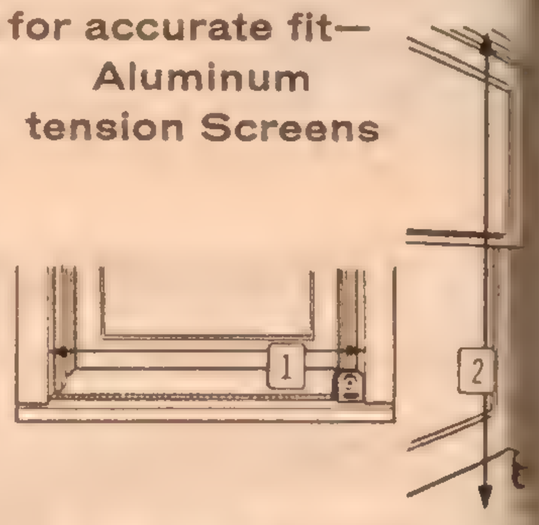
How to Measure for accurate fit—Aluminum tension Screens

Measure carefully exact frame size where you would normally set a wood-frame screen. Do not take measurements from old screens. See diagram at right.

For Width (1)—measure distance between outside casings including the side blind stops.

For Height (2)—measure distance from bottom of the sill, including the blind stop and sill drop-off.

Measure carefully and accurately, the factory will make allowances for fitting.



SEARS MAKES IT EASY TO IMPROVE YOUR HOME!

NO MONEY DOWN . . up to 3 years to pay on Modernizing Credit Plan. Why not remodel now and (1) increase the value of your property, and (2) enjoy the conveniences of modern living? See page 588 for full details.

Ponderosa Pine Storm Sash—cut fuel bills up to 20%

2-light Storm Sash Low as $3.27

- Frames chemically treated with Woodguard to resist weather, warping, swelling, rot, termites
- Glass held securely with putty seal PLUS woodbead molding

More than pay for themselves in fuel savings in just a few seasons. Cuts drafts through windows, raises floor level temperature as much as 6° when it's zero weather outside. Reduces window steaming, frosting, fogging of regular inside windows—keeps them cleaner, too. Sturdy 1⅛-in. thick kiln-dried frames, machined smooth, ready to paint, varnish or stain. Mortise-tenon joints reinforced with steel pins, can't sag. Fully glazed with clear window glass. Easy to install—do it yourself with ordinary tools. See "How to Measure" below.

Filler Strip. Adds ½-in. extra width to either storm sash or screen.

Window Units for basement . . with Aluminum screen

Reduce basement heat loss, raise temperature of ground floor. Removable glazed storm panel. 18x14-mesh screen won't rust or corrode, never needs paint. Same construction as unpainted wood sash above.
Sent freight (rail or truck), or express.

64 A 5255N
Please state catalog number, size and quantity.
See "How to Measure" at right

Width	Height	Shpg. wt.	Per unit
33 in.	15 in.	9 lbs.	$3.64
33 in.	19 in.	10 lbs.	4.17
33 in.	23 in.	11 lbs.	4.67

How to Measure and Order Wood Screens and Storm Sash

Order width and height that fits or can be trimmed to fit your window measurements. All of the combination units, sash and screen listed on this page can be trimmed ⅜ in. at each side, ½ inch at the top and 1½ in. at the bottom.

For Width Measurement (3), take horizontal distance between exterior side casings, as shown at right.

For Height Measurement (4), take vertical distance from the lower edge of the exterior top casing to the sill at base of the casing, as shown in diagram.

Please be sure to measure carefully.

Aluminum Storm-Screen Windows

Self-storing Triple-track Units
Fully assembled, ready to install

Low as $14.95

Prompt shipment from mail order house! We carry a large stock of *40 popular sizes* to fit most window frames—all designed to give you custom-fit performance. **In addition, we carry a wide range of sizes from factory** *to fit over 200 special size window frames*—simply send us your measurements and we will *custom make* windows to size. Either way—from stock or factory—these are our finest—sturdier, more detailed workmanship than units below. Cut heat loss up to 20%. Won't rust, shrink, swell or twist. Panels *tilt inward*—clean both sides from the inside. Change seasons fast—just slide one panel up, another down. Each panel glides in its own track. Settings for partial ventilation. Rattle-free vinyl glazing bead. Full instructions.

Chemically treated to resist any weather

re only out-of-season pan-—change from inside. minum screen. Glass held ily by putty seal PLUS dbead molding. Resist ping, swelling, rot, ter-tes. Meet FHA air filtra-n standards. Easy to put -screw holes pre-drilled. nels overlap for snug fit—p held by 4 clips, lower has ert fastener. Frames 1⅛ hes thick, ready to paint. *e table at right.*

Aluminum Sash Ventilator. charge on orders for 3 or more units. Also sold separately. Wt. each 2 oz.
9 A 6272—9x2 inches. . Each 41c

Two-track Aluminum Storm-Screen Windows

Low as $12.50

Self-storing—no seasonal changeover
Panels tilt inward—clean from inside

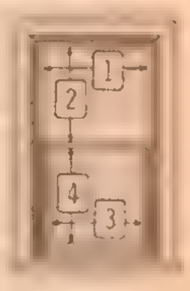
- Rugged, heat-treated aluminum frame
- Vinyl glazing bead holds glass tight
- Easy to install—just screw it in

Enjoy made-to-measure, all-year weather protection at these low prices. Cut winter heat loss up to 20%. Change seasons in seconds—just raise or lower inner glass insert (which rides in its own track). **Leave the aluminum screen in for the winter,** or remove, if you wish. Fully assembled, ready to install. Frame is insert type—fits handily inside your present window frame. Won't swell, shrink or rust—never needs paint. Easy-to-follow instructions included. *State size.*

F64 A 4858N—Sent freight (rail or truck) or express from factory near Pittsburgh, Pa. Shpg. wt. per unit, 25 lbs. To order, send us all measurements requested in "How to Measure and Order" below.

If total (5 plus 6) is up to 74 inches, price is.....$12.50
If total is 75 to 87 inches, price is..... 14.75
If total is 88 to 101 inches, price is..... 16.95
If total is 102 to 115 inches, price is..... 18.95

How to Measure and Order



Aluminum Units. 1. Measure **glass size** (Nos. 1, 2, 3, 4 in diagram). If either sash has more than one pane, measure across as if it were one large pane. Always measure across putty to the wood.

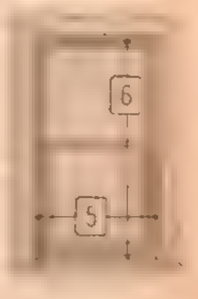
2. Measure **frame size** (Nos. 5 and 6)—the opening where you would normally set wood storm sash. No. 5 is width between side casings; No. 6 is height from sill to bottom edge of top casing. No. 5 and No. 6 determine price—see above.

Note: *Only with normal use over double-hung prime windows is weathertight protection assured.*

Wood Units. Order width and height that fits or can be trimmed to fit your measurements. Sash and screen can be trimmed ⅜ in. at each side, ½ in. at top, 1½ in. at bottom.

For width (No. 5 in diagram), take horizontal distance between outside side casings.

For height (No. 6) measure from lower edge of top casing to sill at base. See table at left for price. Nos. 1, 2, 3, 4 not needed for wood.



HOMART Insulation stops up to 85% heat loss . .

Fiberglas® Rolls . . 2 types, 2 thicknesses

Here's low cost year-round comfort for your home—save up to 30% in winter heating and summer cooling costs. Choose economical asphalt-coated paper backing . . or better foil backing (one side only). Both types have excellent, lasting insulating qualities. Won't mat down and lose efficiency, unharmed by temporary moisture, won't rot or attract vermin. Fire-resistant. Reflecting quality of foil-backed type makes it even more efficient.

Easy to install—just cut to any length (to provide an unbroken vapor barrier). 15-in. wide rolls fit between 16-in. studs; 23-in. width between 24-in. studs. Borrow our stapler to do the job easier and faster (see facing page). *Minimum order 5 rolls, except when ordered through Catalog Sales Offices.*

NOTE: Gross coverage in table below allows for studs and joists.

Wide Inches	Thick Inches	Covers sq. ft. Gross	Covers sq. ft. Net	Shpg. wt. lbs.	Paper backing Catalog No.	Paper backing Roll	Foil backing Catalog No.	Foil backing Roll

Pour-type Rock Wool or Fiberglas®

Just pour between attic floor joists and rake to depth you want. Creates dead air spaces which stop heat in every direction. Non-conducting—safe around exposed electric wiring. Odorless, won't rot or deteriorate. Fire-resistant. Won't settle or pack down. Ideal for hard-to-reach places. Instructions.

Rock Wool. Bag insulates about 25 square feet to depth of 3 inches. (37½ square feet to 2 inches), allowing for studs, joists. *See facing page for batt form.* Shipping wt. per bag 26 lbs. *Minimum order 3 bags.*

F64 A 9310N—Factory.....Bag $1.18
64 A 9310N—M.O. house....Bag 1.27

Fiberglas®. Highly efficient, nationally known. Bag insulates about 36 sq. ft. to depth of 3 in., allowing for studs, joists. Shpg. wt. per bag 34 lbs. *Minimum order 3 bags except when ordered through Catalog Sales Offices.*

64 A 9375N—M.O. House.....Bag $1.82

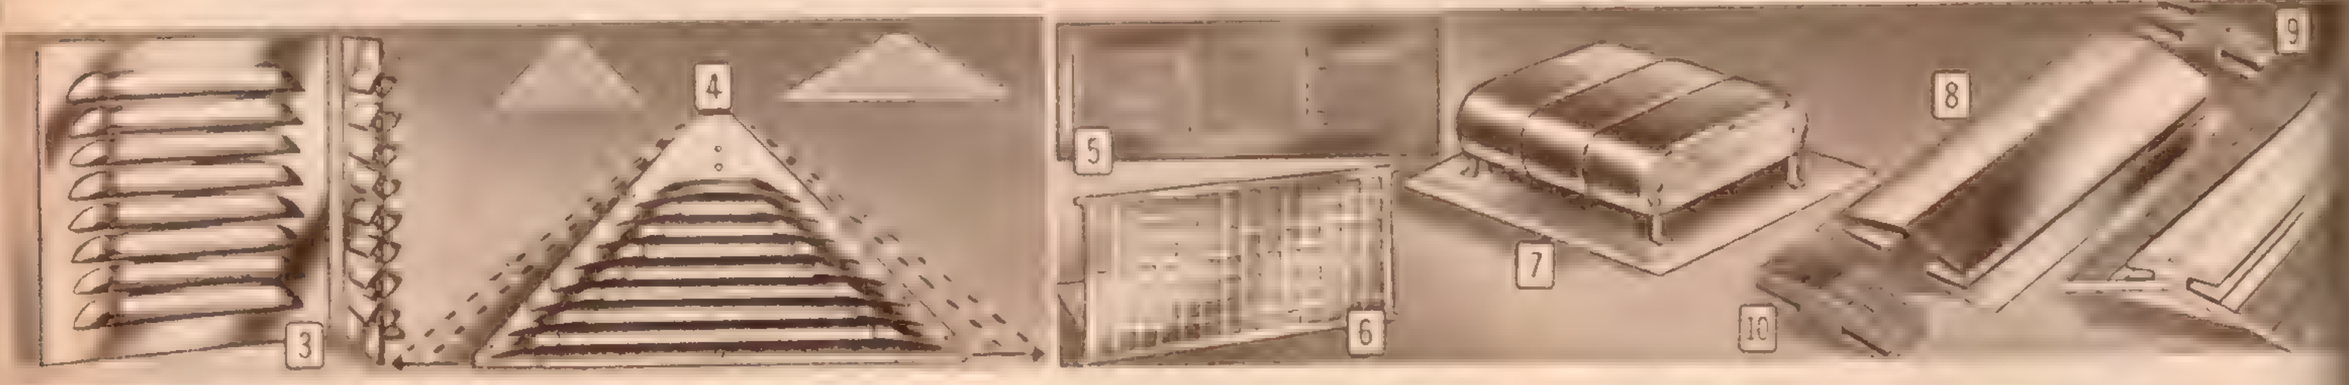
How to Order and Shipping Information

Freight (rail, truck), express. Fiberglas from M. O. house only. Batts, pour-type Rock Wool from M. O. house or factory in Wabash, Ind., Red Wing, Minn., Buffalo, N.Y., or Nashville, Tenn. *State catalog No., number of bags or packages.*

How to Estimate your insulation needs

First, determine area of space to be insulated. Multiply length times width or height and subtract area of opening such as doors, windows. **Then,** divide the result by coverage of package to determine number needed.

Example: to insulate a 28x10-ft. wall. Area equals 280 sq. ft. minus any openings. A window 6x4-ft. size would equal 24 sq. ft. Subtracting 24 from 280 leaves 256 sq. ft. If you use 3-in. thick Rock Wool batts (15 in. wide), simply divide 256 sq. ft. by 53⅓ sq. ft. (gross coverage per package allowing for framing). The result is 5 packages, the insulation you need.



Aluminum Louvers for attics . . a must for all insulated areas and for proper ventilation

For Attic. Exhaust moist air to prevent breakdown of insulation. For every 2 sq. ft. of insulated area, allow 1 sq. in. net ventilation area (NVA). For cross ventilation, order at least 2 louvers totaling this amount. This is only method FHA accepts. *For flat roof,* double ventilation area. *For attic fan exhaust,* use total louver capacity in C.F.M. (cubic feet per minute) as great as capacity of fan. **For foundation.** Allow 288 sq. in. NVA for 100 lineal ft. of foundation plus 1 sq. in. for each 2 sq. ft. ground area.

[3] **Aluminum Wall Louver.** With aluminum screen. Inverted louvers keep out rain, snow, but let in air for ventilation. Mount flush or recess under siding. No need to cut studs. Needs wall opening ½-in. greater in width, height than sizes in table (¾ in. for 64 A 4030L). Aluminum nails. *Buy 2—and save!*

NOTE: Net Ventilating Area (NVA) given in square inches.

Size in.	NVA	CFM	Catalog Number	Each Wt.	Each Price	Per Pair Wt.	Per Pair Price
8x8	29.6	225	64 A 4021C	1 lb.	$1.39	2 lbs.	$2.65

24x30	380	2900	64 A 4030L	5 lbs.	6.49	10 lbs.	12.29

[4] **Adjustable Louvers.** With aluminum screen. Install in peak of any wall. Ventilates higher in attic for better air circulation. Slats stay same distance apart for constant air passage. Adjust for uneven slopes. Order 2 for adequate cross ventilation.

Adjusts from 7/12 to 12/12 pitch of roof; from 12 to 13⅜ in. height; from 28 to 41 in. width. NVA 100 to 144 sq. in.; 735 to 940 CFM. Shipping wt. 2 lbs. each; per pair 4 lbs. *State quantity.*

64 A 4001C.....Each $4.35 Pair $8.25

Adjusts 4/12 to 7/12 roof pitch; 10¾ to 12 in. height; 41½ to 64 in. width. NVA 134 to 204 sq. in.; 1022 to 1557 CFM. Wt. 3 lbs. each; pair 5 lbs.

64 A 4004C *State quantity.*.....Each $5.98 Pair $11.40

[5] **Undereave Louver.** For hip roofs. 5⅝x16 in. long; for rough opening 14½x4 in. NVA 38 sq. in.; 285 CFM capacity. Wt. 8 oz. ea.; 6, 2 lbs.

64 A 4000—*State quantity.* Each 63¢; carton of 6, $3.49

[6] **Cast Aluminum Foundation Vent.** Self-storing galvanized steel cover. Fits 15 9/16x7¾ in. opening. ¾ in. fins. NVA 76 sq. in. 580 CFM. Wt. 1 lb. 10 oz. each; carton of 6, 11 lbs.

64 A 4020—*State quantity.* Each $1.39; carton of 6, $7.74

[7] **Embossed Aluminum Louver for flat or pitched roofs without gable ends.** 488 CFM. NVA 64 sq. in. Fits 8x8-in. opening. 17x18½x4½ inches. Shpg. wt. each 2 lbs.

64 A 4005C—*State quantity.* Each $3.19; Pair...$6.25

[8] **Aluminum Ventilator.** Best heat, moisture and condensation control. Installs at very peak of house, allows rising heat and moisture to follow a natural, faster escape route. Cuts attic temperature. Each lineal foot has 18 sq. in. NVA, 13¢ CFM. Fits any pitch roof. Tested under hurricane conditions, keeps out rain, snow. Low silhouette line—stands just 1¼ in. above roof. 5¾ in. wide. Installs fast—fits over 1½ in. gap in roof. *Minimum order 3 lengths.*

64 A 4040N—8-ft. length. Shpg. wt. each 4 lbs..$4.85

[9] **Vinyl Connecting Plug** to join 2 or more Ventilators. Aluminum joint cap to cover seam.

64 A 4041—Shpg. wt. 8 oz.....Each 80¢

[10] **Vinyl End Plug** to seal each end of louver.

64 A 4042—Shpg. wt. 8 oz.....Pair 72¢

NOTE: "N" items (as 64 A 4040N) sent freight (rail or truck) or express

Aluminum foil-covered Batts Less than **6¾c** sq. ft. 2-inch From factory

Here's double defense against heat passage—insulation *plus* heat reflection! Combines every feature of batts above—plus top and bottom cover of genuine aluminum foil (not just aluminized paper). Reflects up to 95% of radiant heat. Rock wool mass traps most of heat that gets past foil. Edges covered in heavy kraft paper. A big fuel saver in winter . . lets you use smaller air conditioner in summer, cuts its operating cost. Ideal for new construction or where you have access to framing members. Choose 15-in. or 23-in. width for 16-in. or 24-in. studs. Nailing flange. *See "How to Order" and "Shipping" on facing page. Minimum order 3 packages, except when ordered through Catalog Sales Offices.*

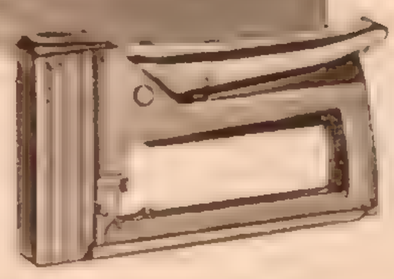
Free Stapler



Included at no extra charge with order for $65 or more of Rock Wool Batts on this page. Just mention 64A9381 on order and write "Free" for price. We pay shipping. *Be sure to order staples.*

9 A 68463—⅝-in. staples for above. Shpg. wt. 5 oz. Package. 1000.....49c

Where to install . . what thickness for best results?

- A If attic has separate room, insulate around room, above room, over remaining floor area.
- B If attic is not occupied, insulate between joists of entire floor area for best results.
- C If entire attic area is living quarters, insulate roof rafters, also the end wall studs.
- D If you have crawl space under your floor, simply insulate the underside of your floor.

Use 3-in. thickness for heat-saving and average summer comfort; 2-in. thickness where less is needed (as garage). Air conditioning or electric heating: use 6-in. thickness where possible (two 3-in. layers of rolls or pour-type, or 1 layer of each) in attic or floor, 3-in. thickness in sidewalls.

Borrow our best Stapler

Makes your installation much easier and speeds it up. The $8.78 deposit is refunded if the stapler is returned postpaid in 45 days. Shpg. wt. 2 lbs. 8 oz.

64 A 9380—Stapler.....Deposit $8.78

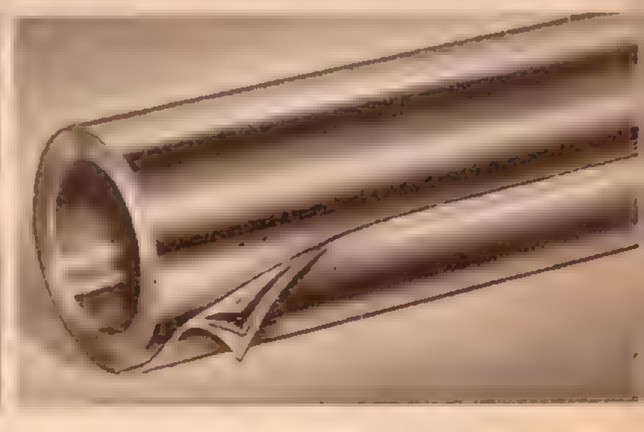
Fiberglas® Aerocor

Less than **10c** square foot

Hundreds of uses . . weatherstripping, duct insulation, pipe covering, under auto hood, bulb storage, hot water tanks, etc. 3x6-ft. (18 sq. ft.) package (1 in. thick). Can be cut to irregular shapes, pasted, tacked, taped. Folds, compresses easily. Millions of tiny fibers are formed with plastic resin—stops heat passage, absorbs sound. Withstands subzero to 600°F. Won't absorb odor, rot, decay or support vermin. Resists most acids, won't corrode metal. Fireproof. *Not for home or building insulation.* Use fiber glass or rock wool for this purpose.

64 A 9490—With instructions. Shipping weight 1 lb. 8 oz.....Package $1.79



Foil Vapor Barrier

Only **2½c** square foot

Our lowest priced home insulation . . ideal for supplementing your present installation. Made up of 3 layers—center layer sturdy kraft paper, covered on each side with top quality asphalt-bonded aluminum foil.

Reflects up to 90% of all radiant heat. Hot sun rays in summer bounce off to help keep your home comfortably cool. In winter, furnace heat is reflected back into the house to help save fuel costs. Also acts as vapor barrier to keep damaging moisture out and protect walls. *Intended for interior use only—not for-outside of wall under siding.* Easy to use—can be cut to any size desired. Place behind radiators to reflect heat back into the room. Many other applications around the house, barn, garage, etc.

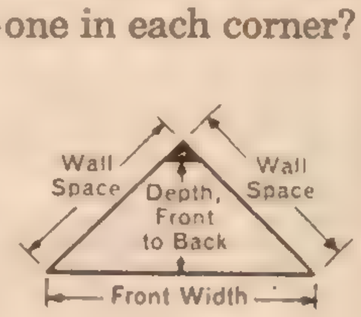
64 A 9468C—83x3-foot roll. Covers 250 sq. ft. Shpg. wt. 10 lbs.....Roll $6.25

Corner Cabinets—built like fine furniture

Give extra room to store and display china, silver, glassware, books, linens, etc. . . in unused corners. Why not use them in pairs—one in each corner?

Low as $37.45 Style (2)

Kiln-dried ponderosa pine, sanded smooth, ready to finish. Upper section has 3 shelves (4 spaces), grooved for plates. Glass installed in upper doors. Room walls form sides of cabinets. No back or side panels needed. Semi-assembled. Two closure strips (to seal joints between walls and cabinet), hardware and instructions included. Shipped freight (rail or truck) or express from mail order house or warehouse at Cleveland or Cincinnati, Ohio; Detroit, Mich.; Indianapolis, Ind.; Milwaukee, Wisc.; or St. Louis, Mo.



[1] This is our newest model and it offers Corner Cabinet about 9 sq. ft. of shelf space. Scalloped sash 1-light upper door; two 1⅛-in. thick louvered lower doors. Wrought iron H-hinges and knobs. *Size:* 7 ft. ½ in. high, 32½ in. wide at front. Depth, front to back, 16½ in. Needs 23-in. wall space at each side. Shipping weight 60 lbs.
64 A 7206N—From mail order house only..$41.25

[2] Offers 9 sq. ft. of shelf space. Big enough to hold 53-piece set of china. 12-light upper door; single panel lower door. *Size:* 7 ft. ½ in. high, 32½ in. wide at front. Maximum depth, front to back, 15¾ in. Needs 23-in. wall space at each side. Shipping weight 65 pounds.
W64 A 7200N—Warehouse
64 A 7200N—Mail order house...$37.45

[3] Bigger, more richly ornamented. 11-sq. ft. shelf area. Holds 95-piece set of china. 18-light upper door; 2-panel lower door. *Size:* 7 ft. 4½ in. high; 37⅝-in. front width. Depth, front to back, 16 in. Needs 27-in. wall space at each side. Shipping weight 93 pounds.
W64 A 7201N—Warehouse
64 A 7201N—Mail order house...$54.45

64 A 7210N—Mail order house...$59.95

3-drawer

HOMART Drawer Cases add storage space

Low as $14.25

Look! Now you can buy HOMART drawer cases with drawer fronts and exposed frame in choice of ponderosa pine or birch to match the finish of your wood kitchen cabinets.

4-drawer

5-drawer

Use drawer cases to convert unused closet, attic and understair areas into extra storage space. Drawer cases make it easy to build vanity, desk, dresser, linen closet, room divider or kitchen work base.

Choose from 3-drawer, 4-drawer or 5-drawer styles. Every unit is made of carefully selected kiln-dried ponderosa pine, ready to box in with plywood or lumber. Drawers have dovetailed corners and dust-tight lips . . . will not fall out. Rails and stiles are joined with ⅜-in. maple dowels for added strength. Runs, guides and uprights are 1⅛ in. thick.

All units are 18 in. deep, 32 in. high. Fit space 3 in. narrower than case front. Unassembled; glue included to bond runs and braces to uprights. *Order at right.* Shipped freight (rail or truck) or express.

Break up awkward large room areas with a HOMART Room Divider

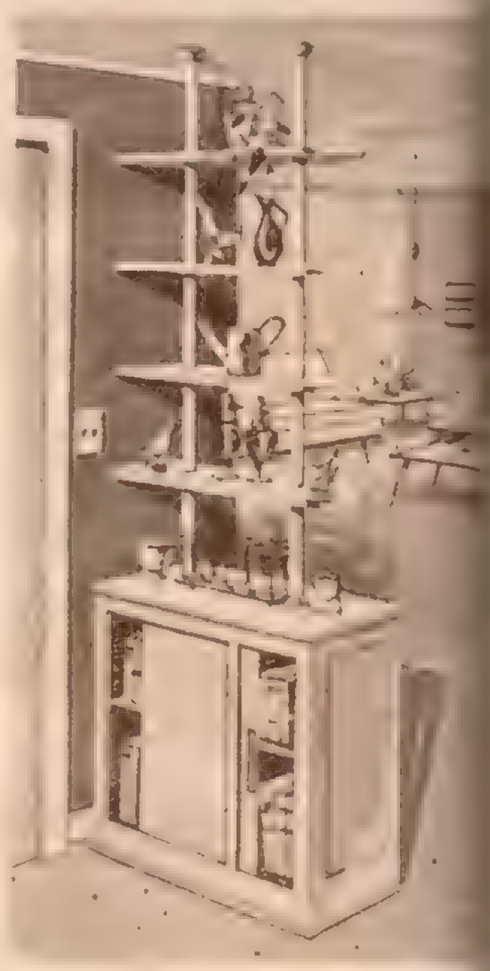
Only $34.95

Takes no more space than a table or chair. Gives 5½ square feet of enclosed shelving plus about 11 square feet of open shelving above pedestal base to show prized possessions to best advantage.

Breaks up big rooms into smaller, more intimate areas. Use it to separate living room from dining area or to add a touch of style to any plain interior.

Fits ceiling up to 9 feet high. Storage base 33 in. wide, 15 in. deep and 30 in. high. Four 33½x10-in. open shelves above base can be spaced as desired. Entire unit made of clear ponderosa pine. Exposed parts have Super-Satin Surface® presealed by Micro-seal process. For a natural finish, apply paste wax. For other finishes, stain and varnish in any way you wish.

Reversible. Sliding doors are installed in frame ready to nail to either side of base. Interior of base has one full-size shelf (2 shelf spaces). Shipped by freight (rail or truck) or express.
64 A 7220N2—Shipping weight 57 lbs.....$34.95



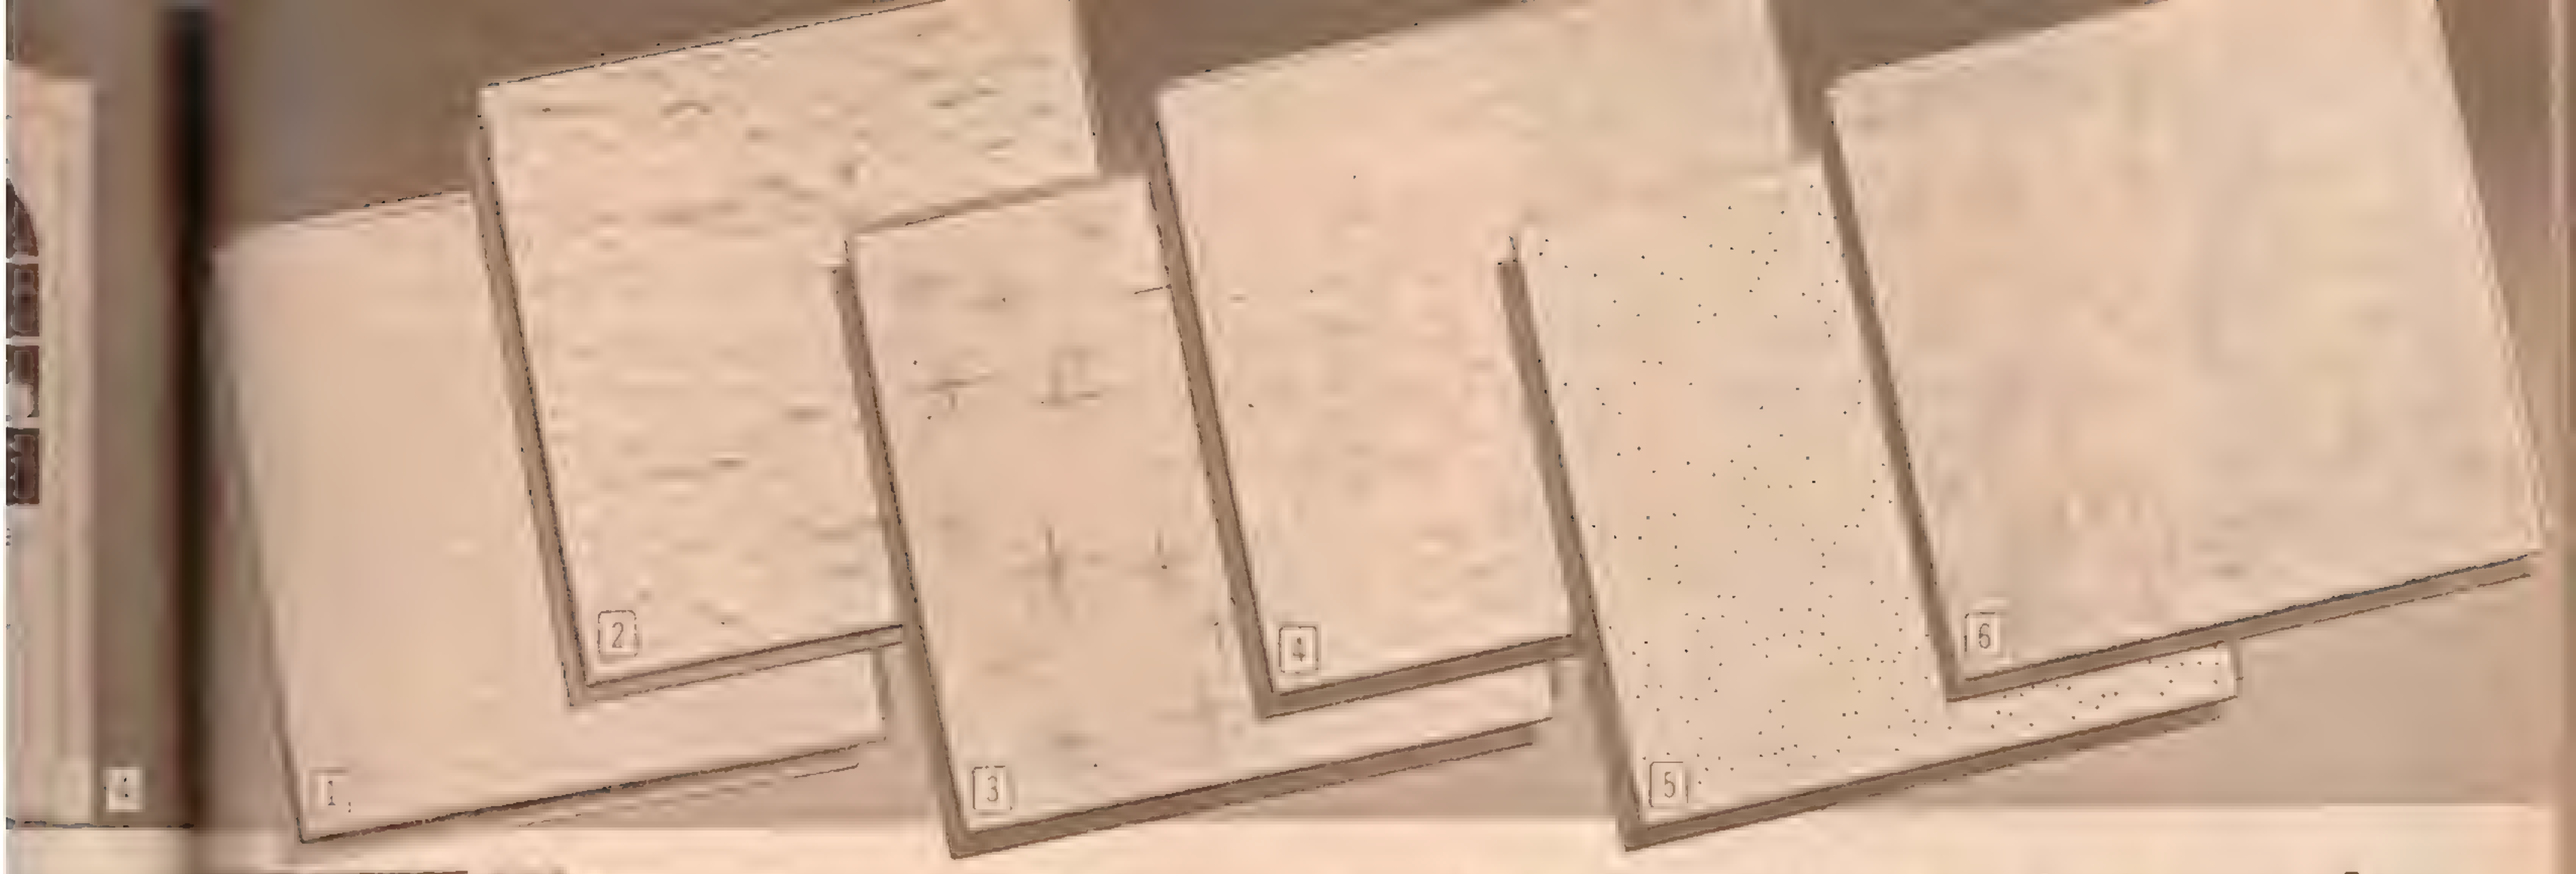
HOMART Telephone Nook $4.74

Fits flush with wall. Gives plenty of room for telephone and a big directory without using up the floor space a separate telephone table would need.

¾-in. thick ponderosa pine, sanded smooth, ready to install and finish as you wish. Unit is 17 in. wide, 20¾ in. high. Shelves ⅝-in. thick gum plywood. Top shelf 9⅜ in. deep; lower shelf, 8 in. deep.

This space-saving nook is easily installed between wall studs. Needs rough opening 13½ in. wide, 18¼ in. high, 3¾ in. deep. Full instructions included.
64 A 2182C—Shipping weight 10 pounds.....$4.74

NO MONEY DOWN . . Up to 3 Years to Pay on Modernizing Credit Plan See page 586



You can have a smart new ceiling in just one day

And, look! HOMART Ceiling Tile for an 8x8-ft. room costs as little as $8.70

Low as **13½c** sq. ft. in carton lots (16x32 in.)

- Beautify your ceiling
- Reflect light downward
- Insulate . . help cut heat passage up to 25%
- Help absorb household noise. Acoustical tiles absorb sound best!

Made of fine quality insulating board with face side prepainted at the factory. Easily installed on furring strips, using staples or 3d blued lath nails sold at right. The 12x12-in. tiles may be cemented directly to sound plaster. Interlocking edges hide nails and staples for neater joints and faster, easier installation. Full instructions included . . *Don't use where there's a lot of moisture.*

Minimum order one carton. Extra tiles are sold singly only with order for one carton or more. Shipped freight (rail or truck) or express. Plain-design tiles (1) sent from mail order house or warehouses listed at the right.

1 Plain-design Tile in 3 sizes. ½ in. thick. Smooth face prepainted ivory-white; may be repainted any color (use sizing with oil-base paints). See table for number of tiles per carton. Carton covers 64 sq. ft. *See Minimum order note at left. State quantity.*

2 thru 4 Printed-design Tiles. ½ in. thick. 12x12-in. smooth face (*not fissured*). **Classic** (2) is neutral gray. **Astralite** (3) is blue and gold color on white. **Pristine** (4) is gold color on white. Carton covers 64 sq. ft. *See Minimum order note, left. State quantity.*

Prefinished Hardwood Veneer Panels

Wall beauty that can really "take it"

Low as 29½c sq. ft.

The rich natural beauty of real wood at less than the cost of plastering. Now you can finish any room in wood tones to suit your every decorating whim. So tough stains can't mar this paneling—crayons, lipstick, alcohol, most common stains can't penetrate its top-coat. Even sticky, stubborn fingermarks wipe off with a damp cloth. All panels 3-ply, ¼ inch thick, 4x8-foot size.

All panels are matched for color and grain. Mellow walnut, red-toned cherry, birch in natural or copper-tone finishes, warm-toned red oak, traditional Philippine mahogany (lauan), Knotty pine or the light, bright tones of oriental ash. Attractive satin-sheen finish . . *all pores completely sealed with a tough plastic top-coat* that protects both beauty and color. No further finishing is needed.

Grooves are set 16 inches apart for hiding nail heads, with intermediate grooves spaced at varying widths to give your rooms a smart-looking overall random look that will delight you. Easy to saw, nail and install. Full instructions included.

Sent freight (rail or truck) or express.

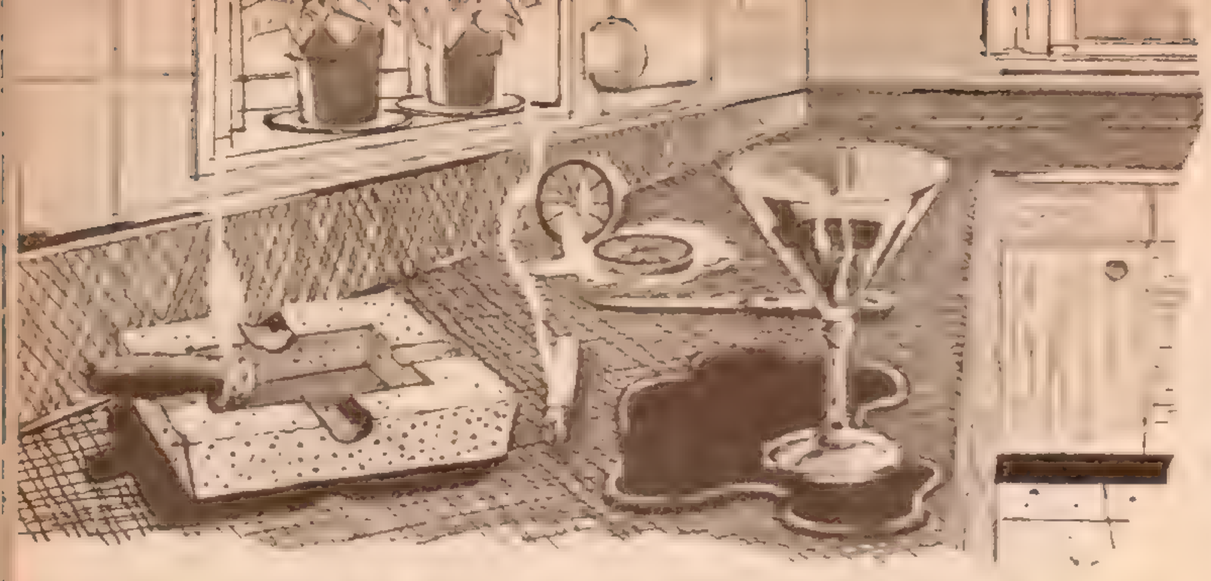
Decorative Hardboard Wall Panels

Rich wood-grain effect finishes . . . attractive grooved patterns

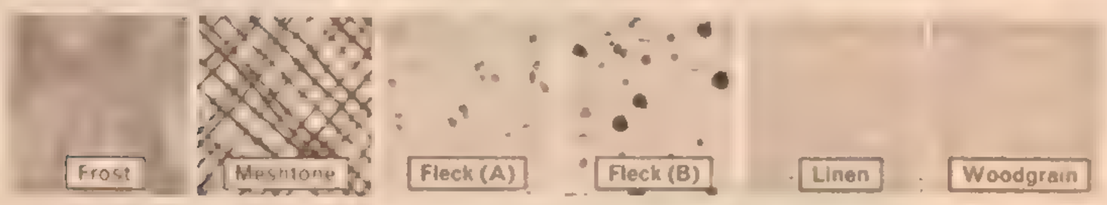
7 **$8.37** Panel 8 **$6.47** Panel

7 **Stria-Grooved Panels.** Tempered—use inside, outside. Grooves every 4 in. Resists nicks, dents, buckling, swelling. Needs no further decoration, but may be finished. 4x8 ft., 5/16 inch thick. Freight (rail or truck) or express. ***Minimum order 2 panels.***
64 A 8989N—Shpg. wt. 54 lbs....Each $8.37

8 **Deep Textured Panels.** Raised surface, deep grain—plus random grooves—the feel and look of windblown wood! Creates a rich, unusual two-tone effect. Just apply latex or other water emulsion paint over its white prime coat, and wipe. Or apply your own color prime coat. 4x8 ft., ¼ inch thick. *For interiors only.* Freight (rail or truck) or express. ***Minimum order 2 panels.*** Shipping weight 28 pounds.
64 A 8972N.....Each $6.47



HOMART Plastic Tops defy stains, scratches and wear!



Rigid Laminate—more patterns and colors, faster delivery

Low as **56½c** sq. ft.

Our best—shipped from factory near Chicago to give you faster service! Heavy duty Melamine plastic sheet, 1/16 in. thick, has hard, glass-like surface to defy scratches, scuffs and wear and withstand heat up to 275°. *Even burning cigarettes and boiling water can't harm it!*

Ideal for easy-to-clean "glamour" tops for tables, counters, sinks, bars, dressers, vanities—wherever hard use and long wear are expected.

Colors, baked in under extreme heat and pressure, won't fade. Rigid laminate may be installed on any firm surface, *but not on porous material*. Use adhesive listed below. Full instructions.

Frost (pearl) pattern comes in Harmony House Dawn gray, Cherry red, Sunshine yellow, or Mint green.
Marble pattern (not shown) in pink.
Meshtone pattern in Harmony House Dawn gray, Sunshine yellow, Sage green, or Frosty pink with Dawn gray.
Fleck pattern (A) comes in choice of gold-on-white, gold-on-beige, gold-on-pink, and gold-on-aquamarine.
Fleck pattern (B) comes in white with small charcoal-and-gold dots only.
Linen pattern comes in tan only.
Woodgrain pattern in limed oak, birch, platinum walnut, or dk. American walnut.

SHIPPING: Freight (rail or truck) or express from factory near Chicago.

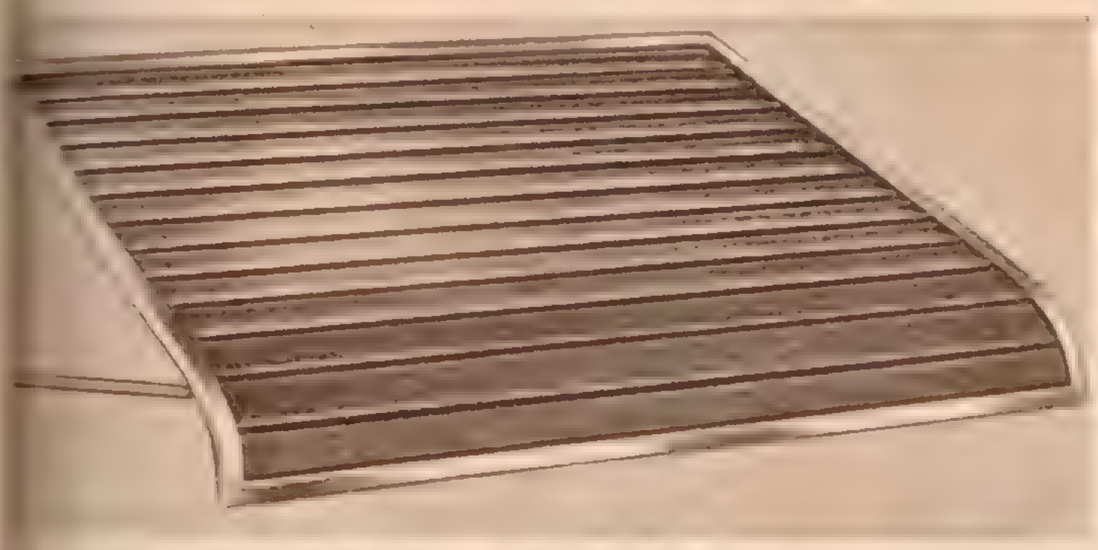
NO MONEY DOWN . . Up to 3 Years to Pay on Modernizing Credit Plan See page 588

Save money! Assemble your own Fiberglas® Awnings

It's as easy to custom-make your own Fiberglas door and window awnings as to assemble most "ready-made" units!

Most "ready-made" awnings have to be assembled on the job anyway. Why not do your own installing and save hundreds of dollars on Fiberglas awnings for your entire home? First, measure windows and doors. Then order brackets or kits below and "stepdown" Fiberglas panels at right. All you need are ordinary household tools.

Fiberglas awnings beautify your home, increase its resale value, help keep it cool in summer with less of a load on your air conditioner. They transmit warm, glare-free light *without shadows*, yet filter out the sun's heat rays.



HOMART Slim-line Awning Bracket Kits—Anodized Aluminum

- Extruded aluminum, anodized to stay bright longer
- Sides of frame have popular curved design at front

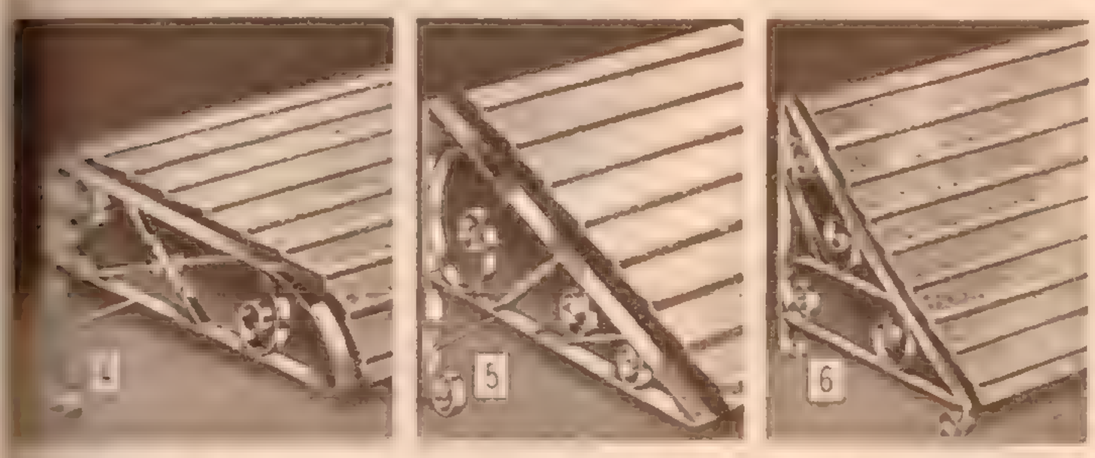
Low as **$7.62**

Kit includes complete channel frame, side arms, wall flashing channel, hardware and full instructions. The 47 and 70½-in. wide sizes have extruded aluminum reinforcing strip at center. Frames are easily cut to narrower width, if necessary. Can be removed for winter. Maximum projection about 41 in.; can be adjusted to vary drop of your awning. Fiberglas not included; order "Stepdown" design panels, listed under (3) at right, and cut to width required for your window or door. Shipped freight (rail or truck) or express.

64 A 9032N—35¼ inches wide. Requires 35¼x41½-in. Fiberglas. For 1 awning, order 47-in. width, and cut it down to 35¼ in. For 2 awnings, order 70½-in. width, and cut panel in half. Shpg. wt. 6 lbs.....**$7.62**

64 A 9033N—47 in. wide. Order 47x41½-in. Fiberglas. Shipping wt. 7 lbs.....**$8.52**

64 A 9034N—70½ in. wide for big windows, doors. Use 70½x41½-in. Fiberglas. Shipping weight 9 pounds.....**$10.37**



HOMART Anodized Aluminum Awning Brackets are extra-strong!

- Members are 1 in. and 1⅓ in. wide, not just ⅝-inch!
- Heat-treated, anodized to stay new-looking longer

Low as **$5.97** Set

Self-anchoring nails have metal sleeves attached for easy mounting. Stainless steel bolts, Neoprene washers, screws and instructions are included. Fiberglas not included; order "Stepdown" design panels listed under (3) at right.

Door Canopy Brackets. 8-in. drop, project 38 in. from house.
64 A 9125L—With 1½-in. wide members. Shipping weight 10 lbs. Set of 2 **$10.27**

Brackets for Casement Window. 13-in. drop, project 38 in. from house.
64 A 9126L—With 1½-in. wide members. Shipping weight 10 lbs. Set of 2 **$8.97**

Brackets for Double-hung Window. 24-in. drop, project 28 in. from house.
64 A 9127L—With 1-in. wide members. Shipping weight 10 lbs.....Set of 2 **$7.85**

Same as (6) above, except with 16-in. drop. Project 20 inches from house.
64 A 9128C—1-in. members. Use Fiberglas cut to 26-in. size. Shpg. wt. 5 lbs. .Set of 2 **$5.97**

"SEARS DOES MORE"

Now! A new high-acrylic Exterior Fiberglas® that's far more durable, more weather and fade-resistant than ever before—*yet lower in price*

Less than **53½c** square foot (70½x41½-in.)

Made with a special new formula, these are our finest translucent Fiberglas panels ever! Top-quality light-stabilized polyester resins are combined with 20% acrylic resin to keep exposed surfaces glossy longer, give panels greater clarity and filter out harmful ultra-violet rays (one of commonest causes of Fiberglas deterioration). Panels exposed continuously to outdoor Florida weather for 3 years showed virtually no discoloration or deterioration. Surface crinkled to hold more protective acrylic resin than smooth surface can.

Finest sunfast pigments add sparkling color that resists fading far longer than ordinary glass-fiber panel colors. Panels let in soft, diffused sunlight without heat or glare. They are completely waterproof, fire resistant. Can't be harmed by acids or alkalies. Panels can be drilled, nailed or bolted just like wood. *Won't crack or shatter*. Shipped freight (rail or truck) or express.

(2) Corrugated Panels with 2½-in. corrugations . . . 2 sizes. Ideal for patios, porches, carports, windbreaks, skylights, awnings, etc. where full protection from the sun is needed. May be combined with aluminum and galvanized steel roofing and siding (see index) for barns, garages, sheds, etc. Excellent load-bearing strength. Conform to most building codes. Meet stringent architectural requirements. *Colors:* bright green, yellow, sand beige, or white.

40x120-inch panel. Covers 33⅓ sq. ft. (32 sq. ft. with 1-corrugation overlap).
64 A 8127N—*State color.* Shpg. wt. 1 panel, 30 lbs.; each added panel, 15 lbs.....Panel **$17.87**

40x144-inch panel. Covers 40 sq. ft. (37⅓ sq. ft. with 1-corrugation overlap).
64 A 8128N—*State color.* Shpg. wt. 1 panel, 36 lbs.; each added panel, 17 lbs.....Panel **$21.50**

(3) "Stepdown" design Panels with flat, 4-in. horizontal "steps" like siding . . . 3 sizes. Same fine quality as (2) above. Ideal for patio covers and awnings. See left for awning kits and brackets. *Colors:* bright green, yellow, white.
64 A 8140N—47x41½ in. Covers 13½ sq. ft. State color. Shpg. wt. 9 lbs.....Panel **$7.25**
64 A 8142N—70½x41½ in. Covers 20⅔ sq. ft. State color. Shpg. wt. 12 lbs.....Panel **10.87**
64 A 8144N—141x41½ in. (40½ sq. ft.). 4-in. "steps". State color. Wt. 39 lbs.....Panel **21.95**

Standard-weight Corrugated Fiberglas Panels for interior use

Less than **43¾c** sq. ft.

(1) Use for shower doors, folding screens—wherever you want soft light. Made by fusing glass fibers and polyester resins under terrific pressure. Lower in price than heavyweight panels above because they have less of the special protective acrylic resins and a lighter Fiberglas mat. Each panel 26x96 in. with 2½-in. corrugations. Covers 17¾ sq. ft. (16 sq. ft. with 1-corrugation overlap when combining panels). Shipped freight (rail or truck) or express. *Colors:* Sunshine yellow, Mint green, white, ice clear (not transparent).
64 A 8103N—State color. Shpg. wt. 1 panel, 10 lbs.; each added panel, 7 lbs. 4 oz. .Panel **$7.57**

Accessories to make installation of Fiberglas panels easier and neater

64 A 9030—Clear Plastic Cement. Used to seal panels where corrugations overlap. One pint bonds 50 lineal feet. Shipping weight 1 pound.....Pint **$1.25**

30 A 3487—Kalk Kord Sealing Strip. ¼-in. size in 60-ft. coil. Light gray color. Can be used instead of cement above where panels overlap. Shpg. wt. 2 lbs. 14 oz.....60-ft. coil **89c**

64 A 9035—Filler Strip. 2½-in. corrugated rubber inset, 1x28 inches long. Used to give tight fit between panel corrugations. Shipping weight 8 ounces.....Per strip **40c**

64 A 9037—Aluminum Screw Shank Nails. Neoprene washers. Wt. 5 oz. Pkg. of 100, **89c**

HOMART Galvanized Steel Guttering

Combines strength and weather-resistance with low first cost

RESISTS RUST. Made of husky 26-gauge galvanized steel—it's actually 20% heavier than 28-gauge steel! Meets FHA standards.

STRONG! Trough resists bending even when ladder's leaned against it. Rolled edges on half-round style. Double-locked seams on pipe.

DEPENDABLE. Will give years of service, if regularly cleaned and painted. See *"How to Estimate"*, *"Shipping Note"* below at right.

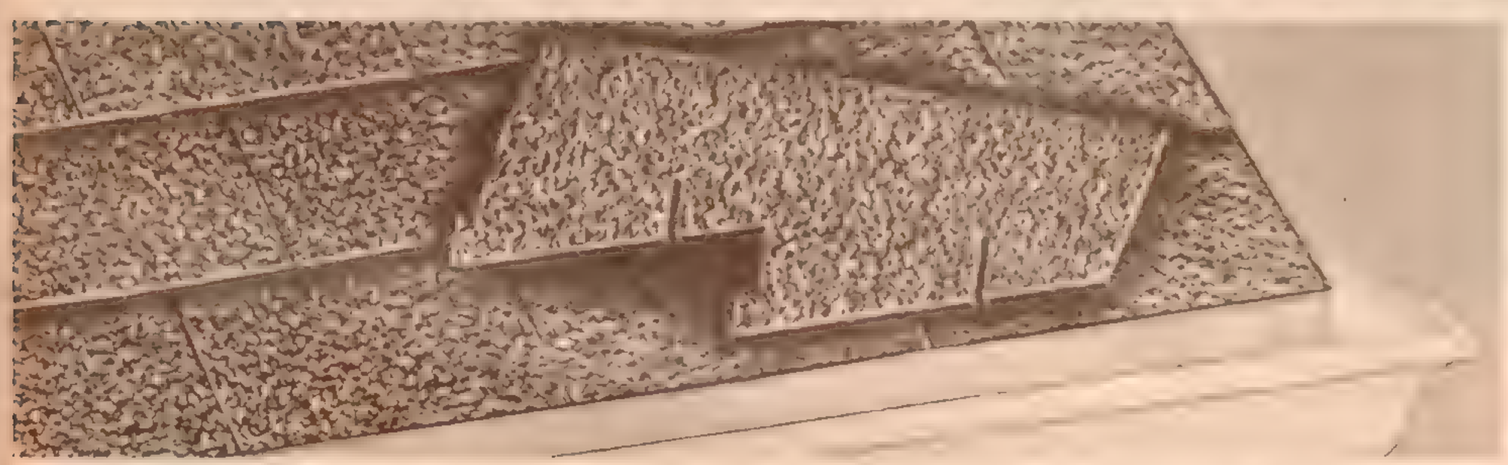
SHIPPING NOTE for all Guttering. Trough, rainpipe and combined orders sent freight (rail or truck) or express. Catalog numbers with "W" (as W64 A 1200N) from mail order house or warehouses at St. Louis, Cincinnati, Cleveland, Detroit, Indianapolis or Milwaukee.
Note: 4-in. box-type guttering from mail order house only.

Galvanized Steel Downspout Splashguard. Heavy gauge. Used to spread rainwater evenly and protect lawn from water erosion. Helps prevent flooded basements. Over-all size is 24x20 inches. Resists rusting; should last for years.
64 A 1239C—Shpg. wt. each 4 lbs.... $1.29

How to Estimate Guttering: Pipe and trough sold only in 10-ft. lengths. If you need 75 ft., order 8 lengths and cut to length required. Use 1 slip connector per length of trough, corner or outlet. Use 3 hangers, channel circles or spike-and-ferrule combinations per length of trough. Use 3 straps per length of pipe. **Note:** Do not combine aluminum, steel guttering and fittings. Corrosion may result.

Free Planner 6089A helps you plan or estimate guttering. Write Sears Dept. 139 or see nearest Sears Catalog Sales Office (see pages 618 and 619).
For Free Estimating Service, contact Sears Sales Representative at your nearest Sears Catalog Sales Office.

Our finest HOMART Asphalt Roofing ever! Greater protection



Hurricane Lock Shingles . . our best — Only 9c sq. ft.

Without a doubt, these are the finest asphalt shingles we've ever offered! They give a full 260-lbs. protection per 100 sq. ft. with 100% two-layer and 33% three-layer coverage. Made with costly 100% pure asphalt, these shingles offer maximum resistance to sun and exposure. The 25% heavier, long-fiber rag felt base gives far better resistance to flexing than our former lock shingles. Colors are brighter, more permanent because only finest mineral granules are used. The ONLY lock shingles we've seen that look like regular shingles when installed. They have horizontal shadow lines, vertical tabs. Fire-resistant. Made for Sears by one of America's foremost roofing manufacturers.

Built to resist severe storms and winds of hurricane velocity. Each shingle has tabs and slots to lock shingles and rows of shingles into one windproof, weathertight unit *without weakening shingles in any way*. Exceed FHA requirements.

Use for roofs with pitch as low as 4-in. rise per foot. Each shingle 36 in. long with two 12-in. tabs. Spans 2 rows. Laid with 5-in. exposure. Easily applied. Self-spacing, self-aligning. Needs just 2 nails per strip. Bundle of shingles covers 33⅓ sq. ft. Sent freight (rail or truck) or express from factory near Chicago, Ill.; Detroit, Mich.; St. Louis, Mo.; or Cincinnati, Ohio. Nails not included; order 2½ lbs. per 100 sq. ft.

Slip Joints make HOMART Guttering easy to install . . give watertight joints *without soldering!*

Save 30% to 50% of the cost of your guttering by putting it up yourself. All HOMART guttering is designed for easy do-it-yourself installation.

Full instructions show how to do the job. Only tools you need are hammer, pliers, hacksaw or snips to cut eavestrough or rainpipe to required lengths.

Easy-to-fit slip-joint connectors do away with soldering, the hardest part of the installation job. Mastic must be used for aluminum guttering joints.

90-lb. Roll Roofing

Use as regular roofing for steep roofs. Or, split roll into 12 and 24-in. strips for use as ridge or valley roll with hexagon or 3-in-1 shingles. Set 12-in. strips under 24-in. strips. 36-in. wide roll covers 100 square feet with 2-in. lap. Cement and nails included.

Order from table at right. Read notes below before you order.

Selvage Roll

Our best roll roofing. 100% double coverage. Needs at least 2-in. rise per ft. 17-in. slated strip; 19-in. underliner. Order ¾ lb. 1¼-in. nails, 1 gallon cold application cement per roll (not included). 36-ft. roll covers 50 sq. ft.

Order from table at right. Read notes below before ordering.

Hexagon Shingles

Self-spacing. Need at least 6-in. rise per ft. Each 11⅓x36 in.

2-tab type from factory near Cincinnati.

3-tab from St. Louis, Detroit or Chicago.

State 2-tab or 3-tab bundle covers 50 sq. ft. *Order from table below.* Order 2 lbs. nails per 100 sq. ft.; see facing page for nails.

Read notes below.

Improved 3-in-1 Shingles—our best seller!

Made with the same 100% pure asphalt, same 25% heavier long-fiber rag felt, same bright, permanent mineral granule colors as lock shingles on facing page. Give full 220-lbs. protection per 100 sq. ft. of roof with 97% double coverage.

Square tabs give lovely 3-dimensional look. Narrow ⅜-in. cutouts improve shadow effect. Each shingle 12x36 in. with 3 tabs. Self-spacing; easy to install. Can be used on roofs with pitch as low as 4-in. rise per ft. Securely anchored by concealed nailing. Full instructions included.

Each bundle of shingles covers 33⅓ sq. ft. Order 3 bundles per 100 sq. ft. *Order from table below. Be sure to read "How to Estimate", "Shipping" and "Important" notes at the left.* Order 2½ lbs. of nails per 100 square feet of roof. Nails not included; order from listings on facing page.

re to read all three notes below before you order Roofing!

Mix a full load thoroughly in just 60 seconds!

These 3 HOMART Mixers give you fast 4-Blade Action . . low as $58.95

Wide bell-shape drum keeps load close to axis for easier dumping. Special "figure 8" slicing action makes stronger concrete. Delivers 2¼-cu. ft. batch in 60 seconds or less. Mix light or heavy materials, solid or liquid—feed, seed, mortar, fertilizer. Holds 4 cu. ft. liquid. Drum locks in any position, even upside down for water-free storage. Loads and unloads from either side. Drums are heavy 18-gauge steel on rigid cast iron yokes and bowls. About 50 in. high, 39 in. long; 20-in. discharge height. Motor cover, belt guard, pulley included. Electric models for 110-120-volt, 60-cycle AC include 8-inch cord* (see note bottom of page). 1½x⅛-in. angle steel frame.

For almost effortless mixing, hand-operated model can be equipped with either power set or gas engine outfit listed below.

FREE BOOK

Gives information on concrete formulas, grades, etc. Included with every mixer.

Wheelbarrow Mixer..big job capacity—streamlined design

- 1⅓ cubic foot average delivered batch capacity. Delivers more concrete hourly to the job than larger mixers because no wheelbarrow is needed
- Uniform mixing action
- Tilts forward for easy pouring into forms up to 14 in. high

FURNISHED COMPLETE with efficient ¼-HP electric motor with speed reducer and V-belt. Eliminates time-wasting task of unloading mixer into two or more wheelbarrow loads. Wheel the load right up to the job! Rugged all-steel tubular frame—yet light enough (130 lbs.) to load inside the back of a station wagon. Metal shield protects motor against rain and concrete droppings. 3-prong plug and adapter located handily on right handle. Liquid capacity 2.9 cubic feet. Average delivered batch 1⅓ cubic feet. About 38½ in. high, 58 in. long. Rubber-tired wheels.

Sent freight (rail or truck) or express from mail order house or factory in central Ohio.

64 A 7500N—From mail order house. Shpg. wt. 130 lbs. $91.50

Beautify your home, cut heat loss up to 25% with Insulating Siding

Low as **17½c** square foot

Rigid, weatherproof panels are about 12x48-in. size, 5/8 in. thick. Meet FHA requirements, never need painting. The ½-in. thick core has 2 heavy coats of protective, mineral-stabilized asphalt. Colorful ceramic and mineral granules are permanently imbedded, won't fade. Shiplap joints give tight seal, keep panels aligned for easy installation. Bundle of panels covers 50 sq. ft. *See "How to Estimate" and "Important" notes below.*

[2] **Ranch Stone design Panels.** Look like expensive stone when installed.

[3] **Red Brick design Panels.** Look just like red face brick. Cream-color mortar line contrasts beautifully with red brick design.

Matching Outside Corners for (2), (3). 2¼x2¼x12½ in. long. *Order from table below.*

[4] **Wood-grain Shingle design Panels.** Textured with shadows and highlights like real wood grain. Panel edges overlap.

[5] **Standard Striated Shingle design Panels.** A popular favorite. Panel edges overlap.

Matching Outside Metal Corners for (4), (5). 1¼x1¾x12½ in. long. *Order from table below.*

Shipping Note: Insulating Siding and accessories shipped freight (rail or truck) or express from mail order house; factory at Savanna, Ill.; or warehouses at Detroit, Mich., Milwaukee, Wis., Cincinnati, Ohio or Indianapolis, Ind.

Fireproof Asbestos Siding Panels

Less than **18½c** square foot

[1] Weatherproof . . *almost indestructible.* Made of cement and asbestos—the two most fire-resistant materials known! Meet FHA requirements. Extra-hard, bonded-on plastic coating resists scaling, discoloration. Colors won't fade, never need painting.

Easy to install. Self-spacing, self-aligning. Prepunched nail holes. Borrow our Siding Cutter and Punch, (6) below, to do job faster. Asphalt joint-sealing strips and nails are included. Each panel is about 5/32 in. thick, 24 in. wide, 12 in. high.

Bundle covers 33⅓ sq. ft. *See "How to Estimate" and "Important" notes below at right.* Shipped freight (rail or truck) or express from factories near Chicago, Ill. or St. Louis, Mo.

For FREE Color Folders 6745A-6746A, write Sears Dept. 139

140° rinse sanitizes dishes "sparkle-clean"

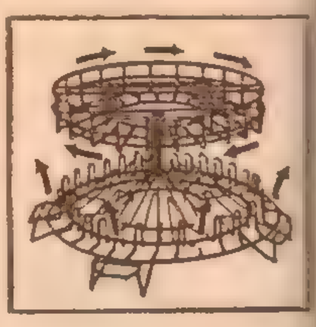
Lady Kenmore 4-cycle Portable Dishwasher

$189.95 cash Only $5 down

Specially chosen as a Sears Jubilee Value

- ***Because*** the fully automatic Lady Kenmore is newly styled, easier to operate, yet priced at same low as last year's model

- ***Because*** dishes get power pre-rinse . . 2 washes, 3 power rinses (built-in heater boosts final rinse to 140°), electric drying



- ***Because*** exclusive revolving Roto-Rack intensifies wash action . . spray reaches every part of every dish

- ***Because*** 4-cycle action means you push just ***one*** button to set up any combination of Normal or Heavy Wash, Rinse action

- ***Because*** Sears lab tests prove that its exclusive 4-cycle action meets or beats industry standards for washability

Holds complete service for 12

Has all the wonderful features described at the right. Exclusive console styling in modern square-corner design with attractive Mylar® base. Steel outer cabinet finished with white baked-on enamel. Separate inner tub of peach-colored porcelain enameled steel—resists stains, scratches, heat—not just plastic coated. Racks cushion-coated in persimmon color vinyl. Divided design of roto-rack allows easy loading of stationary bottom rack. Two removable silverware baskets hold 60 pieces.

Controlled venting of condensation. 900-watt heating element. Combined inlet-outlet hose retracts when not in use. Size 24 in. wide, 28 in. deep, 35 in. high at front; back panel 4¾ in. high. Aerator-type adapter attaches to aerator threaded faucets. *See INFORMATION on facing page.*

W65 A 6434N—Complete instructions. Shipping weight 155 pounds.....$189.95

Plus THESE IMPORTANT ADVANTAGES

High-styled counter-type top of heavy-duty white plastic with silver color metallic chips in exclusive contemporary design. Stain and scratch-resistant, edged with stainless steel. Exclusive speedometer dial on softly lighted control panel shows cycle sequence at a glance.

Quiet and cool in operation . . the vibrating parts are rubber mounted to counteract noise . . the separate inner tub provides double wall construction that assures quieter operation and also keeps all of the outer surface cool to the touch.

No installation required . . easy-pull handle and extra large casters make it easy to roll dishwasher where needed. Combined inlet-outlet hose hooks on to faucet, drains into sink, retracts when not in use.

1060 SEARS PCKAMDL

Built-in Undercounter Dishwashers

Our Best Quality Lady Kenmore . . . 3 front finishes

[1] With chrome or copper finish front — **$229.95** cash

[1] With white enameled front — **$219.95** cash

See facing page for listings and Easy Terms

- **Push-button action controls** . . Normal-wash, or Super-wash for heavily soiled dishes . . Normal-rinse, or Super-rinse (built-in heater boosts final rinse to sanitizing 140°).

- **Revolving Roto-Rack intensifies wash action.** Powerful spray from specially designed impeller makes top roto-rack revolve automatically . . spray reaches every part of every dish (see 2nd small view for Portable Dishwasher above).

- **Handsomely designed control panel** at top of front has push-button controls, chrome-plated handle, and indicator knob that turns to show cycle sequence.

- **Ideal for new or remodeled kitchens** . . installs under continuous counter tops as shown (for counter tops, see page 1065). Choice of white steel, chrome-finished steel or antiqued copper finished steel to match or blend with steel or wood kitchen cabinets.

Let Sears Arrange for Installation. Sears assures the job . . with all details handled to your satisfaction. We'll include all materials and labor in one easy term contract. Inquire at your nearest Sears Catalog Sales Office for complete details.

New 2-cycle Portable

Kenmore Fine Quality push-button dishwasher

Same giant capacity as our Lady Kenmore Portable . . same fine *automatic* wash action, same revolving roto rack, but does not have speedometer dial, 4 separate cycles or temperature boost

Holds complete service for 12 people

- Push-button wash action . . press Normal-wash for ordinary dishwashing or Heavy wash for dishes with stubborn soils
- Counter-type top of porcelain enameled steel in light gray color, white on inner side . . fiber glass insulation
- Console-type styling with 1-inch high slanted control panel at back . . knob indicator turns to show cycle sequence
- New design chrome-plated handle and extra large casters make it easy to roll dishwasher where needed

$169.95 cash **$5.00 down**

We asked our engineers to design a super-action model with full capacity, yet keep costs to a minimum. Your dishes get a power pre-rinse, two detergent washes, three power rinses plus electric drying.

Modern, square-corner design steel cabinet, white baked-on enamel finish. Light gray enameled base. Separate inner tub of white porcelain enameled steel resists stains, scratches, heat. Racks cushion-coated in persimmon color vinyl. Divided design of top roto-rack allows easy loading of stationary bottom rack. Two removable silverware baskets hold 60 pieces.

Controlled venting of condensation. 900-watt heating element. Combined inlet-outlet hose pulls out, hooks onto faucet, drains into sink. Size 24 in. wide, 27½ in. deep, 34½ in. high at front. Adapter will fit most faucets. See INFORMATION at left.

Quieter . . more powerful than ever!

Lady Kenmore Garbage Disposer

Specially Chosen as a Sears Jubilee Value

- ***Because*** Sears Laboratory Tests prove it performs as well as or better than higher-priced models tested . . the Lady Kenmore meets or beats industry standards for grinding speed, uniform grinding and quietness
- ***Because*** three cutter teeth are reversible for twice the life . . you can change them yourself without removing disposer from sink. Teeth and entire inner chamber made of hardened stainless steel
- ***Because*** powerful ½ HP capacitor motor has tremendous strength . . takes heavy starting loads easily . . works quickly with full speed at flick of switch . . has convenient, continuous feed action
- ***Because*** it works with amazing quietness . . actually "floats" in rubber with all mounting points rubber-cushioned against vibration. Completely insulated with sound-deadening material

$74.95 cash

Only $5.00 Down
Special Easy Terms
See page 586

Beautifully designed with attractive turquoise colored heavy-duty plastic exterior, highlighted with gleaming chrome-plating. So easy to use . . just drop food wastes into sink drain as you prepare meals . . everything from stringy corn husks to hard bones . . they're shredded into fine, non-clogging particles and flushed down the drain with cold water. No clean-up care required . . swirling water action keeps Disposer clean.

Extra easy to install with special design chrome-plated mounting ring. Short rough-in height adaptable to most installations. Usually old trap can be used without plumbing changes. Fits sinks with 3½ to 4-in. drain opening. Disposer outlet fits trap outlet 6⅛ in. or more below bottom of sink. Size 8½x13 in. high. Removable chrome-plated sink stopper opens for controlled water flow. Heavy duty ½ HP self-oiling motor 110-120-v, 60-c AC enclosed in heavy steel housing. Overload protector. *UL Listed*. Instructions.

W65 A 6413K—Shpg. wt. 29 lbs. $74.95

Our Better Quality Kenmore Disposer

- Sturdy ⅓ HP capacitor motor
- Shredder teeth and inner chamber of stainless steel

$52.95 cash $5.00 down

Takes heavy starting loads efficiently, has continuous feed action, grinds uniformly, has 3 reversible cutting teeth of stainless steel.

Rubber-cushioned, but not insulated like our best disposer above. Specially designed vinyl stopper acts as sink stopper and as handy plate scraper.

Easy to install with collar-type white-enameled metal mounting ring. Disposer fits sinks with 3½ to 4-inch drain opening. Disposer outlet fits trap outlet 5 in. or more below bottom of sink. 7½x12 in. high. White baked-on enamel finish on steel exterior. Heavy duty self-oiling ⅓ HP motor for 110-120-volt, 60-cycle AC. Overload protector. *UL listed*. Instructions.

W65 A 6412K—Shpg. wt. 25 lbs. . . $52.95

Our Good Quality Kenmore Disposer

- ¼ HP split-phase motor
- Budget-priced . . will give good service

$42.95 cash $4.50 down

Continuous feed action. 2 reversible cutting teeth of stainless steel, good grinding action. Not as heavily rubber-cushioned as our better and best disposer, not insulated.

Easy to install with collar-type sink mounting. Black rubber stopper serves as sink stopper and as cover to let water through when grinding. Disposer fits sinks with 3½ to 4-in. drain opening. Disposer outlet fits trap outlet 6 in. or more below bottom of sink. 7½x11¾ in. high.

Aluminum and steel construction, light gray baked-on enamel finish. Self-oiling ¼ HP motor for 110-120-volt, 60-cycle AC. Overload protector. *UL listed*. Instructions.

W65 A 6411K—Shpg. wt. 23 lbs. $42.95

SHIPPING NOTICE: Disposers shipped from your mail order house or warehouses in Cincinnati, Cleveland, Detroit, Indianapolis, Milwaukee, Moline and St. Louis, whichever is nearest.

NOTE: Disposers approved by most large city building depts. that test disposers. Can be used with septic tanks 500 gals. or more. Do not install with undersink-type grease trap. For Nation-wide Service, if needed, see page 613.

Dress up your kitchen with a Harmony House Sink

Bright, new beauty . . new convenience . . ease of cleaning. Highly resistant to stains, scratches, heat . . they keep their gleam, need little care. Self-rim sinks are installed without separate rim—no seams to catch grime, easier to clean, easier to install. Sinks available without fittings or with our best faucet, spray, removable basket strainers.

Choose porcelain enameled heavy gauge steel or extra heavy cast iron (steel in white only, cast iron in white, Sunshine yellow, Mint green, Shell pink as shown on facing page). Or choose our finest nickel-type stainless steel, polished to soft satin finish. Made to give you a lifetime of household service and beauty. Sound-deadened, light in weight, yet rigid and durable.

Note: Single basin sinks require 24½x20½-in. cutout in counter top. 37x21 in. requires 36½x20½-in. cutout; all other double basins require 32½x20½-in. cutout. Complete instructions. All sinks have 6-in. centers. *Order trap and supply pipes . . plus connecting waste for double basin sinks* (32 and 33 in. take 16-in. waste; 37 in. take 21-in. waste), see page 999.

Bi-level basins ideal for installing garbage disposer

3 Self-Rim 33x21-inch Disposer-well Sink

Newest sink design in stainless steel! Roomy 14x15½x7⅜ in. deep basin for dishwashing. Shallow 14x15½x5½ in. basin for rinsing dishes (also creates extra washing area for large pans, platters, griddles).

Maple cutting board makes ideal work surface—just push parings, wastes through hole.. off-center 6¼-in. diameter well "funnels" them into disposer. Board is removable, fits both basins. Garbage Disposers, see page 1063.

Maid of Honor Cookware with Copper Bottom . . or . . 3-ply Heat Core

Fastest heating element, copper, fused to bottom to give you quick, even, long lasting heat. Stainless-steel body, easy to clean.

Carbon steel core provides fast, even, long lasting *wrap-around* heat. Stainless-steel layers inside and out are easy to clean.

Both copper-bottom and heat-core utensils have the same graceful styling and good-cooking features. Flavor-seal rims and snug-fitting covers work together to keep flavor, color, vitamins and minerals *in* the food you cook. Hard non-porous and seamless stainless steel makes cleaning so easy . . foods almost rinse away. Won't discolor, rust, chip or dent. Longer polishing process gives each utensil a higher and beautiful sheen. Cool black plastic handles shaped for a firm grip, even with wet hands. Rings for "hang-up" storage. Black plastic knobs. Start a 4-piece set with a 10% saving or select individual pieces from the chart below.

Steel Cookware

there's one to fit your cooking needs

Save 10% on any 4 or more pieces ▶ Just add up the cost and deduct 10%

Copper Core rim to rim Stainless Steel inside and out . .

Fastest heat conductor known, *copper*, extends rim to rim for uniform heat all over without "hot spots." And stainless steel, the easiest cleaning metal, protects the copper . . *instantly* washes gleaming bright; rarely needs scouring. Won't chip, dent, stain or absorb odors.

Today's look for today's modern cook. Our finest Maid of Honor cookware combines easiest care, beautiful styling and efficiency. Start your set with the extra-handy, double-use pieces. 2-qt. casserole fits into the 2½-qt. saucepan to make a double boiler. Use the griddle as a broiler or serving platter.

Stunning square shape provides more cooking area than round styles; pours easier, too! Flavor-seal covers and rims give food more flavor . . you can cook with a minimum of water. Stainless steel handles on casserole, dutch oven, roaster permit oven roasting. Black plastic handles shaped for firm grip . . cool to touch; handy hang-up holes. Tapered black plastic knobs.

Thick as a silver dollar, extra heavy 10 gauge Aluminum

Save 10% on any 4 or more pieces ▶ Just add up the cost and deduct 10%

Famous Maid of Honor Chef Quality . . now improved for waterless cooking.

Meals are better, cooked the "waterless way." *Extra* heavy covers fit snugly into the flavor-seal rims to catch and condense cooking vapors . . form an invisible seal between cover and pan. Food is basted in its own natural juices . . sealing in flavor and vitamins for healthier, better-tasting dishes. Extra-thick sides and bottoms are made for hard use . . give fast, even heat.

The satin-finish seamless aluminum is finished by a special process so it cleans easier, stays new-looking longer. Hard, non-porous surfaces won't absorb odors or stains. Black plastic knobs and "pistol-grip" handles stay cool for easier lifting. Heavier 8-gauge aluminum is used for skillets.

New RITE-SHAPE makes the BIG difference

Gives you 9 inches more usable length for ironing flatwork . . tapers down to make pressing pleats and sleeves a breeze

Bernice A. Malmanger, home economist in our laboratory, reported. "New Rite-Shape table speeds ironing of large flat pieces . . makes ironing into tiny gathers, pleats, upper parts of sleeves easier."

All steel Vent-O-Top . . 60% ventilated open-mesh for cooler, quicker ironing. Comfort-level height adjustment from 23 in. to 36 in. . . opens, closes with flick of finger. Knee-space curved legs bring ironing surface right over your lap . . of extra-large tubular steel, they fold or swing open . . lock in one motion.

Roll-or-stay wheels . . table stays firmly in one place for stand-up ironing, storage . . rolls so you can iron while seated without stretching. Wide cross-feet give greater stability. Folds flat. Cover-pad stays clean, never touches floor.

Tables 1, 2 and 3 include 6 foot extension cord with electric outlet, storage reel, also iron cord holder. Iron wherever you like without the inconvenience of dangling, tangling cords. Iron cord holder folds flat on table.

SHIPPING NOTE: Items on these 2 pages marked "W" (as W22A74661N) from nearest warehouse: Chicago or Moline, Ill.; Detroit; Cleveland; Milwaukee; St. Louis or Indianapolis.

With every Kenmore 36-inch Gas Range you get . .

Giant ovens . . more room for warming and baking. Constant heat because they're thermostatically controlled, fully insulated.

Safe, smokeless broiling . . hot flame keeps outside crisp, *seals in* meat juices to keep inside fork-tender. All burners are *guaranteed for as long as you have your range.* We'll replace them if they fail

So easy to keep sparkling clean. Wipe white porcelain-enamel surfaces with just a damp cloth. Grates, knobs, oven racks, broiler pan—all go to your sink to wash with dishes.

Lamp floods cooktop with glare-free light. Electric clock with 3½-hour buzz timer . . signals when food is done

Specifications: 36x25x36 inches high to cooktop. Take ¾-inch connector. Take any type gas: natural, mixed, manufactured or LP (bottled). Electric aids and rotisseries UL listed for 110-120-volt, 60-cycle AC.

Grill pancakes on range-top Griddle

$159.95 cash **$5 down**

Fry a family-size breakfast . . bacon, eggs, all the trimmings. Even-heating aluminum griddle needs no grease. Porcelain-enameled cover converts it to extra working space. Sear 'n-simmer burners go from instant searing flame to gentle keep-warm.

Oven door lifts off to make cleaning a breeze. Watch what's cooking through the Visi-Bake window. Oven light brightens the gray porcelain-enameled interior.

Top units light automatically. Large storage compartment for pots and pans. Handsome instrument panel with fluorescent lamp.

And, you get all the Kenmore cooking conveniences above.

Specifications: 12,000 BTU griddle burner. Rear burners, 9,000 BTU; front burners, 12,000 BTU. Oven: 20x18x16 inches. 47 inches high over-all.

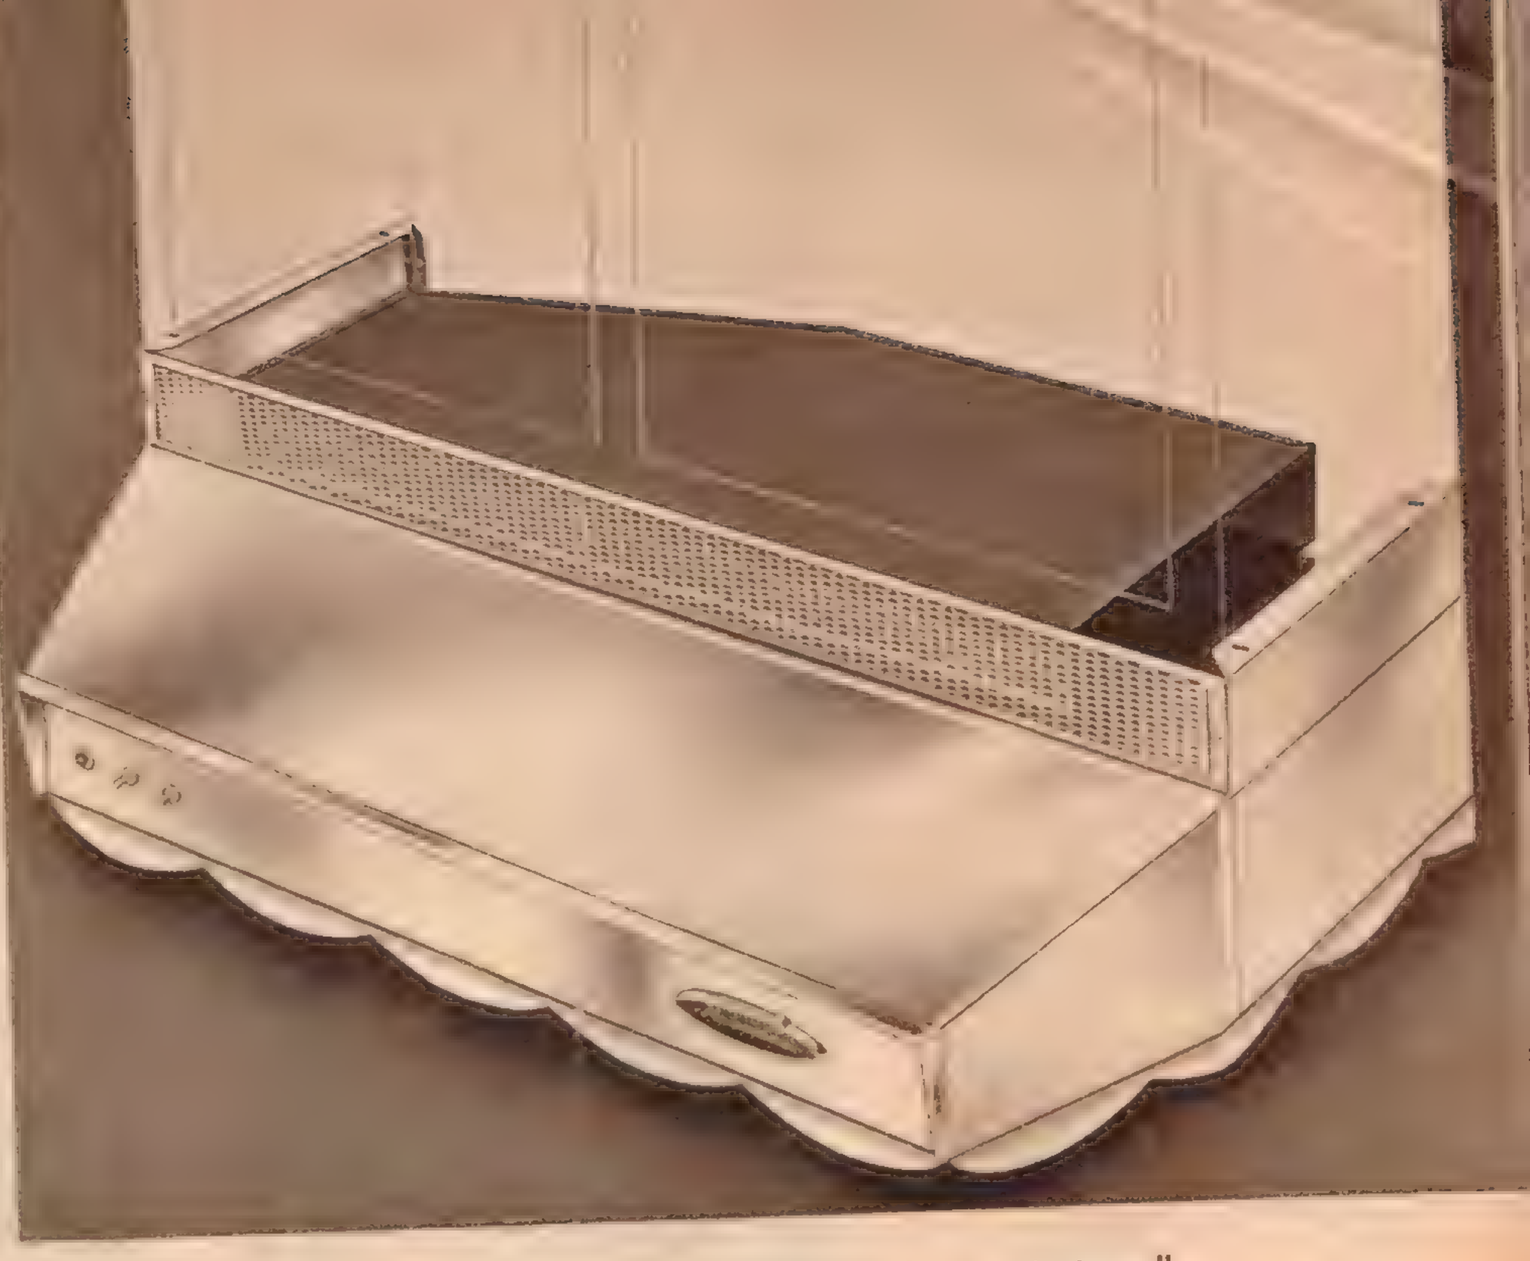
NEW KENMORE RANGE HOODS

Filter grease and cooking odors with no outside venting

With charcoal filter . . low as **$67.95**

Without charcoal filter . . low as **$49.95**



Inhales odors of any food—even fish, garlic or cabbage! They're drawn up into the *self-contained* hood—forced through twin grease filters and an activated charcoal filter. Cooking odors are trapped in the millions of tiny chambers and passages of the activated charcoal. Freshened air is then recirculated back into kitchen.

Fast, simple to install. No costly carpentry. Wonderful for apartments, mobile homes. Built-in lamp. Powerful, 2-speed blower exhausts all air under hood . . no dead air spots. Choice of hood finishes . . with chrome and stainless steel filter trim. 20 in. deep; 9½ in. high. Splash plate, scallop trim sold at right. 110-115-volt, 60-cycle AC. UL listed. *State width.* Wt. 56 lbs.

KENMORE
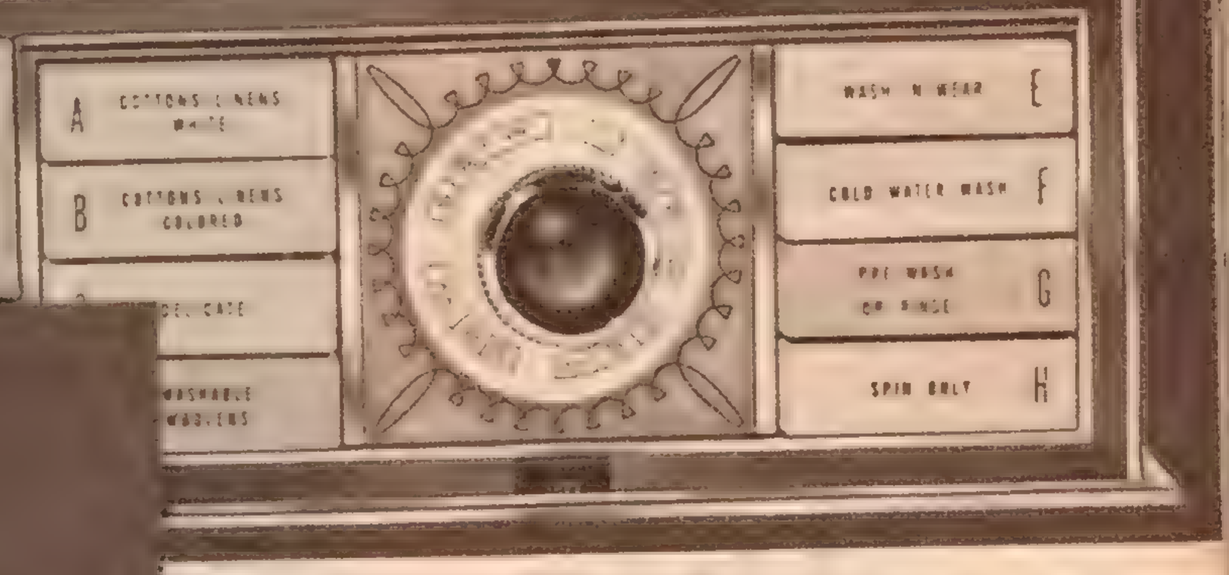
WASHERS

Kenmore
Made famous by
reputation
Made possible
by Sears

All you do is select the fabric

Kenmore 70

automatically selects times, temperatures and speeds



No danger of bleach damage
. . it's added automatically
at just the right moment

Two-speed washer

$239.95 cash

Only $10 down

Actually knows what's best for your clothes. Just push the proper fabric button and then turn the dial. KENMORE 70 automatically selects the times, wash-rinse temperatures and agitation-spin speeds judged best by the fabric manufacturers themselves. Even goes further . . adds diluted bleach near end of wash, when it does the most good.

8 custom-care cycles handle diapers to dainties to Wash and Wearables. Woolens cycle is safe for washable sweaters and blankets. Pre-wash program really gets the grime out of children's play clothes.

Thousands of soil-chasing suds work their way from the Roto-Swirl agitator into each fabric fiber. Problem dirt vanishes from collars and cuffs when you hold them against the deep-soil scrubber. Built-in filter works all the time for a lint-free 10-pound wash.

You can pre-set the water level to suit the size of the load. If water heater is running low, switch on the hot-water saver for cooler wash and rinse. Washer shuts off if load unbalances or lid is raised during spin. Porcelain top, tub and lid (with operating instructions on underside). White acrylic finish cabinet. 29x25½x36 inches high to worktop.

W26 A 1470N—Without Suds-Saver. Wt. 268 lbs. . **$239.95**
W26 A 1570N—With Suds-Saver. Shpg. wt. 270 lbs. **249.95**

INSTALLATION INFORMATION FOR KENMORE WASHERS

Automatic washers require threaded hot and cold water faucets within 5 feet of machine. Also require an automatic water heater with minimum capacity of 30 gallons for gas type, 50 gallons for electric type, if operated on regular service; otherwise 80 gallons for off-peak service.

Model without Suds-Saver requires single tub or 2-inch standpipe floor drain. Suds-Saver model saves water and suds after "Normal" and "Delicate" cycles; requires double 20-gallon tub or single tub with standpipe and adapter. All models are UL listed and have ⅓-HP motors. For 110-120-volt, 60-cycle AC.

For kindest care of woolens, dainties or Wash and Wear

Touch a Push Button

Lady KENMORE 80 Washer

$269.95 cash

Only $10 down

Exclusive with Kenmore . . Selects the right water level and cleans its own filter . . both with *no help* from you—

12 cycles at your service. All it takes is one light touch . . *positively nothing else to do.* Times, temperatures and speeds are preselected for you. Bleach and fabric conditioner are added at the proper moments. And what's more, you never see or touch the filter . . after every cycle, this one cleans itself.

Automatic water level never wastes a drop . . never needs setting either. Provides just enough for any size load from 2 to 10 lbs. Even adds more water if you add more clothes.

Special woolens program gentles the soil from your washable sweaters and blankets. Pre-wash program handles heavily soiled clothes. Gradual cooling before spin keeps Wash and Wears wrinkle-free. Soft chime signals when load is done.

Washer shuts off if load unbalances or lid is raised during spin. Hot-water saver, Roto-Swirl agitator, deep-soil scrubber. Interior light. Porcelain top, tub, lid (with operating instructions on underside). White acrylic finish cabinet. 29x25½x36 in. high to worktop. See Shipping and Installation Notes on pages 1122 and 1123. Shipping weights 280 pounds; 288 pounds.

ONE TOUCH
AUTOMATICALLY
GIVES ALL FABRICS
JUST-RIGHT DRYING CARE

Damp-dry cycle shuts off when clothes are ready for ironing Dampener door sprinkles dry clothes whenever you want to iron

An amazing advancement in dryers . . same single setting dries all fabrics . . and dries them just right. Whether it's baby socks or bulky bedspreads, simply touch the "All Fabrics" button . . dryer allows for fabric weight and size of load, then shuts itself off when every piece is perfectly dry (Wash and Wears will be wrinkle-free).

Exclusive dampener door eases your ironing job . . automatically sprinkles dry clothes with a gentle, thorough spray. Lint storage system assures faster drying, even with big 10-lb. loads .. traps lint in a disposable bag, has no screen to restrict air flow.

Air setting fluffs pillows, dries plastics. Freshener formula sweetens clothes. Action stops when you open Load-a-Door . . for added safety, starts again when you close door and reset dryer. Interior light. Porcelain work surface, white acrylic-finish cabinet. 29x25½x36 in. to worktop. Installation, Shipping Notes on pages 1126, 1127.

KENMORE DRYERS

Kenmore
Made famous by reputation
Made possible by Sears

INSTALLATION INFORMATION FOR KENMORE DRYERS

Electric models are UL listed. They require an independent 3-wire, 30-amp., 220–240 volt, 60-cycle AC circuit. See individual models for correct wattage ratings.

Gas models are A.G.A. approved. They require a minimum hourly gas input equal to the rating given in description of each model. They also require 110–120-volt, 60-cycle AC electric service. All dryers have UL listed ⅓-HP motors and take a 4-inch vent. If local codes permit flexible cord hook-up or flexible gas connector, see page 1119 for this equipment.

You Set *time and temperature*

17 cu. ft., stores 598 lbs.

$234.95 cash $10 down

21 cubic foot, stores 740 lbs. **$279.95**

Priced $15 to $20 under 1960 models..

17 and 21-cubic foot freezers . . two sliding baskets eliminate those package pile-ups . . dial in front adjusts the temperature for fast or steady freezing

For just a few dollars more per month than 13-cu.ft. model at left you get 4 to 8-cu. ft. greater capacity, two big sliding storage baskets and front-mounted adjustable cold control. Porcelain-enameled (not painted) interior is finest finish known for freezers, assures resistance to rust, stains, chipping, and wipes clean with just a damp cloth. New flush-type side hinges permit unit to sit flush against rear wall or pass through any 28-inch door without removing lid. Ease-open lid is counterbalanced, opens and closes with slight pressure. Magnetic lid gasket and one-piece rubber cabinet gasket seal in cold. 5-year food spoilage warranty (see page 1129). Wide-angle light and built-in lock, 2 keys. White enamel exterior. For 110-120-volt, 60-cycle AC. UL listed. Shipping Note, page 1128.

Sears does more...

All-Frostless Coldspot

-now with shelves that snap in wherever you need them!

Need extra height for tall bottles? Need more shelf area for pies and flat containers? Get extra space quickly by moving shelves up or down. They snap into position—anywhere you wish. Remember, only Coldspot has these Spacemaster refrigerator snap-in shelves that make the most of your storage space

Our best Refrigerator-Freezers in white or colors

No frost to defrost—ever. You're through with frost-crusted shelves, food packages and ice cube trays. Foods keep their "market fresh" flavor and vitamins longer, too, in that dry, swirling air. All this plus revolutionary new Spacemaster snap-in shelves and all the advantages listed below are yours at prices that spell top value. Why not shop others' "Best" and judge for yourself?

- Coil-free back and flush hinges for that "built-in" look
- Magnetic doors . . seal cold in, seal heat out
- Rigid, rustproof aluminum Spacemaster shelving
- Foot pedal refrigerator door • Fluorescent lighting
- Wide range of exterior colors . . white porcelain interiors with contrasting light and dark blue trim
- Slide-out bottle basket • Wire egg basket
- Porcelain meat keeper • Twin porcelain crispers
- Heated butter compartment • Cheese compartment
- Two adjustable door shelves . . adjust even when full
- Adjustable freezer shelf • Large freezer basket
- Ice bucket and two ejector-type ice cube trays

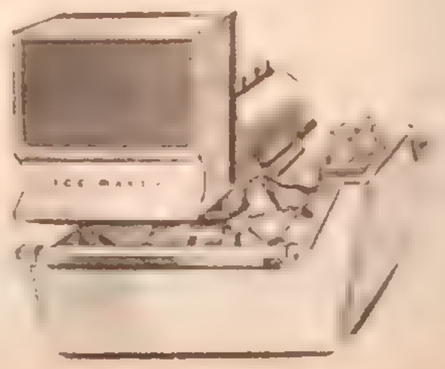
NOTE . . all Coldspot refrigerators for 110-120-volt, 60-cycle AC. UL listed

COLDSPOT GUARANTEE. If the sealed refrigeration unit of your COLDSPOT *electric* refrigerator fails to operate properly within five years due to any defect in materials or workmanship, we will repair or replace the defective part free of charge, including labor. On COLDSPOT *gas* refrigerators, the same guarantee remains in effect for ten years. All other parts on all COLDSPOT refrigerators carry a similar guarantee for one year.

Optional . . Automatic Ice Maker

Does away with problem of running out of ice just when you need it most. Supplies up to one hundred dry, non-sticking "ice circles" at all times and automatically replaces those you use. No trays to fill, just help yourself from handy container. Available on both COLDSPOT refrigerators on this page in white, right-hand door model only. See listings above.



See Shipping Notice on page 1133

COLDSPOT GAS Refrigerator-Freezer

- ***Thrifty*** . . So thrifty, in fact, that it costs about 52% less to operate per month than a comparable-size electric model (based on laboratory tests in the Philadelphia area)
- ***Quiet*** . . No on-and-off cycling or compressor noise . . so quiet you'll hardly know it's running
- ***Dependable*** . . So dependable we guarantee the sealed gas refrigeration unit for 10 years (parts and labor) against any defect in materials and workmanship (see page 1137 for details)

Completely Frostless *..even in the giant freezer*

Snap-in shelves give more usable space

13.2 (net) cu. ft. **$499.00** cash $10 down

We believe these 3 major features make this new COLDSPOT Gas Refrigerator-Freezer the finest of its kind: *1.* It's 100% frostless . . frost never forms. *2.* It has Spacemaster snap-in shelves . . permits grouping tall and short items much more efficiently. *3.* It replaces ice cubes automatically.

Other superior features: 88-lb. frostless freezer; adjustable door shelves . . move up or down at a touch; smooth, coil-free back and flush-type hinges; magnetic doors; rust-proof aluminum shelves; twin crispers; meat, butter, cheese keepers.

White porcelain enamel interior with light and dark blue enamel trim. White enamel exterior. 65¼ in. high, 32 in. wide, 30¼ in. deep. A.G.A. approved for natural, mixed, manufactured or bottled gas. See Shipping Notice page 1133. Shpg. wt. 445 lbs.

Quietest Air Conditioners in Sears History

- All have acoustically padded air chambers for quiet operation. The 6900 and 10,500 BTU models are *Ultra-quiet* . . about 50% quieter than conventional units of same size
- All cooling capacities are stamped on each unit in accordance with National Electrical Manufacturer's Assoc. standards
- Zinc-coated to protect against rust 4 times longer, even in salt sea air. Kenisan filter is washable, retards bacteria growth, removes dust and pollen. Air exchange replaces smoky, odor-laden air with fresh air
- *No monthly payments until May 1, 1961*

Humidity-Control model . . cools and dries . . Low as $279.95 cash $10 down

Gives you ideal "climatic balance" between temperature and humidity . . the ONLY conditioner we know of with separate positive control of both. Just set thermostat and humidistat to temperature and humidity levels you desire. Indicator lights show whether unit is drying or cooling.

Has heavily insulated, weather-sealed chassis; enclosed, louvered back panel; slide-out chassis; high and low speed; Beige-colored zinc-steel cabinet and grille, white frame, mahogany-brown trim. 16x25⅞x24¼ inches deep.

Installation Kit included. Fits opening 26 to 40 in. wide. For 60-cycle AC. UL listed.

10,500 BTU capacity. *Ultra-quiet.* 1 HP. 110-120-volt.
W47 A 6119N—Circulates 300 CFM. Wt. 206 lbs. . . $279.95

[3] [4]

How to choose correct size Attic Fan

Multiply length by width by height of living area to be cooled. Choose an attic fan with CFM (cubic feet per minute) capacity equal to or greater than this figure to get a complete air change every minute. One-half of this capacity will give a complete air change every two minutes.

SHIPPING NOTE: Items on these two pages marked "W" (as W42A8142N) sent from Chicago or Moline, Ill.; Detroit, Mich.; Milwaukee, Wis.; Indianapolis, Ind.; St. Louis, Mo.; Cleveland or Cincinnati, Ohio. "N" items (as 42A9391N) sent by freight (rail or truck) or express

Silvertone Radio and Television Receiving Tubes

Regardless of how much you pay for tubes, we believe you can't buy finer tubes anywhere! These tubes will replace any make tubes bearing the same number in any make set. Find the old number . . from the chassis socket, old tube itself or from instruction sheet or sticker inside set.

Tube numbers ending in "GT" are small glass types that replace metal or large glass tubes in most cases.

Tube numbers ending in "A" or "B" mean an improved design has replaced old type in all cases. For example . . replace 6BQ7 with 6BQ7A.

Order by catalog number 57 A 6600. *Also state tube type.*

Shipping weights 1 tube 6 oz.; 2 tubes 8 oz.; 3 tubes 11 oz.; 4 tubes 14 oz.; 5 tubes 1 lb. 2 oz.; 6 tubes 1 lb. 5 oz.

1-Year Guarantee

Return defective tubes for free replacement.

Antenna tunes stations from any direction at touch of a dial

$17.95

single array

Improves VHF reception in many areas

- Tune out ghosts—flick the dial to any of 12 positions for the best signal from the station you want
- Get clear, sharp pictures in cities, suburbs—where stations come from different directions

Silvertone direction control works like antenna and rotator all in one . . single array gets stations up to 40 miles away (over flat terrain); double array increases range to 80 miles. Proven success in homes and ships.

Non-electric. Preassembled aluminum elements with 70-ft. lead-in, all materials for easy roof or wall mounting.

57 A 6739L—Single Array. 5-ft. mast. Wt. 10 lbs... **$17.95**
57 A 6740L—Double Array. 10-ft. mast. 100-ft. lead-in. Shpg. wt. 14 lbs. *$3 down, $4 monthly*..... Cash **$27.45**

For information on Silvertone 40 to 80-foot Antenna Towers inquire at your nearest Sears Catalog Sales Office or write Sears Personal Service Dept.

NOTE: Items with "N" (as 57A7727N) sent freight (rail or truck) or express.

The *quiet* Lady Kenmore . . Separate 2-speed control for light or deep-down cleaning

With straight-suction **$99.95 cash** $5 down

With Power-Mate **$149.95 cash** $5 down

Listen to the radio, records or carry on a normal conversation as you clean. No worries about hearing doorbell or phone.

Whisper-Tone cleaner is up to 50% quieter than any cleaner we've ever sold—yet has equal power!

Change your dust bag in seconds with the automatic bag changer. Flip a lever—and the old bag comes out. Pull the next bag through—it automatically locks into place.

Performance indicator tells you **in advance** when to change bag so vac operates at peak efficiency. 4 extras store right in cleaner.

Power-packed 1⅓-HP (input) motor with twin fans. Adjusts to high (for medium and heavy fabrics) or low (for lacy curtains or lightweight fabrics).

Covered storage compartment holds all your attachments. Wands clip to bottom of cleaner. 4 Bakelite casters. Built-in handle. Wrap-around vinyl bumper. Soft pink enamel finish. Tip-toe on-off switch. 20-ft. cord.

20 A 1790K2—With straight-suction attachment. Shpg. wt. 38 lbs. *$5 monthly*. . Cash $99.95

20 A 1990K2—With Power-Mate attachment. Shpg. wt. 47 lbs. *$7.50 monthly*. . . .Cash $149.95

The Kenmore 75 . . Tools travel with you in covered storage compartment

SEARS 75 YEARS · DIAMOND JUBILEE

Specially chosen as a Sears Jubilee value

- ***Because*** it's the first cleaner in this price range with a performance indicator. Tells you **in advance** when to change bag to keep vac at peak efficiency
- ***Because*** the amazing bag changer lets you switch from a full to fresh bag in one easy motion without soiling hands. Three extra bags store in cleaner
- ***Because*** Sears Laboratory tests prove it has the extra power to whisk away lint, thread and hair along with surface dust and embedded grit

With straight-suction **$84.95 cash** $5 down

With Power-Mate **$134.95 cash** $5 down

Get your low, compact cleaner from it's storage place under a bed or in a closet. Lift it—see how conveniently it carries! You're all ready to zip through the housework.

Unsnap the wands from bottom of cleaner. Dynamic 1⅓-HP (input) motor with 2 fans instantly fluffs up the rug nap. Cleaner glides behind you on 4 Bakelite casters.

Built-in handle. Protective wrap-around vinyl bumper. Light beige enamel with charcoal brown enamel base. Tip-toe on-off switch. 20-foot cord.

20 A 1775K2—With straight-suction attachment. Shpg. wt. 30 lbs. *$5 monthly*, Cash $84.95

smart new design in Kenmore Cleaners

With all these cleaners you get attachments for . .

getting into crevices

cleaning upholstery

cleaning bare floors and walls

de-mothing

dusting

then choose Power-Mate

Cleans carpeting right up to the wall, under the lowest sofa. Low silhouette, wide sweep finger cleans a 13-inch swath—padded so it won't scratch furniture.

Electrically-powered brush cleans with *4 times* more suction than non-powered or air-driven brushes. Spiral brush separates rug nap, loosens deep dirt. Built-in headlight.

Pistol-grip handle with sliding suction control. 6-foot current-carrying vinyl hose. Two 20-inch locking chrome-plated wands.

. . or choose Straight-suction

Die-cast aluminum rug nozzle with floating brush cleans all types of carpets and rugs. 6-foot vinyl hose with suction control. Two 20-inch locking wands of chrome-plated steel.

NOTE: All KENMORE cleaners are UL listed for 110–120-volt, 25 to 60-cycle AC. Service and parts available nationwide. Extra dust bags on page 1178.

GUARANTEE: Defects in material or workmanship will be repaired or cleaner replaced, at our option—if returned within one year.

Kenmore Power-Mop

Scrubs all floors

$34.95 cash **$3.50 down**

Wets your floor with detergent, scrubs it clean and vacuums it dry in one smooth operation!

Wonderful, *modern* way to wash and dry floors. Your hands never touch water—your knees never touch the floor.

Tough natural bristle brush works out all the dirt. Convenient 12-inch swivel nozzle gets into hard-to-reach places.

No waiting for drying, either. Sucks up the dirty water into a separate tank. Handy for picking up spills. Use it to spread wax, too.

Only 9 pounds light. Easy to store—hangs on any hook. All-aluminum housing can't rust. Two-tone blue finish. UL listed for 110–120-volt, 25–60-cycle AC.

20 A 1160C–Shpg. wt. 12 lbs. $34.95

Power-Sweep

Does the work of brooms, dust mops, carpet sweepers and brushes. So light . . weighs only 6½ pounds!

Super Suction

$34.95 cash **$3.50 down**

Holds twice as much dirt as regular model. Larger filter for quicker, better suction. Lint, hair, crumbs and ashes disappear like magic. Brushes adjust easily from bare floors to rugs. Extra bristle brush for rug cleaning. Hangs on any hook. Pink and brown.

20 A 1380C—Shpg. wt. 10 lbs. . . $34.95

Regular sweep

$24.95 cash **$2.50 down**

Whisks up dust from hard or carpeted floors . . handy for quick pick-ups. Hangs up like a broom when chores are done. Nozzle swivels into corners, around furniture, under beds. Plastic cup catches dirt, empties like an ash-tray. No messy dust bags. Wt. 9 lbs.

20 A 1310C—Silver-gray color. . . $24.95

Special wax (11A 6451) and detergent (11A 6489) for items on these 2 pages sold on page 1083

Kenmore Floor Conditioners

Economy model

$22.95 cash **$2.50 down**

Scrub, wax, polish and buff—gives a gleaming "professional" finish to wood, tile or linoleum. Saves professional rug cleaning expense, too. Rug scrub dolly cleans rugs, wet or dry.

Wrap-around vinyl bumper. Plastic head. 18-foot vinyl cord. Oxford gray finish.

And you get all the accessories shown above.

20 A 8001C—Shpg. wt. 18 lbs. $22.95

As above, but with wax-detergent dispenser. Spreads liquid evenly over floors.

20 A 8002C—Shpg. wt. 19 lbs. $25.98

With liquid Dispenser

$34.95 cash **$3.50 down**

Spreads wax or detergent evenly over floors. Scrubs rugs wet or dry—leaves them all beautifully clean.

Twin brushes revolve in opposite directions, won't "run away" like single-brush models. Won't tip when lifted from floor, either. Die-cast construction is perfectly balanced. Protective wrap-around vinyl bumper.

Square steel handle with vinyl grip. 22-foot vinyl cord. Two cord winding hooks. Two-tone turquoise finish.

And you get all the accessories shown above.

20 A 1040K—Shpg. wt. 23 lbs. . . $34.95

Kenmore Upright Cleaner

$44.95 cash **$4.50 down**

All the power you need for fast, efficient cleaning. ⅓-HP motor gets deep ground-in dirt from all rugs, yet doesn't grab or tangle. Long-wearing nylon brush. No bag to empty, no dust to inhale.

Just zip open the outer bag, slip out the inner bag and throw it away. 3 dust bags. 20-foot vinyl cord. Two-tone turquoise finish. 110–120-volt, 25–60-cycle AC or DC. *Do not order before Jan. 25.*

20 A 1450K2—UL listed. Shpg. wt. 17 lbs. $44.95

Attachment Set. Upholstery nozzle; floor brush; dusting brush; crevice tool; 2 wands; 6-foot hose; demothing cartridge; suction, blower adapters.

Scrubbing brushes

Polishing brushes

Snap-on buffing pads

Rug scrub dolly

The Kenmore "70" ..

Only $54.95 cash $5 down

Quick and easy way to give bowling alley finish to all your floors. Each stroke covers a 12-inch path. Built-in automatic dispenser distributes detergent for washing; wax for protective seal. Walls and baseboards stay clean and dry . . low speed scrubs without splashing.

Built-in headlight brightens dark corners . . no missed spots. Heavy enough for a professional-looking job, light enough for easy handling. Die-cast aluminum head . . won't tip when lifted from floor.

Protective wrap-around vinyl bumper. Quick-release cord saves unwinding 22-ft. vinyl cord. Two cord winding hooks. Square steel handle with vinyl grip. Two-tone green enamel finish.

And you get all the accessories shown above.

20 A 1070K—Shipping weight 27 pounds. *$5 monthly*.....Cash $54.95

NOTE: All KENMORE Floor Conditioners are UL listed for 110–120-volt, 25 to 60-cycle AC or DC. Service and parts are available nationwide.

GUARANTEE: Defects in material or workmanship will be repaired or machine replaced, at our option — if returned within one year.

2-speed Lady Kenmore covers big 14-inch swath

Scrubbing brushes

Polishing brushes

Lamb's wool buffing pads

Steel wool reconditioning pads

Rug scrub dolly

Our best Floor Conditioner $79.95 cash $5 down

Covers a 16% larger area with each stroke than 12-inch models. Steel wool pads dry clean all types of hard surface and wood floors. For wet cleaning there's the built-in automatic electric dispenser with flow control. Set for full flow for detergents or drip-flow for wax. Liquid is distributed *between* the brushes so it spreads evenly over floors.

2-speed motor . . low-speed scrubbing gets ground-in dirt out of crevices. Low-speed waxing works the wax in—leaves a protective seal that resists wear, stays clean longer. High-speed polishing and buffing leaves a mirror-like finish.

No lifting or carrying. Rolls from room to room on Bakelite wheels . . tip-toe release. Built-in headlight . . no missed spots. Die-cast aluminum head. Protective vinyl bumper. Quick-release 22-foot vinyl cord. Two winding hooks. Square satin chrome-plated handle with molded pistol grip. Soft pink and charcoal brown finish.

And you get all the accessories shown above.

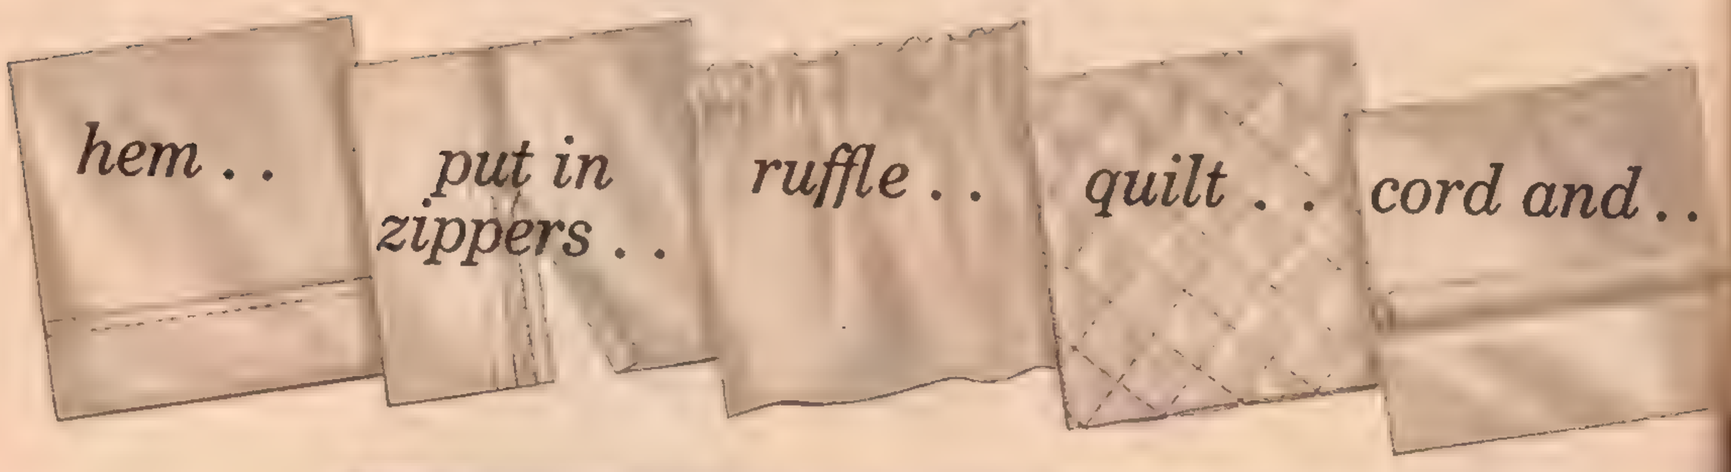
All sewing is easier

because it's easier to . .



Every Kenmore Sewing Cabinet doubles as a fine piece of furniture

Selected natural wood veneers in walnut, mahogany, limed oak or fruitwood. Hand-rubbed top. Adjustable power lift raises head with a touch of a finger. Head folds back into cabinet —always ready for instant use. Adjustable head supports; concealed lid supports and head hinges. Knee control with infinite speed variations. Tapered legs with brass ferrules.

[1] **Contemporary Desk Cabinet.** Four roomy drawers, one with spool pin and pin cushion, one with lift-out accessory tray. One simulated drawer. Two-piece top opens to 68-inch width—1,305 square inches of working area.

Takes only 34x19 inches of floor space. 30¾ inches high. *Order with sewing head.*

[2] **Contemporary Console Cabinet.** Cane-type basket-weave front. Spacious accessory tray on inside of drawer keeps sewing needs handy. One-piece top opens to 50-inch width—900 square inches of working area.

Takes only 25x18 inches of floor space. 30¾ inches high. *Order with sewing head.*

Attractive blonde or mahogany finish. Use in any room as night stand, end table, etc. Sturdy hardboard panel front, sides and back. Solid hardwood legs. Foot control included.

[3] **Console Cabinet.** Leaf and top are beautiful wood veneer. Top opens to 48 in. of work area. 24½x17x30¾ inches high. *Order with sewing head.*

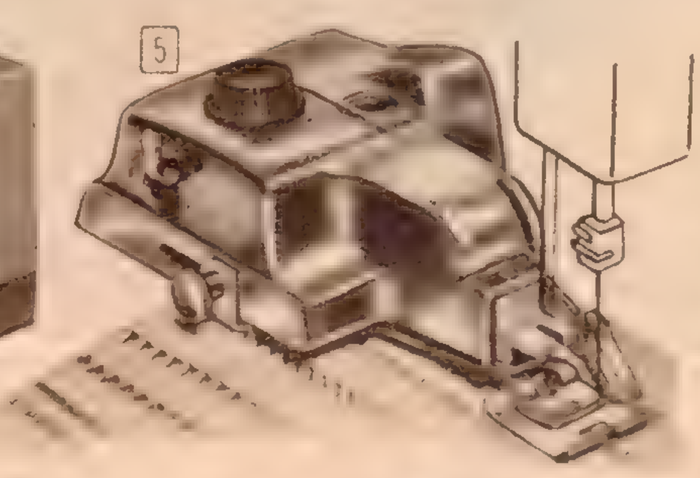
[4] **Desk Cabinet.** Leaf, top and drawer front are wood veneer. One drawer. Top opens to 64 in. of working area. 32x17x30¾ in. high. *Order with head.*

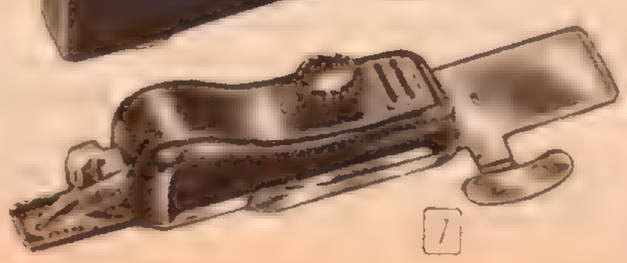
Carrying Case

Attractive snap-on style—included with all portables except models 76 and 27 without light.

Sturdy wood frame, covered with handsome black and white plastic-coated fabric. Wipes clean.

Comfortable luggage-type handle. Foot control included. 18x9x13 in. over-all.





KENMORE Sewing Machine Accessories

[5] **Automatic Decorator.** Sew an amazing variety of decorative stitches with your straight-stitch machine. Pattern discs built in . . just select 1 of 8 designs illustrated and set selector handle at proper number. Easy to attach. Instructions included. Gift boxed.

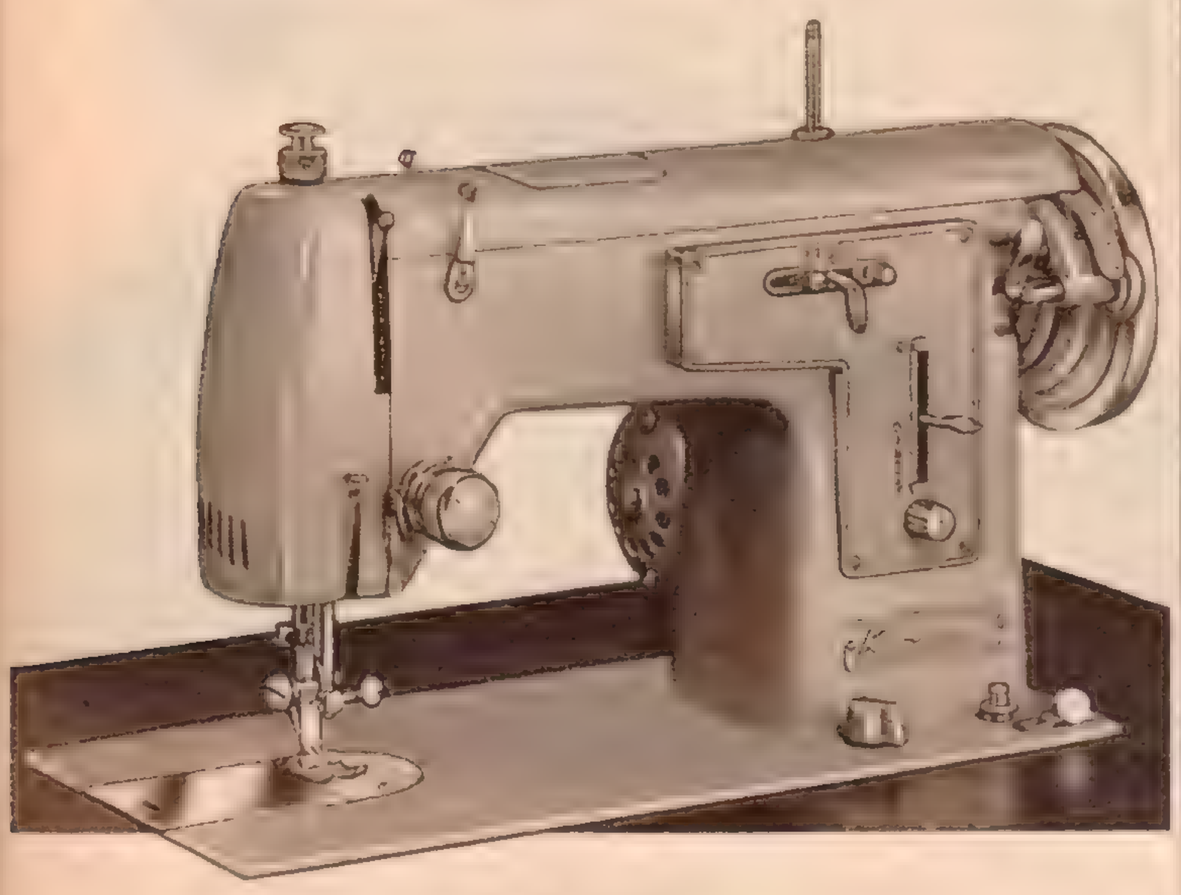
- Make monograms
- Embroider
- Sew on lace
- Make blind hems
- Make scallops
- Sew on buttons
- Make buttonholes
- Overcast raw seams

All sewing machines on these 2 pages have the easy operation features described on the preceding page



The "46"..8 discs

Low as $99.95 cash $5 down

Even if you've never sewn before, you'll find it surprisingly easy to do beautiful, decorative stitching. Add your own distinctive touch to blouses, skirts, linens or draperies. Especially nice for children's clothing.

Just slip in one of the discs, guide the fabric and watch the decorative stitches pour out! The movements of the needle are controlled by the disc. You can create hosts of interesting variations by adjusting the stitch length, the stitch width, or both. The stitch length tightens or loosens the pattern. The stitch width narrows or widens the pattern. Machine does superb straight-stitching, too.

Calibrated seam guide makes it easy to sew neat, accurate seams. Built-in light. And you get all the things you saw at the top of the preceding page—including drop feed for darning by machine. Green enamel finish with chrome-plated trim.

W20 A 2007L2—Portable with carrying case. Shpg. wt. 60 lbs...$99.95

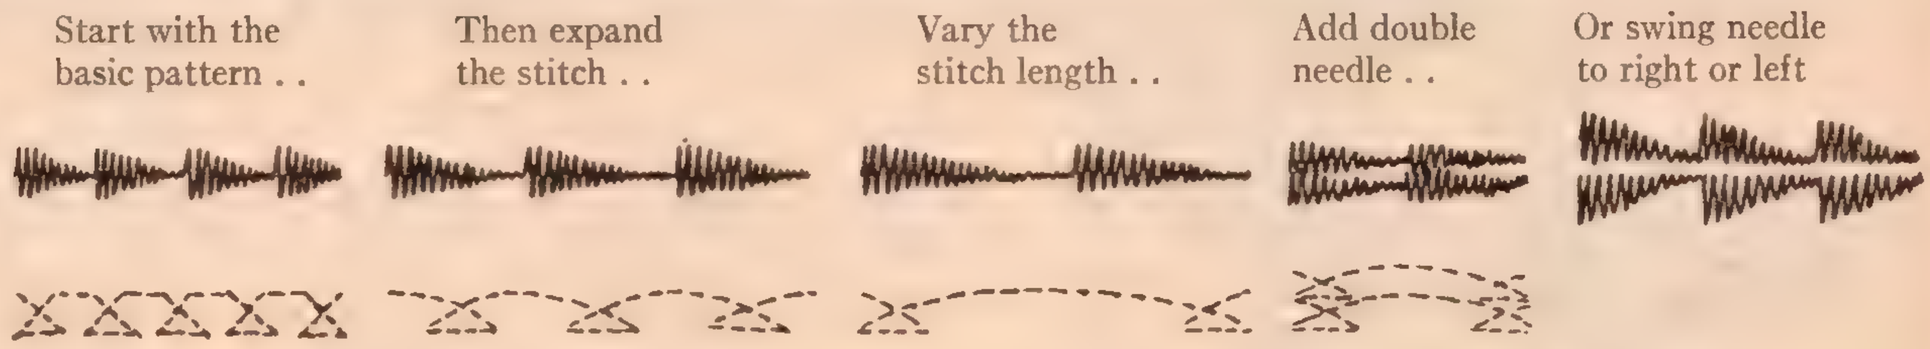
The "90" World's most versatile Sewing Machine

30 discs can be altered to create unlimited decorative effects



plus Snap-in Automatic Buttonholer

SEARS 75 YEARS · DIAMOND JUBILEE

Specially chosen as a Sears Jubilee Value

- ***Because*** it's the only sewing machine that makes all size and shape buttonholes by itself . . straight, keyhole or eyelet
- ***Because*** you can make perfect full or partial circles in any stitch pattern. The Circle Decorator attachment does it automatically
- ***Because*** laboratory tests prove you can do more ornamental and time-saving operations than on any other machine, even those priced much higher

There's almost no limit to the number of stitches you can choose—in one or two colors. Even beginners can make dainty teatable sets or charming children's clothes. Just drop in a disc and you're ready to sew an exquisite fancy piping or fashionable embroidered border.

Then you can add countless interesting variations by (1) doubling the length of your pattern by the stitch expander; (2) tightening or loosening your pattern by varying the stitch length; (3) using the double needle to make a pattern in one or two colors; or (4) setting the 3-position needle to center the design or swing it to right or left.

Switches quickly to do professional-looking straight-sewing, too: Dial-type stitch length and stitch width controls. Push-button reverse.

Concealed built-in motor and bobbin winder. Calibrated pressure foot and darning release for fabrics of varying thickness. *Unlimited* settings on drop feed control . . plus all the features of the model 47 and those you saw on page 1175. Beautiful driftwood and desert sand finish with chrome-plated trim.

Enjoy a "ceiling of light"

Only $14.95 3x4-foot section

The newest idea in modern lighting. Designed to bring your rooms alive with clear, glare-free light. Gives added beauty to those "hard-to-decorate" ceilings. Can be used to light any size room or area you like . . kitchen, bathroom, den, etc.

To light a small area, just cut the diffuser and frame to exactly the size you want. For a really unusual effect, or to light larger rooms, join several together to make a "ceiling of light." (Connectors included.)

Aluminum frame 3x4 ft. long. Extends 10 to 20 in. Plastic diffuser easily removed for washing. Neutral color. 4-ft., rapid-start fixture and 40-watt bulb. Easy to install—all necessary parts included.
34 A 3750L—For use with wall switch. Shpg. wt. 13 lbs. $14.95

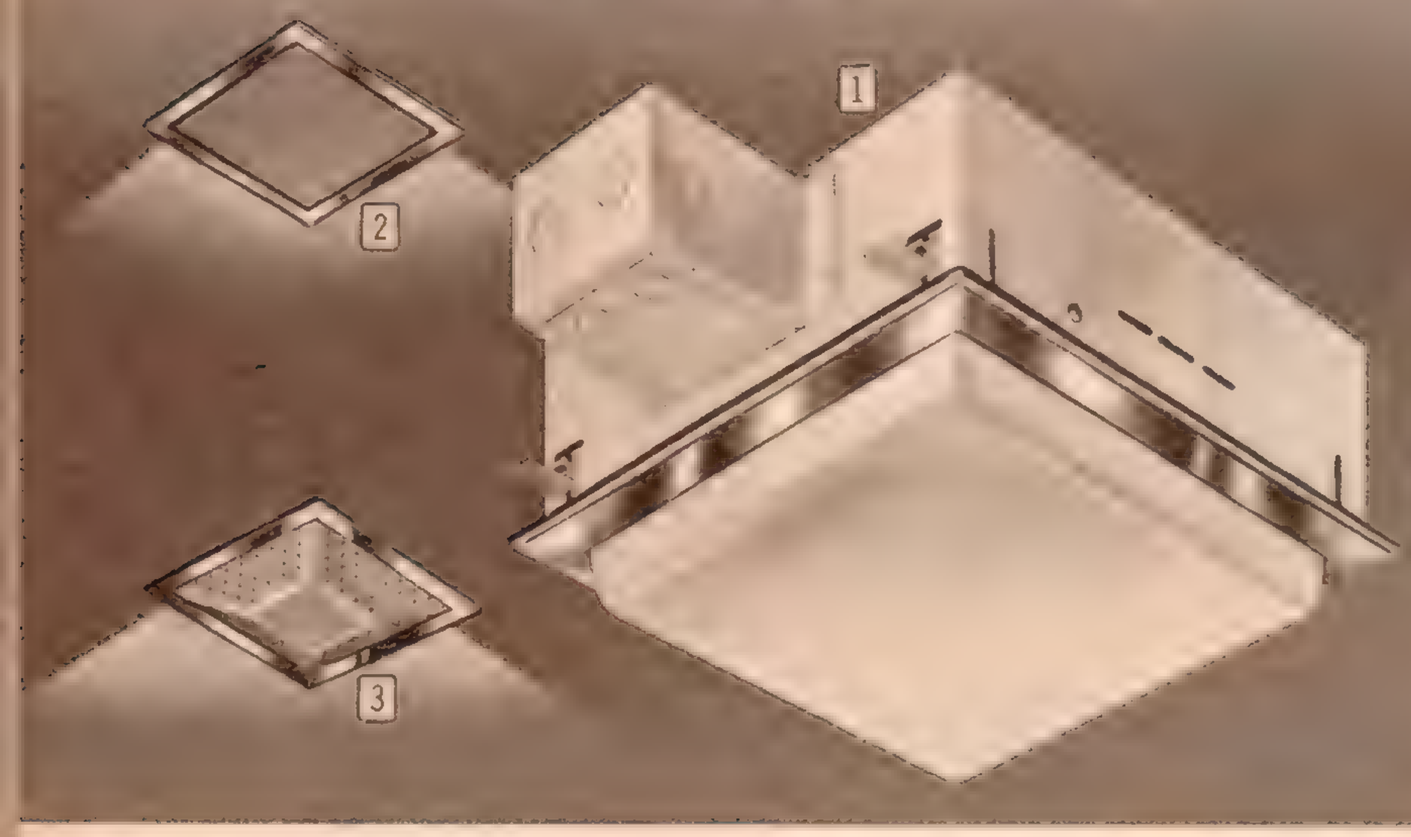
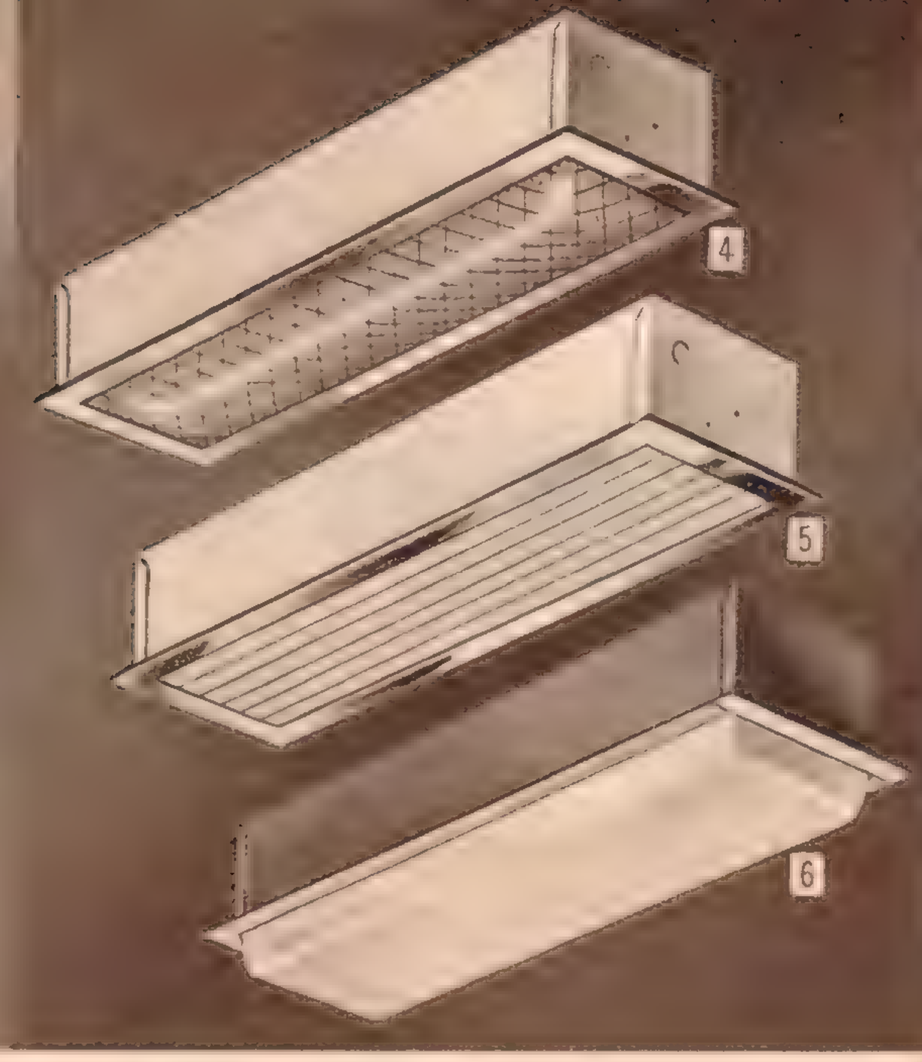
Recessed Fixtures . .

Easy-to-install built-in lighting





Our Best Pre-wired Incandescents As low as $6.44

Install quickly, easily because pre-wired junction box is ready to connect to standard housing wiring. To replace bulb or clean out inside of fixture just pull down frame then snap it back in place. Built-in reflector eliminates hot spots. Each has adjustable mounting bracket that slips into place from inside box. Frames fit flush with ceiling. Light baffle prevents light leaks around edges. White enameled steel box. Glass types: (1) drop, (2) flat, (3) bent style.

Large 11¼-in. sq. frame, 10-in. sq. box gives proper light diffusion. **Use with 100-watt bulb** (not included). Recesses 4¼ in.

Catalog Number	Glass	Frame Finish	Shpg. wt. lbs.	Shpg. wt. oz.	Price

24 distinctive patterns

- Craze-proof china of such fine quality it's resistant to chipping, cracking
- Rarely will you find China of this fine quality at prices so very low
- Only 10% down on orders of $20 or more — see Easy Terms on page 587

1 **West Wind.** Beautiful autumn leaves in warm shades of green, brown and gold color against a sparkling white background. Pattern enhanced by 22K gold edge.

2 **Moderne.** Dazzling all-white, translucent beauty in smooth-line, contemporary shape. Sparkling platinum edging adds a touch of formal elegance.

3 **Orient.** Graceful and modern . . Mount Fuji appearing mystically over the clouds. Delicate side decoration of green pine bough on clear white. 22K gold edge.

4 **Rosebud.** Delicate sunburst of tiny pink roses and foliage in *Harmony House color* light Dawn gray. A refreshing display on white. Platinum edging.

5 **Corinthian.** 22K gold wheat decoration is the highlight of this artistic pattern. Gleaming white background edged with 22K gold line. Lustrous beauty.

6 **Penelope.** Distinctive pattern of striking simplicity. All-white, lustrous china; lovely fluted rim. Glamorously effective when used with contrasting colors.

7 **Aurora.** Gleaming white translucent china with fluted rim. Soft, Slate blue color beautifully accentuates fluting. Platinum edge and innerline.

8 **Daphne.** Running scroll on rim in soft *Harmony House* Dawn gray, Charcoal. Pink and gray roses decorate gleaming white center. Has platinum edge.

9 **Vicki.** Bamboo decoration in *Harmony House* Dawn gray highlighted with 22K gold. Edge and innerline of gleaming 22K gold. Sparkling, pure white background.

10 **Patricia.** Graceful chrysanthemums in soft, delicate shades of pink and *Harmony House* Clay beige on white background. 22K gold edge for added sparkle.

11 **Pompei.** 22K gold laurel leaf design borders lovely rose and leaves in soft shades of beige . . rose center tinged with yellow. Rim is beautifully sculptured.

12 **Golden Wheat.** Contemporary simplicity . . shapes with graceful lines. Swaying heads of ripe grain in 22K gold on field of white . . framed by 22K gold edge.

Exceptions to chart at left

China: 53-pc. sets have more desirable pie-salads . . not smaller bread-butters.

Semiporcelain, Ironstone, Earthenware: 16-pc. sets have sauce dishes instead of pie-salads, except Wheat, Old Curiosity Shop, Garden Glory and Pastoral which have bread-butters instead of pie-salads.

16-pc., 35-pc. Blue Heaven, Blue and Pink Willow sets have 9-in. dinner plates.

Melmac: Rose Dawn, Arbor Branch and Easy Livin' 16-pc., 45-pc. sets have bread-butters instead of pie-salads. 45-pc. sets have small platter instead of medium.

Sears alone makes it possible to select so many home furnishings in colors that harmonize perfectly

For answers to your home decorating problems

Send for this FREE Booklet today!

Sears Harmony House color program makes it easier to coordinate colors in every room of your home. That's because many Sears furnishings from towels to floor tile, are offered in Harmony House colors. Each of the 18 Harmony House color families is made up of closely related shades—all of the same color, but ranging in tone from light to dark. Each color in a given color family is designed to blend beautifully with all other shades in that family. For example, anything called Canyon peach, will go with anything called Canyon orange or Canyon rust.

The booklet shows the range of Harmony House colors and includes many full-color room scenes showing how these colors can be used most effectively. It also tells you how to choose major colors and minor colors for furniture, walls, draperies, carpeting and other furnishings.

Write for your copy today. See how easy it is to furnish your home, room by room, in perfect color harmony.

These are the Harmony House Colors:

WARM COLOR FAMILIES	COOL COLOR FAMILIES
...y beige and clay brown	Capri blue
...l pink, beige and brown	Horizon blue
...y pink, Cherry pink	Ming blue
...d Cherry red	Fern green
...pink	Sage green
...e beige and brown	Mint green
...ment ivory, beige, ...n	Aquamarine
...ine yellow	Dawn gray and charcoal gray
...al gold	Smoke gray
... peach, orange ... rust

It's easy to have a luxuriant lawn with Cross Country germination-tested Lawn Seeds

Our best Lawn Grasses with Merion Strain Kentucky Blue

[1] **42% Merion.** *Our best blend of 100% perennial lawn seed.* Produces a lawn that's practical, as well as beautiful. The blue-green color makes a lovely background for your home, shrubs, flowers. Entertain on your lawn . . play your favorite outdoor games . . put furniture on your grass . . the thick, hardy turf retains its beauty.

Needs less weeding, less mowing, less watering. The high percentage of Merion Strain discourages weeds and crabgrass. Mixture also contains Hybrid Fescue and fast germinating Bent to protect Merion Strain Kentucky Blue seedlings. When established, Merion Strain crowds out other grasses.

Economical to use. With two pounds, you can sow up to 1500 square feet of new lawn . . reseed up to 3000 square feet of old lawn.

71 A 2463—2-lb. can. Shpg. wt. 3 lbs. 4 oz. . . . **$2.97**
71 A 2479—4-lb. can. Shpg. wt. 5 lbs. 8 oz. . . . 5.84
71 A 2499—10-lb. bag. Shpg. wt. 11 lbs. 13.77

[2] **Superfine (4) plus 18 per cent Merion Strain Kentucky Blue.** Mixture contains only long lasting 100% perennial grasses. You get a beautiful lawn the first season when you follow instructions.

Just see what you get. *Merion Strain Kentucky* with its dense growth to choke out weeds. *Top-quality Kentucky Blue* to resist drought. *Highland Bent and Fescue* to protect and nourish the slower starting blue grasses.

Two pounds sow up to 600 square feet of new lawn; reseed up to 2000 square feet of old lawn.

71 A 2621—2-lb. can. Shpg. wt. 3 lbs. 4 oz. . . . **$2.57**
71 A 2628—4-lb. can. Shpg. wt. 5 lbs. 8 oz. . . . 4.91
71 A 2624—10-lb. bag. Shpg. wt. 11 lbs. 11.33
*F71 A 2625K—25-lb. bag. Shpg. wt. 26 lbs. . . . 25.97

[3] **Merion Strain Kentucky Bluegrass.** Use for reseeding only. The best of the cool-weather grasses. Straight seed only. Gives you a thick emerald-green lawn that is unsurpassed in sheer beauty.

Established by a deep, underground root system. Needs proper cover at first. Starts slowly. By the end of the second year, produces a dense, dark green coverage. Thrives under close mowing.

Low growing—it gives you the sensation of walking on an extra-deep pile carpet. Dense and thick—it tends to choke out unsightly weeds and crabgrass. Resists most diseases, heat, and drought.

1 pound reseeds up to 1500 square feet. For new lawns, use one of the Merion Strain Kentucky Blue mixtures described above.

71 A 2569—1-lb. can. Shpg. wt. 1 lb. 8 oz. **$1.97**
71 A 2571—2-lb. can. Shpg. wt. 3 lbs. 4 oz. . . . 3.77
71 A 2579—10-lb. bag. Shpg. wt. 11 lbs. 17.97

Lawn Grasses with Regular Kentucky Blue

[4] **Superfine Mixture.** One of our leading all-perennial grass-seed mixtures. Highest percentage is hardy Kentucky Blue with Fescue and Highland Bent for fast starting and cover. Discourages weeds . . withstands heat and drought. Blended to produce an all bluegrass lawn. 2 pounds sow up to 600 sq. ft., reseed up to 2000 sq. ft.

71 A 2331—2-lb. can. Shpg. wt. 3 lbs. 4 oz. . . . **$2.22**
71 A 2338—4-lb. can. Shpg. wt. 5 lbs. 8 oz. . . . 3.97
71 A 2334—10-lb. bag. Shpg. wt. 11 lbs. 8.87
*F71 A 2335K—25-lb. bag. Shpg. wt. 26 lbs. . . . 15.96

[5] **Cross Country "100."** Carefully blended mixture of 100% perennial grass seeds—at a price lower than many mixtures containing annual grasses. Has such quality grass seeds as Kentucky Blue, Bent, Fescue. Thrives in sun or shade . . rich or poor soil. Gives a thick, cushiony green turf that withstands the punishment of heavy traffic. Beautiful color. Tested for high germination and quick cover. Two pounds sow up to 500 square feet of new lawn; reseed up to 1000 square feet.

71 A 2631—2-lb. can. Shpg. wt. 3 lbs. 4 oz. . . . **$1.66**
71 A 2638—4-lb. can. Shpg. wt. 5 lbs. 8 oz. . . . 3.26
71 A 2634—10-lb. bag. Shpg. wt. 11 lbs. 6.97

[6] **Green Karpet Mixture.** Contains high percentage of fast-growing Domestic and Perennial Ryes. Also has Fescue and some Kentucky Blue.

Ideal where you need a lawn quickly or when you want a temporary lawn—seed starts germinating in 8 days. Plant in late spring or early summer . . then in September use one of our perennial mixes for a permanent lawn. Does best in sunny areas. Five pounds sow up to 1000 square feet new lawn.

71 A 2303—5-lb. bag. Shpg. wt. 5 lbs. 5 oz. . . . **$1.97**
71 A 2304—10-lb. bag. Shpg. wt. 11 lbs. 3.47

[7] **Kentucky Bluegrass.** One of the finest of permanent grasses. Produces a thick, blue-green lawn that will last for years. Resists drought and freeze. Discourages weeds and crabgrass.

Germinates in three to four weeks—wonderful for reseeding old or thin lawns. Use for reseeding only. For new lawns, use Superfine 71 A 2331. Two pounds reseed up to 2000 square feet. Adds richness to any garden landscape.

71 A 2371—2-lb. can. Shpg. wt. 3 lbs. 4 oz. . . . **$1.87**
71 A 2378—4-lb. can. Shpg. wt. 5 lbs. 8 oz. . . . 3.66
71 A 2374—10-lb. bag. Shpg. wt. 11 lbs. 8.72
*f71 A 2375K—25-lb. bag. Shpg. wt. 26 lbs. . . . 19.97

*25-lb. bags of grass seed shipped from factory in Sheboygan, Wisc. Allow postage from mail order house.

Special Purpose Lawn Grasses

[8] **Highland Bentgrass.** A sturdy strain of Bent—most widely used of all Bent varieties. Spreads by roots as well as runners. One pound sows up to 300 square feet new lawn; reseeds 1000 square feet.

71 A 2390—1-lb. can. Shpg. wt. 1 lb. 8 oz. **93c**
71 A 2393—5-lb. can. Shpg. wt. 6 lbs. 8 oz. . . . **$3.37**

[9] **Hardy White Clover.** Stays green in dry weather. Converts nitrogen from air into plant food. May be blended with lawn mixtures at left. Grows best in sweet soil. One pound sows 300 sq. ft.

71 A 2471—1-lb. can. Shpg. wt. 1 lb. 8 oz. **$1.37**
71 A 2474—5-lb. can. Shpg. wt. 6 lbs. 8 oz. . . . 5.87

[10] **Perennial Ryegrass.** Ideal for quick, temporary ground cover, summertime patching. Germinates in 8 days. Lasts 2 to 3 seasons. Sow five lbs. to 1000 sq. ft. new lawn; 2000 sq. ft. for reseeding.

71 A 2484—5-lb. bag. Shpg. wt. 5 lbs. 5 oz. . . . **$1.07**

[11] **Special Purpose Mixture for Shade.** Use where lawn gets less than 6 hours sun per day. Contains Red Fescue; also Bent and Rye grasses. 2 lbs. sow 600 sq. ft. new lawn; reseed 2000 sq. ft.

71 A 2341—2-lb. can. Shpg. wt. 3 lbs. 4 oz. . . . **$1.87**
71 A 2348—4-lb. can. Shpg. wt. 5 lbs. 8 oz. . . . 3.66
71 A 2344—10-lb. bag. Shpg. wt. 11 lbs. 8.47

[12] **Weedeath.** Kills over 30 varieties of weeds—dandelion, ragweed, plantain in 10 to 21 days. Contains 2, 4-D. *Do not use on Bent, seedling lawns.* One quart treats 7000 square feet.

** 71 A 1074N—1 quart. Shpg. wt. 3 lbs. **$2.07**

Nothing to clean . . ready-to-use
No measuring . . accurate. Just attach spray bottles to your garden hose.

[13] **2, 4-D Weed Killer Spray.** Non-volatile. Controls many broadleaf weeds. Covers 2000 sq. ft.

** 71 A 1382N—1 pint. Shpg. wt. 2 lbs. **$1.47**

Lawn Spray. Contains 45% chlordane. Controls ants, lawn moths, grubs. Covers to 16,000 sq. ft.

** 71 A 1385N—1 pint. Shipping wt. 2 lbs. . . . **$1.97**

Calibrated Spreaders

Specially chosen as Sears Jubilee Values

- ***Because*** Sears laboratory tests prove these spreaders release the precise amount of seed and fertilizer recommended for a given area.
- ***Because*** you get the fine performance and strength of more expensive spreaders PLUS exclusive sliding-regulator action. And the regulator plate is made of *stainless steel* to resist corrosion.

A flick of your finger spreads *just the right amount* of seed, fertilizer. Check chart furnished with spreader. . . set dial as directed. Flick control to "on."

Needle-sharp settings, serrated agitator gives pinpoint distribution of fine grass seeds, coarse chemicals. Sliding regulator keeps flow even, should an obstruction lodge in an opening.

Set the control dial just once. Turn the flow on and off as many times as you like . . automatic spring action holds the precise setting you select.

Extra durable hoppers of heavy-gauge steel. Easy to push . . easy to control with super-size rubber tires. Adjustable lawn-mower type handle with control. Orange finish, white trim.

[3] **16-inch.** Holds 35 pounds of dry fertilizer.
71 A 1918L—Wt. 20 lbs. $9.27

25-lb. bag $4.07

- For Merion Strain and other fine lawns
- Lightweight—easy to handle
- Extra high nitrogen content
- Free-flowing granular texture.

20% nitrogen plus phosphoric acid and potash. Over half of nitrogen is slow-acting . . feeds grass over long periods of time. Balance acts instantly to give grass a deep green color. Vermiculite base. 25 pounds covers 5000 square feet.

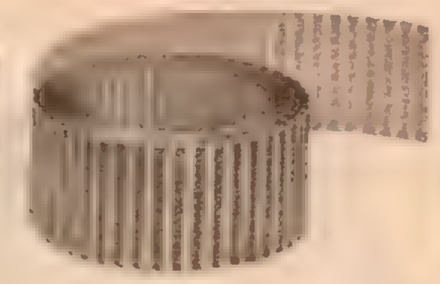
71 A 915K—Shipping wt. 26 lbs. $4.07

Pliable Lawn Edging

Ends hand trimming . . just mow right over it
Plastic, steel or aluminum

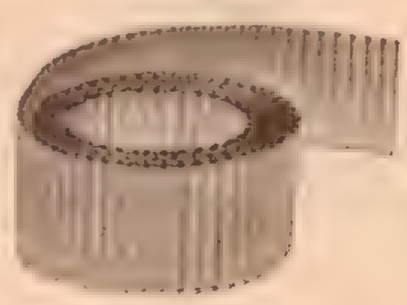
PLASTIC

1 low as $2.74 40-ft. roll 4-in. high



STEEL

2 low as $1.87 40-ft. roll 4-in. high



ALUMINUM

3 low as $1.47 40-ft. roll 4-in. high

Safe when stepped on. Metal edgings have rolled safety edges top and bottom.

Grip the soil firmly. Resist heaving of thawing ground—horizontal ribs and closely-spaced corrugations.

Should be set flush with your lawn. Use for grass control for walks and cultivated areas. Edge flower, vegetable, and herb beds. Use for tree rings.

1 **Plastic.** Tough polyethylene . . the ideal material for edgings. Strong as metal, yet pliable. Soft to the touch, bounces back into shape. Simple to make curves and corners—just cut it with your garden shears. Completely resists rot, corrosion, rust, stain, alkalies or acids in soil. Grass-green color all the way through. Shipping weight 3 pounds.

71 A 1799—4 inches x 40 feet.....$2.74

2 **Steel.** Spring-tempered and bonderized for rust-resistance and rigidity. Practically invisible with baked-on enamel finish . . one side green, the other brown.

FREE
Purina Dog Food

With your puppy, you get a coupon which is good at your grocer's for 5 pounds of Purina Dog Chow.

Puppies shipped from kennel located nearest you but not more than 400 miles. Pay twice the regular express rate on arrival. Not shipped outside the United States Mainland. We prepay express charge on Easy Terms orders and add to your account.

Please send payment with your order —sorry, no COD's.

You know what you're getting. That's what pedigreed means to you. Carefully bred, the traits and appearance of your pup are predictable. He'll grow to be a fine example of his breed, given ordinary care and training. *Please state your choice of sex on your order.* Sorry, no choice of color. We ship what's available in recognized standard breed colors.

Ring-O-Bloom . . Circles of Flowers

Pre-planted seed mats . . bands of corrugated aluminum with self-locking ends.

Here's all you do. Lay the bottom band on the ground in a 4-foot circle. Fill with 4 inches of dirt. Put the 2 smaller circles on top. Unroll the seed mats, place them on the terraces. Cover with soil. Sprinkle.

Enjoy flowers from early spring through summer. The mats contain a mixture of specially chosen dwarf annuals: Alyssum, Ageratum, Candytuft, Coreopsis, Dianthus, Feverfew, Lobelia, Marigold, Phlox, Zinnia, Verbena, Petunia, Portulaca, Poppy. Shipping weight 2 pounds.

71 A 3006..... $4.84

Sprinkle Minder tells you when to water

19 No more over watering . . no more under watering. Just push electro-chemical probe into soil. It reaches down around the roots . . measures the available moisture. Instantly the dial shows whether the soil is wet, moist, or dry. Use indoors and outdoors for plants, lawn, or garden. Get one for your gardener friend, too. 8½ in. long.

71 A 9983—Wt. 6 oz.....Each $4.74...2 for $8.94

Save wasted door-swing space with Folding Doors

Rejuvenate drab doorways. Can be easily installed to open left or right in any interior doorway. All fit doorways up to 6 ft. 8 in. high. Operate smoothly, silently on nylon glides in metal top track. See below for widths. For wider widths use doors in pairs. For smaller openings height and track can easily be trimmed to fit.

Fancy-weave Aluminum — Low as $11.94

[1] Attractive "alternating" weave. Nylon glides slide effortlessly—hidden from view in an extruded metal track. Gold color anodized hardware and extra-large, good-looking handles. Folds uniformly spaced. *Colors* beige or white. *Please state color wanted.* Shpg.wt. 10 lbs.

56 A 2475L—Fits doorways to 2 feet 8 inches wide.....$11.94
56 A 2476L—Fits doorways up to 3 feet 2 inches wide..... 13.84

Tweed-texture Aluminum — Low as $8.74

[2] Slats woven together with tough DuPont Dacron* polyester cord. Silent operation. Folds uniformly spaced. Easily washable. Baked-on enamel finish. Painted metal lead rail and anchor rail. Matching metal handle. Tweed pattern in beige or gray. *State color.*

56 A 2455L—Fits doorways to 2 ft. 8 in. wide. Shpg. wt. 10 lbs...$8.74
56 A 2456L—Fits doorways to 3 ft. 2 in. wide. Shpg. wt. 10 lbs...10.44

*T.M. DuPont

"Veiled" Matchstick Bamboo — Low as $8.44

[3] Thin, slender "matchsticks." Back of door coated with vinyl to prevent light and dust from filtering through. Large easy-grip handles gold color anodized. White color spattered with gold color.

56 A 2465L—Fits doorways to 2 ft. 8 in. wide. Shpg. wt. 10 lbs...$8.44
56 A 2466L—Fits doorways to 3 ft. 2 in. wide. Shpg. wt. 10 lbs....9.94

Natural "Matchstick" Bamboo — $5.44

[4] Blends well anywhere. Gold colored metal lead rail and anchor rail plus gold color anodized aluminum handle. Natural drape.

56 A 2460L—Fits doorways to 3 feet wide. Shpg. wt. 10 lbs.....$5.44

Natural Limewood Styling — $7.44

[5] ¼-inch wide slats . . firmly woven together. Gold color anodized lead and anchor rail plus gold color anodized aluminum handle.

56 A 2472L—Fits doorways to 3 feet wide. Shpg. wt. 10 lbs.....$7.44

Low-priced Bamboo Porch Shades

Low as 66c

Bamboo shades are your most economical way to dress up porches and recreation rooms. Filter and soften sunlight yet allow cool and refreshing breezes to pass through.

Shades are imported from Japan. Sent complete with cord, all fittings and bamboo top pole.

All shades are 6 feet long. Widths over 7 feet are sent freight (rail or truck) or express.

Inside Peel Bamboo

[6] Flat ½-in. slats of inside meat stained a cool green. Green cords, brass-plated pulleys. *Please state width.*

HOW TO MEASURE EASY-ROLL AWNINGS

Custom-made Awnings

[A] **Width:** Measure width of window opening. For best coverage, order an awning 6 to 12 in. wider than opening (3 to 6 in. overlap on each side of window). Arms extend 1 in. beyond each awning side.

[B] **Height:** Measure from top of window frame to window sill. Order from table accordingly.

Ready-made Awnings

[A] **Width:** Measure width of window opening. Refer to table for the correct width to order.

[B] **Height:** 30-inch width fits windows up to 54 inches in height, has 24-inch arms, 48-inch roof. Other widths fit windows to 66 inches in height, have 30-inch arms and 54-inch roofs.

Patio Canopies

Low as $99.50

[3] Attractive horizontal styling matches Easy-roll Awnings listed at left. Aluminum roof—sides finished with baked-on outdoor enamel. Square-tube aluminum posts for firmer, more rigid support. Variable slope design allow adjustment of drop and projection. Full-width rain gutter. All hardware instructions included. Sent freight (rail or truck) or express from McKeesport, Pa. factory.

Choice of *7-ft. or 8-ft. posts.* If posts are to be positioned 9 in. or less from valance front, *order 7-ft. posts.* If posts are to be positioned in from front 9 to 16 in., *order 8-ft. posts.* See Ordering information for Patio Canopies below before ordering.

Solid white with choice of 9 front-valance *colors:* blue, brown, gray, Dark green, light green, Ivory, maroon, pink or solid white. *Please state front-valance color and width wanted; also state length of trylon posts (7 ft. long or 8 ft. long).*

ORDERING INFORMATION FOR PATIO CANOPIES

Patio canopy posts can be installed on cement slab or porch floor and positioned at varying distances in from the front and sides of canopy. We recommend you allow a minimum of 6 inches of overhang from patio edge and sides for proper drainage and protection. For head clearance of 78 inches at front valance, attach canopy to wall 92 inches above floor.

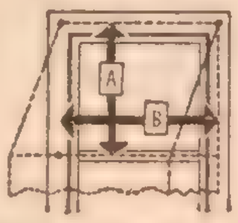
HOW TO MEASURE VERTI-STRIPES



A **Height:** Measure center of top of window frame to middle of window. (For masonry or where there is no trim, add 4 inches.) Select closest size. Need 1-in. flat surface to attach awning top.

B **Width:** Measure from outside to outside of window trim, (for masonry or where there is no trim, add 8 in.). Order next larger size. Need at least 1⅝ in. on each awning side to secure.

SHIPPING NOTE: Verti-stripes sent from Waterloo, Iowa or Monroe, Ga. factory, whichever is closer. Allow postage from mail order house for widths thru 88 inches. Widths over 88 inches sent freight (rail or truck) or express.

Colors for Custom Verti-stripes

Black, blue, brick (dark rust), brown, cream, coral, gray, dark green, mint green, maroon, pink, red, tan, turquoise, white or yellow.

Duo-shade Patio or Trailer Canopies Low as $94.94 cash

3 Painted aluminum roofs. 3 column styles: 1⅝-in. white steel pipe (not shown), (C) 1-in. black steel ornamental or (D) 1½-in. unpainted aluminum ornamental. 8-ft. columns can be cut to 72 in. **Colors:** *White top*, sage green underside or *sage green top*, white underside. Sent Freight (rail or truck) or express from Monroe, Ga. Factory. *State top color and width wanted.*

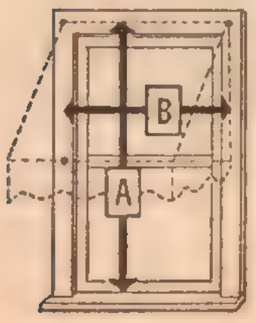
HOW TO MEASURE FOR AWNINGS



[A] **Length:** (Box Style Awning Only). Measure from center of top frame to sill and order closest length in table..*Short Length* has 2-ft. drop (height less valance) and projection, 6-in. valance. *Regular Length* has 2½-ft. drop and projection, 9-in. valance. *Long Length* has 3-ft. drop and projection and 12-in. valance. *Long Length* also fits porches with eaves-to-floor height of 7 ft. to 8 ft.

[B] **Width:** Measure from center to center of outside frame or porch posts. Select closest width.

10.10-oz. Duck Canopies Low as $47.94

Perfect for patios or trailers. Roof finished with weather-resistant acrylic-plastic paint. Mineral-dyed gray undersides prevent glare and resist soiling. Double-stitched seams are specially treated to resist damaging mildew and give long, durable wear.

No ropes needed! Heavy duty coil spring built into frame keeps cover taut. Spring tension is easily adjustable to the tautness you need. Special heavy steel rafters fit into sewn pockets. Rope sewn into hem at top to fasten to head rail. Telescoping metal poles with base plates for easy roof adjustment.

Choose from 8 ft. or 10 ft. projections both with 11-in. valance. Canopies complete with fittings and installation instructions. Aluminum moldings not included. Order below. *State width and projection wanted.*

Aluminum Moldings (Not shown). Needed to secure canopy to trailer or wall. Makes a neat, strong installation. Sent from factory near Chicago, Ill. Allow postage from mail order house. **Note:** order Molding 1 ft. longer than canopy width. *Please state length.*

The beauty and strength of Wrought Metal . . the lightness, long life and deep-down comfort of Serofoam cushions

Light graceful lines and soft colors create an informal mood. The result: a group well-suited to the casual indoor scene.

And what comfort! Plump 4-inch thick Serofoam plastic foam seats, 2½-inch Serofoam backs. They keep their shape . . stay trim and square.

Long lasting, too. 1-in. diameter tapered tubular-steel legs in satin black enamel finish. Metal-strap seat cushion supports.

Fabric-reinforced plastic covers look like leather. *State cushion color* white with black welt-seams and buttons or all-over turquoise.

1 **Patio Bed.** You would never guess, but back drops down to form bed 65 in. long and 39 in. wide. *State color.*

For living room, family room or studio bedroom

If you do your own housework, you owe yourself at least one room with tables that don't "ring" . . couches that wipe clean . . upholstery that can't get moth holes. AND—you owe the family such a room for the demands and delights of modern living . . a retreat where crumbs are not calamities, where spills are damage-free, where living is casual and comfortable.

With bolsters removed, couches double as beds. Both have Serofoam plastic foam padded spring cushions on a 60-coil base with sisal and cotton felt padding. 72x 30x29 inches high with stake-back bolster supports. Legs are walnut-finished. The matching chair is 27x27x30 inches high. Colors of reinforced plastic covers are dark Clay brown, orange or ivory. For cover sample, write Sears Personal Service, ask for fabric number 326.

Walnut-finished tables have wood-grained hardboard, plastic-finished tops, smartly tapered legs. Step table is about 16x24x21 inches high; corner table, 24x24x21 in. high; cocktail table, 30x30x15 inches high.

1 A 50741N6—6-piece group: 2 couches, 1 chair, 3 tables. *Please be sure to state upholstery color.* Shipping weight 243 pounds. *$5 down*.....$139.95

Dignity of walnut veneers in the modern mood

Specially Chosen as a Sears Jubilee Value

- ***Because*** each distinctive piece features gracious trim lines . . expensive detailing at a price which you can appreciate only after you've compared
- ***Because*** its elegance is enduring . . each dining room piece has select 5-ply veneers . . richly-grained exteriors . . solid-oak drawers within

Your dining room becomes a showplace of good taste when you furnish it with these Danish-styled pieces. Chairs highlighted by distinctive cane-panel backs and graceful hardwood frames. Gold-color cotton-tweed seat covers padded with Fiberfilex® wood fiber and cotton. Tables have shapely hardwood legs beneath lovely walnut veneer tops. China cabinet and buffet display 5-ply veneer tops, sides and fronts; cane-panel doors and white hardware. This suggestion of white accents natural beauty of hand-rubbed veneers.

A touch of your finger lets you decorate your unfinished furniture in this season's best colors . . see page 967

Colonial charm . . modern utility

An heirloom look at a catalog price . . your choice of lovely, lively, light tan fruitwood finish or ready-to-finish hardwood. Plywood backs on exposed parts of (1), (3), (10), (11). Here's furniture that helps you live as you'd like to—pieces right for *you*. Illustrated are two of 126 possible arrangements—each so simple it looks custom-styled because Colonial details of louvered doors and elaborate brass plated hardware are so beautifully blended with today's theory of "working walls." Cases mortise, tenon-jointed; drawers lock-jointed, center-guided; tops, sides, drawer fronts are extra-thick ¾-inch stock.

Does All THREE . . Seals, Stains, Finishes

in ONE Easy Application . . Thriftcraft Furniture Finish

Eliminate the expense of buying, and the tedious job of applying separate sealers, stains and finishes. Simply brush on one or two coats of Thriftcraft finish and let dry. In 3 to 4 hours you'll have a lovely satin finish that brings out the natural beauty of the wood . . a tough, protective finish that resists scratches and stains . . an evenly distributed finish that has a professional-looking, sprayed-on appearance. Economical, too . . one pint covers an average-size 6-drawer dresser.

1 A 13082—Blonde (Blonding white). Shpg. wt. 1 lb. 5 oz.....Pint $1.29
1 A 13093—Provincial (Light tan). Shpg. wt. 1 lb. 5 oz.....Pint 1.29

FOR APPLIANCES AND HOME FURNISHINGS

See page 588 for details

Functional . . spacious . . modestly priced

Tambour, the delightful detailing that made fine American furniture of the 1800's so distinctive is being revived in today's leading furniture fashions . . is imitated here by handsome parallel-grooved "tambour-effect" sliding cardboard door panels on cabinets and headboards. Functional, fun-to-finish, versatile, these pieces have Western cabinet wood frames and drawer fronts, plywood tops and sides, recessed backs for firmer support. Center-guided drawers have snag-free, easy-to-clean bottoms—most are 14 in. front-to-back.

"SEARS DOES MORE"..2000 coils..more than in any sleep set you can buy..anywhere

1000-coil mattress and 1000-coil box spring work together for firm, body-balancing support, matchless deep-ease comfort.
It's our *most sensitive* Sleep Set

- **So firm**—there's restful support from the very edges to the middle . . no sleep-spoiling unsupported areas
- **So soothing**—button-free for sleep-lulling comfort . . soft, cotton-quilted luxury on sleeping surfaces
- **So durable**—a Sleep Set that's built to "take it" . . easily passed the toughest wear test we've devised

Full size mattress or box spring $69.95 cash $5 down

Here's "on top of the world" luxury—your invitation, every night, to a most rewarding sleep. From either the full size set or twin size (680 coils on 680 coils) you get the right amount of support, the right amount of comfort.

Cover and 1-inch-thick Serofoam pads stitched to border—never a shift or a sag . . top stays smooth with not a wrinkle to show. Crush and sag-resistant border made of quilted cotton, then Serofoam reinforced. Twin-size 39 in. wide; full-size 54 in. wide. Kenisan cover and mattress.

Anchored coils in box spring . . layer-felted cotton, cotton mesh padded. Plastic corner guards. Taped edges.

Both units covered with gold-color cotton and rayon smartly offset with silver-color Lurex metallic threads.

There's coil on coil on coil for added support . . and it's Serofoam topped for added comfort

Full-size mattress or box spring $44.75 cash $4.50 down

Specially chosen as a Sears Jubilee Value

- ***Because*** Sears lab tests proved it our firmest mattress . . with maximum support built into every square inch
- ***Because*** no other mattress we sell has a posture pad . . a hidden feature that works between coil layers for even weight distribution
- ***Because*** feature for feature we're convinced you can't beat this low, low price

In every morning there's an outlook "as bright as a new penny"—*if* you slept refreshed the night before.

There's a simple answer for snuffing out those day-darkening backache or stiff muscle woes caused by faulty mattress support. Here's how it works: 312 coils in top mattress layer supply extra-firm support for spine-hugging comfort. 312 coils in bottom layer act as a *reserve power source* for more firmness, more support. Between these layers a posture pad of rubberized sisal gives a "plus" support with no uncomfortable hardness. Then, 312 coils in box spring give the soothing deep-down support required for sleep-right comfort.

¼-inch Serofoam topper on sleeping surfaces. Hygienically clean Kenisan cover and padding resist bacteria. Pre-built, vertically stitched cotton border (Serofoam reinforced, too) is hand-laced to coils. 8 vents. Both units felted cotton padded, sisal insulated. 8-oz. cotton twill cover in multistripe . . brown and gold-color Lurex metallic tape edges. Headboard, legs not included. Twin-size mattress, 216 on 216 coils; box spring, 216 coils.

Enjoy firm coil-on-coil support . . 312-coil Mattress, 312-coil Box Spring

Full-size mattress or box spring $44.95 cash $4.50 down

Whether a sound sleeper or a "fidgeter" you still get the deep comfort, truly restful-firm support you need. And it's "full dimension" support—there are no weak, unsupported areas (the main cause of a poor night's rest) under the mattress. Also, your sleep set wears longer, keeps its shape for years. 75 in. long.

Smooth quilt-top surface. Non-sag border is cotton quilted, vertical stitched and Serofoam reinforced. Zippered slip-away pocket at mattress end. 216 coils in twin-size mattress. Matched box spring with anchored coils. 216 coils in twin size.

Both units are padded with thick layers of buoyant felted cotton and sisal insulated. Attractively covered in durable cotton with white and gold-color striped pattern. Highlighted with Lurex metallic accents. Headboard, legs not included.

FOAM LATEX LUXURY

$144.95 cash

Full-size Outfit was $149.95 — $5.00 down

On the surface the thick 6-inch Mattress is quilted for softness

and there's a 1000-coil Box Spring underneath for extra-firm body support, extra-deep comfort

Imagine! bubbles making a difference in your sleeping comfort . . *and what a difference!* Foam bubbles (there's millions of them in our heaviest density mattress cores) almost "float" you off to a cool, refreshing sleep. Combine this with smooth Dacron* polyester stitched into mattress top with break resistant nylon thread and you have surface softness that defies *any* comparison.

Try it! Delight in the way it hugs your every curve, from the top of your head to the tip of your toe, constantly catering even if you turn or toss about in your sleep. You'll awake knowing what we mean by deep, luxury comfort and sensitive, posture-perfect support. There's a full 6 inches of foam latex to do the job with this elegant "top of the line" sleep set.

* Registered DuPont trademark

The matching box spring is scientifically designed to give you a maximum of support but never is your comfort forgotten. Coils are securely anchored and bountifully padded with a thick layer of sprightly; non-allergenic Serofoam—stays dust-resistant, always fresh and odorless. 680 coils in the twin size.

Both your mattress and box spring are expertly covered with exceptionally-durable bridal rayon satin in an attractive gold color. For bed of standard length —75 inches long.

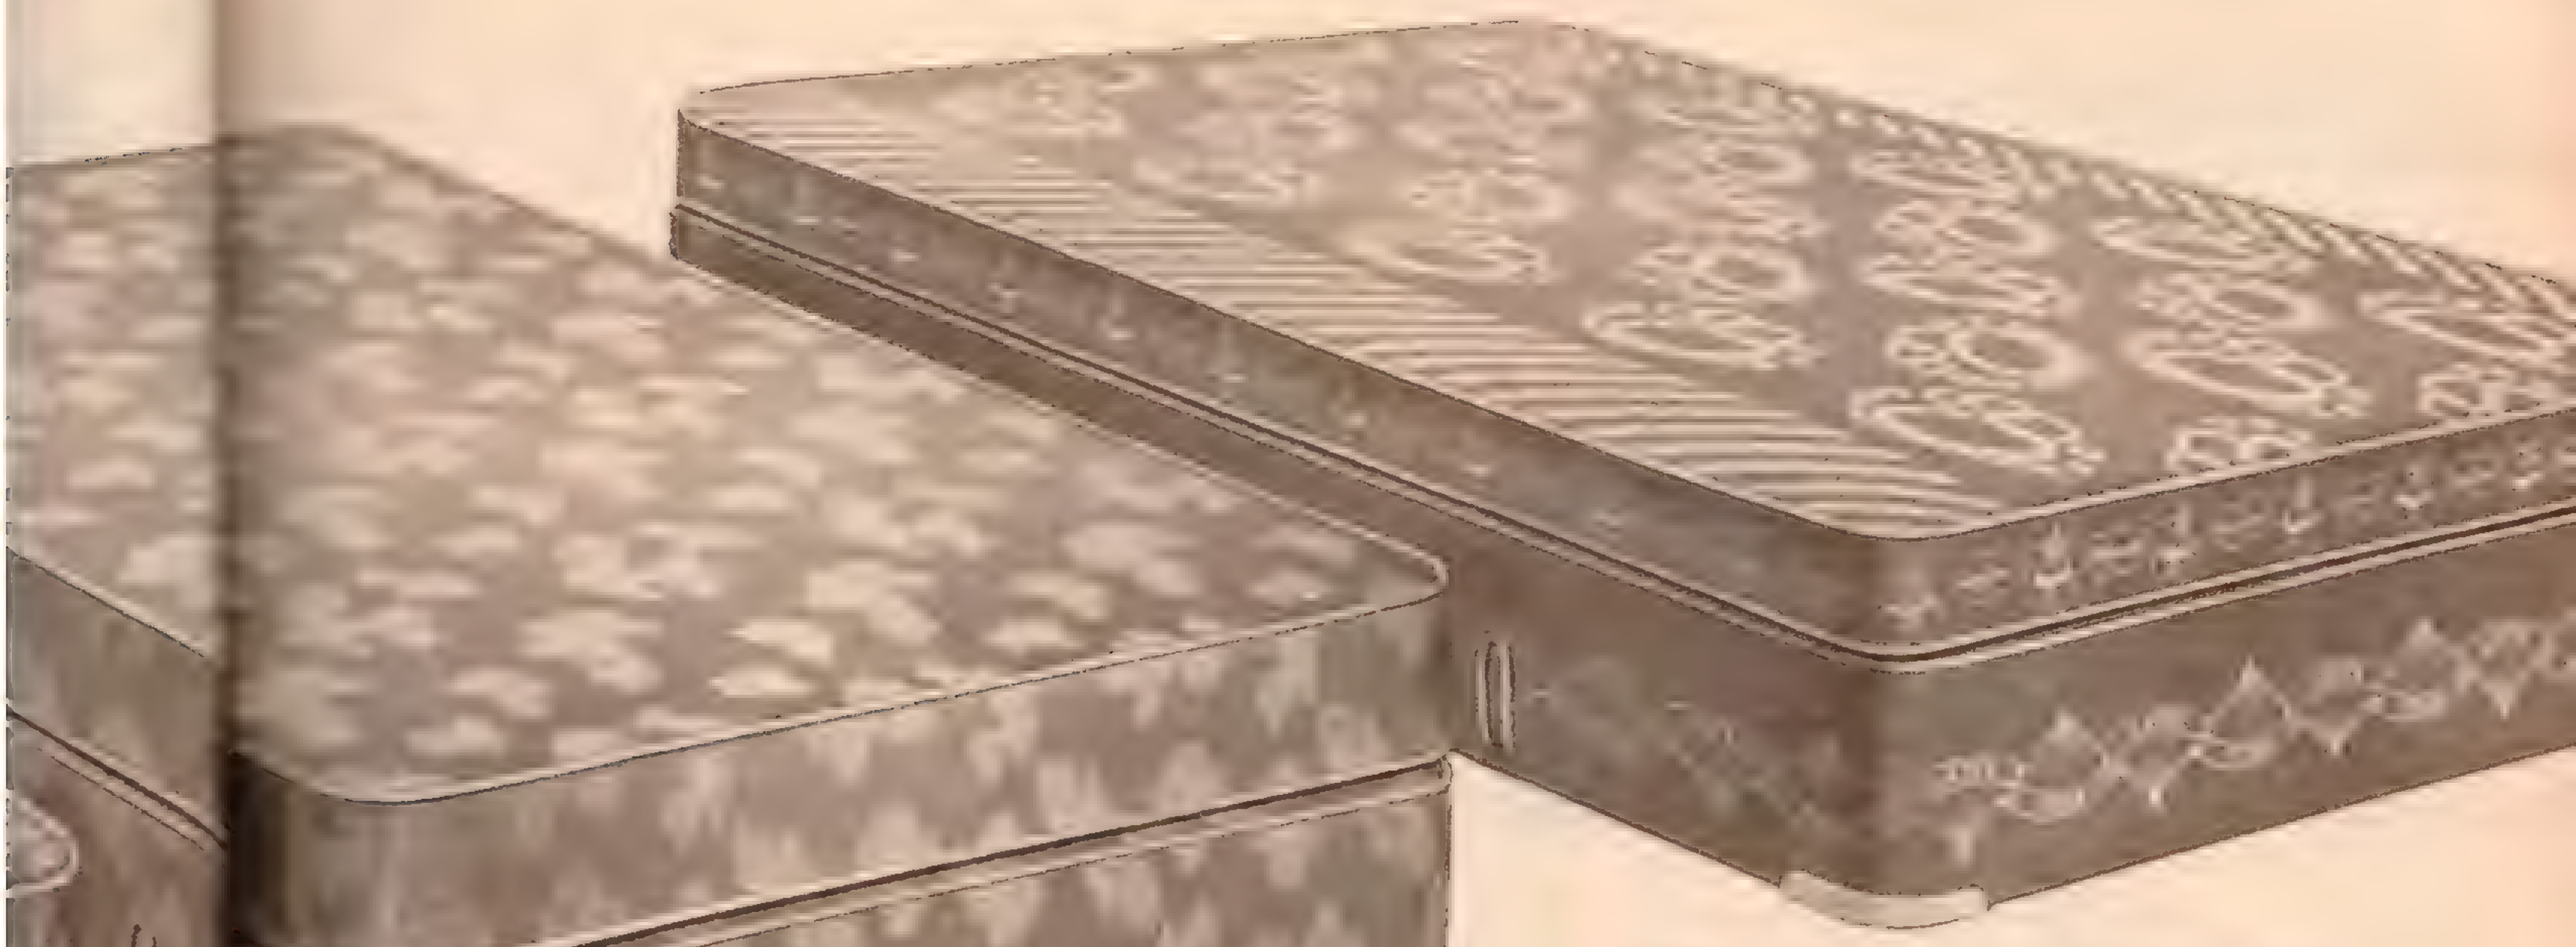
RY

. deep comfort for sensitive, refreshing support



More advantages of Foam Latex

You'll own a mattress that's easy on you because it minds its own P's and Q's . . it won't lump, sag or shift—so, it doesn't need turning. And because it's so limber you never have to tussle with fitted sheets . . just slip them over the corners and bed-making's done for the day. It's self-ventilated cool . . stays clean as a breeze, too—odorless, non-allergenic and dustless.

6-inch Mattress plus 612-coil Box Spring

For those who want firm support, extra-deep comfort

Full size Sleep Set
Was $129.95 **$124.95** cash **$5.00 down**

Mattress comfort's the same (it's luxuriously extra-deep . . just the way you like it to be) . . you'll experience a cool, refreshing sleep and a relaxing buoyancy from our heaviest density cores just as with the more expensive mattresses on page opposite. The smooth top assures you of restful, button-free comfort. For standard bed length . . 75 inches long.

Matching box spring has the same quality-construction features of box spring on page opposite . . but its lower coil count combined with 6-inch mattress gives you firm rather than extra-firm support. 442 coils in twin size.

Both mattress and box spring are covered with long-wearing rayon jacquard in attractive white floral pattern on a blue background.

Innerspring outfit

3-way Bed . . innerspring or foam mattresses $74.50 cash $5 down

Beds—Use as trundle, bunk or twin beds. Versatility, indeed, to suit size and decor of most any room. Attractive "criss-cross" panels with brass-color trim. Sturdy three-rung ladder and guardrail. Baked-on beige enamel finish. Casters on lower bed. Steel link springs provide proper mattress support. 82 in. long as trundle bed, 55 in. high as bunks. 39 in. wide.

Innerspring Outfit—Includes 3-way bed plus two 126-coil mattresses. Provides head-to-toe comfort and support. For good measure, there's a sisal insulation—you can't feel the springs. Over this is padding of layer-felted cotton. Button-tufted, multistriped cotton cover. 5 inches thick.

Serofoam Outfit—Includes 3-way bed plus two Serofoam plastic foam mattresses for firm, allover support . . more sleeping comfort. Won't bulge or sag . . never needs turning. Extremely flexible for easier bedmaking. 3 in. thick. Smooth top; multistriped cotton cover.

OUR FINEST ALL NYLON PILE CARPETS

The ultimate in elegance and ease of care . . . *luxury you never need pamper!* These decorative, richly textured broadlooms are woven of 100% continuous filament nylon—the toughest, longest wearing carpet fiber available. Fashionable? Yes—but functional, too. Nothing could be more beautiful or practical on any floor in your home.

Smooth nylon fibers shun dust, dirt . . . absorb less than natural fibers. Vacuuming removes surface soil . . . most household spots and stains sponge right off! Unexcelled in resistance to pile crushing and abrasion. Carpets take heavy traffic, retain their texture—never shed or pill. Mothproof, mildewproof and allergy-free.

Save 16% . . "Nylridge" DuPont 501 pile

$7.95 square yard $95.40 cash 12x9 feet $5.00 down

Versatile carpet in one of today's most popular textures—woven of DuPont's finest carpet nylon fiber. Smart tree-bark pile is densely packed with high and low loops. Soft, muted luster of nylon gives pile richness, exceptional beauty.

Heavy backing is coated with plasticized latex; anchors pile. Seamless. Ends finished.

All nylon pile in rich tweed-effects

$4.75 square yard $57.00 cash $5 down 9x12 feet

Provides the easy-care features of nylon—at less than $5 a square yard! Tight-twisted loop pile is densely tufted, crush-resistant, abrasion-resistant. Stays springy underfoot! Pile sheds dirt, cleans easily—because smooth nylon absorbs less than natural fibers.

Naturally moth and mildew-proof; non-allergenic. Sturdy latex-coated backing secures pile. Seamless; ends finished. Sent freight (rail, truck) or express.

Colors: (AA) brown, beige and white; (BB) beige and white and (CC) gray, black and white tweed

Fashion-right Tufted Rugs

Specially chosen as a Sears Jubilee value

- ***Because*** the rich pile is extra-thick and is actually comparable in weight to that of rugs we sell at prices 14% to 25% higher
- ***Because*** the handsome self-tone styling is an elegant combination of highly lustrous, low crimped pile with muted, high cut pile

$2.74 21x36 in. $59.95 cash 9x12 feet $5 down

Luxurious pile is 70% viscose rayon, 30% Avisco® Avicron rayon—the Avicron tufts permanently crimped and curled for an unusual styling effect. Dense tufts are wonderfully resilient, resist matting. Latex-coated backings—cotton duck for sizes through 4x6 ft., heavy jute back for others.

Pre-shrunk; won't shrink more than 1%. Sizes include fringe.

State size and color letter AA, BB, CC, DD, EE, GG, HH, JJ, KK, LL, NN or PP.

Sizes 6x9-ft. and 9x12-ft. shipped by freight (rail or truck) or express.

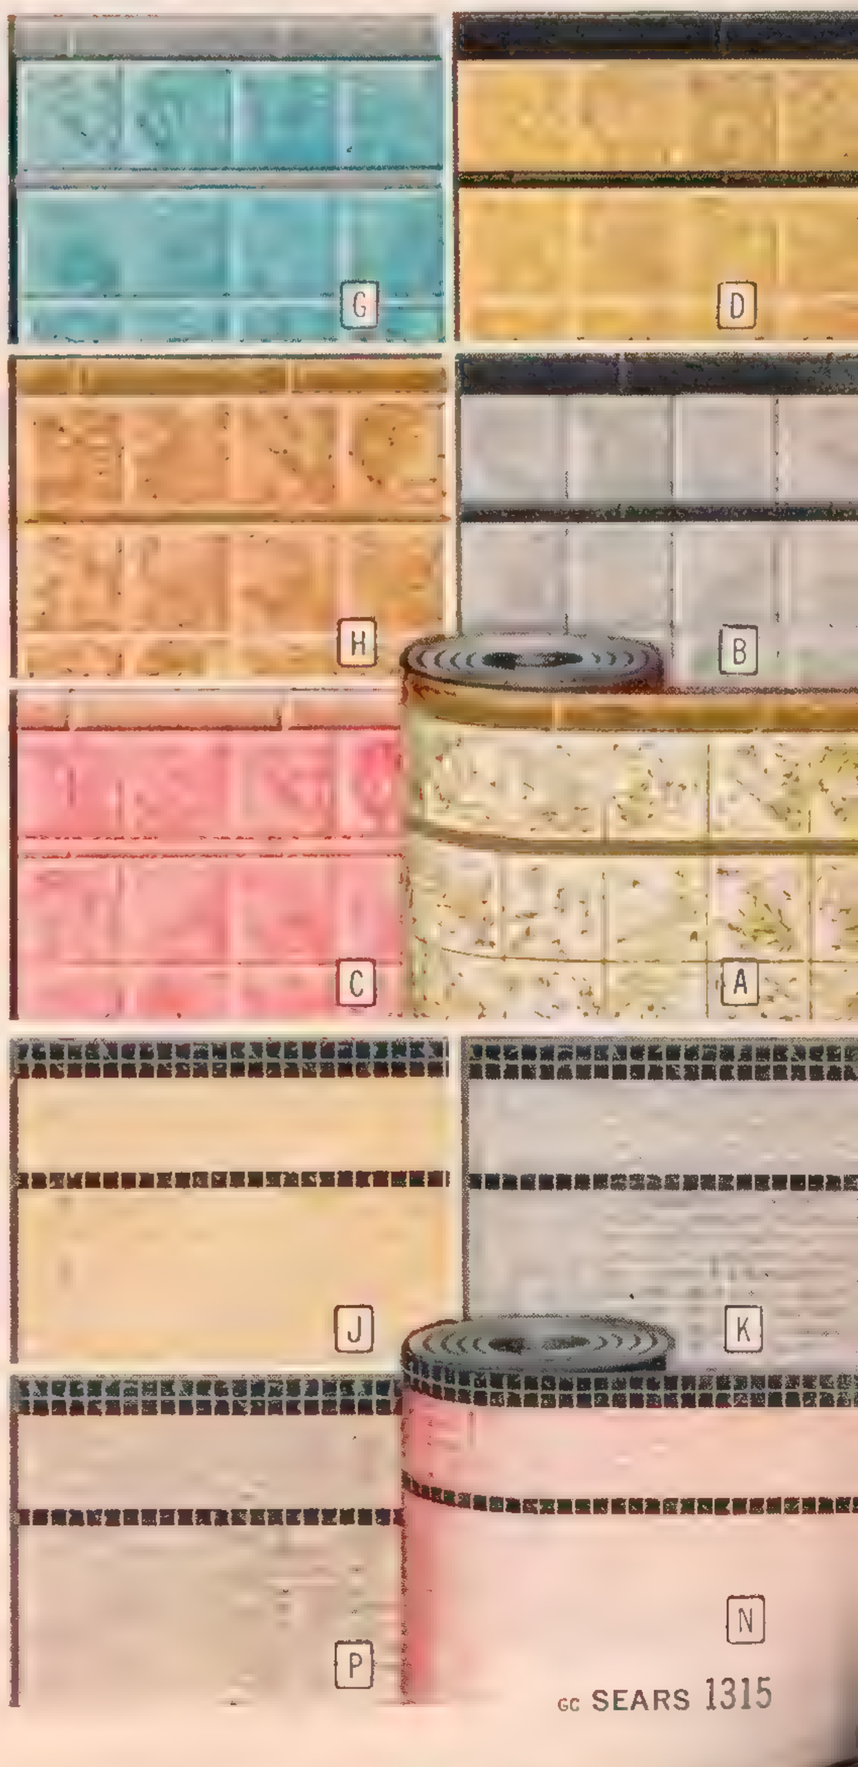
Shiny Metal Trim—the perfect finish for your Wallcovering installation
. . see our complete selection on page 1324.



Look . . even ink, bleach or grease can't spot it!

"SEARS DOES MORE". . .Vinylcrest® Floorcovering

Gives perfect fit with minimum waste

4½-FOOT WIDTH	7½-FOOT WIDTH	9-FOOT WIDTH	10½-FOOT WIDTH	12-FOOT WIDTH
69c foot	$1.14 foot	$1.34 foot	$1.69 foot	$1.89 foot

Yours at no extra cost

Two matching 18x36-inch mats

Included with every order for $14 or more of Vinylcrest®. Select from widths listed or room sizes on opposite page.

Our finest quality floorcovering—in your choice of 21 decorative patterns. Fashionable underfoot! Many patterns with glittering gold, silver and copper-color metallics—all protected by vinyl, the toughest plastic used in resilient floorcoverings.

Designs printed with vinyl inks by rotogravure process on a durable asphalt-saturated felt backing . . . then covered with an extra-thick layer of clear, non-porous vinyl. *Actually wears five times as long as heaviest enameled floorcoverings*! Smooth, glossy. Surface is highly resistant to grease, stains, detergents, acids, high temperatures. Wipes clean; needs little waxing. Simply unroll . . . lies flat without pasting or tacking. Easy to trim. Instructions included with each order.

Counter covering shown above is sold on page 1319

How to Measure Floorcovering

1. Measure room width and length from baseboard to baseboard.
2. Select width. For example: a 9x13-ft. room takes 13 ft. of 9-ft. width; a 15x21-ft. room takes 43½ ft. of 7½-ft. width. See NOTE below.
3. If possible, use next width wider than room and trim to size. Example: for 10x14-ft. room order 14 ft. of 10½-ft. width and trim 6 in. at side. Covers room with one piece.
4. For cost, multiply number of feet by price per running foot.

NOTE: If room is wider than 12 feet you'll need more than one piece. Order all lengths from one width for exact color match. For two or more pieces, order first piece actual room length; allow 18 inches extra on each additional piece for matching pattern. Trimmed floorcovering is ideal for mats or shelving.

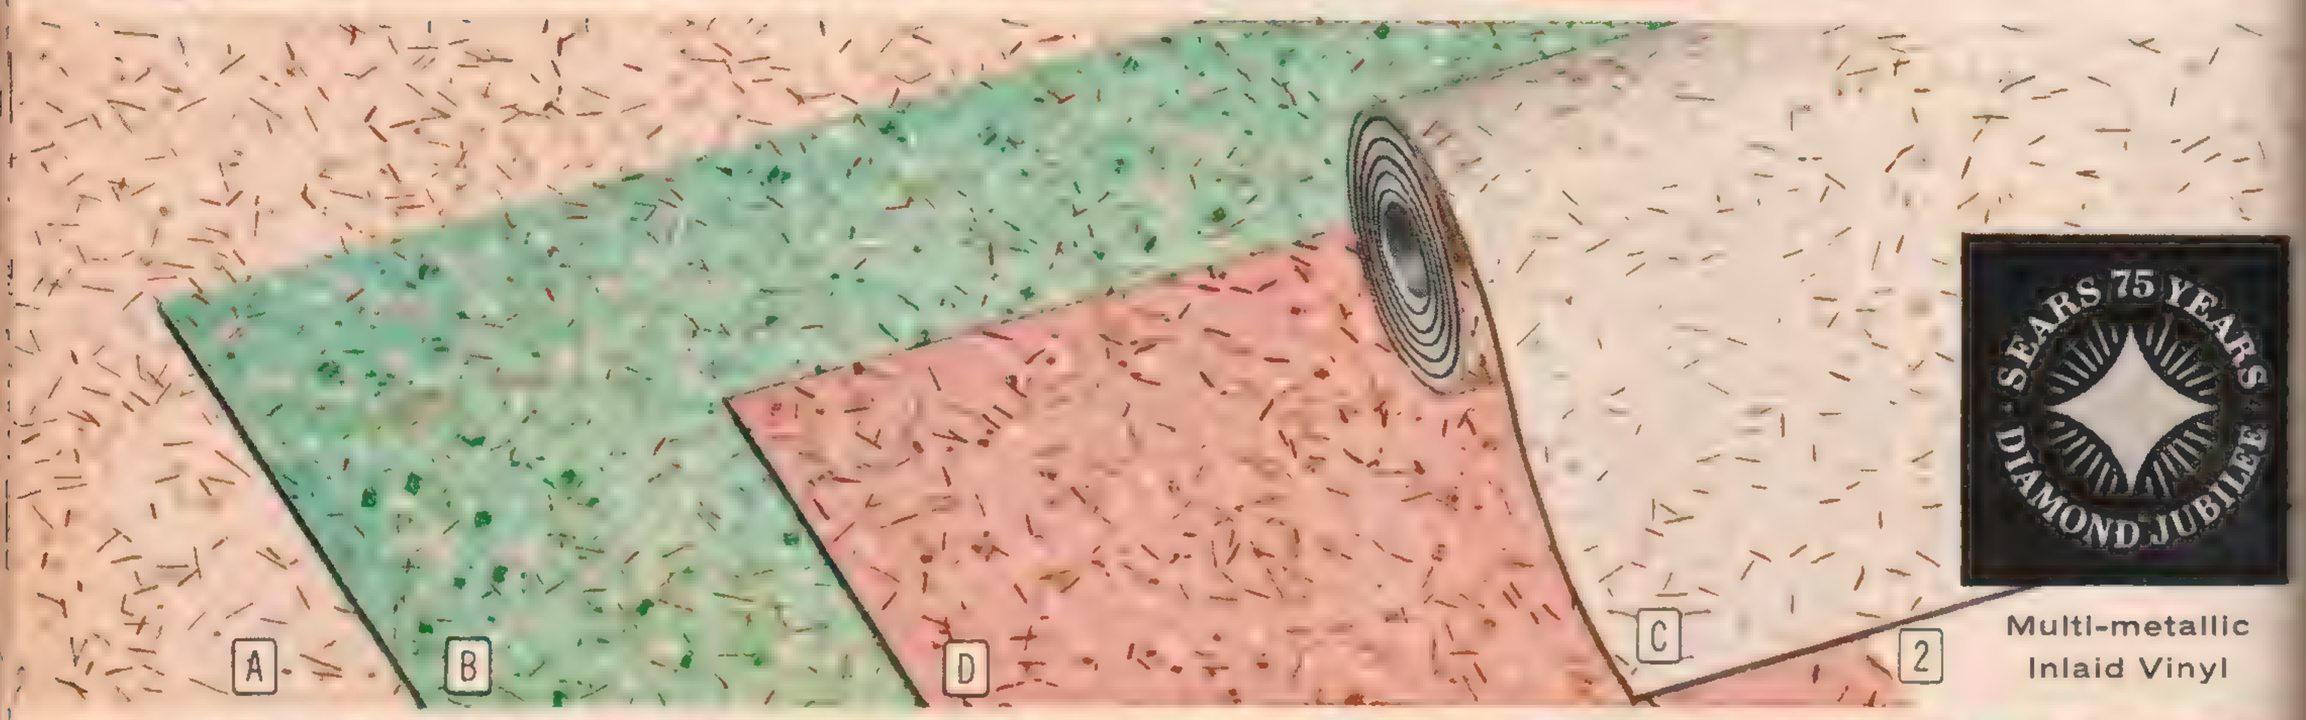
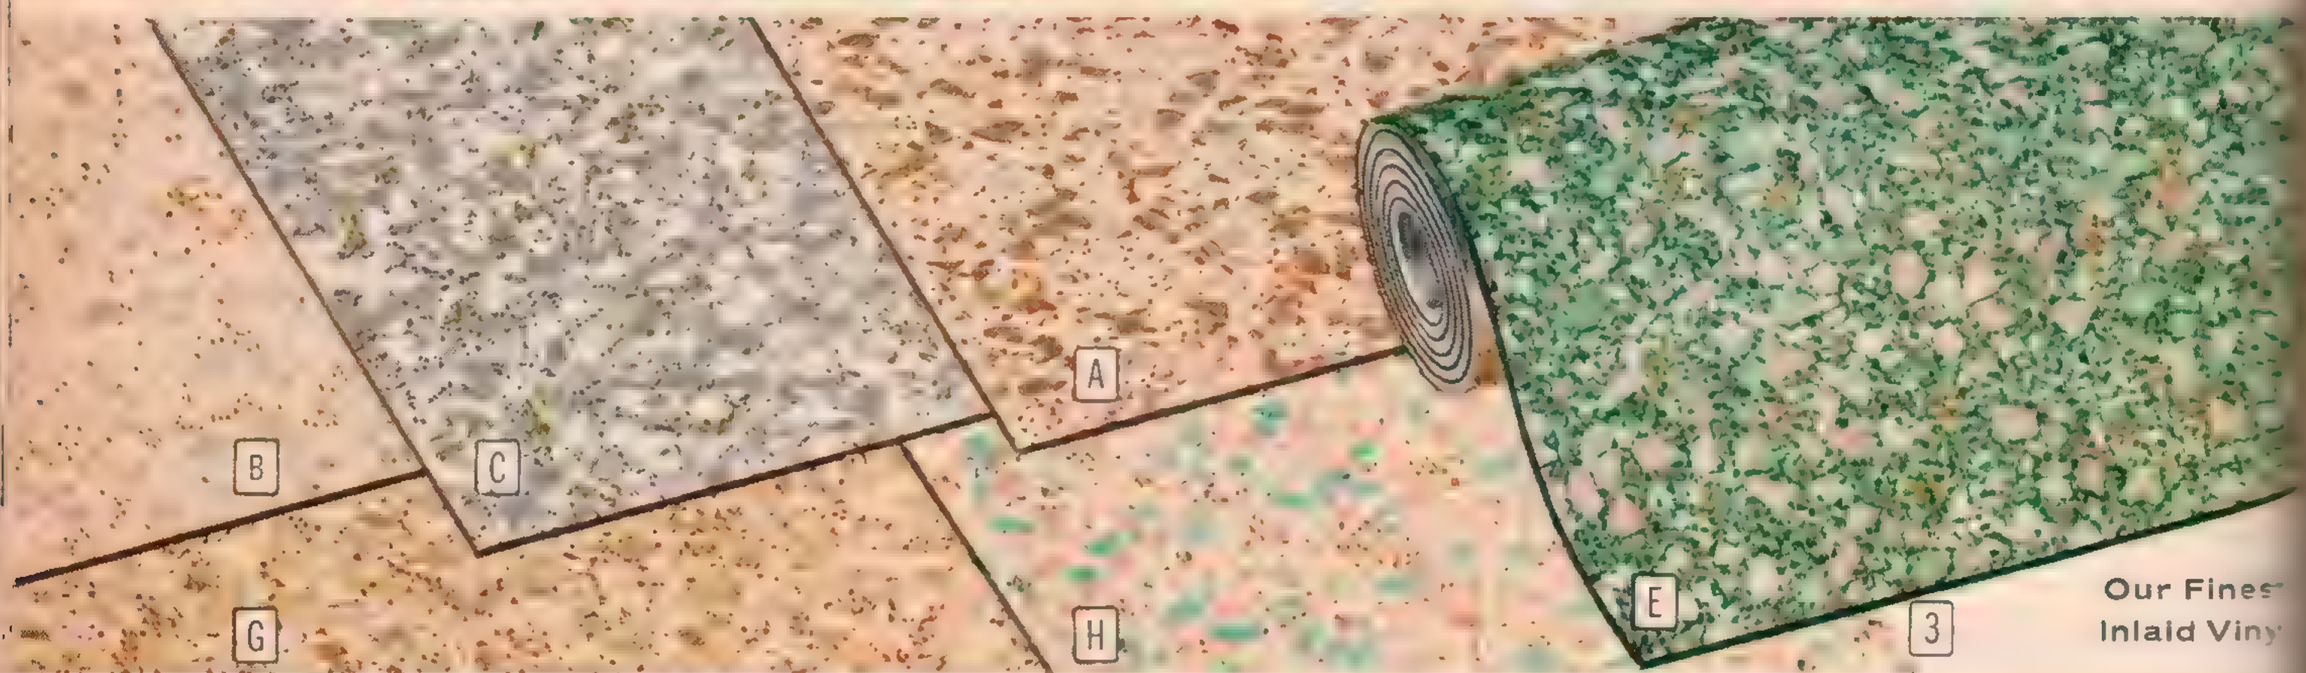
SEARS 75 YEARS DIAMOND JUBILEE

1 Heavyweight Vinyl-coated Floorcovering



SEARS 75 YEARS DIAMOND JUBILEE

2 Multi-metallic Inlaid Vinyl



3 Our Finest Inlaid Vinyl

Textured Rubber Treads and Matting increase safety

Add beauty to floors, counters . . cut cleaning care

Heavyweight Vinyl-coated Floorcovering

Specially chosen as a Sears Jubilee Value

- ***Because*** its vinyl wear layer is actually *twice as thick* as our Vinylcrest
- ***Because*** it wears 2½ times as long yet costs only about ¼ more than Vinylcrest
- ***Because*** metallic-accented designs are *sealed in* under the protective clear vinyl

Wears so long you can paste it down—permanently!

$1.69 a foot, 9 ft. wide

1 Printed with vinyl on asphalt-saturated felt back—then vinyl coated. Smooth, non-porous; highly resistant to stains. Wipes clean. Lay loose or install on wood or concrete above ground with Linoleum Paste (or Multi-purpose Adhesive in areas of heavy water spillage). Over 6 ft. of 9 ft. and all 12-ft. width freight (rail, truck) or express.

Harmony House colors: (A) Smoke gray with Frosty pink, Ming blue; (B) Clay beige with Mint green, Canyon orange; (C) Smoke gray; (D) Clay beige and (E) Smoke gray with Cherry red . . . each with gold-color metallic.

State length and color A, B, C, D, E.

37 A 3359NM— 9 ft. Wt. 3 lbs. 12 oz. Ft. **$1.69**
37 A 3352NM—12 ft. Wt. 5 lbs. . . . . Ft. 2.29

Multi-metallic Inlaid Vinyl Floorcovering

Specially chosen as a Sears Jubilee Value

- ***Because*** it costs 29% less than last Spring—yet the pattern is far lovelier
- ***Because*** its tough vinyl wear layer has colors *inlaid* all the way through to back
- ***Because*** it's smooth, non-porous and easiest to clean . . . shuns spots or stains

Inlaid vinyl wear layer outwears vinyl-coated types

$1.69 a foot, 6 ft. wide

2 Highly decorative textured design in rich colors on pliable, vinyl-saturated Clear-cushion back. Install direct to wood or concrete floors above ground level; use Linoleum Paste or Multi-purpose Adhesive (in areas of heavy water spillage). Over 20 ft. sent freight (rail, truck) or express.

Harmony House colors: (A) Parchment beige with Parchment brown, (B) Fern green and (D) Shell beige; also (C) white with Parchment brown. Each color with gold, silver and copper color metallic accents.

State length and color A, B, C or D.

37 A 1596LM—6 ft. wide. Wt. 3 lbs. . Ft. **$1.69**

Our Finest Inlaid Vinyl

$2.98 a foot, 6 ft. wide

Like above but longer wearing—molded vinyl wear layer is *extra-thick*. Lovelier, too—beautifully grained vinyl chips give a deep, dimensional look that rivals rich marble! Made with colorful flecks and iridescent color metallics *permanently* locked in clear vinyl. Install same as above. Over 20 ft. sent freight (rail, truck) or express.

Harmony House colors: (A) Clay beige with gold and silver; (B) Parchment ivory with gold, silver; (E) Sage green with Ming blue, gold; (H) Smoke gray with aquamarine, copper, gold; also (C) gray with pink, gold, silver; (G) amber gold with gold.

State length and color A, B, C, E, G, H.

37 A 1506LM—6 ft. wide. Wt. 3 lbs. 4 oz. . . Ft. **$2.98**

Vinyl Counter Covering

4 **All Vinyl.** Thick inlaid vinyl wear layer on special fast-grip vinyl back. Smooth and stain-resistant. Metallic-flecked colors won't fade or dull . . . go clear through to back. Easy to wipe clean. Extra flexible for faster and easier installation. Install with Multi-purpose Adhesive from page 1322. Over 35 feet shipped by freight (rail, truck) or express.

Harmony House colors: (BB) Shell pink, (DD) Federal gold and (GG) Parchment beige; also (AA) white, (CC) turquoise and (EE) reddish brown . . . each with gold and silver-color metallic.

37 A 1583CM—36 in. wide. *State color* AA, BB, CC, DD, EE, GG. Wt. 1 lb. 10 oz. . . . . Run. ft. **$1.14**

5-6 **Vinyl-coated.** Rotogravure printed in vinyl inks on asphalt-saturated felt back—then coated with protective clear vinyl. Easy to clean. Install with Linoleum Paste on counters, table tops or shelves (for sink tops use All Vinyl Counter Covering above). Over 65 feet sent freight (rail or truck) or express.

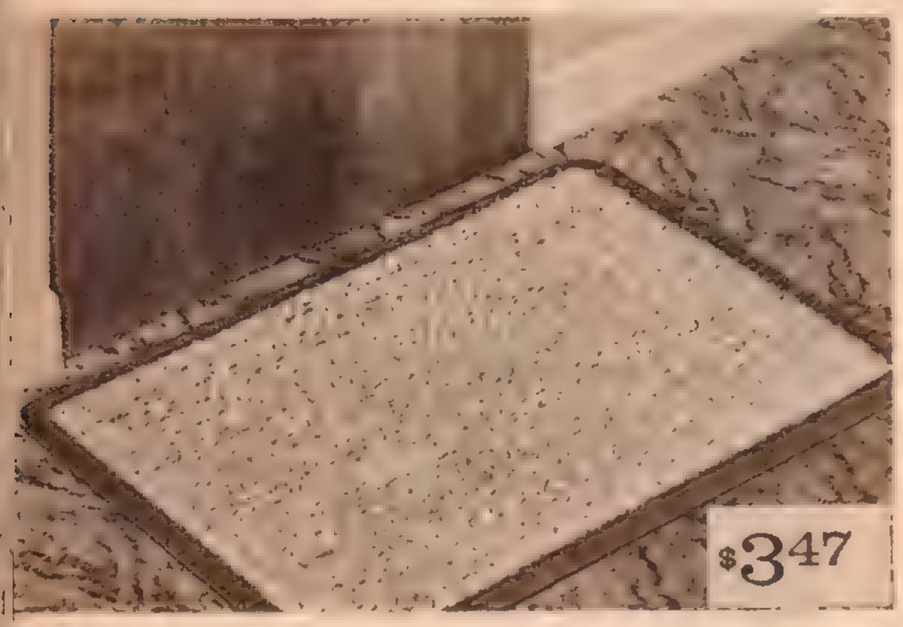
Tack down treads or use Linoleum Paste (see page 1322)

Keep carpets cleaner, floors much neater



New "Mrs. Inside" Mat

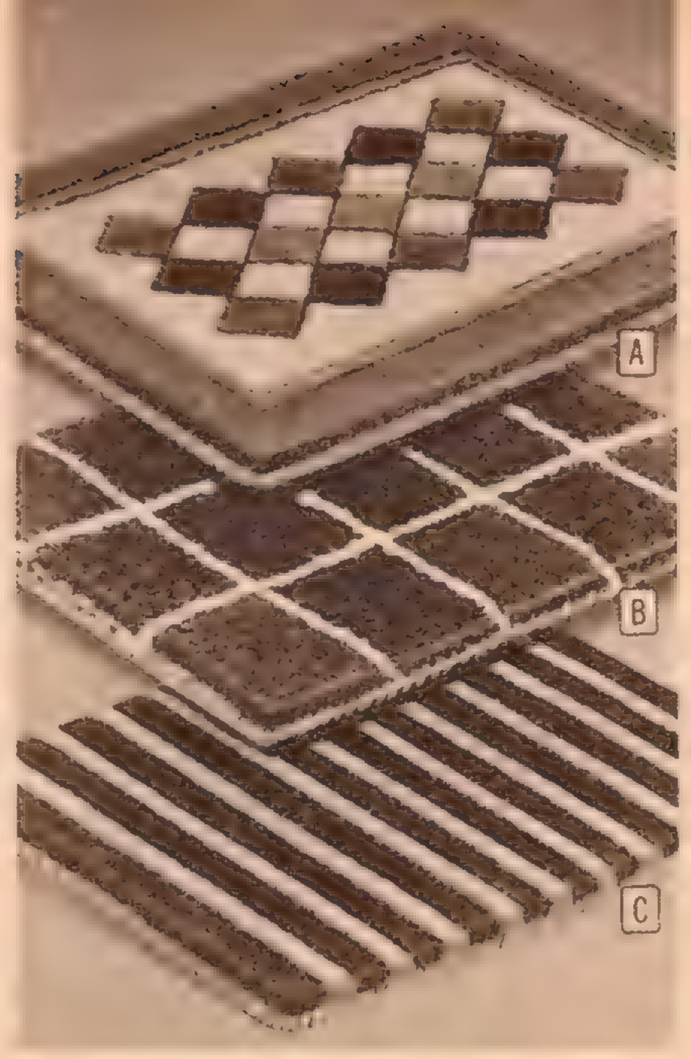
Specially designed to use inside the door

Welcome at any entry, in any hallway . . *doors glide right over it!* Made with top of 100% viscose rayon pile carpet, bonded to a textured rubber base. Thick, thirsty carpet layer gets shoes *dry* while it gets them *clean.* Heavyweight rubber base grips floor, holds mat flat, helps prevent skidding.

Tweed-effect carpet blends with any room decor, cleans nicely with Fiber Fresh. About 19x27 inches.

State color beige with white, gray with white or green with white . . each with harmonizing border.

37 A 37—Shpg. wt. 2 lbs. 14 oz.....$3.47



Colorful Cocoa Mats $6.47

The smart look in popular brush-like mats! Distinctive patterns in rich colors dress up your doorway—while thick and sturdy fibers cleanse dirty shoes, keep soil outside. Made of extra heavy, high grade cocoanut fibers. About 1½ inches thick. Bound at edges. Made in India.

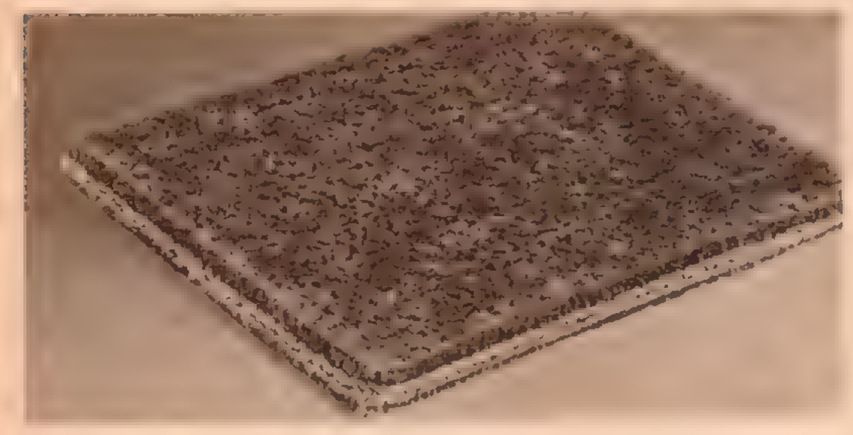
Colors: (A) red, brown and tan diamonds with red border; (B) red, rust and green 5½-inch blocks outlined in light tan; (C) dk. green and natural tan stripes. *State pattern letter* A, B or C.

37 A 128—18x30 inches. Wt. 7 lbs. 8 oz.....$6.47

Link Mats low as $2.47

1 Heavyweight mats of sturdy rubber links: made from corded section of tough truck tires. Top frayed; nap-like surface soaks up moisture and dirt. Reverse side has plain rubber, fabric links. Links secured by heat-treated, oil-tempered spring steel wire; resistant to rust. Sweep, spray or scrub clean. Over ½-inch thick. *Color:* gray with green.

37 A 22–About 16x24½ in. Wt. 6 lbs. 4 oz...$2.47
37 A 23–About 18x28 in. Wt. 8 lbs. 3.47
37 A 55–About 21x33 in. Wt. 10 lbs..... 4.97



Natural Cocoa low as $1.57

Extra heavy mats (illustrated at left). Our best quality . . made of brush-like cocoanut fibers. Neatly bound at edges. About 1½ inches thick. Made in India. *Color:* natural tan.

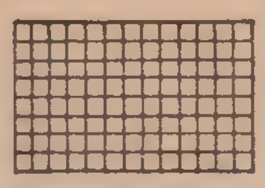
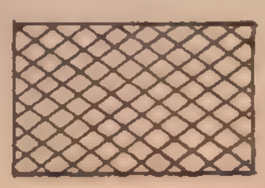
How to Measure for Floor Tile



Straight Installation



Diagonal Installation

For straight installation: measure room width in inches and divide by 9 for 9x9-in. tile, by 12 for 12x12-in. tile. Do the same for length. For 6x12-in. tile, divide width by 12 and length by 6. Multiply together for number of tiles. For irregular rooms, figure offsets separately. Order all tile at one time for best color match, order a few extra for fitting. For free estimate, write Personal Service Dept.

For diagonal installation: measure width and length as above, order enough tile to cover 4 inches longer and 4 inches wider than room size. Diagonal installation is recommended over strip board floors to minimize separation due to floor board movement. Use ¼-inch plywood (see index) under tile on uneven floors or floors of single board thickness; also where floorboards are over 3¼ inches wide.

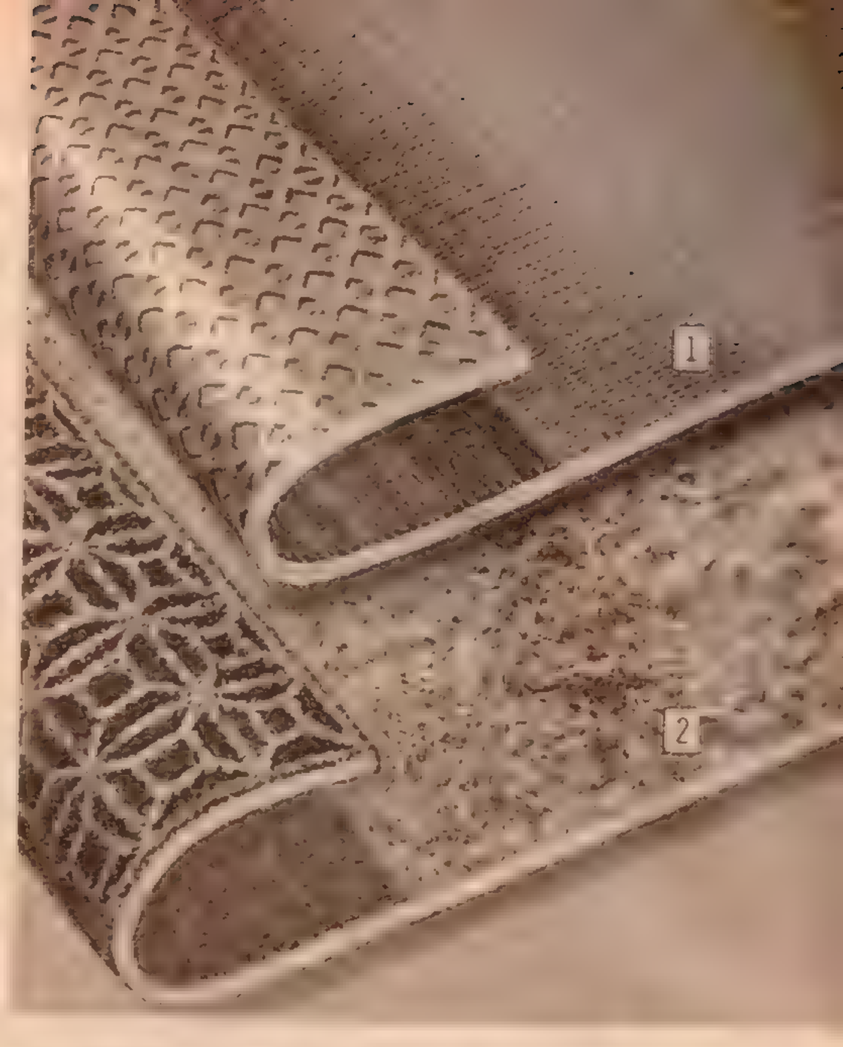
To Test for Dry Concrete

Place a 2x3-ft. sheet of rubb tar paper or linoleum on floor dampest corner. If, after 24 hou covered portion is darker the surrounding area, your floo too wet and installation of v is not recommended.

To Measure Wallcoverin

For lower walls to 4½ ft. hi measure wall space around ro Do not deduct for average dows or one door; deduct 3 for each extra door. Gives ning feet and allows for match

Mothproofed Jute and Hair Rug Cushions



50-oz. Kenisan Cushion

$1.49 a foot 9 ft. wide $17.75 9x12 feet

HOW TO ORDER CARPET

For Room or Area-size Carpets . . expertly cut and finished to the exact size you specify. Measure exact width and length of area and order width best suited to your need. For example: order 13 ft. of 9-ft. width for an 8x13-ft. size carpet.

For Wall-to-Wall Carpet. Measure exact width and length from baseboard to baseboard. Send an accurate diagram showing areas to be covered, door openings, etc.

For Any Size Carpet. Order all your needs from one width; rolls of different widths may vary slightly in color. Throw rugs—in sizes you specify—made at no extra charge from your carpet order cut-outs.

JUST $5 or $10 DOWN will carpet one room or your entire home

Use Special Easy Terms for Appliances and Home Furnishings . . see details, page 588.

Wall-to-Wall Carpet can be purchased for NO MONEY DOWN if your order totals $275 or more . . and you can take 3 full years to pay! Use Special Terms for Home Modernizing . . full details on page 588.

The ultimate in luxurious Harmony House Sheets

Soft Pima-cale made of 55% cotton and 45% Pima cotton . . fully 210 threads per square inch

Specially chosen as a Sears Jubilee Value

- ***Because*** Sears Lab tests prove Pima-cale *wears 50% longer* than any Percale . . yet is softer, smoother to touch
- ***Because*** of hygienic, bacteria-resistant Kenisan fabric
- ***Because*** of new low prices . . sheets 20% to 25% less!

Truly a long-term investment in loveliness! Sears own laboratory tests prove this wonderful interweaving of super-long super-strong Pima cotton fibers and fine cotton gives amazing resistance to wear and abrasion. And Pima-cale sheets are so beautifully blended of choicest cotton, they have the shimmering sheen, the exquisite feel of silk . . yet you can expect years of service because there are 210 hardy threads to every square inch.

No washing worries either because both sparkling white and washfast pastel hues are vat-dyed to keep their color brightness.

Breeze-easy bedmaking

No lifting, no tugging! Sanforized fitted bottom sheets have our exclusive V-shaped elastic gusset at corner (Patent Pending) . . sheets snugly hug mattress, stay taut for wrinkle-free comfort.

NOTE: All sizes on this page are sizes before hemming; thread count stated is after washing.

Scotchgard® Treated Cloths

Low as $1.86

Specially Chosen as a Sears Jubilee Value

- ***Because*** laboratory tests prove Scotchgard means less laundering for you . . oily stains like soup, gravy and coffee blot right off!
- ***Because*** these are Ease-of-Care cloths which mean they need only touch up ironing!
- ***Because*** these are *extra* heavy, *extra* beautiful cloths . . yet they're priced for no more than you'd expect to pay for plain, light weight Scotchgard treated linens

1 Cloths of spun rayon and acetate that will capture the heart of every homemaker. Exquisite dobby weave with embroidered effect is decidedly luxurious. Wonderful Scotchgard protection lasts and lasts washing after washing. Lovely looks, feel and drape of fabric remain completely unchanged even though every fiber is shielded. Imagine . . you get beauty plus practicality and low, low prices, too!

*State Harmony House color*** Petal pink, dark Capri blue, Parchment brown, Federal gold, bright fern green, Canyon orange; also spring violet, white.

Guard lovely table tops with guaranteed-to-fit CUSTOM-MADE PADS

Fit any size or shape table . . wipe-clean, waterproof tops

Economical Low as $8.57

Thrifty yet with a highly heat resistant insulating core. Pretty floral embossed pattern on wipe clean vinyl top. Soft cotton flannel base. Visible stitched edges.
Top colors: brown or white. **Base colors:** brown or green.
State both top and base color. Order from chart below.

Heavier . . longer wearing Low as $10.67

More protective with added layers of insulating material. Richly embossed pyroxylin-coated top resembles expensive Spanish grained leather. Extra-soft cotton Duvetyn flannel base. Visible nylon stitched edges.
Top colors: brown, mahogany, off-white.
Base colors: brown, mahogany, green.

Superior Table Protection Low as $15.
Outstanding durability

Made with extra layers of insulating material including exceptionally heat-resistant Fiberglas® glass, plus reflective aluminum sheeting that prevents hot spots. Elegant wood grained design on heavy embossed pyroxylin-coated top. Super soft cotton suede-type cloth base with waterproof backing. Edges securely locked with concealed stitching.
Top colors: brown, mahogany, off-white, maple, blonde, Swedish modern (tan), gray.
Base colors: brown, mahogany, green, tan.

Please be sure to state both top and base color. Order from chart below.

RONVIK ..in the Scandinavian mode

Finest Tradition Stainless Now . . IMPROVED by our exclusive new process

Specially chosen as a Sears Jubilee Value

- ***Because*** it is fashioned of the finest extra-heavy gauge steel plus a revolutionary new alloy . . positive assurance it will not tarnish, never needs polishing
- ***Because*** laboratory tests prove this alloy much harder and many times as scratch resistant as most stainless
- ***Because*** you can have all these improvements in our most popular patterns at no increase in price

Now our finest in your choice of two exclusive patterns: the new Ronvik . . symmetrical, linear, flowing and timeless and the popular Fiamma . . carefully rounded, and tapered at both ends to form perfect balance.

Extra time and care is taken in manufacturing to produce razor sharp knife blades, especially smooth edges (even between fork tines) . . for a look and feel of luxury.

Sets come to you in an attractive gift and storage box with fitted recessed wells.

24-pc. service for 6 only **$28.50** cash

SEARS 75 YEARS DIAMOND JUBILEE

Durable metal for permanent beauty

$11.97

Chosen to Celebrate Sears 75th Jubilee

- ***Because*** we've improved the styling, quality and strength . . and *REDUCED* the price
- ***Because*** actual tests in Sears laboratories prove these hampers possess extra strength . . withstood the weight of 200 pounds
- ***Because*** 9-gauge vinyl over front and cushioned lid is extra heavy, tough . . armors hamper against scuffs, scratches; wipes clean with a damp cloth

In addition, these hampers boast exclusive "slide-in" towel or drying rack . . satin-smooth for drying fine lingerie, sheer hose . . low enough to serve as youngster's towel rack too. Gleaming brass-plated trim coated with clear lacquer won't tarnish or rust. Back and bottom of hampers are ventilated . . permit free circulation of air through laundry. Baked-on enamel coats seamless surface *inside as well as outside* . . won't chip, rust . . won't snag even most delicate fabrics.

Harmony House colors Horizon blue, Frosty pink, Parchment beige, Spring violet; also white. *Please state color.*

New! Springless-roller Shades Low as $2.87

Shades (1), (2) and (3) all have new springless galvanized steel rollers that put an end to the jerking and slipping of conventional rollers. Just a gentle pull of the continuous cord raises or lowers shade smoothly and evenly. Shade automatically locks in any position you desire.

Important: Adjustable rollers have telescoping metal tubes. Shades up to 37¼ in. wide will fit openings 6 in. narrower than widths listed; widths 49¼ thru 97¼ in. will fit openings up to 12-in. narrower. Shades are easily cut down with heavy scissors. Special brackets included for inside or outside casing installation. Cord can be mounted on either left or right side of shade.

1 Philippine Mahogany (lauan) Shades. Here's a distinctively textured shade that will lend warmth and charm to any room. Natural color oval slats, ⅜-in., wide are interwoven with nylon-reinforced white vinyl tape. Complete with attractive 6-in. cornice-type valance that conceals springless roller. All shades are 67 in. long. *Please state width wanted.*

Extra-wide S-shaped Slat Blinds Low as $2.77

Beauty. Dramatically different curved slats give an elegant one-piece appearance when closed.

Light Control. 2¾-in. wide slats (*the widest*) overlap-lock for maximum closure and privacy. Keep out *95% of sunlight.* When opened, they provide *more space* between each slat for clear, unobstructed vision.

Cleaning. More space between slats means more working space for your hands.

Plus all these other outstanding features: *Slip-proof drum tilter mechanism* (the most efficient we know of)—just a short pull of the cord opens or closes blinds. Can't slip out of reach. *Crash-proof cord-lock*—holds blinds at any height . . . will not jar loose. *Washable plastic tapes.* Steel slats are galvanized, bonderized, painted with plastic base enamel for long wear. U-shaped metal head-box, braided cotton cords and metal equalizer.

Slat and tape color: white. *State width in whole number, no fractions.* See How to Measure, page 1376

Ready-made Venetian Blinds

A new attractive textured headbox and tape . . Blinds operate smoothly, easily with just a touch

Low as $2.53

All the work's done by one of the most efficient blind mechanisms made. Blinds open and close at a flick of your wrist . . just a short gentle pull of the cord. Cords never slip out of reach. Blinds hold to stay at any height you put them . . never come crashing down when you release cord. Washable plastic tapes wipe clean with damp cloth . . won't crack, ravel or fray . . will look sparkling through years of hard use.

Lightweight, 2-in. steel slats finished with baked-on plastic-base enamel that's smooth as glass . . resists clinging dust, most of it slides off as blinds are operated. Slats are galvanized, too . . resist rusting and corrosion. Complete with abrasion-resistant cotton cords, metal equalizer for even raising and lowering and sturdy all-metal bottom rail. Blinds easy to shorten. Tape clip lets you remove slats from bottom of blind.

Please state width wanted in whole number, no fractions. Be sure to see How to Measure instructions and Important note below. *Slat and tape color:* white.

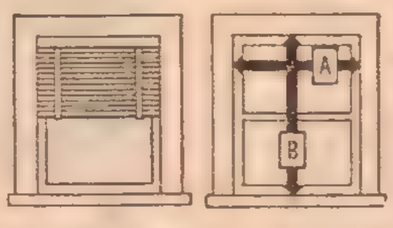
56 A 867.....Price per Kit **$1.2**

HOW TO ORDER CUSTOM BLINDS

Custom-made blinds cannot be altered if ordered incorrectly. Be sure you have measured exactly for widths. All widths listed are for headbox plus brackets. Slats are 1/4 to 1/2 inch narrower to avoid marring window casing (when blinds are installed inside casing).

HOW TO MEASURE FOR CUSTOM AND READY-MADE VENETIAN BLINDS

Follow carefully . . Use a wood or metal ruler . . Measure each window separately

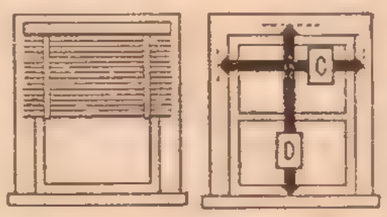


To Hang Inside Casing

There must be at least 1-inch flat surface inside casing for brackets. This is neatest installation. Slats and headbox are flush with wall; out of way.

A **Width:** measure exact distance between points where brackets will be placed inside the window casing.

B **Height:** measure distance from top of casing to sill.

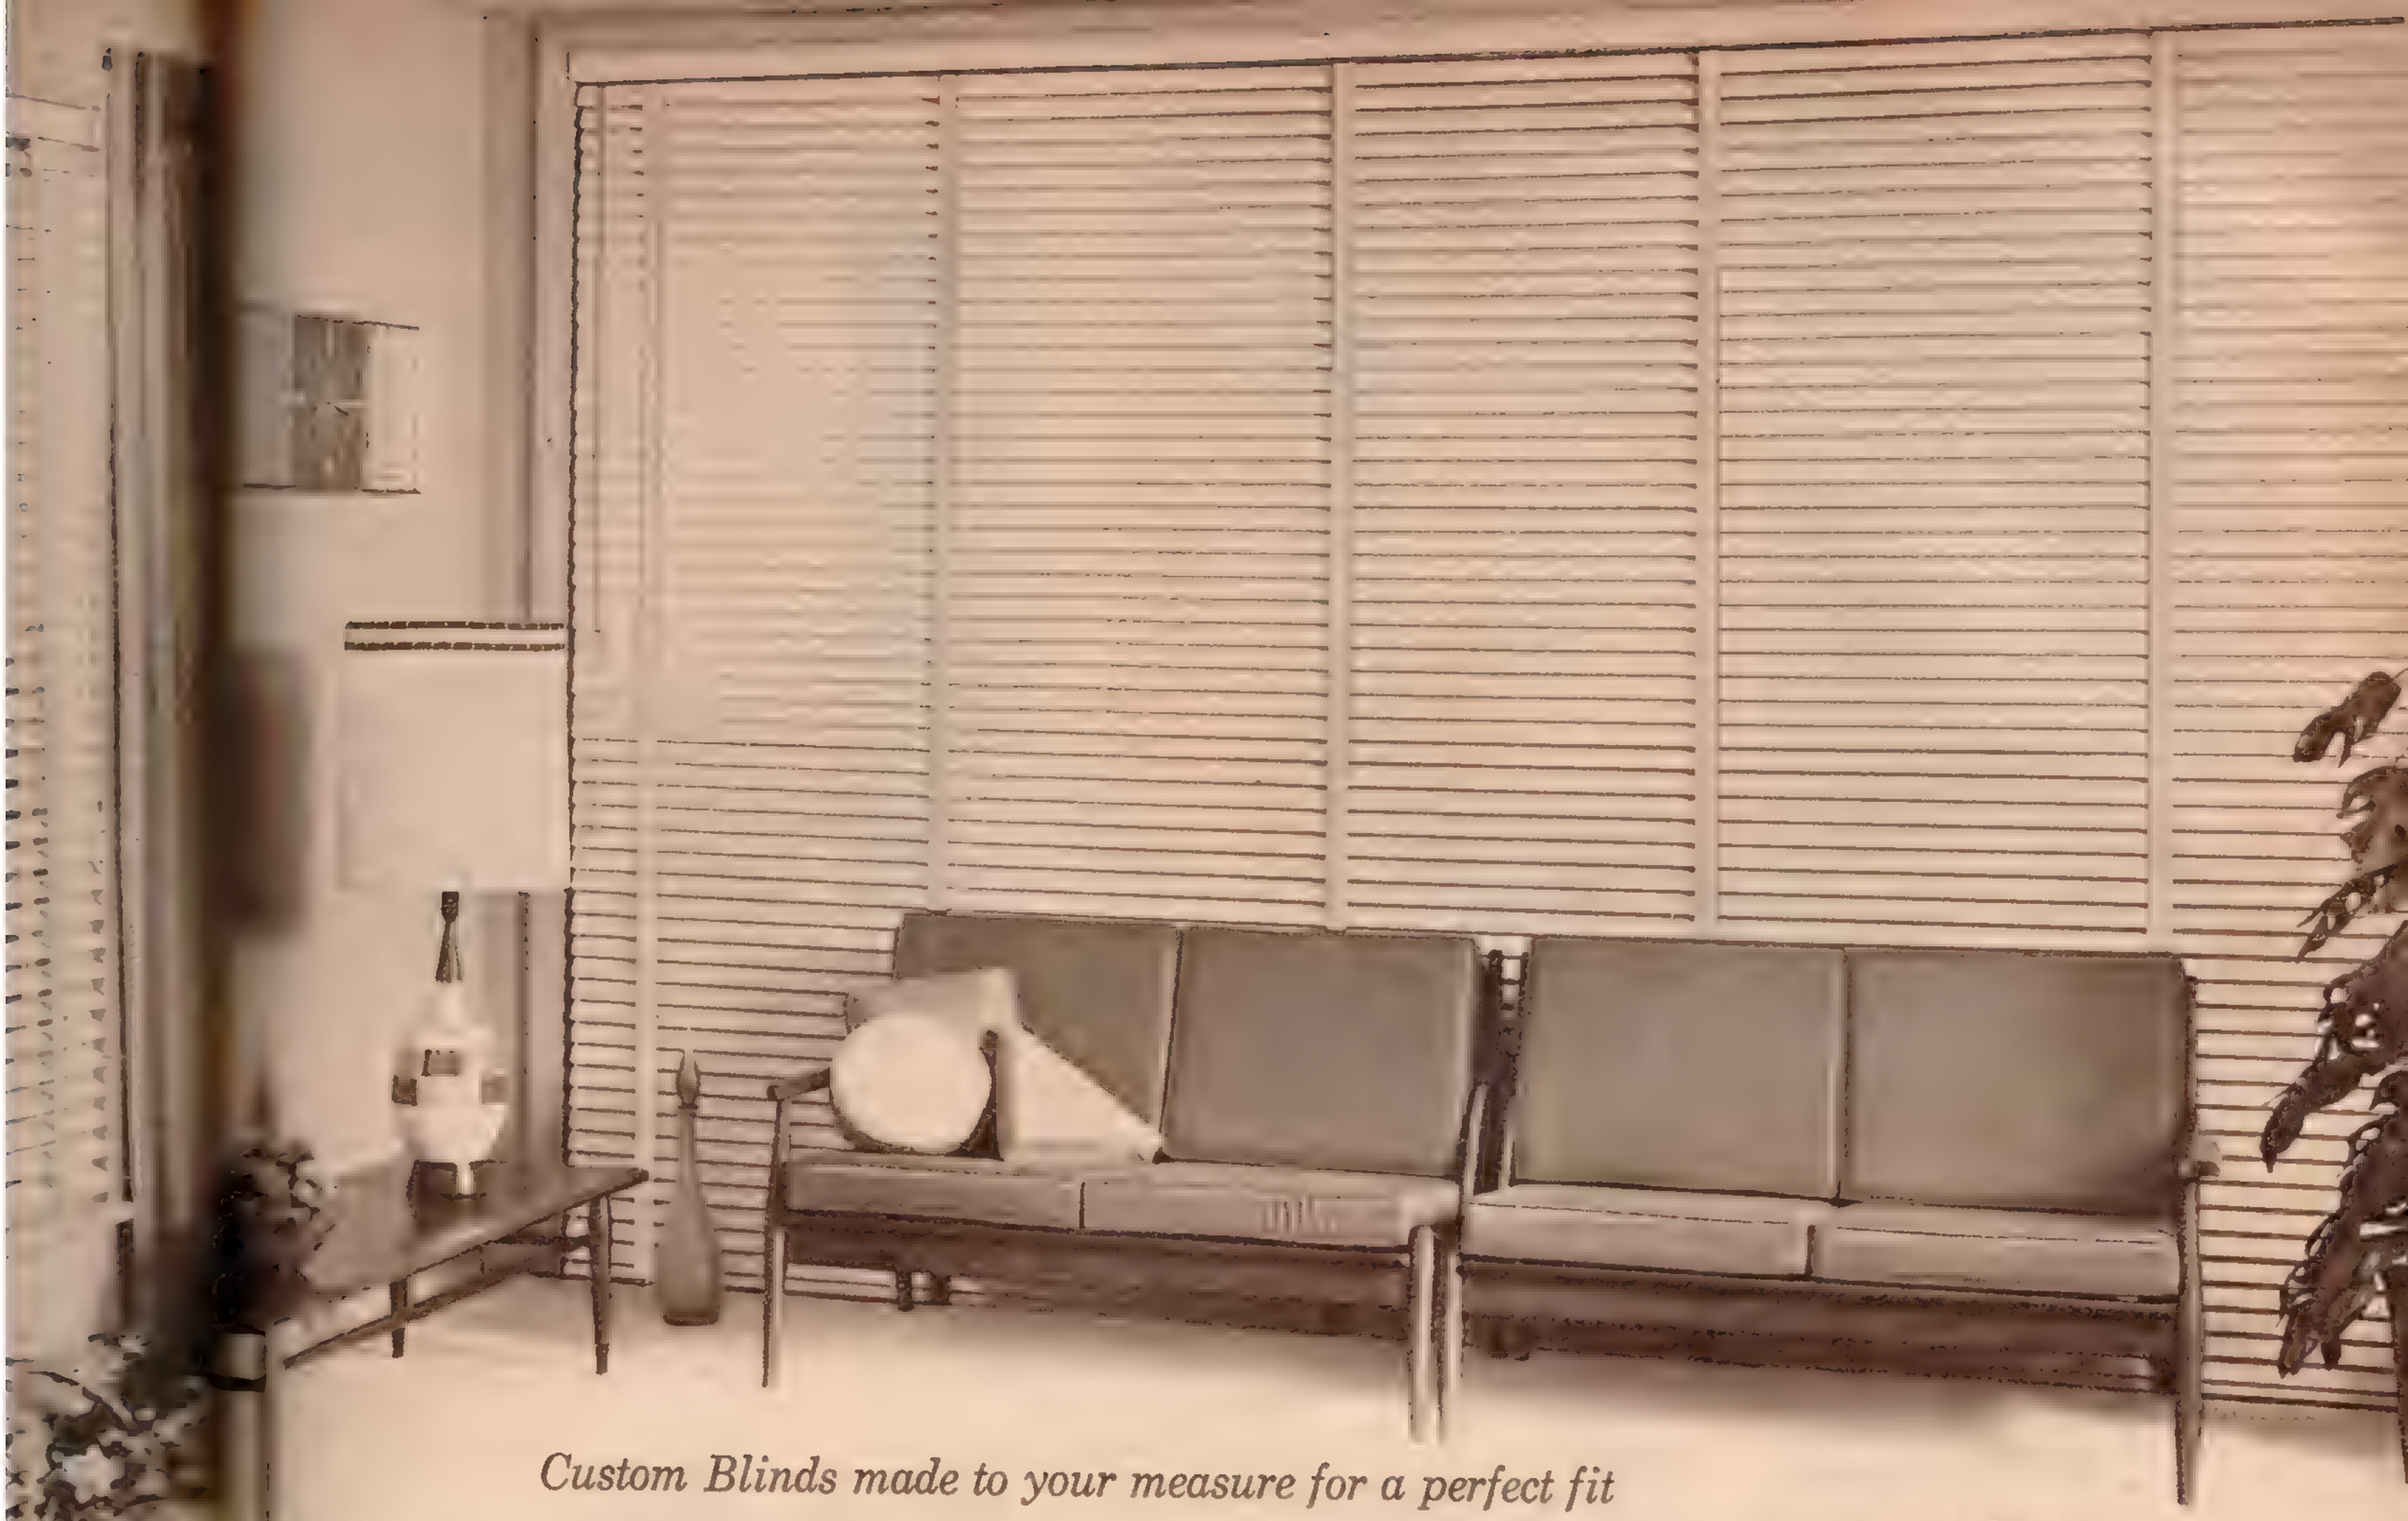


To Hang Outside Casing

Requires less exact fitting. Use where you have less than 1-inch flat surface inside casing.

C **Width:** measure exact distance between points where brackets will be. Should be at least 3 in. wider than window opening for complete privacy.

D **Height:** measure distance from point where top of headbox will be to sill. Should be 3 in. longer than window opening.



Custom Blinds made to your measure for a perfect fit

Our Best–Choice of 98 color combinations . . low as $4.97 widths to 10 feet

HARMONY HOUSE SLAT AND TAPE COLORS

Slat Colors: light Dawn gray, light Sunshine yellow or light Frosty pink; also light blue, pastel green, white or off-white.

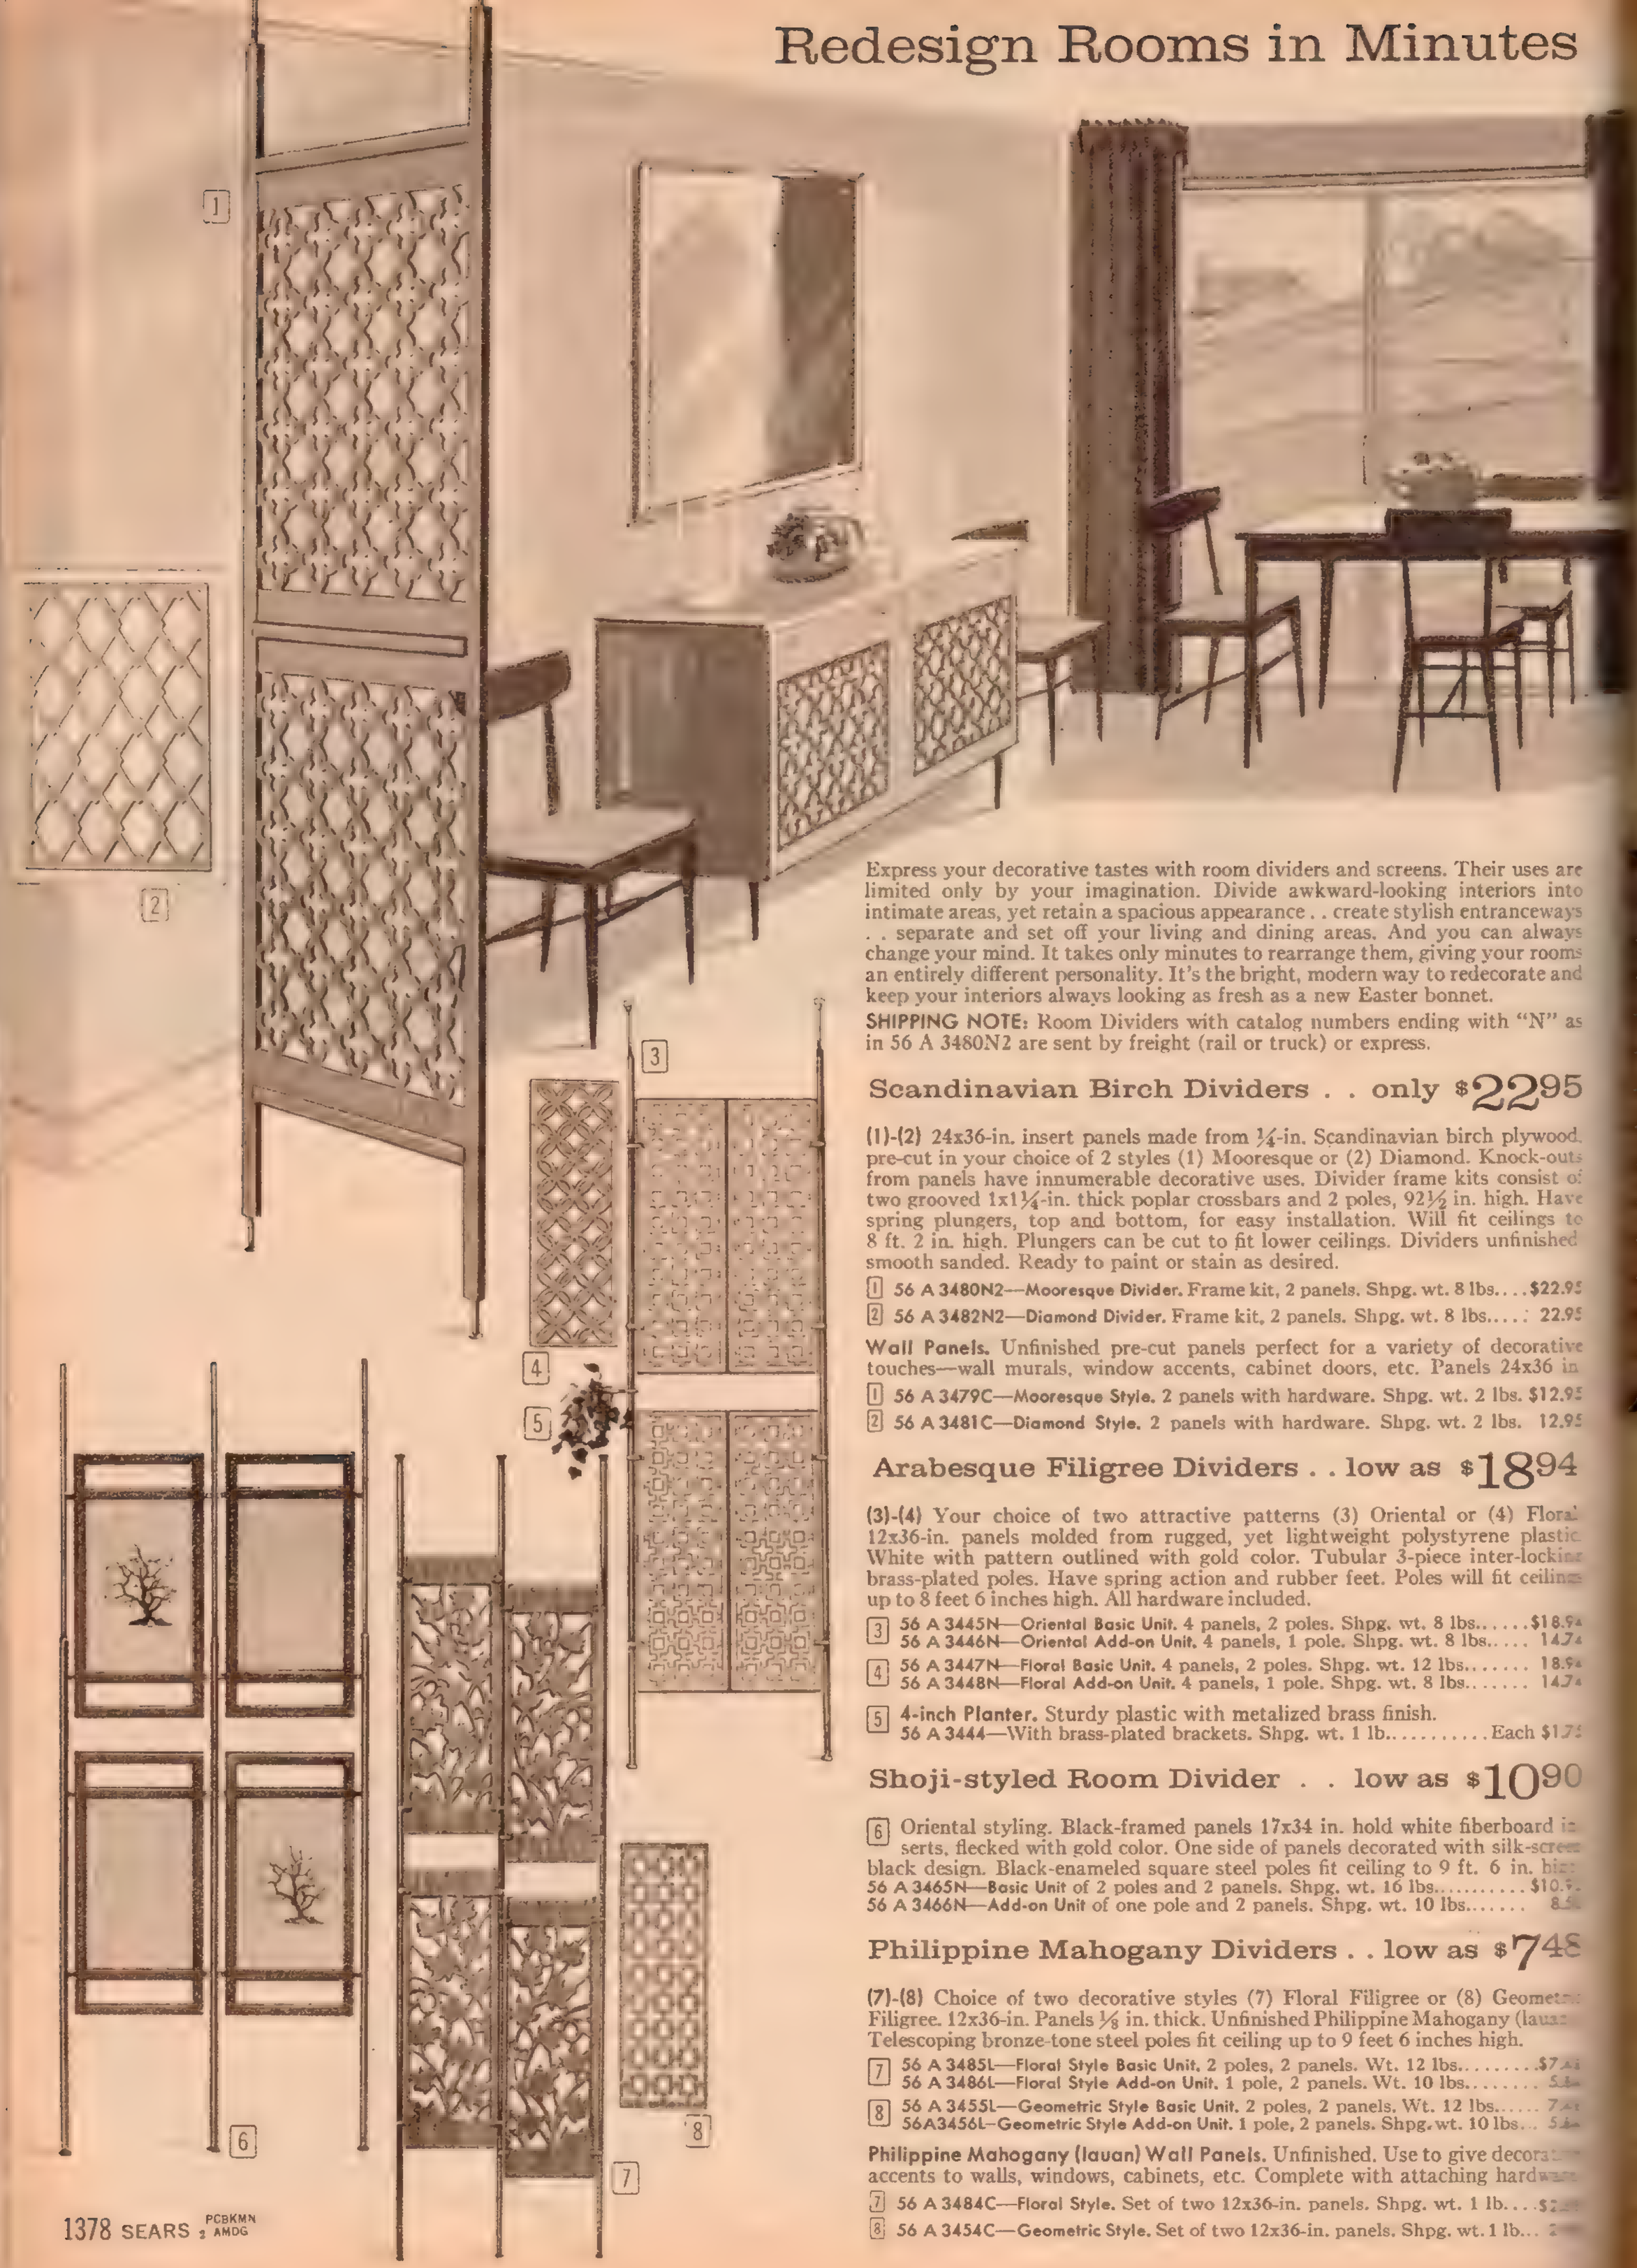
Redesign Rooms in Minutes



Express your decorative tastes with room dividers and screens. Their uses are limited only by your imagination. Divide awkward-looking interiors into intimate areas, yet retain a spacious appearance . . create stylish entranceways . . separate and set off your living and dining areas. And you can always change your mind. It takes only minutes to rearrange them, giving your rooms an entirely different personality. It's the bright, modern way to redecorate and keep your interiors always looking as fresh as a new Easter bonnet.

SHIPPING NOTE: Room Dividers with catalog numbers ending with "N" as in 56 A 3480N2 are sent by freight (rail or truck) or express.

Scandinavian Birch Dividers . . only $22.95

(1)-(2) 24x36-in. insert panels made from ¼-in. Scandinavian birch plywood, pre-cut in your choice of 2 styles (1) Mooresque or (2) Diamond. Knock-outs from panels have innumerable decorative uses. Divider frame kits consist of two grooved 1x1¼-in. thick poplar crossbars and 2 poles, 92½ in. high. Have spring plungers, top and bottom, for easy installation. Will fit ceilings to 8 ft. 2 in. high. Plungers can be cut to fit lower ceilings. Dividers unfinished, smooth sanded. Ready to paint or stain as desired.

HOW TO MEASURE FOR "DO-IT-YOURSELF" SHUTTERS

Width: Measure area to be shuttered at top, center and bottom to find widest width.

Height: Measure area at left, center and right to find the longest length.

Check sizes listed in table and determine the number of panels—all panels in a given area need not be the same width.

For example: two 7-in. and two 8-in. panels fit a 30-in. window. Panels can be trimmed ½-in. off each side and top and up to 1¼ in. off panel bottom.

Flatter Your Windows with Harmony House Shades

CLOTH SHADES . .

Choice of Three Qualities

GOOD . . *thrifty, oil-coated muslin.* All-cotton fabric—108 threads per square inch with linseed oil finish. Washable with care. Resistant to pinholing and cracking.

BETTER . . *blend-coated cambric.* All-cotton . . 140 threads per sq. in. Closer, tighter weave has greater resistance to cracking and pinholing. Linseed-oil-chemical finish. Washable.

BEST . . *vinyl-coated cambric.* Same quality cambric as Better at left but with tougher, more durable Vinyl coating. Dirt and grime wipe off with damp cloth. Sunfast. Flame resistant.

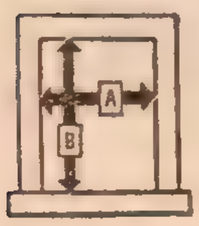
HOW TO MEASURE WINDOW SHADES

Measure each window separately . . use wood or metal ruler

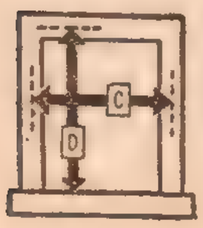
For Inside Casing Installations



A **Width:** Measure at top of window between points where brackets will be placed. Subtract ⅛-in. for clearance.

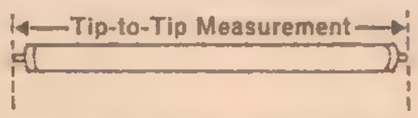
B **Length:** Measure length of opening. Add 8 in. Order next longer length.

For Outside Casing Installations



C **Width:** Shade width ordered should be 4 in. or more wider than window opening.

D **Length:** Measure from middle of top casing to window sill. Add 8 in. Order next longer length listed.



OR—if old shade fits well, measure old roller, including metal caps and tips, for width. Measure for shade length by following instructions (B) or (D) at left.

Shipping Information for Window Shades

All shades on this page are sent from mail order house except those with catalog numbers beginning with "F" (as in F56A1440N) are sent from factory near New York, N.Y. or factory in Chicago, Ill., whichever is closer. Allow postage from mail order house on widths thru 73¼ in. Widths over 73¼ in. are sent freight (rail or truck) or express.

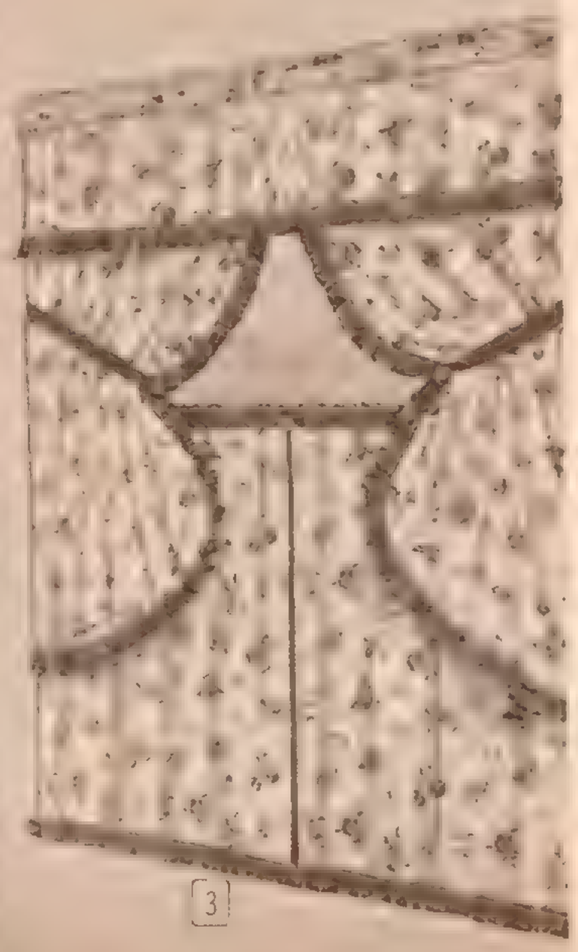
24 A 4773—Shpg. wt. 7 oz. Set 94c



Before you order . . measure for Valancing, Curtains and Draperies

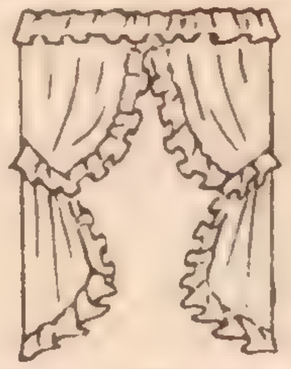
VALANCING . . . sold by the yard

Correct width: should measure a minimum of 2 times the width of each window. Cut in one piece. *State yards.*

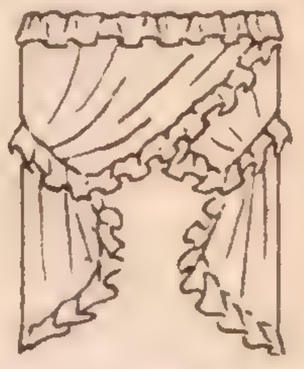
PANELS AND PRISCILLAS

Correct Widths. Measure entire window width and window frame. Priscillas can be used center-meet or criss-cross.

Tailored Curtains. Your curtains should measure a minimum of 1½ times the total measured width. However for lovelier looking windows, order curtains 2 to 3 times the actual window width.



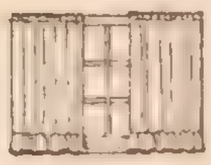
Center-meet Priscillas. Your curtains should measure a minimum of 2 times total measured width. If entire window width is 36 in., you need a pair 72 in. or more . . . to obtain desired window beauty.



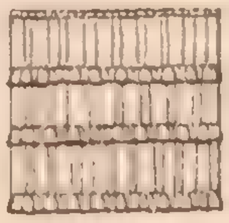
Criss-cross Priscillas. Order curtains 3 times total width. If the entire width of window is 60 in., you need a pair 180 in. over-all width or more. For full criss-crossing use double rods (see index).

TIER AND CAFE CURTAINS

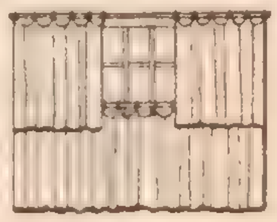
Correct Width. Measure entire window, including window frame. Order curtains 1½ to 3 times times total width.



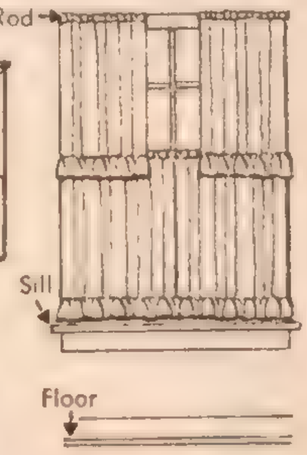
Use 1 pair on short, single window



3 pair tiers



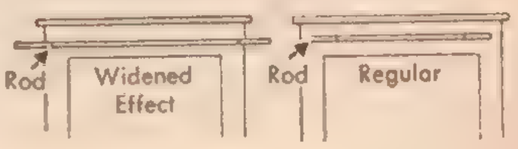
2 pair cafes



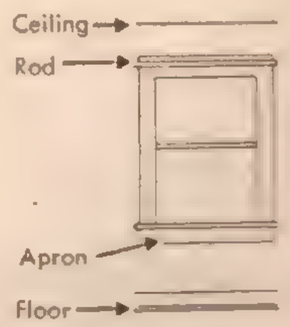
Correct Lengths. Decide whether you want curtains to fall to sill or floor. Use single, double or triple tier treatment as shown above. Allow 6 inches extra length for overlap of top and bottom pairs. Allow 12 extra inches for 3-tier treatment.

When measuring use a steel rule or a yard stick to get accurate results. *Do not use a cloth measure because the tape stretches.*

TO MEASURE FOR DRAW DRAPERIES

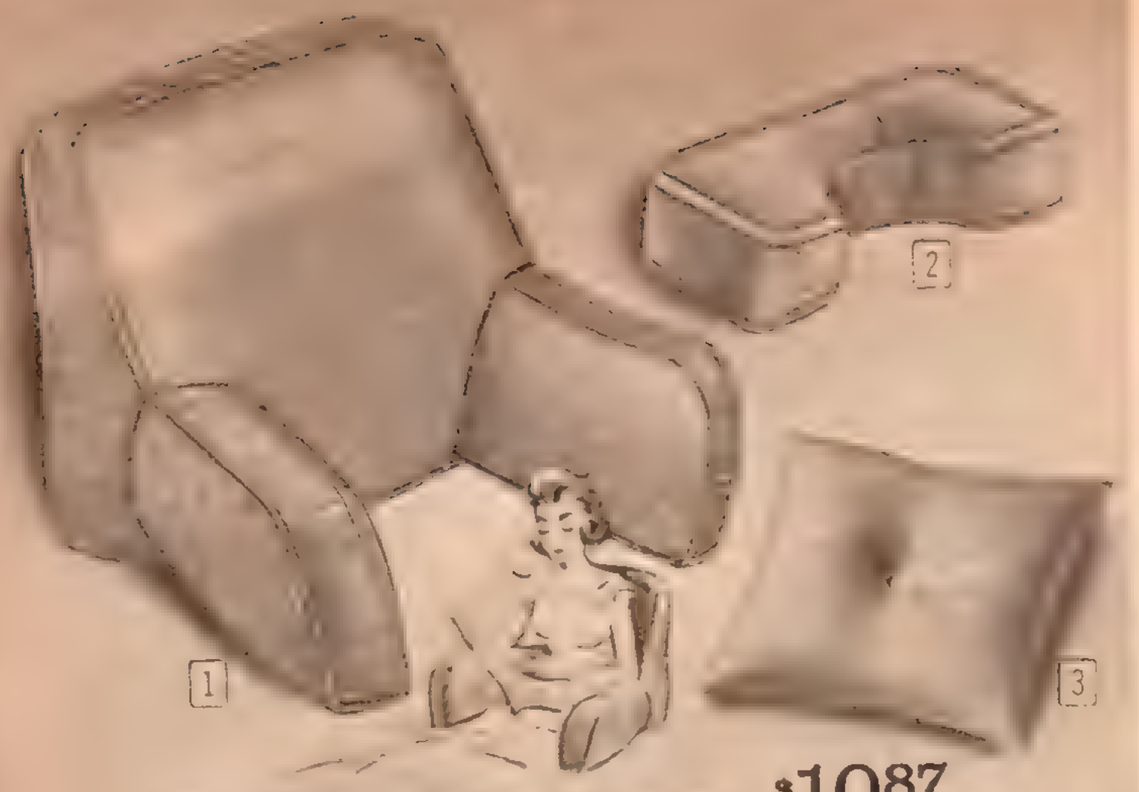


Correct Widths. Draperies may cover only side casing, extend on either side of window or cover a wall. Before ordering, measure distance between rod brackets; add 10 in. to allow for overlap and ends. For example, if distance between brackets is 40 in., select drapery with 50 in. pleated width over-all. Measure for Add-a-width draperies the same way.



Correct Lengths. Interior decorators approve two correct lengths . . to apron or floor. A modern favorite is ceiling to floor treatment. Before ordering, measure the distance from the top of the rod to where you want draperies to fall, add one inch for heading above rod.

Correct Lengths. For the maximum window beauty, interior decorators approve three lengths for all types of curtains . . lengths to sill, apron or floor. Measure the distance between the rod fixture at the top of the window to the sill, apron or floor allowing one inch for the curtain heading above the rod. If the rod fixture hasn't been placed . . then determine where it will be and measure from that point. Order the length closest to this measurement and enjoy beautiful windows. See illustration at right for placement of curtain lengths.



Zip-covered Bed Rest with arms $10.87

"Sears does more..."

SEARS DOES MORE THAN JUST SELL GOODS

An open letter from Charles H. Kellstadt, Chairman of the Board, Sears, Roebuck and Co.

EVER SINCE 1886, when Richard Sears first started this Company, we have felt obligated to our customers to do more than just sell goods. After all, we are aware that most types of items we sell today are offered to you, also, by other merchants. Many of them assail you constantly with claims of lower prices, higher trade-ins, better deals.

But to earn the day-in and day-out confidence of its customers, a company *must* offer more than "deals." We believe you have a right to expect a merchant to *do the right thing*, from the day his advertising is first read to the last day his merchandise is in use. To us at Sears, this means much more than just selling goods—

- This means our advertising must be honest and truthful at all times
- This means our prices must be lower than others are charging for equal quality—and, when our prices are the same as others, we must offer more quality
- This means our credit terms must be fair, and tailored to your budget needs—to make it easier for you to have, when you want it, any of Sears quality merchandise
- This means we must faithfully back our merchandise with our famous pledge—"Satisfaction guaranteed or your money back."
- This means we must have reliable installation facilities available whenever and wherever you want them
- This means we must have replacement parts readily available for the reasonable life expectancy of any Sears item
- This means we must be able to service, at a reasonable charge, any Sears item—to help you keep it operating to your own satisfaction throughout its normal life

We can do these things because only at Sears are combined the people, products and facilities necessary to get them done. Only Sears has so many well-trained, experienced buyers and salespeople aided and supported by such a large laboratory for testing claims before they are made and for developing better value in consumer goods. Only Sears combines all this with such a skilled group of service men so easy for you to reach, so many replacement parts so quickly available for so many items.

As you go through this catalog, or as you look at our other advertising—as you go through our stores, or as you visit a Sears Catalog Sales Office or call us on the phone, remember this: To us, doing more for our customers means having a deep sense of responsibility for our merchandise from the day it is conceived until the last day of its normal life.

For whatever span of time this may involve, whether it is during this, our Diamond Jubilee Year, or in the years to come, you can be confident that *Sears does more.*

Chas. H. Kellstadt
